

## ACQ Policy and Quality Subcommittee Summary

October 3, 2016

9am-12pm

1. Scorecard Update Powerpoint: Steve Schan and Chris Futey presented the Regional Provider Scorecard Powerpoint Presentation. Included in this presentation was the final draft of the Scorecard template. There were no recommended changes to this template.
2. Falls Update: Peggy provided an update on the Falls Tracking and Assessment forms. She presented the Agency for Healthcare Research and Quality (AHRQ) documentation. These are nationally accepted forms. This is something that we would be interested in sharing with the provider community to include in their QA/QI system.
3. Transportation Policy revision: The update revisions were provided to the committee for review prior to presenting the draft to the full ACQ.
4. Propose work on Provider Quality Assurance/Quality Improvement Plans: review standards. It had been discussed within DDSD that we do not have a single QA/QI plan template to share with the provider community. There are various QA/QI plans that providers use. We would like to provide one template that is available to providers if they choose to use it as a guideline. Chris Futey asked if this was something that the committee could review and offer recommendations to the draft as the BSI develops it. This work was agreed upon by the committee.
