

# Technology First Spotlight Series

The next technology spotlight event from New Mexico's Developmental Disability and Supports Division is being held on November 1st, 2023. After a successful and informative launch to the spotlight series in October, we're pleased to spotlight two important topics in November. The event will start by highlighting the process for acquiring technology through New Mexico's waiver system. Next, Kendra Seavey from Care.Coach will showcase their innovative technology solutions.

We invite you to this exciting event to learn about what is possible through a Technology First approach to service and support.

## Why should I Attend?

- Learn about the technology acquisition process and tools in the New Mexico Waiver system
- See a live demonstration from technology vendor, Care.Coach
- Discover other technology resources available from DDSD
- Engage with other members of the New Mexico disability community on technology first approaches
