Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Mr. Chavez;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Partial Compliance with Conditions of Participation

This determination is based on non compliance with one or more CMS waiver assurances at the Condition of Participation level as well as Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

QMB Report of Findings - Nezzy Care of Las Cruces - SW - February 24 - 26, 2014

agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Plan of Correction Coordinator 5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator at 505-231-7436 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Amanda Castañeda, MPA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-231-7436 or email at Anthony.Fragua@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur

- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they
 meet requirements, how the timeliness of LOC packet submissions and consumer visits are
 tracked:
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps should be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Anthony Fragua at 505-231-7436 for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Anthony Fragua, POC Coordinator in any of the following ways:
 - a. Electronically at Anthony.Fragua@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Avenue NE, Suite 400, Albuquerque, NM 87108

QMB Report of Findings - Nezzy Care of Las Cruces - SW - February 24 - 26, 2014

- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC. for the deficiencies cited in the Report of Findings. In addition to this, we ask that you submit:
 - a. Evidence of an internal audit of billing/reimbursement conducted for a sample of individuals and timeframes of your choosing to verify POC implementation;
 - b. Copies of "void and adjust" forms submitted to Xerox State Healthcare, LLC. to correct all unjustified units identified and submitted for payment during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP. (See the next section for a list of CoPs.) The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified

potential for significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Level of Care

Condition of Participation:

1. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

Service Domain: Plan of Care

Condition of Participation:

2. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

3. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Plan of Care

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. **Individual Health, Safety and Welfare (Healthcare Oversight)**: The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare..

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: http://dhi.health.state.nm.us/qmb
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRC process, email the IRF Chairperson, Crystal Lopez-Beck at crystal.lopez-beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan. C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain	After an analysis of the evidence it has been determined the following finding is a significant potential for a negative outcome to occur. Based on record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 6 of 10 individuals. As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Administrative Files Reviewed: Supported Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes: Individual #1 • None found regarding: "With assistance, will complete the identified chores" 2 times per week for 11/2013 - 1/2014. • None found regarding: " will call friends/family from an event to discuss what she is doing" 3 times per week for 11/2013 - 1/2014. (Note: ISP did not indicate responsible party for actions steps. Responsible party is either SL or CCS). Individual #4 • None found regarding: " will choose one item to make" twice a month for duration of the ISP year for 10/2013 - 1/2014. Department of Health Developmental Disabilities Supports Division (DDSD) Medication Assessment and Delivery Policy - Eff. November 1, 2006 F. PRN Medication 3. Prior to self-administration, self-administration with physical assist or assisting with delivery of PRN medications, the direct support staff must contact the agency nurse to describe observed symptoms and thus assure that the PRN medication is being used according to instructions given by the ordering PCP. In cases of fever, respiratory distress (including coughing), severe pain, vomiting, diarrhea, change in responsiveness/level of consciousness, the nurse must strongly consider the need to conduct a face-to-face assessment to assure that the PRN does not mask a condition better treated by seeking		
medical attention. This does not apply to home based/family living settings where the provider is related by affinity or by consanguinity to the individual.		
4. The agency nurse shall review the utilization of PRN medications routinely. Frequent or escalating use of PRN medications must be reported to the PCP and discussed by the Interdisciplinary for changes to the overall support plan (see Section H of this policy).		
H. Agency Nurse Monitoring 1. Regardless of the level of assistance with medication delivery that is required by the individual or the route through which the medication is delivered, the agency nurses must monitor the individual's response to the		

effects of their routine and PRN medications.

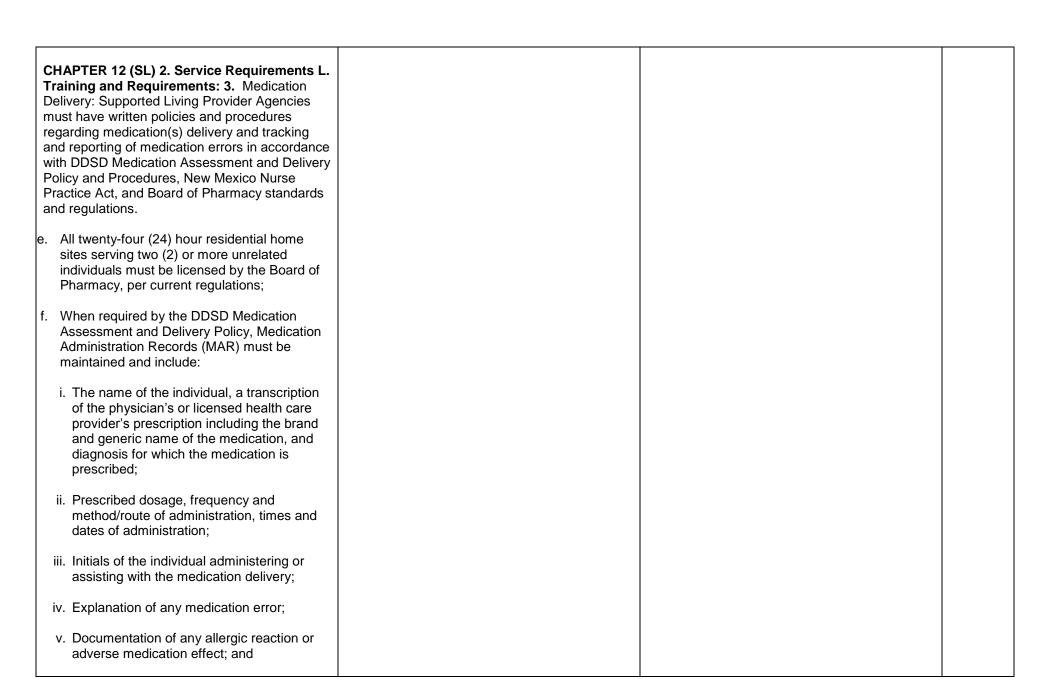

The frequency and type of monitoring must be		
based on the nurse's assessment of the		
individual and consideration of the individual's		
diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		
individual's response to medication.		
Department of Health Developmental		
Department of Health Developmental		
Disabilities Supports Division (DDSD) - Procedure Title:		
Medication Assessment and Delivery Procedure Eff Date: November 1, 2006		
C. 3. Prior to delivery of the PRN, direct		
support staff must contact the agency nurse to		
describe observed symptoms and thus assure		
that the PRN is being used according to		
instructions given by the ordering PCP. In		
cases of fever, respiratory distress (including		
coughing), severe pain, vomiting, diarrhea,		
change in responsiveness/level of		
consciousness, the nurse must strongly		
consider the need to conduct a face-to-face		
assessment to assure that the PRN does not		
mask a condition better treated by seeking		
medical attention. (References: Psychotropic

CHAPTER 11 (FL) 1 SCOPE OF SERVICES		İ
A. Living Supports- Family Living Services:		
The scope of Family Living Services includes,		
but is not limited to the following as identified by		1
the Interdisciplinary Team (IDT):		İ
19. Assisting in medication delivery, and related		
monitoring, in accordance with the DDSD's		İ
Medication Assessment and Delivery Policy,		İ
New Mexico Nurse Practice Act, and Board of		İ
Pharmacy regulations including skill		İ
development activities leading to the ability for individuals to self-administer medication as		İ
		İ
appropriate; and I. Healthcare Requirements for Family Living.		İ
3. B. Adult Nursing Services for medication		
oversight are required for all surrogate Lining		
Supports- Family Living direct support personnel		l
if the individual has regularly scheduled		
medication. Adult Nursing services for		
medication oversight are required for all		ĺ
surrogate Family Living Direct Support		
Personnel (including substitute care), if the		
individual has regularly scheduled medication.		1
6. Support Living- Family Living Provider		l
Agencies must have written policies and		1
procedures regarding medication(s) delivery and		l
tracking and reporting of medication errors in		ĺ
accordance with DDSD Medication Assessment		
and Delivery Policy and Procedures, the New		l
Mexico Nurse Practice Act and Board of		ĺ

Ph	armacy standards and regulations.		
g.	All twenty-four (24) hour residential home sites serving two (2) or more unrelated individuals must be licensed by the Board of Pharmacy, per current regulations; When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) must be maintained and include:		
i iv	i.The name of the individual, a transcription of the physician's or licensed health care provider's prescription including the brand and generic name of the medication, and diagnosis for which the medication is prescribed; i.Prescribed dosage, frequency and method/route of administration, times and dates of administration; i.Initials of the individual administering or assisting with the medication delivery; i.Explanation of any medication error; i.Documentation of any allergic reaction or adverse medication, instructions for the use of the PRN medication must include observable signs/symptoms or circumstances in which the medication is to be used, and documentation of effectiveness of PRN medication administered.		
h. i.	The Family Living Provider Agency must also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of each dose; and Information from the prescribing pharmacy regarding medications must be kept in the		
	home and community inclusion service locations and must include the expected		

	desired outcomes of administering the		
	medication, signs and symptoms of adverse		
	events and interactions with other		
	medications.		
j.	Medication Oversight is optional if the		
	individual resides with their biological family		
	(by affinity or consanguinity). If Medication		
	Oversight is not selected as an Ongoing		
	Nursing Service, all elements of medication		
	administration and oversight are the sole		
	responsibility of the individual and their		
	biological family. Therefore, a monthly		
	medication administration record (MAR) is		
	not required unless the family requests it		
	and continually communicates all medication		
	changes to the provider agency in a timely		
	manner to insure accuracy of the MAR.		
iv	. The family must communicate at least		
	annually and as needed for significant		
	change of condition with the agency nurse		
	regarding the current medications and the		
	individual's response to medications for		
	purpose of accurately completing required		
	nursing assessments.		
١	v. As per the DDSD Medication Assessment		
	and Delivery Policy and Procedure, paid		
	DSP who are not related by affinity or		
	consanguinity to the individual may not		
	deliver medications to the individual unless		
	they have completed Assisting with		
	Medication Delivery (AWMD) training. DSP		
	may also be under a delegation relationship		
	with a DDW agency nurse or be a Certified		
	Medication Aide (CMA). Where CMAs are		
	used, the agency is responsible for		
	maintaining compliance with New Mexico		
	Board of Nursing requirements.		
٧	i. If the substitute care provider is a surrogate		
	(not related by affinity or consanguinity)		
	Medication Oversight must be selected and		
	provided.		

requirements apply to all such Provider Agency		
staff, whether directly employed or		
subcontracting with the Provider Agency.		
Additional Provider Agency requirements and		
personnel qualifications may be applicable for		
specific service standards.		
E. Medication Delivery: Provider Agencies		
that provide Community Living, Community		
Inclusion or Private Duty Nursing services shall		
have written policies and procedures regarding		
medication(s) delivery and tracking and		
reporting of medication errors in accordance		
with DDSD Medication Assessment and		
Delivery Policy and Procedures, the Board of		
Nursing Rules and Board of Pharmacy		
standards and regulations.		
(2) When required by the DDSD Medication		
Assessment and Delivery Policy, Medication		
Administration Records (MAR) shall be		
maintained and include:		
(a) The name of the individual, a		
transcription of the physician's written or		
licensed health care provider's		
prescription including the brand and		
generic name of the medication,		
diagnosis for which the medication is		
prescribed;		
(b) Prescribed dosage, frequency and		
method/route of administration, times		
and dates of administration;		
(c) Initials of the individual administering or		
assisting with the medication;		
(d) Explanation of any medication		
irregularity;		
(e) Documentation of any allergic reaction		
or adverse medication effect; and		
(f) For PRN medication, an explanation for		
the use of the PRN medication shall		
include observable signs/symptoms or		
circumstances in which the medication		

is to be used, and documentation of effectiveness of PRN medication		
administered.		
(3) The Provider Agency shall also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of each dose;		
(4) MARs are not required for individuals participating in Independent Living who self-administer their own medications;		
(5) Information from the prescribing pharmacy regarding medications shall be kept in the home and community inclusion service locations and shall include the expected desired outcomes of administrating the medication, signs and symptoms of adverse events and interactions with other medications;		

Nurse Availability		
CHAPTER 6 (CCS) 3. Agency Requirements C. Employ or subcontract with at least one RN to comply with services under "Nursing and Medical Oversight Services as needed" that is detailed in the Scope of Services above for Group Customized Community Supports Services. If the size of the provider warrants nursing of 10 inc when D were as agency	n interview, the Agency did not ensure services were available as needed for 1 dividuals. Provider: State your Plan of Correction for the deficiencies cited in this tag here: → Provider: State your Plan of Correction for the deficiencies cited in this tag here: → Provider: Provider: Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →	

use a LPN without a RN supervisor. The RN must provide face to face supervision required by the New Mexico Nurse Practice Act and these services standards for LPNs, CMAs, and direct support personnel who have been delegated nursing tasks. B. On-call nursing services: An on-call nurse must be available to surrogate or host families DSP for medication oversight. It is expected that no single nurse carry the full burden of on-call duties for the agency.		
CHAPTER 12. 2. Service Requirements. L. Training and Requirement: 6. Nursing Requirements and Roles: A. Supported Living Provider Agencies are required to have a RN licensed by the State of New Mexico on staff. The agency nurse may be an employee or a sub-contractor.		
CHAPTER 13. 1. SCOPE OF SERVICE. A. Living Supports- Intensive Medical Living Service includes the following: 1. Provide appropriate levels of supports: Agency nurses and Direct Support Personnel (DSP) provide individualized support based upon assessed need. Assessment shall include use of required health-related assessments, eligibility parameters issued by the Developmental Disabilities Support Division (DDSD), other pertinent assessments completed by the nurse, and the nurse's professional judgment.		
Provide daily nursing visits: A daily, face to face nursing visit must be made by a Registered Nurse (RN) or Licensed Practical Nurse (LPN) in order to deliver required direct nursing care, monitor each individual's status, and oversee DSP		

delivery of health related care and

 interventions. Face to face nursing visits may not be delegated to non-licensed staff. b. Although a nurse may be present in the home for extended periods of time, a nurse is not required to be present in the home during periods of time when direct nursing services are not needed. 		
NEW MEXICO NURSING PRACTICE ACT CHAPTER 61, ARTICLE 3 I. "licensed practical nursing" means the practice of a directed scope of nursing requiring basic knowledge of the biological, physical, social and behavioral sciences and nursing procedures, which practice is at the direction of a registered nurse, physician or dentist licensed to practice in this state. This practice includes but is not limited to: (1) contributing to the assessment of the health status of individuals, families and communities; (2) participating in the development and modification of the plan of care; (3) implementing appropriate aspects of the plan of care commensurate with education and verified competence; (4) collaborating with other health care professionals in the management of health care; and (5) participating in the evaluation of responses to interventions;

agency must ensure and document the following:		
The Combatted States and the share the second State (a) with		
a. That an individual with chronic condition(s) with		
the potential to exacerbate into a life threatening		
condition, has a MERP developed by a licensed		
nurse or other appropriate professional according to the DDSD Medical Emergency Response Plan		
Policy, that DSP have been trained to implement		
such plan(s), and ensure that a copy of such		
plan(s) are readily available to DSP in the home;		
plan(s) are readily available to bot in the nome,		
b. That an average of five (5) hours of documented		
nutritional counseling is available annually, if		
recommended by the IDT and clinically indicated;		
indicated,		
c. That the nurse has completed legible and signed		
progress notes with date and time indicated that		
describe all interventions or interactions		
conducted with individuals served, as well as all		
interactions with other healthcare providers		
1		

	serving the individual. All interactions must be documented whether they occur by phone or in person; and		
d.	Document for each individual that:		
i.	The individual has a Primary Care Provider (PCP);		
ii.	The individual receives an annual physical examination and other examinations as specified by a PCP;		
iii.	The individual receives annual dental check- ups and other check-ups as specified by a licensed dentist;		
iv.	The individual receives a hearing test as specified by a licensed audiologist;		
٧.	The individual receives eye examinations as specified by a licensed optometrist or ophthalmologist; and		
vi.	Agency activities occur as required for follow- up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).		
vii.	The agency nurse will provide the individual's team with a semi-annual nursing report that discusses the services provided and the status of the individual in the last six(6) months. This may be provided electronically or in paper format to the team no later than (2) weeks prior to the ISP and semi-annually.		
	The Supported Living Provider Agency must ensure that activities conducted by agency nurses comply with the roles and responsibilities identified in these standards.		
	hapter 13 (IMLS) 2. Service Requirements: Documents to be maintained in the agency		

administrative office, include: A. All assessments completed by the agency nurse, including the Intensive Medical Living Eligibility Parameters tool; for e-CHAT a printed copy of the current e-CHAT summary report shall suffice;		
F. Annual physical exams and annual dental exams (not applicable for short term stays);		
G. Tri-annual vision exam (Not applicable for short term stays. See Medicaid policy 8.310.6 for allowable exceptions for more frequent vision exam);		
H. Audiology/hearing exam as applicable (Not applicable for short term stays; See Medicaid policy 8.324.6 for applicable requirements);		
I. All other evaluations called for in the ISP for which the Services provider is responsible to arrange; J. Medical screening, tests and lab results (for short term stays, only those which occur during the period of the stay);		
L. Record of medical and dental appointments, including any treatment provided (for short term stays, only those appointments that occur during the stay);		
O. Semi-annual ISP progress reports and MERP reviews (not applicable for short term stays);		
P. Quarterly nursing summary reports (not applicable for short term stays);		
NMAC 8.302.1.17 RECORD KEEPING AND DOCUMENTATION REQUIREMENTS: A provider must maintain all the records necessary to fully disclose the nature, quality, amount and medical necessity of services furnished to an eligible recipient who is currently receiving or who has		

received services in the past.		
B. Documentation of test results: Results of tests and services must be documented, which includes results of laboratory and radiology procedures or progress following therapy or treatment.		
Department of Health Developmental Disabilities Supports Division Policy. Medical Emergency Response Plan Policy MERP-001 eff.8/1/2010		
F. The MERP shall be written in clear, jargon free language and include at a minimum the following information: 1. A brief, simple description of the condition or illness. 2. A brief description of the most likely life threatening complications that might occur and what those complications may look like to an observer. 3. A concise list of the most important measures that may prevent the life threatening complication from occurring (e.g., avoiding allergens that trigger an asthma attack or making sure the person with diabetes has snacks with them to avoid hypoglycemia). 4. Clear, jargon free, step-by-step instructions regarding the actions to be taken by direct support personnel (DSP) and/or others to intervene in the emergency, including criteria for when to call 911. 5. Emergency contacts with phone numbers. 6. Reference to whether the individual has advance directives or not, and if so, where the advance directives are located.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: D. Provider Agency Case File for the Individual: All Provider Agencies shall		

maintain at the administrative office a confidential		
case file for each individual. Case records belong		
to the individual receiving services and copies shall		
be provided to the receiving agency whenever an		
individual changes providers. The record must		
also be made available for review when requested		
by DOH, HSD or federal government		
representatives for oversight purposes. The		
individual's case file shall include the following		
requirements1, 2, 3, 4, 5, 6, 7, 8,

Long Term Services Division Policy Title: Human Rights Committee			

Requirements Eff Date: March 1, 2003 IV. POLICY STATEMENT - Human Rights Committees are required for residential service provider agencies. The purpose of these committees with respect to the provision of Behavior Supports is to review and monitor the implementation of certain Behavior Support Plans.		
Human Rights Committees may not approve any of the interventions specifically prohibited in the following policies: • Aversive Intervention Prohibitions • Psychotropic Medications Use • Behavioral Support Service Provision.		
A Human Rights Committee may also serve other agency functions as appropriate, such as the review of internal policies on sexuality and incident management follow-up.		
A. HUMAN RIGHTS COMMITTEE ROLE IN BEHAVIOR SUPPORTS Only those Behavior Support Plans with an aversive intervention included as part of the plan or associated Crisis Intervention Plan need to be reviewed prior to implementation. Plans not containing aversive interventions do not require Human Rights Committee review or approval.		
2. The Human Rights Committee will determine and adopt a written policy stating the frequency and purpose of meetings. Behavior Support Plans approved by the Human Rights Committee will be reviewed at least quarterly.		
3. Records, including minutes of all meetings will be retained at the agency with primary responsibility for implementation for at least five years from the completion of each		

individual's Individual Service Plan.

CHAPTER 6. VI. GENERAL

REQUIREMENTS FOR COMMUNITY LIVING

- G. Health Care Requirements for Community Living Services.
- (1) The Community Living Service providers shall ensure completion of a HAT for each individual receiving this service. The HAT shall be completed 2 weeks prior to the annual ISP meeting and submitted to the Case Manager and all other IDT Members. A revised HAT is required to also be submitted whenever the individual's health status changes significantly. For individuals who are newly allocated to the DD Waiver program, the HAT may be completed within 2 weeks following the initial ISP meeting and submitted with any strategies and support plans indicated in the ISP, or within 72 hours following admission into direct services, whichever comes first.
- (2) Each individual will have a Health Care Coordinator, designated by the IDT. When the individual's HAT score is 4, 5 or 6 the Health Care Coordinator shall be an IDT member, other than the individual. The Health Care Coordinator shall oversee and monitor health care services for the individual in accordance with these standards. In circumstances where no IDT member voluntarily accepts designation as the health care coordinator, the community living provider shall assign a staff member to this role.
- (3) For each individual receiving Community Living Services, the provider agency shall ensure and document the following:
 - (a) Provision of health care oversight consistent with these Standards as detailed in Chapter One section III E: Healthcare Documentation by Nurses For Community Living Services, Community Inclusion Services and Private Duty Nursing Services.
 - b) That each individual with a score of 4, 5,

- Mammogram Exam
 - Individual #9 As indicated by the Health and Safety section of the ISP, the Individual was "diagnoses with granulomas in her breasts, which were removed in 1/09." Section also indicated, "...should get a mammogram every six months." No evidence of exams or follow-up was found.
- Involuntary Movement Evaluations or Tardive Dyskinesia Screenings
 - None found 8/2013 1/2014 for Abilify (#7)

	1
or 6 on the HAT, has a Health Care Plan	
developed by a licensed nurse.	
(c)That an individual with chronic	
condition(s) with the potential to	
exacerbate into a life threatening	
condition, has Crisis Prevention/	
Intervention Plan(s) developed by a	
licensed nurse or other appropriate	
professional for each such condition.	
(4) That an average of 3 hours of documented	
nutritional counseling is available annually, if	
recommended by the IDT.	
(5) That the physical property and grounds are	
free of hazards to the individual's health and	
safety.	
(6) In addition, for each individual receiving	
Supported Living or Family Living Services, the	
provider shall verify and document the	
following:	
(a)The individual has a primary licensed	
physician;	
(b)The individual receives an annual	
physical examination and other	
examinations as specified by a licensed	
physician;	
(c)The individual receives annual dental	
check-ups and other check-ups as	
specified by a licensed dentist;	
(d)The individual receives eye examinations	
as specified by a licensed optometrist or	
ophthalmologist; and	
(e) Agency activities that occur as follow-up	
to medical appointments (e.g. treatment,	
visits to specialists, changes in	
medication or daily routine).

Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 Chapter 1. III. PROVIDER AGENCY DOCUMENTATION OF SERVICE DELIVERY AND LOCATION

- **B. Billable Units:** The documentation of the billable time spent with an individual shall be kept on the written or electronic record that is prepared prior to a request for reimbursement from the HSD. For each unit billed, the record shall contain the following:
 - (1) Date, start and end time of each service encounter or other billable service interval;
 - (2) A description of what occurred during the encounter or service interval; and
 - (3) The signature or authenticated name of staff providing the service.

Billing for Living (Supported Living, Family Living) and Inclusion (Customized Community Supports) services was reviewed for 1 of 10 individuals. *Progress notes and billing records supported billing activities for the months of November 2013, December 2013 and January 2014.*

Date: July 2, 2014

To: Ramon V. Chavez, Director Provider: Nezzy Care of Las Cruces Address: 780 S. Walnut St. Bldg. 7

State/Zip: Las Cruces, New Mexico 88001

E-mail Address: nezzclc@hotmail.com

Region: Southwest

Survey Date: February 24 - 26, 2014

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2012: Living Supports (Supported Living, Family Living) and Inclusion

Supports (Customized Community Supports)

Survey Type: Routine

Dear Mr. Chavez:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Tony Fragua
