MICHELLE LUJAN GRISHAM GOVERNOR

Date: March 27, 2019

To: Shanin Arp, Area Director
Provider: The Tungland Corporation
Address: 626 E. Main Street, Suite 1
State/Zip: Farmington, New Mexico 87401

E-mail Address: <u>shanina@tungland.com</u>

CC: Stephen M. Barkley, Executive Director

E-Mail Address <u>sbarkley@tungland.com</u>

Region: Northwest

Survey Date: October 19 – 25, 2018

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2007: Supported Living, Adult Habilitation, Community Access

2012 & 2018: Supported Living, Family Living, Customized In-Home Supports, Customized

Community Supports and Community Integrated Employment

Survey Type: Routine

Team Leader: Lucio Hernandez, AA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Kandis Gomez, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Monica Valdez, BS, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Crystal Lopez-Beck, BA, Deputy Bureau Chief,

Division of Health Improvement/Quality Management Bureau

Dear Mr. Barkley and Ms. Arp;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

Non-Compliance: This determination is based on noncompliance with 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag #LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag #1A22 Agency Personnel Competency
- Tag #1A25.1 Caregiver Criminal History Screening
- Tag #1A26.1 Consolidated On-line Registry Employee Abuse Registry
- Tag #1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag #1A09 Medication Delivery Routine Medication Administration
- Tag #1A09.1 Medication Delivery PRN Medication Administration
- Tag #1A09.2 Medication Delivery Nurse Approval for PRN Medication

The following tags are identified as Standard Level:

- Tag #1A08.1 Administrative and Residential Case File: Progress Notes
- Tag #1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag #1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag #IS04 Community Life Engagement
- Tag #1A38 LS / IS Reporting Requirements
- Tag #IS12 Person Centered Assessment (Inclusion Services)
- Tag #LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag #1A20 Direct Support Personnel Training
- Tag #1A25 Caregiver Criminal History Screening
- Tag #1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag #1A37 Individual Specific Training
- Tag 1A43.1 General Events Reporting: Individual Reporting
- Tag #1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag #1A09.0 Medication Delivery Routine Medication Administration
- Tag #1A09.1.0 Medication Delivery PRN Medication Administration
- Tag #1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag #1A33 Board of Pharmacy: Med. Storage
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)
- Tag #LS27 Family Living Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)

- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>)
OR
Jennifer Goble (<u>Jennifer.goble2@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total

business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Crystal Lopez-Beck

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C). *Instructions for Completing Agency POC:*

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
 - b. Fax to 575-528-5019, or
 - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- **1A22 -** Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Documentation Nurse Availability
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at Crystal.Lopez-Beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process.

Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or has no deficiencies at the Condition of Participation Level. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018: Eff Date: 3/1/2018 **Chapter 6: Individual Service Plan (ISP) 6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records

20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the

being completed at the required frequency as indicated in the ISP for 8/2018.

Individual #10

- According to the Live Outcome; Action Step
 "With assistance will choose a meal," is to
 be completed 1 time per week. Evidence
 found indicated it was not being completed at
 the required frequency as indicated in the ISP
 for 7/2018.
- According to the Live Outcome; Action Step
 "With assistancewill create a menu with the
 meal he has chosen," is to be completed 1
 time per week. Evidence found indicated it
 was not being completed at the required
 frequency as indicated in the ISP for 7/2018.

Family Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

Individual #2

 According to the Live Outcome; Action Step for "Remove old photos and place in album," is to be completed 1 time per month.
 Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/218 and 8/2018.

Individual #8

 According to the Live Outcome; Action Step for "Plan and choose a snack," is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/2018. unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.

 According to the Live Outcome; Action Step for "Shop for ingredients," is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/2018.

Individual #11

 According to the Live Outcome; Action Step for "Use checklist to practice cleaning the bathroom," is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2018.

Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

Individual #2

 According to the Work/Learn Outcome; Action Step for "Utilize sign of the quarter," is to be completed 2 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2018.

Individual #7

- According to the Work/Learn Outcome; Action Step for "Attend activity and have staff take picture," is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2018 - 9/2018.
- According to the Work/Learn Outcome; Action Step for "Develop photos and add to choice making system," is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2018.

7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.	According to the Work/Learn Outcome; Action Step for "Use choice making system," is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2018 - 9/2018.

Tag # IS04 Community Life Engagement	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 11: Community Inclusion 11.1 General Scope and Intent of Services: Community Inclusion (CI) is the umbrella term used to describe services in this chapter. In general, CI refers to opportunities for people with I/DD to access and participate in activities and functions of community life. The DD waiver program offers Customized Community Supports (CCS), which refers to non-work activities and Community Integrated Employment (CIE) which refers to paid work experiences or activities to obtain paid work. CCS and CIE services are mandated to be provided in the community to the fullest extent possible. 11.3 Implementation of a Meaningful Day: The objective of implementing a Meaningful Day is to plan and provide supports to implement the person's definition of his/her own meaningful day, contained in the ISP. Implementation activities of the person's meaningful day are documented in daily schedules and progress notes. 1. Meaningful Day includes: a. purposeful and meaningful work; b. substantial and sustained opportunity for	Based on record review, the Agency did not have evidence of their implementation of a meaningful day in daily schedules / individual calendar and progress notes for 2 of 11 Individuals. Review of the individual case files found there is no individualized schedule that can be modified easily based on the individual needs, preferences and circumstances and that outline planned activities per day, week and month including date, time, location and cost of the activity: Calendar / Daily Calendar: Not found (#2, 7)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? optimal health; c. self-empowerment; d. personalized relationships; e. skill development and/or maintenance; and social, educational, and community inclusion activities that are directly linked to the vision, Desired Outcomes and Action Plans stated in the person's ISP. 2. Community Life Engagement (CLE) is also sometimes used to refer to "Meaningful Day" or "Adult Habilitation" activities. CLE refers to supporting people in their communities, in nonwork activities. Examples of CLE activities may include participating in clubs, classes, or recreational activities in the community; learning new skills to become more independent; volunteering; or retirement activities. Meaningful Day activities should be developed with the four guideposts of CLE in mind¹. The four quideposts of CLE are: a. individualized supports for each person; b. promotion of community membership and contribution: c. use of human and social capital to decrease dependence on paid supports; and d. provision of supports that are outcomeoriented and regularly monitored. 3. The term "day" does not mean activities between 9:00 a.m. to 5:00 p.m. on weekdays. 4. Community Inclusion is not limited to specific hours or days of the week. These services may not be used to supplant the responsibility of the Living Supports Provider Agency for a person who receives both services.

client records per service type depends on the	,	
location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
 Client records must contain all documents 		
essential to the service being provided and		
essential to ensuring the health and safety of the		
person during the provision of the service.		
Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web based system using computers or mobile		
devices is acceptable.		
Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
4. Provider Agencies must maintain records of		
all documents produced by agency personnel or		
contractors on behalf of each person, including		
any routine notes or data, annual assessments,		
semi-annual reports, evidence of training		
provided/received, progress notes, and any		
other interactions for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only for		
the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		

DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
Chapter 19: Provider Reporting		
Requirements		
19.5 Semi-Annual Reporting: The semi-		
annual report provides status updates to life		
circumstances, health, and progress toward ISP		
goals and/or goals related to professional and		
clinical services provided through the DD		
Waiver. This report is submitted to the CM for		
review and may guide actions taken by the		
person's IDT if necessary. Semi-annual reports		
may be requested by DDSD for QA activities.		
Semi-annual reports are required as follows:		
 DD Waiver Provider Agencies, except AT, 		
EMSP, Supplemental Dental, PRSC, SSE and		
Crisis Supports, must complete semi-annual		
reports.		
2. A Respite Provider Agency must submit a		
semi-annual progress report to the CM that		
describes progress on the Action Plan(s) and		
Desired Outcome(s) when Respite is the only		
service included in the ISP other than Case		
Management, for an adult age 21 or older.		
The first semi-annual report will cover the		
time from the start of the person's ISP year until		
the end of the subsequent six-month period (180		
calendar days) and is due ten calendar days		
after the period ends (190 calendar days).		
4. The second semi-annual report is		
integrated into the annual report or professional		
assessment/annual re-evaluation when		
annlicable and is due 14 calendar days prior to		

the annual ISP meeting.

5. Semi-annual reports must contain at a		
minimum written documentation of:		
 a. the name of the person and date on 		
each page;		
b. the timeframe that the report covers;		
 c. timely completion of relevant activities 		
from ISP Action Plans or clinical service		
goals during timeframe the report is		
covering;		
 d. a description of progress towards 		
Desired Outcomes in the ISP related to		
the service provided;		
 e. a description of progress toward any 		
service specific or treatment goals when		
applicable (e.g. health related goals for		
nursing);		
f. significant changes in routine or staffing		
if applicable;		
g. unusual or significant life events,		
including significant change of health or		
behavioral health condition;		
 h. the signature of the agency staff responsible for preparing the report; and 		
i. any other required elements by service		
type that are detailed in these standards.

contain, at a minimum:	
a. information about the person's	
background and status;	
b. the person's strengths and interests;	
c. conditions for success to integrate	
into the community, including	
conditions for job success (for those	
who are working or wish to work);	
and	
d. support needs for the individual.	
6. The agency must have documented	
evidence that the person, guardian, and	
family as applicable were involved in the	
person-centered assessment.	
7. Timelines for completion: The initial PCA	
must be completed within the first 90 calendar	
days of the person receiving services.	
Thereafter, the Provider Agency must ensure	
that the PCA is reviewed and updated	
annually. An entirely new PCA must be	
completed every five years. If there is a	
significant change in a person's circumstance,	
a new PCA may be required because the	
information in the PCA may no longer be	

relevant. A significant change may include but		
is not limited to: losing a job, changing a		
residence or provider, and/or moving to a new		
region of the state.		
8. If a person is receiving more than one		
type of service from the same provider, one		
PCA with information about each service is		
acceptable.		
9. Changes to an updated PCA should be		
signed and dated to demonstrate that the		
assessment was reviewed.		
10. A career development plan is developed by the CIE provider and can be a separate		
document or be added as an addendum to a		
PCA. The career development plan should		
have specific action steps that identify who		
does what and by when.		
accommunation by miles.		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		
location of the file, the type of service being		
provided, and the information necessary. DD Waiver Provider Agencies are required to		
adhere to the following:		
15. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.

is acceptable. 3. Provider Agencies are responsible for **Comprehensive Aspiration Risk Management** ensuring that all plans created by nurses, RDs, Plan: therapists or BSCs are present in all needed Not Current (#11) settinas. 4. Provider Agencies must maintain records of **Special Health Care Needs:** all documents produced by agency personnel or • Nutritional Plan (#2) contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the *Physician Consultation*

form. The *Physician Consultation* form contains a list of all current medications. Requirements for the

Health Passport and Physician Consultation form are: 2. The Primary and Secondary Provider Agencies must ensure that a current copy of the Health Passport and Physician Consultation forms are printed and available at all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any reason and whenever there is a change to contact information contained in the IDF.		
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary		
13.2.10 Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or

Tag # 1A22 Agency Personnel Competency	Condition of Participation Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 13: Nursing Services 13.2.11 Training and Implementation of Plans: 1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs. 2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on interview, the Agency did not ensure training competencies were met for 3 of 15 Direct Support Personnel. When DSP were asked, if they received training on the Individual's Speech Therapy Plan and if so, what the plan covered, the following was reported: • DSP #557 stated, "No." According to the Individual Specific Training Section of the	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider:	

Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.

Reaching an **awareness level** may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness.

Reaching a **knowledge level** may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence.

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the

ISP, the Individual requires a Speech Therapy Plan. (Individual #3)

When DSP were asked, if they received training on the Individual's an Occupational Therapy Plan and if so, what the plan covered, the following was reported:

 DSP #557 stated, "No, think just Physical Therapy." According to the Individual Specific Training Section of the ISP, the Individual requires an Occupational Therapy Plan. (Individual #3)

When DSP were asked, if they received training on the Individual's Physical Therapy Plan and if so, what the plan covered, the following was reported:

 DSP #557 stated, "Yes, make sure she is using her walker. Balance isn't that good" According to the Individual Specific Training Section of the ISP, the Individual does not require a Physical Therapy Plan. (Individual #3)

When DSP were asked, if they knew what the Individual's health condition/ diagnosis or when the information could be found, the following was reported:

 DSP #557 stated, "Mental and Intellectual Disability, not sure what caused it and also a speech impediment. But not sure what else, I can find it in the book." According to the ISP the Individual is diagnosed with a seizure disorder, cerebellar atrophy/degeneration, polyneuropathy and has history of MRSA. (Individual #3)

specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.
- 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings.
- 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-

When DSP were asked, if the Individual's had Health Care Plans and where could they be located, the following was reported:

 DSP #557 stated, "Not at this moment." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for: BMI, Supports for Hydration, Aspiration, Status of Care/Hygiene, Seizures, Constipation, Respiratory, Falls and Skin and Wound." (Individual #3)

When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported, the following was reported:

 DSP #557 stated, "If she has a cut and can't stop the bleeding. Falls and stuff." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for: Aspiration, Seizures, Respiratory and Falls. (Individual #3)

When Direct Support Personnel were asked, what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:

- DSP #507 stated, "I'd call APS." Staff was not able to identify the State Agency as Division of Health Improvement.
- DSP #561 stated, "I don't know." Staff was not able to identify the State Agency as Division of Health Improvement.

certifying the designated trainer at least annually and/or when there is a change to a person's plan.	 When DSP were asked to give examples of Abuse, Neglect and Exploitation, the following was reported: DSP #557 stated, "Other than sexually not sure what else to put there. Putting them on danger." DSP was unable to give an example of exploitation. DSP #561 stated, "Throwing him around or hitting him." DSP was unable to give an example of exploitation.

department, as a result of an investigation of a complaint, to have engaged in a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider. Additions and updates to the registry shall be posted no later than two (2) business days following receipt. Only department staff designated by the custodian may access, maintain and update the data in the registry.

- A. Provider requirement to inquire of registry. A provider, prior to employing or contracting with an employee, shall inquire of the registry whether the individual under consideration for employment or contracting is listed on the registry.
- B. **Prohibited employment.** A provider may not employ or contract with an individual to be an employee if the individual is listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider.
- C. Applicant's identifying information required. In making the inquiry to the registry prior to employing or contracting with an employee, the provider shall use identifying information concerning the individual under consideration for employment or contracting sufficient to reasonably and completely search the registry, including the name, address, date of birth, social security number, and other appropriate identifying information required by the registry.
- D. **Documentation of inquiry to registry**. The provider shall maintain documentation in the employee's personnel or employment records that evidences the fact that the provider made an inquiry to the registry concerning that employee prior to employment. Such

DD Waiver Provider Agencies as well as requirements for certified trainers or mentors of DDSD Core curriculum training.

17.1 Training Requirements for Direct Support Personnel and Direct Support Supervisors: Direct Support Personnel (DSP) and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, CIE and Crisis Supports.

- 1. DSP/DSS must successfully:
 - a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below.
 - b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14
 - c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements
 - d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines.
 - e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals).
 - f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using EPR. Agency DSP and DSS shall maintain certification in a DDSD-approved system if any person they support has a BCIP that includes the use of EPR.

Review of personnel records found no evidence of the following:

QMB Report of Findings - The Tungland Corporation - Northwest - October 19 - 25, 2018

Complete and maintain certification in a DDSD-approved medication course if required to assist with medication delivery. h. Complete training regarding the HIPAA. 2. Any staff being used in an emergency to fill in or cover a shift must have at a minimum the DDSD required core trainings and be on shift with a DSP who has completed the relevant IST. 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence. Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback

to the trainee as they implement the techniques. This should be repeated until competence is

demonstrated. Demonstration of skill or	
observed implementation of the techniques or	
strategies verifies skill level competence.	
Trainees should be observed on more than one	
occasion to ensure appropriate techniques are	
maintained and to provide additional	
coaching/feedback.	
Individuals shall receive services from competent	
and qualified Provider Agency personnel who	
must successfully complete IST requirements in	
accordance with the specifications described in	
the ISP of each person supported.	
IST must be arranged and conducted at	
least annually. IST includes training on the ISP	
Desired Outcomes, Action Plans, strategies,	
and information about the person's preferences	
regarding privacy, communication style, and	
routines. More frequent training may be	
necessary if the annual ISP changes before the	
year ends.	
2. IST for therapy-related WDSI, HCPs,	
MERPs, CARMPs, PBSA, PBSP, and BCIP,	
must occur at least annually and more often if	
plans change, or if monitoring by the plan	
author or agency finds incorrect implementation,	
when new DSP or CM are assigned to work	
with a person, or when an existing DSP or CM	
requires a refresher.	
3. The competency level of the training is	
based on the IST section of the ISP.	
4. The person should be present for and	
involved in IST whenever possible.	
5. Provider Agencies are responsible for	
tracking of IST requirements.	
6. Provider Agencies must arrange and	
ensure that DSP's are trained on the contents of	
the plans in accordance with timelines indicated	
in the Individual-Specific Training	
Requirements: Support Plans section of the ISP	
and notify the plan authors when new DSP are	
and noting the plan authors when hew DSP are	

hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan. 17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness knowledge or skilled) the trainee		
trainer. 2. A competency based training roster (required for CARMPs) includes all information		
Tag # 1A43.1 General Events Reporting: Individual Reporting	Standard Level Deficiency	

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018

Chapter 19: Provider Reporting Requirements:

- 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows:
- 1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system.
- 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements.
- 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap.
- 4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System.

Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 6 of 11 individuals.

The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe:

Individual #2

 General Events Report (GER) indicates on 12/29/2017 the Individual fell and was transported to the emergency room (Hospital). GER was approved on 1/4/2018.

Individual #3

- General Events Report (GER) indicates on 11/2/2017 the Individual lost her balance and fell (Fall without Injury). GER was approved on 11/7/2017.
- General Events Report (GER) indicates on 11/29/2017 the Individual lost her balance and fell (Fall without Injury). GER was approved on 12/6/2017.
- General Events Report (GER) indicates on 12/5/2017 the Individual was taken to urgent care (Hospital). GER was approved on 12/11/2017.
- General Events Report (GER) indicates on 12/8/2017 the Individual slipped and fell on the bathroom rug (Fall without Injury). GER was approved on 12/12/2017.

Provider:

State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →

Provider:

- 5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.
- Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting:
- 1. Effective immediately, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau.
- 2. No alternative methods for reporting are permitted.

The following events need to be reported in the Therap GER:

- Emergency Room/Urgent Care/Emergency Medical Services
- Falls Without Injury
- Injury (including Falls, Choking, Skin Breakdown and Infection)
- Law Enforcement Use
- Medication Errors
- Medication Documentation Errors
- Missing Person/Elopement
- Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission
- PRN Psychotropic Medication
- Restraint Related to Behavior
- Suicide Attempt or Threat

<u>Entry Guidance:</u> Provider Agencies must complete the following sections of the GER with detailed information: profile information,

- General Events Report (GER) indicates on 8/7/2018 the Individual fell while trying to get her glasses off the table (Fall without Injury). GER was approved on 8/15/2018.
- General Events Report (GER) indicates on 9/30/2018 the Individual last her balance and was assisted to the ground (Fall without Injury). GER was approved on 10/3/2018.

Individual #5

 General Events Report (GER) indicates on 1/29/2018 the Individual was taken to urgent care (Hospital). GER was approved on 2/1/2018.

Individual #7

 General Events Report (GER) indicates on 3/18/2018 the Individual had a behavior and was given PRN Valium (PRN Psychotropic Use). GER was approved on 3/22/2018.

Individual #10

- General Events Report (GER) indicates on 2/10/2018 the Individual was taken to urgent care and given PRN Ativan prior to being taken (Hospital / PRN Psychotropic Use). GER was approved on 2/15/2018.
- General Events Report (GER) indicates on 6/18/2018 the police were called on the Individual for suspicious behavior near a playground (Law Enforcement Involvement). GER was approved on 6/21/2018.
- General Events Report (GER) indicates on 8/21/20218 the Individual was taken to

event information, other event information, general information, notification, actions taken or planned, and the review follow up comments section. Please attach any pertinent external documents such as discharge summary, medical consultation form, etc. Provider Agencies must enter and approve GERs within 2 business days with the exception of Medication Errors which must be entered into GER on at least a monthly basis.

- urgent care (Hospital). GER was approved on 8/27/2018.
- General Events Report (GER) indicates on 8/27/2018 the Individual became agitated. He was given PRN Ativan but continued to escalate. Law enforcement was called and the individual was transported to the ER and admitted (PRN Psychotropic Use, Law Enforcement Involvement, Hospital). GER was approved on 8/31/2018.

Individual #11

- General Events Report (GER) indicates on 11/14/2017 the Individual was taken to the emergency room (Hospital). GER was approved on 11/28/2017.
- General Events Report (GER) indicates on 3/15/2018 the Individual was taken to urgent care (Hospital). GER was approved on 3/22/2018.
- General Events Report (GER) indicates on 7/24/2018 the Individual was taken to urgent care (Hospital). GER was approved on 7/30/2018.
- General Events Report (GER) indicates on 8/22/2018 the Individual was taken to the emergency room by ambulance (Hospital). GER was approved on 8/27/2018.

- 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:
 - a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.
 - b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.
 - c. Providers support the person/guardian to make an informed decision.
 - d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.

Chapter 20: Provider Documentation and Client Records: 20.2 Client Records

completed on 7/16/2017. Follow-up was to be completed in 1 year. No evidence of follow-up found. (*Note: Exam scheduled for 11/6/2018*)

PCP Follow-up:

 Individual #11 - As indicated by collateral documentation reviewed, exam was completed on 7/16/2018. Follow-up was to be completed in 3 months. No evidence of follow-up found.

Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the location	
of the file, the type of service being provided,	
and the information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of	
the person during the provision of the service.	
2. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the Therap	
web based system using computers or mobile	
devices is acceptable.	
3. Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	
therapists or BSCs are present in all needed	
settings.	
4. Provider Agencies must maintain records	
of all documents produced by agency personnel	
or contractors on behalf of each person,	
including any routine notes or data, annual	
assessments, semi-annual reports, evidence of	
training provided/received, progress notes, and	
any other interactions for which billing is	
generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only	
for the services provided by their agency.	
6. The current Client File Matrix found in	

Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the *Health Passport* and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the *Physician Consultation* form. The Physician Consultation form contains a list of all current medications. **Chapter 10: Living Care Arrangements (LCA)** Living Supports-Supported Living: 10.3.9.6.1 **Monitoring and Supervision** 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups

and other check-ups as

recommended by a licensed dentist. d. The person receives a hearing test as recommended by a licensed audiologist. e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine). 10.3.10.1 Living Care Arrangements (LCA) **Living Supports-IMLS:** 10.3.10.2 General Requirements: 9 . Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist). Chapter 13 Nursing Services: 13.2.3 General Requirements: 1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information. Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013: 6/15/2015 Chapter 6 (CCS) 3. Agency Requirements: G. Consumer Records Policy: All Provider

Agencies shall maintain at the administrative office a confidential case file for each individual.

Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
Chapter 7 (CIHS) 3. Agency Requirements: E. Consumer Records Policy: All Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
Chapter 11 (FL) 3. Agency Requirements: D. Consumer Records Policy: All Family Living Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
DEVELOPMENTAL DISABILITIES SUPPORTS DIVISION (DDSD): Director's Release: Consumer Record Requirements eff. 11/1/2012 III. Requirement Amendments(s) or Clarifications: A. All case management, living supports, customized in-home supports, community integrated employment and customized community supports providers must maintain records for individuals served through DD Waiver in accordance with the Individual Case File Matrix incorporated in this director's release.		
H. Readily accessible electronic records are accessible, including those stored through the Therap web-based system.		

Ing # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs) Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 22:Quality Improvement Strategy (QS): A QIS at the provider level is directly linked to the organization's service delivery approach or underlying provision of services. To achieve a higher level of performance and improve quality, an organization is required to have an efficient and effective QIS. The QIS is required to follow four key principles: 1. quality improvement work in systems and processes; 2. focus on participants; 3. focus on being part of the team, and 4. focus on use of the data. As part of a QIS, Provider Agencies are required to evaluate their performance based on the four key principles cultined above. Provider Agencies are required to identify areas of improvement, issues that impact quality of services, and areas of non- compliance with the DD Waiver Service Standards or any other program requirements. The findings should help inform the agency's QI plan. 22.2 QI Plan and Key Performance Indicators (KPI): Findings from a discovery process should result in a QI plan. The QI plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving goals, and identifying requirements. 	opportunities for improvement. The QI plan			

describes the processes that the Provider		
Agency uses in each phase of the QIS:		
discovery, remediation, and sustained		
improvement. It describes the frequency of data		
collection, the source and types of data		
gathered, as well as the methods used to		
analyze data and measure performance. The QI		
plan must describe how the data collected will		
be used to improve the delivery of services and		
must describe the methods used to evaluate		
whether implementation of improvements is		
working. The QI plan shall address, at minimum,		
three key performance indicators (KPI). The KPI		
are determined by DOH-DDSQI) on an annual		
basis or as determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if needed.		
The QI Committee convenes to review data; to		
identify any deficiencies, trends, patterns, or		
concerns; to remedy deficiencies; and to		
identify opportunities for QI. QI Committee		
meetings must be documented and include a		
review of at least the following:		
Activities or processes related to discovery,		
i.e., monitoring and recording the findings;		
The entities or individuals responsible for		
conducting the discovery/monitoring process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
00 4 Branavation of an Assessible and		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality assurance		
(QA) activities and the QI Plan that the		

	ency has implemented during the year.		
	e annual report shall:		
1.	Be submitted to the DDSD PEU by February		
2	15th of each calendar year. Be kept on file at the agency, and made		
۷.	available to DOH, including DHI upon		
	request.		
3	Address the Provider Agency's QA or		
0.	compliance with at least the following:		
	a. compliance with DDSD Training		
	Requirements;		
	b. compliance with reporting requirements,		
	including reporting of ANE;		
	c. timely submission of documentation for		
	budget development and approval;		
	d. presence and completeness of required		
	documentation;		
	e. compliance with CCHS, EAR, and		
	Licensing requirements as applicable; and		
	f. a summary of all corrective plans		
	implemented over the last 24 months, demonstrating closure with		
	any deficiencies or findings as well		
	as ongoing compliance and		
	sustainability. Corrective plans		
	include but are not limited to:		
	i. IQR findings;		
	ii. CPA Plans related to ANE reporting;		
	iii. POCs related to QMB compliance		
	surveys; and		
	iv. PIPs related to Regional Office Contract Management.		
4	Address the Provider Agency QI with at least		
	the following:		
	a. data analysis related to the DDSD		
	required KPI; and		
	b. the five elements required to be		
	discussed by the QI committee each		

		1
quarter.		
NMAC 7.1.14.8 INCIDENT MANAGEMENT		
SYSTEM REPORTING REQUIREMENTS FOR		
COMMUNITY-BASED SERVICE PROVIDERS:		
F. Quality assurance/quality improvement		
program for community-based service		
providers: The community-based service		
provider shall establish and implement a quality		
improvement program for reviewing alleged		
complaints and incidents of abuse, neglect, or		
exploitation against them as a provider after the		
division's investigation is complete. The incident		
management program shall include written		
documentation of corrective actions taken. The		
community-based service provider shall take all		
reasonable steps to prevent further incidents. The		
community-based service provider shall provide		
the following internal monitoring and facilitating		
quality improvement program:		
(1) community-based service providers shall		
have current abuse, neglect, and exploitation		
management policy and procedures in place that		
comply with the department's requirements;		
(2) community-based service providers		
providing intellectual and developmental		
disabilities services must have a designated		
incident management coordinator in place; and		
(3) community-based service providers		
providing intellectual and developmental		
disabilities services must have an incident		
management committee to identify any		
deficiencies, trends, patterns, or concerns as well		
as opportunities for quality improvement, address		
internal and external incident reports for the		
purpose of examining internal root causes, and to		
take action on identified issues.

Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication	Condition of Participation Level		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 13 Nursing Services: 13.2.12 Medication Delivery: Nurses are required to: 1. Be aware of the New Mexico Nurse Practice Act, and Board of Pharmacy standards and regulations. 2. Communicate with the Primary Care Practitioner and relevant specialists regarding medications and any concerns with medications or side effects. 3. Educate the person, guardian, family, and IDT regarding the use and implications of medications as needed.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not maintain documentation of PRN authorization as required by standard for 1 of 11 Individuals. Individual #7 September 2018 No documentation of the verbal authorization from the Agency nurse prior to each administration/assistance of PRN medication was found for the following PRN medication:	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider:	

- 4. Administer medications when required, such as intravenous medications; other specific injections; via NG tube; non-premixed nebulizer treatments or new prescriptions that have an ordered assessment.
- 5. Monitor the MAR or treatment records at least monthly for accuracy, PRN use and errors.
- 6. Respond to calls requesting delivery of PRNs from AWMD trained DSP and non-related (surrogate or host) Family Living Provider Agencies.
- 7. Assure that orders for PRN medications or treatments have:
 - a. clear instructions for use:
 - b. observable signs/symptoms or circumstances in which the medication is to be used or withheld; and
 - documentation of the response to and effectiveness of the PRN medication administered.
- 8. Monitor the person's response to the use of routine or PRN pain medication and contact the prescriber as needed regarding its effectiveness.
- 9. Assure clear documentation when PRN medications are used, to include:
 - a. DSP contact with nurse prior to assisting with medication.
 - i. The only exception to prior consultation with the agency nurse is to administer selected emergency medications as listed on the Publications section of the DOH-DDSD -Clinical Services Website https://nmhealth.org/about/ddsd/pgsv/clinical/.
 - b. Nursing instructions for use of the medication.
 - c. Nursing follow-up on the results of the PRN use.
 - d. When the nurse administers the PRN

location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider

 Individual #2 - As indicated by the IST section of ISP the individual is required to have a plan.

QMB Report of Findings - The Tungland Corporation - Northwest - October 19 - 25, 2018

agreement, or upon provider withdrawal from	
services.	
Chapter 3 Safeguards: 3.1.1 Decision	
Consultation Process (DCP): Health decisions	
are the sole domain of waiver participants, their	
guardians or healthcare decision makers.	
Participants and their healthcare decision	
makers can confidently make decisions that are	
compatible with their personal and cultural	
values. Provider Agencies are required to	
support the informed decision making of waiver	
participants by supporting access to medical	
consultation, information, and other available	
resources according to the following:	
2. The DCP is used when a person or his/her	
guardian/healthcare decision maker has	
concerns, needs more information about health-	
related issues, or has decided not to follow all or	
part of an order, recommendation, or	
suggestion. This includes, but is not limited to:	
 a. medical orders or recommendations from 	
the Primary Care Practitioner, Specialists	
or other licensed medical or healthcare	
practitioners such as a Nurse Practitioner	
(NP or CNP), Physician Assistant (PA) or	
Dentist;	
 b. clinical recommendations made by 	
registered/licensed clinicians who are	
either members of the IDT or clinicians who	
have performed an evaluation such as a	
video-fluoroscopy;	
c. health related recommendations or	
suggestions from oversight activities such	
as the Individual Quality Review (IQR) or	
other DOH review or oversight activities;	
and	
d. recommendations made through a	
Healthcare Plan (HCP), including a	
Comprehensive Aspiration Risk	
2 STIPTOTION OF TOPHANON THON	

Management Plan (CARMP), or another	
plan.	
F	
2. When the person/guardian disagrees with a	
recommendation or does not agree with the	
implementation of that recommendation.	
Provider Agencies follow the DCP and attend	
the meeting coordinated by the CM. During this	
,	
meeting:	
a. Providers inform the person/guardian of	
the rationale for that recommendation, so that the benefit is made clear. This will be	
done in layman's terms and will include	
basic sharing of information designed to	
assist the person/guardian with	
understanding the risks and benefits of the	
recommendation.	
b. The information will be focused on the	
specific area of concern by the	
person/guardian. Alternatives should be	
presented, when available, if the guardian	
is interested in considering other options	
for implementation.	
c. Providers support the person/guardian to	
make an informed decision.	
d. The decision made by the person/guardian	
during the meeting is accepted; plans are	
modified; and the IDT honors this health	
decision in every setting.	
Chapter 13 Nursing Services:	
13.2.5 Electronic Nursing Assessment and	
Planning Process: The nursing assessment	
process includes several DDSD mandated	
tools: the electronic Comprehensive Nursing	
Assessment Tool (e-CHAT), the Aspiration Risk	
Screening Tool (ARST) and the Medication	
Administration Assessment Tool (MAAT) . This	
process includes developing and training Health	

Care Plans and Medical Emergency Response		
Plans.		
The following hierarchy is based on budgeted		
services and is used to identify which Provider		
Agency nurse has primary responsibility for		
completion of the nursing assessment process		
and related subsequent planning and training.		
Additional communication and collaboration for		
planning specific to CCS or CIE services may		
be needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
Living Supports: Supported Living, IMLS or		
Family Living via ANS;		
Customized Community Supports- Group;		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion with		
health-related needs; or		
b. if no residential services are budgeted		
but assessment is desired and health		
needs may exist.		
13.2.6 The Electronic Comprehensive Health		
Assessment Tool (e-CHAT)		
1. The e-CHAT is a nursing assessment. It may		
not be delegated by a licensed nurse to a non-		
licensed person.		
2. The nurse must see the person face-to-face		
to complete the nursing assessment. Additional		
information may be gathered from members of		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		

medications, treatments, and overall status of	
the person. Discussion with others may be	
needed to obtain critical information.	
5. The nurse is required to complete all the e-	
CHAT assessment questions and add additional	
pertinent information in all comment sections.	
13.2.7 Aspiration Risk Management	
Screening Tool (ARST)	
13.2.8 Medication Administration	
Assessment Tool (MAAT):	
1. A licensed nurse completes the	
DDSD Medication Administration	
Assessment Tool (MAAT) at least two	
weeks before the annual ISP meeting.	
2. After completion of the MAAT, the nurse will	
present recommendations regarding the level	
of assistance with medication delivery	
(AWMD) to the IDT. A copy of the MAAT will	
be sent to all the team members two weeks	
before the annual ISP meeting and the original	
MAAT will be retained in the Provider Agency	
records.	
3. Decisions about medication delivery	
are made by the IDT to promote a	
person's maximum independence and	
community integration. The IDT will	
reach consensus regarding which	
criteria the person meets, as indicated	
by the results of the MAAT and the	
nursing recommendations, and the	
decision is documented this in the ISP.	
13.2.9 Healthcare Plans (HCP):	
1. At the nurse's discretion, based on prudent	
nursing practice, interim HCPs may be	
developed to address issues that must be	
implemented immediately after admission,	
readmission or change of medical condition to	

Physician Consultation Form: All Primary and

Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.		
Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015 Chapter 6 (CCS) 2. Service Requirements. E. The agency nurse(s) for Customized Community Supports providers must provide the following services: 1. Implementation of pertinent PCP orders; ongoing oversight and monitoring of the individual's health status and medically related supports when receiving this service; 3. Agency Requirements: Consumer Records Policy: All Provider Agencies shall maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
Chapter 7 (CIHS) 3. Agency Requirements: E. Consumer Records Policy: All Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy. Chapter 11 (FL) 3. Agency Requirements: D. Consumer Records Policy: All Family Living Provider Agencies must maintain at the		

administrative office a confidential case file for		
each individual. Provider agency case files for		
individuals are required to comply with the		
DDSD Individual Case File Matrix policy.		
I. Health Care Requirements for Family		
Living: 5. A nurse employed or contracted by		
the Family Living Supports provider must		
complete the e-CHAT, the Aspiration Risk		
Screening Tool, (ARST), and the Medication		
Administration Assessment Tool (MAAT) and		
any other assessments deemed appropriate on		
at least an annual basis for each individual		
served, upon significant change of clinical		
condition and upon return from any		
hospitalizations. In addition, the MAAT must be		
updated for any significant change of medication		
regime, change of route that requires delivery by		
licensed or certified staff, or when an individual		
has completed training designed to improve their		
skills to support self-administration.		
a. For newly-allocated or admitted individuals,		
assessments are required to be completed		
within three (3) business days of admission or		
two (2) weeks following the initial ISP		
meeting, whichever comes first.		
b For individuals already in services the		
b. For individuals already in services, the		
required assessments are to be completed no more than forty-five (45) calendar days and at		
least fourteen (14) calendar days prior to the		
annual ISP meeting.		
annuarior meeting.		
c. Assessments must be updated within three		
(3) business days following any significant		
change of clinical condition and within three		
(3) business days following return from		
hospitalization.		
		,

 d. Other nursing assessments conducted to determine current health status or to evaluate a change in clinical condition must be documented in a signed progress note that includes time and date as well as subjective information including the individual complaints, signs and symptoms noted by staff, family members or other team members; objective information including vital signs, physical examination, weight, and other pertinent data for the given situation (e.g., seizure frequency, method in which temperature taken); assessment of the clinical status, and plan of action addressing relevant aspects of all active health problems and follow up on any recommendations of medical consultants. e. Develop any urgently needed interim Healthcare Plans or MERPs per DDSD policy pending authorization of ongoing Adult Nursing services as indicated by health status and individual/guardian choice.

- 1. Prescription drugs will be stored in a locked cabinet and the key will be in the care of the administrator or designee.
- 2. Drugs to be taken by mouth will be separate from all other dosage forms.
- 3. A locked compartment will be available in the refrigerator for those items labeled "Keep in Refrigerator." The temperature will be kept in the 36°F 46°F range. An accurate thermometer will be kept in the refrigerator to verify temperature.
- 4. Separate compartments are required for each resident's medication.
- 5. All medication will be stored according to their individual requirement or in the absence of temperature and humidity requirements, controlled room temperature (68-77°F) and protected from light. Storage requirements are in effect 24 hours a day.
- 6. Medication no longer in use, unwanted, outdated, or adulterated will be placed in a quarantine area in the locked medication cabinet and held for destruction by the consultant pharmacist.

8. References

A. Adequate drug references shall be available for facility staff

H. Controlled Substances (Perpetual Count Requirement)

1. Separate accountability or proof-of-use sheets shall be maintained, for each controlled substance,

indicating the following information:

- a. date
- b. time administered
- c. name of patient
- d. dose
- e. practitioner's name

Observation included:

Individual #2

- Ketoconazole Cream 2% is topical and was not kept separate from all other dosage forms.
- Fluticasone Propionate nasal spray 50mcg was not kept separate from all other dosage forms.

Individual #10

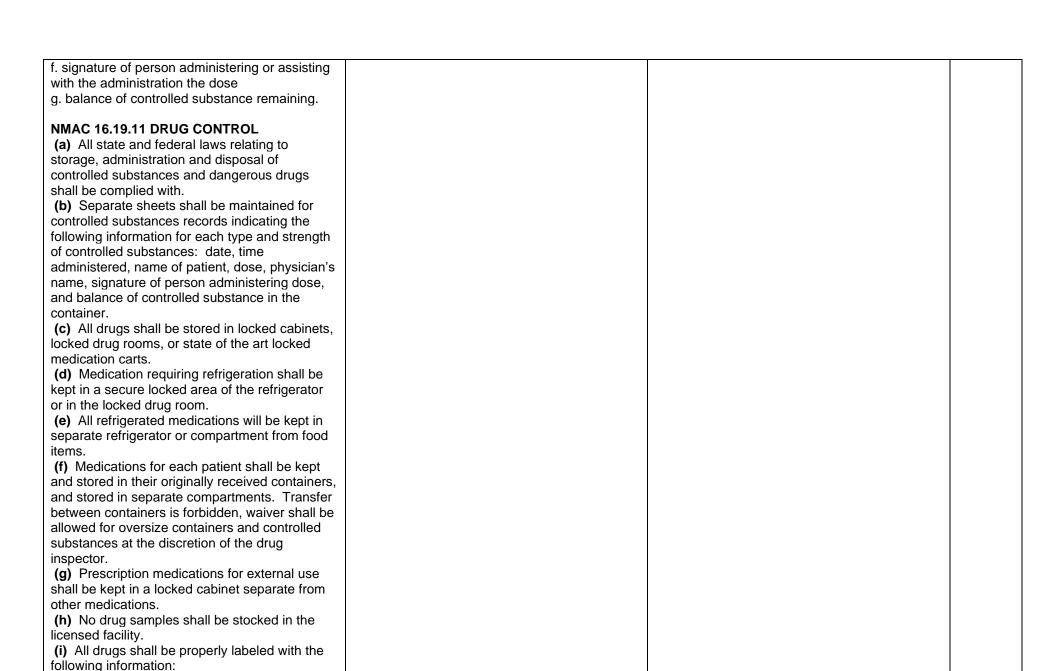

• Triamcinolone Cream 0.1% is topical and was not kept separate from all other dosage forms.

Chapter 10: Living Care Arrangements (LCA)

10.3.6 Requirements for Each Residence:

Provider Agencies must assure that each residence is clean, safe, and comfortable, and each residence accommodates individual daily living, social and leisure activities. In addition, the Provider Agency must ensure the residence:

- 1. has basic utilities, i.e., gas, power, water, and telephone;
- 2. has a battery operated or electric smoke detectors or a sprinkler system, carbon monoxide detectors, and fire extinguisher;
- 3. has a general-purpose first aid kit;
- 4. has accessible written documentation of evacuation drills occurring at least three times a year overall, one time a year for each shift;
- 5. has water temperature that does not exceed a safe temperature (110^0 F) ;
- 6. has safe storage of all medications with dispensing instructions for each person that are consistent with the Assistance with Medication (AWMD) training or each person's ISP;
- 7. has an emergency placement plan for relocation of people in the event of an emergency evacuation that makes the residence unsuitable for occupancy;
- 8. has emergency evacuation procedures that address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding;
- 9. supports environmental modifications and assistive technology devices, including modifications to the bathroom (i.e., shower chairs, grab bars, walk in shower, raised toilets, etc.) based on the unique needs of the individual in consultation with the IDT;
- 10. has or arranges for necessary equipment for bathing and transfers to support health and

Based on observation, the Agency did not ensure that each individuals' residence met all requirements within the standard for 3 of 7 Living Care Arrangement residences.

Review of the residential records and observation of the residence revealed the following items were not found, not functioning or incomplete:

Family Living Requirements:

- Carbon monoxide detectors (#2, 3)
- General-purpose first aid kit (#2)
- Emergency evacuation procedures that address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding (#3)
- Emergency placement plan for relocation of people in the event of an emergency evacuation that makes the residence unsuitable for occupancy (#2, 8)

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 21: Billing Requirements: 21.4 Recording Keeping and Documentation Requirements: DD Waiver Provider Agencies must maintain all records necessary to demonstrate proper provision of services for Medicaid billing. At a minimum, Provider Agencies must adhere to the following: 1. The level and type of service provided must be supported in the ISP and have an approved budget prior to service delivery and billing. 2. Comprehensive documentation of direct service delivery must include, at a minimum: a. the agency name; b. the name of the recipient of the service; c. the location of theservice; d. the date of the service; e. the type of service; f. the start and end times of theservice; g. the signature and title of each staff member who documents their time; and h. the nature of services. 3. A Provider Agency that receives payment for treatment, services, or goods must retain all medical and business records for a period of at least six years from the last payment date, until ongoing audits are settled, or until involvement of the state Attorney General is completed regarding settlement of any claim, whichever is longer. 4. A Provider Agency that receives payment for treatment, services or goods must retain all medical and business records relating to any of the following for a period of at least six years	Based on record review, the Agency did not provide written or electronic documentation as evidence for each unit billed for Family Living Services for 1 of 4 individuals. Individual #11 July 2018 • The Agency billed 31 units of Family Living (T2033 HB) from 7/1/2018 through 7/31/2018. Documentation received accounted for 29.5 units. • Documentation on 7/23/2018 did not include a description of what occurred during the encounter or service interval; • Progress notes on 7/17/2018 did not document at least 12 hours of service in a 24-hour period in order to bill a complete unit; August 2018 • The Agency billed 31 units of Family Living (T2033 HB) from 8/1/2018 through 8/31/2018. Documentation received accounted for 27 units. • Documentation on 8/6 and 9, 2018 did not include a description of what occurred during the encounter or service interval; • Progress notes on 8/20, 23, 24 and 27, 2018 did not document at least 12 hours of service in a 24-hour period in order to bill a complete unit.	State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

from the payment date:		
 a. treatment or care of any eligible recipient; 		
 b. services or goods provided to any eligible 		
recipient;		
c. amounts paid by MAD on behalf of any		
eligible recipient; and		
d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing depends		
on the service type. The unit may be a 15-		
minute interval, a daily unit, a monthly unit or a		
dollar amount. The unit of billing is identified in		
the current DD Waiver Rate Table. Provider		
Agencies must correctly report service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider Agencies		
must adhere to the following:		
1. A day is considered 24 hours from midnight		
to midnight.		
2. If 12 or fewer hours of service are		
provided, then one-half unit shall be billed. A whole unit can be billed if more than 12		
hours of service is provided during a 24-hour		
period.		
The maximum allowable billable units		
cannot exceed 340 calendar days per ISP		
year or 170 calendar days per six months.		
4. When a person transitions from one		
Provider Agency to another during the ISP		
year, a standard formula to calculate the units	ļ	
billed by each Provider Agency must be		
applied as follows:		
a. The discharging Provider Agency bills the		
number of calendar days that services		
were provided multiplied by .93 (93%).	ļ	
b. The receiving Provider Agency bills the	ļ	
remaining days up to 340 for the ISP year.		

21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. 21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed. Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013: 6/15/2015 **CHAPTER 11 (FL) 5. REIMBURSEMENT** A. Family Living Services Provider Agencies must maintain all records necessary to fully disclose the type, quality, quantity and clinical necessity of services furnished to individuals who are currently receiving services. The Family Living Services

Provider Agency records must be

sufficiently detailed to substantiate the date, time, individual name, servicing provider,

nature of services, and length of a session of service billed. Providers are required to comply with the New Mexico Human Services Department Billing Regulations 1. From the payments received for Family Living services, the Family Living Agency must: a. Provide a minimum payment to the contracted primary caregiver of \$2,051 per month; and b. Provide or arrange up to seven hundred fifty (750) hours of substitute care as sick leave or relief for the primary caregiver. Under no circumstances can the Family
Living services, the Family Living Agency must: a. Provide a minimum payment to the contracted primary caregiver of \$2,051 per month; and b. Provide or arrange up to seven hundred fifty (750) hours of substitute care as sick leave or relief for the primary caregiver. Under no circumstances can the Family
contracted primary caregiver of \$2,051 per month; and b. Provide or arrange up to seven hundred fifty (750) hours of substitute care as sick leave or relief for the primary caregiver. Under no circumstances can the Family
fifty (750) hours of substitute care as sick leave or relief for the primary caregiver. Under no circumstances can the Family
Living Provider agency limit how these hours will be used over the course of the ISP year. It is not allowed to limit the number of substitute care hours used in a given time period, other than an ISP year.
B. Billable Units: 1. The billable unit for Family Living is based on a daily rate. A day is considered 24 hours from midnight to midnight. If 12 or less hours of service, are provided then one half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24 hour period. 2. The maximum allowable billable units cannot exceed three hundred forty (340) days per ISP year or one hundred seventy (170) days per six (6) months.

Survey Type: Routine

Dear Mr. Barkley and Ms. Arp:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Amanda Castañeda

Amanda Castañeda Health Program Manager/Plan of Correction Coordinator Quality Management Bureau/DHI
