DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi/

Dear Ms. Reina Chavez:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u> This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A22 Agency Personnel Competency

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # 1A38.1 Living Care Arrangement / Community Inclusion Reporting Requirements (Reporting Components)
- Tag # IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A29 Complaints / Grievances Acknowledgement
- Tag # 1A39 Assistive Technology and Adaptive Equipment
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag #IH32 Customized In-Home Supports Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

QMB Report of Findings – Adelante Development Center Inc. – Metro – February 7 - 14, 2020

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan @state.nm.us</u>)
OR
Jennifer Goble (<u>Jennifer.goble2 @state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

QMB Report of Findings – Adelante Development Center Inc. – Metro – February 7 - 14, 2020

Survey Report #: Q.20.3.DDW.D0009.5.RTN.01.20.080

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Heather Driscoll, AA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and

QMB Report of Findings – Adelante Development Center Inc. – Metro – February 7 - 14, 2020

5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

QMB Report of Findings – Adelante Development Center Inc. – Metro – February 7 - 14, 2020

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

• **1A20 -** Direct Support Personnel Training

QMB Report of Findings – Adelante Development Center Inc. – Metro – February 7 - 14, 2020

Survey Report #: Q.20.3.DDW.D0009.5.RTN.01.20.080

- **1A22 -** Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- 1A09.1 Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <u>valerie.valdez@state.nm.us</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process.

Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Attachment D

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.	
6.6.3.1. Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service	
provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step.	
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.	
6.6.3.3 Individual Specific Training in the ISP: The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT	

must reach a consensus about who needs to be trained, at what level (awareness, knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.) 6.8 ISP Implementation and Monitoring: All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies. Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records.  According to the Live Outcome; Action Step for "Will prepare the evening meal from her menu" is to be completed 3 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019 – 12/2019.

Customized In-Home Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

Individual #25

 According to the Live Outcome; Action Step for "...will pick a 15-minute organizational task to work on regarding his desk/paperwork once a week" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019 – 12/2019.

Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

Individual #1

 According to the Work/Learn Outcome; Action Step for "...will dance and try to increase her endurance" is to be completed 2 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2019 – 11/2019.

Individual #4

 According to the Work/Learn Outcome; Action Step for "...will review the activity board and choose her community outing 3x a month" is to be completed 3 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2019 – 12/2019. services. Individual #7 According to the Work/Learn Outcome; Action Step for "...will identify a different sound at least two times monthly" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019 -12/2019.Individual #10 According to the Work/Learn Outcome; Action Step for "...will develop and enjoy a play list from preferred songs" is to be completed 2 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2019. Individual #14 According to the Work/Learn Outcome; Action Step for "...will choose an article from a newspaper or magazine to put in his scrapbook" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019. According to the Work/Learn Outcome; Action Step for "...will place his chosen article in his scrapbook" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019. Individual #20 According to the Work/Learn Outcome; Action Step for "...will select an activity" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP

for 11/2019 – 12/2019.

 According to the Work/Learn Outcome; Action Step for "...will engage in the activity he chooses" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019 – 12/2019.

Individual #23

 According to the Fun Outcome; Action Step for "...will share a book of her choice with her friends" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019.

Individual #24

 According to the Work/Learn Outcome; Action Step for "...will create a calendar to show her activities" is to be completed 1 time per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2019 – 11/2019.

Individual #31

 According to the Work/Learn Outcome; Action Step for "Raise hand to notify staff when he is out of supplies" is to be completed daily when at Adelante Mailing and Fulfilment Center. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2019 – 11/2019.

Individual #35

 According to the Work/Learn Outcome; Action Step for "Will listen to a Navajo Culture song or story using her tablet" is to be completed 2 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2019.

Community Integrated Employment Services Data Collection/Data Tracking/Progress with regards to ISP Outcomes:	
 Individual #16 According to the Work/Learn Outcome; Action Step for "will descale toilets at least 4x's a month" is to be completed 4 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2019 – 12/2019. 	

Tag # 1A32.2 Individual Service Plan	Standard Level Deficiency		
Implementation (Residential Implementation)			
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan. C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities.	Based on residential record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 1 of 13 individuals. As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Supported Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes: Individual #7 • According to the Live Outcome; Action Step for "will listen to her audiobook while receiving other sensory input" is to be completed 3 times per day. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 2/1 – 9, 2020. 1/1/2019 Chapter 6: Individual Service Plan (ISP)		
6.8 ISP Implementation and Monitoring: All		
DD Waiver Provider Agencies with a signed		
SFOC are required to provide services as		
detailed in the ISP. The ISP must be readily		
accessible to Provider Agencies on the		
approved budget. (See Chapter 20: Provider		
Documentation and Client Records.) CMs		
facilitate and maintain communication with the		
person, his/her representative, other IDT		
members, Provider Agencies, and relevant		
parties to ensure that the person receives the		
maximum benefit of his/her services and that		
revisions to the ISP are made as needed. All DD		
Waiver Provider Agencies are required to		
cooperate with monitoring activities conducted		
by the CM and the DOH. Provider Agencies are		
required to respond to issues at the individual		
level and agency level as described in Chapter		
16: Qualified Provider Agencies.		
Chapter 20: Provider Documentation and		
Client Records 20.2 Client Records		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the location		
of the file, the type of service being provided,		
and the information necessary.		

DD Waiver Provider Agencies are required to		
adhere to the following:		
15. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
16. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web-based system using computers or mobile		
devices is acceptable.		
17. Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
18. Provider Agencies must maintain records		
of all documents produced by agency personnel		
or contractors on behalf of each person,		
including any routine notes or data, annual		
assessments, semi-annual reports, evidence of		
training provided/received, progress notes, and		
any other interactions for which billing is		
generated.		
19. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
20. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
21. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.

Chapter 19: Provider Reporting Requirements 19.5 Semi-Annual Reporting:

The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities.

Semi-annual reports are required as follows:

- 1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports.
- 2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older.
- 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days).
- 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting.
- 5. Semi-annual reports must contain at a minimum written documentation of:
 - a. the name of the person and date on each page;
 - b. the timeframe that the report covers;
 - timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering;

- Individual #7 Report not completed 14 days prior to the Annual ISP meeting. (Term of ISP 7/1/2018 6/30/2019. Semi-Annual Report 10/2018 4/2019; Date Completed: 4/9/2019; ISP meeting held on 4/10/2019).
- Individual #11 Report not completed 14 days prior to the Annual ISP meeting. (Term of ISP 3/14/2018 3/13/2019. Semi-Annual Report 9/2018 3/2019; Date Completed: 4/1/2019; ISP meeting held on 10/10/2018).

Verbal or written recall of basic the Individual Specific Training Section of the information or knowing where to access the ISP the Individual requires a Positive information can verify awareness. Behavioral Supports Plan. (Individual #16) Reaching a knowledge level may take the form of observing a plan in action, reading a plan • DSP #578 stated, "I want to say no, because more thoroughly, or having a plan described by I don't think I've been trained on that." the author or their designee. Verbal or written According to the Individual Specific Training

Section of the ISP the Individual requires a

#27)

Positive Behavioral Supports Plan. (Individual

recall or demonstration may verify this level of

competence.

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.

When DSP were asked, if they received training on the Individual's Behavioral Crisis Intervention Plan (BCIP) and if so, what the plan covered, the following was reported:

 DSP #642 stated, "No. Let me look in the book. No, she doesn't." According to the Individual Specific Training Section of the ISP the Individual requires a Behavioral Crisis Intervention Plan. (Individual #15)

When DSP were asked, if the Individual had any specific dietary and / or nutritional plans, the following was reported:

- DSP #653 stated, "No, sister wanted her to stay away from pastas and stuff because she is trying to lose weight." According to the IST the individual has a Nutrition/Dietary Plan. (Individual #3)
- DSP #635 stated, "No." According to the IST the individual has a Nutrition/Dietary Plan. (Individual #7)
- DSP #590 stated, "No, I know he is overweight, so we moderate ourselves to try to help him. There is a nutritionist, I don't know if she looked into ..." According to the IST the individual has a Nutrition/Dietary Plan. (Individual #20)
- DSP #508 stated, "No, cut her food up, small pieces." According to the IST the individual has a Nutrition/Dietary Plan. (Individual #23)

When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:

- 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings.
- 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and recertifying the designated trainer at least annually and/or when there is a change to a person's plan.
- DSP #635 stated, "No she doesn't." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Anaphylaxis, Aspiration, Falls, and Women's Health. (Individual #7)
- DSP #653 stated, "No, just aspiration." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Allergies, Aspiration, and Injury-Skin Picking. (Individual #30)
- DSP #522 stated, "They train us all in one room and on everyone's plan, um, I'm not sure." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Aspiration, BGL Monitoring, Endocrine, Falls, Respiratory, and Seizure Disorder. (Individual #11)

When DSP were asked, if the Individual's had Health Care Plans and where could they be located, the following was reported:

 DSP #640 stated, "Falls." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Airway Obstruction/Respiratory/Anaphylaxis, Cardiac Condition, Constipation/Complication, Falls, and Impaction. (Individual #6)

When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported:

- DSP #522 stated, "I'm not sure." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Blood Glucose Level Monitoring, Diabetes, Constipation, Gastrointestinal and Seizure Disorder. (Individual #11)
- DSP #522 stated "I'm not sure." As indicated by the Electronic Comprehensive Health Assessment Tool the individual requires Medical Emergency Response Plans for Aspiration, Falls, and Seizure disorder. (Individual #24)
- DSP #604 stated, "I forfeit that one, I will get more training in about a week." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Aspiration, Seizure Disorder, and Skin/Wound. (Individual #34)

When DSP were asked, if the Individual had Limited Ambulation / Limited Mobility, as well as a series of questions specific to the DSP's knowledge of the Limited Ambulation / Limited Mobility, the following was reported:

 DSP #640 stated, "Just compression socks." According to the Individual Specific Training Section of the ISP, DSP require training on Limited Mobility / Limited Ambulation (Individual #6)

When DSP were asked, if the Individual's had Bowel and Bladder issues and if so, what are they to monitor, the following was reported:

 DSP #522 stated, "No, she didn't get constipated, or ... um not sure if we track her

BM like the other guys." According to the	
Individual Specific Training Section of the ISP, DSP require training on. bowel and	
bladder issues. (Individual #32)	
When DSP were asked to give examples of	
Abuse, Neglect and Exploitation, the following was reported:	
 DSP #635 stated the following with regards to exploitation, "Exploiting her HIPPA; put her personal business."

in the Individual-Specific Training	
Requirements: Support Plans section of the ISP	
and notify the plan authors when new DSP are	

hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
 17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency-based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.) 3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer. 		

Tag # 1A43.1 General Events Reporting:	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 4 of 38 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe: Individual #2 • General Events Report (GER) indicates on 8/31/2019 the Individual's G-Tube became clogged. (Emergency Room). GER was approved 9/4/2019. Individual #3 • General Events Report (GER) indicates on 8/11/2019 the Individual slipped on a sandy patch of ground in the community. (Fall). GER was approved 8/23/2019. Individual #25 • General Events Report (GER) indicates on 11/27/2019 the Individual had multiple seizures. (Emergency Room). GER was	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. Individual #25 General Events Report (GER) indicates on 11/27/2019 the Individual had multiple seizures. (Emergency Room). GER was		
above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER	seizures. (Emergency Room). GER was approved 12/2/2019. Individual #33 General Events Report (GER) indicates on 3/8/2019 the Individual felt pain around a sore. (Emergency Room). GER was approved 3/19/2019.		
section of Therap. 4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18:			

Incident Management System.		
5. GER does not replace a Provider		
Agency's obligations related to healthcare coordination, modifications to the ISP, or any		
other risk management and QI activities.		
other risk management and Qractivities.		
Appendix B GER Requirements: DDSD is		
pleased to introduce the revised General Events		
Reporting (GER), requirements. There are two		
important changes related to medication error		
reporting:		
Effective immediately, DDSD requires ALL		
medication errors be entered into Therap GER		
with the exception of those required to be reported to Division of Health Improvement-		
Incident Management Bureau.		
No alternative methods for reporting are		
permitted.		
The following events need to be reported in		
the Therap GER:		
 Emergency Room/Urgent 		
Care/Emergency Medical Services		
Falls Without Injury		
 Injury (including Falls, Choking, Skin 		
Breakdown and Infection)		
 Law Enforcement Use 		
 Medication Errors 		
 Medication Documentation Errors 		
 Missing Person/Elopement 		
Out of Home Placement- Medical:		
Hospitalization, Long Term Care, Skilled		
Nursing or Rehabilitation Facility		
Admission		
 PRN Psychotropic Medication 		
 Restraint Related to Behavior 		
 Suicide Attempt or Threat 		
Entry Guidance: Provider Agencies must		
complete the following sections of the GER		
with detailed information: profile information,		

and Responsible Party brevent occurrences of abuse, neglect and ass needed healthcare services in a timely metrical process. other DOH review or oversight activities;		
and		
d. recommendations made through a		
Healthcare Plan (HCP), including a		
Comprehensive Aspiration Risk		
Management Plan (CARMP), or another		
plan.		
2. When the person/guardian disagrees		
with a recommendation or does not agree		
with the implementation of that		
recommendation, Provider Agencies follow		
the DCP and attend the meeting		
coordinated by the CM. During this		
meeting:		
a. Providers inform the person/guardian of		
the rationale for that recommendation,		
so that the benefit is made clear. This		
will be done in layman's terms and will		
include basic sharing of information		
designed to assist the person/guardian		
with understanding the risks and benefits of the recommendation.		
b. The information will be focused on the		
specific area of concern by the		
person/guardian. Alternatives should be		
presented, when available, if the guardian		
is interested in considering other options		
for implementation.		
c. Providers support the person/guardian to		
make an informed decision.		
d. The decision made by the		
person/guardian during the meeting is		
accepted; plans are modified; and the		
IDT honors this health decision in every		
setting.		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		

Requirements: All DD Waiver Provider Agencies are required to create and maintain

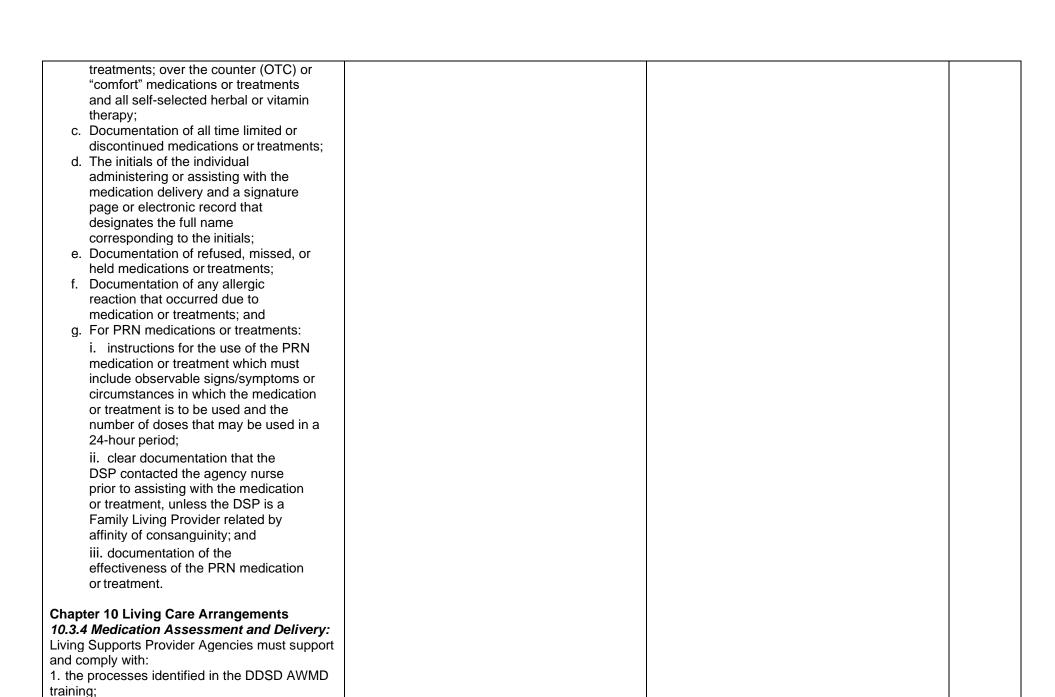

individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the location	
of the file, the type of service being provided,	
and the information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of	
the person during the provision of the service.	
2. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the Therap	
web-based system using computers or mobile	
devices is acceptable.	
Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	
therapists or BSCs are present in all needed	
settings.	
4. Provider Agencies must maintain records	
of all documents produced by agency personnel	
or contractors on behalf of each person,	
including any routine notes or data, annual	
assessments, semi-annual reports, evidence of	
training provided/received, progress notes, and	
any other interactions for which billing is	
generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of service delivery, as well as data tracking only	
for the services provided by their agency.	
6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored	
in agency office files, the delivery site, or with	
in agency office files, the activery site, or with	

DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications.		
Chapter 10: Living Care Arrangements (LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups and other check-ups as recommended by a		

d. The person receives a hearing test as recommended by a licensed audiologist.

e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General Requirements: 9. Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist).		
Chapter 13 Nursing Services: 13.2.3 General Requirements: 1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.

any other interactions for which billing is			

generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare		
practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or		

D	entist;		
	nical recommendations made by		
	gistered/licensed clinicians who are		
	ther members of the IDT or clinicians who		
	ave performed an evaluation such as a		
	deo-fluoroscopy;		
	ealth related recommendations or		
	iggestions from oversight activities such		
	the Individual Quality Review (IQR) or		
	her DOH review or oversight activities;		
ar			
	commendations made through a		
	ealthcare Plan (HCP), including a		
	omprehensive Aspiration Risk anagement Plan (CARMP), or another		
	anagement Flam (CARIVIF), of another		
Pi	an.		
2 Whe	en the person/guardian disagrees with a		
	mendation or does not agree with the		
	nentation of that recommendation,		
	er Agencies follow the DCP and attend		
	eting coordinated by the CM. During this		
meetin	•		
a. F	Providers inform the person/guardian of		
	he rationale for that recommendation, so

	ssist the person/guardian with		
	inderstanding the risks and benefits of the		
	ecommendation.		
	he information will be focused on the		
	pecific area of concern by the		
	person/guardian. Alternatives should be		
	presented, when available, if the guardian		
	s interested in considering other options		
	or implementation.		
	roviders support the person/guardian to		
n	nake an informed decision.		1

d. The decision made by the person/guardian during the meeting is accepted; plans are

modified: and the IDT honors this health decision in every setting. Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and **Planning Process:** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT). This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. 13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT) 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-

2. The nurse must see the person face-to-face

licensed person.

to complete the nursing assessment. Additional		
information may be gathered from members of		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add additional		
pertinent information in all comment sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse will		
present recommendations regarding the level		
of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the original		
MAAT will be retained in the Provider Agency		
records.		
3. Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		

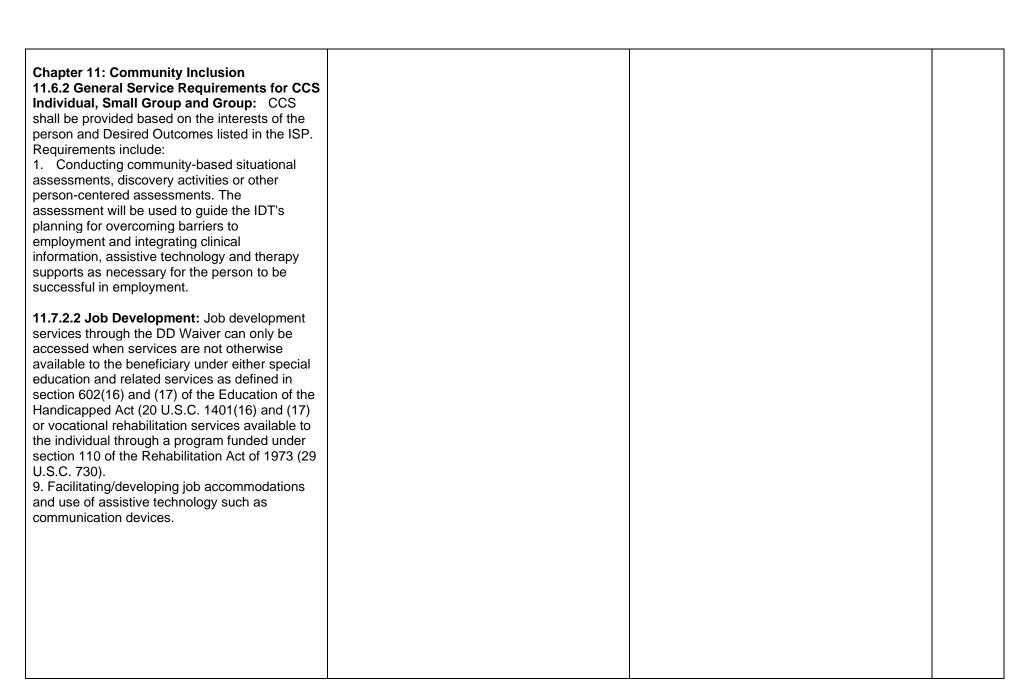

by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):		
3. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process. This		
includes interim ARM plans for those persons		
newly identified at moderate or high risk for		
aspiration. All interim plans must be removed if		
the plan is no longer needed or when final HCP		
including CARMPs are in place to avoid		
duplication of plans.		
4. In collaboration with the IDT, the agency		
nurse is required to create HCPs that address all		
the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined where clinically appropriate. The nurse should use		
nursing judgment to determine whether to also		
include HCPs for any of the areas indicated by		
"C" on the e-CHAT summary report. The nurse		
may also create other HCPs plans that the nurse		
determines are warranted.		
13.2.10 Medical Emergency Response Plan		
(MERP):		
3. The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP) for		
all conditions marked with an "R" in the e-CHAT		
summary report. The agency nurse should use		
her/his clinical judgment and input from the		
Interdisciplinary Team (IDT) to determine		
whether shown as "C" in the e-CHAT summary		

report or other conditions also warrant a MERP. 4. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation. Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.

nMAC 7.26.3.6: A. These regulations set out rights that the department expects all providers of services to individuals with developmental disabilities to respect. These regulations are intended to complement the department's Client Complaint Procedures (7 NMAC 26.4) [now 7.26.4 NMAC]. NMAC 7.26.3.13 Client Complaint Procedure Available. A complainant may initiate a complaint as provided in the client complaint procedure to resolve complaints alleging that a service provider has violated a client's rights as described in Section 10 [now 7.26.3.10 NMAC]. The department will enforce remedies for substantiated complaints of violation of a client's rights as provided in client complaint procedure. [09/12/94; 01/15/97; Recompiled 10/31/01] NMAC 7.26.4.13 Complaint Process: A. (2). The service provider's complaint or grievance procedure shall provide, at a minimum, that: (a) the client is notified of the service provider's complaint or grievance procedure	Based on record review, the Agency did not provide documentation, the complaint procedure had been made available to individuals or their legal guardians for 2 of 38 individuals. Review of the Agency individual case files revealed the following items were not found and/or incomplete: Grievance/Complaint Procedure Acknowledgement: Not found (#19, 27)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? the following as identified by the IDT and ISP:			
7. ensuring readily available access to and			
assistance with use of a person's adaptive			
equipment, augmentative communication, and			
assistive technology (AT) devices, including			
monitoring and support related to maintenance			
of such equipment and devices to ensure they			
are in working order;			
Chapter 12: Professional and Clinical			
Services Therapy Services 12.4.1			
Participatory Approach: The "Participatory			
Approach" is person-centered and asserts that			
no one is too severely disabled to benefit from			
assistive technology and other therapy supports			
that promote participation in life activities. The			
Participatory Approach rejects the premise that			

an individual shall be "ready" or demonstrate	
certain skills before assistive technology can be	
provided to support function. All therapists are	
required to consider the Participatory Approach	
during assessment, treatment planning, and	
treatment implementation.	
·	
12.4.7.3 Assistive Technology (AT) Services,	
Personal Support Technology (PST) and	
Environmental Modifications: Therapists	
support the person to access and utilize AT,	
PST and Environmental Modifications through	
the following requirements:	
Therapists are required to be or become	
familiar with AT and PST related to that	
therapist's practice area and used or needed by	
individuals on that therapist's caseload.	
2. Therapist are required to maintain a current	
AT Inventory in each Living Supports and CCS	
site where AT is used, for each person using AT	
related to that therapist's scope of service. 3. Therapists are required to initiate or update	
the AT Inventory annually, by the 190th day	
following the person's ISP effective date, so that	
it accurately identifies the assistive technology	
currently in use by the individual and related to	
that therapist's scope of service.	
4. Therapist are required to maintain	
professional documentation related to the	
delivery of services related to AT, PST and	
Environmental Modifications. (Refer to Chapter	
14: Other Services for more information about	
these services.)	
5. Therapists must respond to requests to	
perform in-home evaluations and make	
recommendations for environmental	
modifications, as appropriate.	
6. Refer to the Publications section on the	
CSB page on the DOH web site

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 21: Billing Requirements: 21.4 Recording Keeping and Documentation Requirements: DD Waiver Provider Agencies must maintain all records necessary to demonstrate proper provision of services for Medicaid billing. At a minimum, Provider Agencies must adhere to the following: 1. The level and type of service provided must be supported in the ISP and have an approved budget prior to service delivery and billing. 2. Comprehensive documentation of direct service delivery must include, at a minimum: a. the agency name; b. the name of the recipient of the service; c. the location of theservice; d. the date of the service; e. the type of service; f. the start and end times of theservice; g. the signature and title of each staff member who documents their time; and h. the nature of services. 3. A Provider Agency that receives payment for treatment, services, or goods must retain all medical and business records for a period of at least six years from the last payment date, until ongoing audits are settled, or until involvement of the state Attorney General is completed regarding settlement of any claim, whichever is longer. 4. A Provider Agency that receives payment for treatment, services or goods must retain all	Based on record review, the Agency did not provide written or electronic documentation as evidence for each unit billed for Customized In-Home Supports Reimbursement for 1 of 4 individuals. Individual #16 October 2019 The Agency billed 17 units of Customized In-Home Supports (S5125 HB UA) on 10/11/2019. Documentation received accounted for 13 units. (Note: Void/Adjust provided on-site during survey. Provider please complete POC for ongoing QA/QI.)	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? medical and business records relating to any of the following for a period of at least six years from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid.		
21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.		
 21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour portion. 		
period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:		
a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%). b. The receiving Provider Agency bills the		

remaining days up to 340 for the ISP		
year.		
21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.		
21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

Service Surveyed: 2018: Supported Living, Family Living; Customized In-Home Supports;

Customized Community Supports, and Community Integrated Employment Services

Survey Type: Routine

Dear Ms. Chavez and Ms. Hopwood:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
