#### MICHELLE LUJAN GRISHAM GOVERNOR

Date: March 20, 2020

To: Claudine Valerio-Salazar, Executive Director Provider: EnSuenos Y Los Angelitos Development Center

Address: 1030 Salazar Road State/Zip: Taos, New Mexico 87571

E-mail Address: <a href="mailto:cvs@eladc.org">cvs@eladc.org</a>

amartinez@eladc.org

Region: Northeast

Survey Date: February 21 – 26, 2020

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Customized Community Supports, Community Integrated Employment

Services

Survey Type: Routine

Team Leader: Kayla R. Benally, BSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Bernadette Baca, MPA, Healthcare Surveyor, Division of Health improvement/Quality Management Bureau; Yolanda J. Herrera, RN, Nurse Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau

Dear Ms. Claudine Valerio-Salazar;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

## **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Non-Compliance:** This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

#### **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi/

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication

# The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # IS04 Community Life Engagement
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation
- Tag # 1A33 Board of Pharmacy: Med. Storage
- Tag #LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement

# Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

#### **Corrective Action for Current Citation:**

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

# On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

#### 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator

QMB Report of Findings – EnSuenos Y Los Angelitos Development Center – Northeast – February 21 – 26, 2020

Survey Report #: Q.20.3.DDW.D1065.2.RTN.01.20.080

## 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

# 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

#### **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe. New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (Jennifer.goble2@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Kayla R. Benally

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

# Instructions for Completing Agency POC:

# **Required Content**

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and

5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

# **Completion Dates**

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
   Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

# Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

#### **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

• **1A20 -** Direct Support Personnel Training

- **1A22 -** Agency Personnel Competency
- 1A37 Individual Specific Training

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- 1A09.1 Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

#### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
  Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <u>valerie.valdez@state.nm.us</u> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process.

Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

#### Attachment D

# **QMB Determinations of Compliance**

# Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

# **Non-Compliance:**

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting				
Determination	LC	)W		MEDIUM	MEDIUM		HIGH	
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount	
	and	and	and	and	And/or	and	And/or

DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.1 Individual Data Form (IDF): The		
Individual Data Form provides an overview of		
demographic information as well as other key		
personal, programmatic, insurance, and health		
related information. It lists medical information;		
assistive technology or adaptive equipment;		
diagnoses; allergies; information about whether		
a guardian or advance directives are in place;		
information about behavioral and health related		
needs; contacts of Provider Agencies and team		
members and other critical information. The IDF		
automatically loads information into other fields		
and forms and must be complete and kept		
current. This form is initiated by the CM. It must		
be opened and continuously updated by Living		

Supports, CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form.		
Chapter 3: Safeguards 3.1.2 Team Justification Process: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: 1. Discussion and decisions about non-health related recommendations are documented on the Team Justification form. 2. The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided:

Tag # IS04 Community Life Engagement	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 11: Community Inclusion  11.1 General Scope and Intent of Services: Community Inclusion (CI) is the umbrella term used to describe services in this chapter. In general, CI refers to opportunities for people with I/DD to access and participate in activities and functions of community life. The DD waiver program offers Customized Community Supports (CCS), which refers to non-work activities and Community Integrated Employment (CIE) which refers to paid work experiences or activities to obtain paid work. CCS and CIE services are mandated to be provided in the community to the fullest extent possible.  11.3 Implementation of a Meaningful Day: The objective of implementing a Meaningful Day is to plan and provide supports to implement the person's definition of his/her own meaningful day, contained in the ISP. Implementation activities of the person's meaningful day are documented in daily schedules and progress notes.  1. Meaningful Day includes: a. purposeful and meaningful work; b. substantial and sustained opportunity for optimal health; c. self-empowerment; d. personalized relationships; e. skill development and/or maintenance; and f. social, educational, and community inclusion activities that are directly linked to the vision, Desired Outcomes and Action Plans stated in the person's	Based on record review, the Agency did not have evidence of their implementation of a meaningful day in daily schedules / individual calendar and progress notes for 7 of 7 Individuals.  Review of the individual case files found there is no individualized schedule that can be modified easily based on the individual needs, preferences and circumstances and that outline planned activities per day, week and month including date, time, location and cost of the activity:  Calendar / Daily Calendar:  Not found (#1, 2, 3, 4, 5, 6, 7)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? ISP.		
2. Community Life Engagement (CLE) is also		
sometimes used to refer to "Meaningful Day" or		
"Adult Habilitation" activities. CLE refers to		
supporting people in their communities, in non-		
work activities. Examples of CLE activities may		
include participating in clubs, classes, or		
recreational activities in the community; learning		
new skills to become more independent;		
volunteering; or retirement activities. Meaningful		
Day activities should be developed with the four		
guideposts of CLE in mind <sup>1</sup> . The four		
guideposts of CLE are:		
a. individualized supports for each person;		
b. promotion of community membership		
and contribution;		
c. use of human and social capital to		
decrease dependence on paid supports;		
and		
d. provision of supports that are outcome-		
oriented and regularly monitored.		
3. The term "day" does not mean activities		
between 9:00 a.m. to 5:00 p.m. on weekdays.		
4. Community Inclusion is not limited to		
specific hours or days of the week. These		
services may not be used to supplant the		
responsibility of the Living Supports Provider		
Agency for a person who receives both services.

# DD Waiver Provider Agencies are required to adhere to the following:

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

# Chapter 19: Provider Reporting Requirements 19.5 Semi-Annual Reporting:

The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities.

Semi-annual reports are required as follows:

- 1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports.
- 2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older.
- 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days).
- 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting.
- 5. Semi-annual reports must contain at a minimum written documentation of:
  - a. the name of the person and date on each page;
  - b. the timeframe that the report covers;
  - timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering;

- 4/2018 4/2019. Semi-Annual Report 2/2018 1/2019; Date Completed: 8/6/2019; ISP meeting held on 1/31/2019).

d. a description of progress towards		
Desired Outcomes in the ISP related to		
the service provided;		
e. a description of progress toward any		
service specific or treatment goals when		
applicable (e.g. health related goals for		
nursing);		
f. significant changes in routine or staffing		
if applicable;		
g. unusual or significant life events,		
including significant change of health or		
behavioral health condition;		
h. the signature of the agency staff		
responsible for preparing the report; and		
i. any other required elements by service		
type that are detailed in these standards.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 13: Nursing Services 13.2.11  Training and Implementation of Plans:  1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs.  2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training.  Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.  Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.  Based on interview, the Agency did not ensure training competencies were met for 2 of 7 Direct Support Personnel.  When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:  • DSP #510 stated, "For Cerebral Palsy, she has Speech Therapy and OT and for her behaviors she has a BSC." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Aspiration Risk, Bowel and Bladder Function, Spasticity or Contractures Require Interventions, Observed or Reported Expressions of Pain, Pain Medication, Skin and Wound. (Individual #2)  When DSP were asked, if the Individual had any food and / or medication allergies that could be potentially life threatening, the following was reported:  • DSP #509 stated, "Morphine." As indicated by the eCHAT the individual is allergic to Codeine. (Individual #4)	State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider:  Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Reaching a knowledge level may take the form		
of observing a plan in action, reading a plan		
more thoroughly, or having a plan described by		
the author or their designee. Verbal or written		
recall or demonstration may verify this level of		
competence.		
Reaching a skill level involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall demonstrate		
the techniques according to the plan. Then they		
observe and provide feedback to the trainee as		
they implement the techniques. This should be		
repeated until competence is demonstrated.		
Demonstration of skill or observed		
implementation of the techniques or strategies		
verifies skill level competence. Trainees should		
be observed on more than one occasion to		
ensure appropriate techniques are maintained		
and to provide additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
<ol> <li>IST must be arranged and conducted at</li> </ol>		
least annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies, and		
information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the		
year ends.		
2. IST for therapy-related WDSI, HCPs,		
MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan author		
or agency finds incorrect implementation, when		
new DSP or CM are assigned to work with a		
person, or when an existing DSP or CM requires		
a refresher.		

3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
<ol><li>Provider Agencies are responsible for</li></ol>		
tracking of IST requirements.		
6. Provider Agencies must arrange and ensure		
that DSP's are trained on the contents of the		
plans in accordance with timelines indicated in		
the Individual-Specific Training Requirements:		
Support Plans section of the ISP and notify the		
plan authors when new DSP are hired to arrange		
for trainings.		
7. If a therapist, BSC, nurse, or other author of a		
plan, healthcare or otherwise, chooses to		
designate a trainer, that person is still		
responsible for providing the curriculum to the		
designated trainer. The author of the plan is also		
responsible for ensuring the designated trainer		
is verifying competency in alignment with their		
curriculum, doing periodic quality assurance		
checks with their designated trainer, and re-		
certifying the designated trainer at least annually		
and/or when there is a change to a person's		
plan.		

before using EPR. Agency DSP and DSS shall maintain certification in a DDSD-		
approved system if any person they support has a BCIP that includes the use of EPR.		
g. Complete and maintain certification in a		
DDSD-approved medication course if required to assist with medication delivery.		
h. Complete training regarding the HIPAA.		
2. Any staff being used in an emergency to		
fill in or cover a shift must have at a minimum the DDSD required core trainings and be on		
shift with a DSP who has completed the		
relevant IST.		
17.10 Individual-Specific Training: The		
following are elements of IST: defined		
standards of performance, curriculum tailored to teach skills and knowledge necessary to meet		
those standards of performance, and formal		
examination or demonstration to verify		
standards of performance, using the established DDSD training levels of awareness, knowledge,		
and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.  Reaching a <b>knowledge level</b> may take the form		
of observing a plan in action, reading a plan		
more thoroughly, or having a plan described by		
the author or their designee. Verbal or written recall or demonstration may verify this level of		
competence.		
Reaching a <b>skill level</b> involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall demonstrate the techniques according to the		
plan. Then they observe and provide feedback		

to the trainee as they implement the techniques.	
This should be repeated until competence is	
demonstrated. Demonstration of skill or	
observed implementation of the techniques or	
strategies verifies skill level competence.	
Trainees should be observed on more than one	
occasion to ensure appropriate techniques are	
maintained and to provide additional	
coaching/feedback.	
Individuals shall receive services from competent	
and qualified Provider Agency personnel who	
must successfully complete IST requirements in	
accordance with the specifications described in	
the ISP of each person supported.	
IST must be arranged and conducted at	
least annually. IST includes training on the ISP	
Desired Outcomes, Action Plans, strategies,	
and information about the person's preferences	
regarding privacy, communication style, and	
routines. More frequent training may be	
necessary if the annual ISP changes before the	
year ends.	
2. IST for therapy-related WDSI, HCPs,	
MERPs, CARMPs, PBSA, PBSP, and BCIP,	
must occur at least annually and more often if	
plans change, or if monitoring by the plan	
author or agency finds incorrect implementation,	
when new DSP or CM are assigned to work	
with a person, or when an existing DSP or CM	
requires a refresher.	
3. The competency level of the training is	
based on the IST section of the ISP.	
4. The person should be present for and	
involved in IST whenever possible.	
Provider Agencies are responsible for	
tracking of IST requirements.	
6. Provider Agencies must arrange and	
ensure that DSP's are trained on the contents of	
the plans in accordance with timelines indicated	
in the Individual-Specific Training	
Requirements: Support Plans section of the ISP	
and	

and notify the plan authors when new DSP are hired to arrange for trainings.  7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
<ul> <li>17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings:</li> <li>1. IST Training Rosters must include: <ul> <li>a. the name of the person receiving DD Waiver services;</li> <li>b. the date of the training;</li> <li>c. IST topic for the training;</li> <li>d. the signature of each trainee;</li> <li>e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and</li> <li>f. the signature and title or role of the trainer.</li> </ul> </li> <li>2. A competency based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.)</li> <li>3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer.</li> </ul>

other DOH review or oversight activities; and		
<ul> <li>d. recommendations made through a Healthcare Plan (HCP), including a</li> </ul>		
Comprehensive Aspiration Risk Management Plan (CARMP), or another		
plan.		
2. When the person/guardian disagrees		
with a recommendation or does not agree		
with the implementation of that		
recommendation, Provider Agencies follow		
the DCP and attend the meeting coordinated by the CM. During this		
meeting:		
a. Providers inform the person/guardian of		
the rationale for that recommendation,		
so that the benefit is made clear. This		
will be done in layman's terms and will		
include basic sharing of information		
designed to assist the person/guardian		
with understanding the risks and benefits of the recommendation.		
b. The information will be focused on the		
specific area of concern by the		
person/guardian. Alternatives should be		
presented, when available, if the guardian		
is interested in considering other options		
for implementation.		
c. Providers support the person/guardian to		
make an informed decision. d. The decision made by the		
person/guardian during the meeting is		
accepted; plans are modified; and the		
IDT honors this health decision in every		
setting.		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider		

Agencies are required to create and maintain

individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.  DD Waiver Provider Agencies are required to adhere to the following:  1. Client records must contain all documents essential to ensuring the health and safety of the person during the provision of the service.  2. Provider Agencies must have readily accessible records in home and community sestings in paper or electronic form. Secure secses to electronic records through the Threap web based system using computers or mobile services.  3. Provider Agencies are responsible for ensuring the health plans created by nurses, RDs, therapists or SSCs are present in all needed settings.  4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.  5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  5. The current Client File Matrix found in Appendix A C		
he person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.  DD Waiver Provider Agencies are required to adhere to the following:  1. Client records must contain all documents essential to the service being provided and essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.  2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure accessible records in brown and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile services is acceptable.  3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, interaptist or SECs are present in all needed settings.  4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.  5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  6. Provider Agencies are required to identify			
areas of improvement, issues that impact			
quality of services, and areas of non-			
compliance with the DD Waiver Service			
Standards or any other program			
requirements. The findings should help inform			
the agency's QI plan.			
and agency of an plant.			
22.2 QI Plan and Key Performance Indicators			
(KPI): Findings from a discovery process			
should result in a QI plan. The QI plan is used			
by an agency to continually determine whether			
the agency is performing within program			
requirements, achieving goals, and identifying			
opportunities for improvement. The QI plan			
describes the processes that the Provider			
Agency uses in each phase of the QIS:			
discovery, remediation, and sustained			
improvement. It describes the frequency of data			

collection, the source and types of data		
gathered, as well as the methods used to		
analyze data and measure performance. The QI		
plan must describe how the data collected will		
be used to improve the delivery of services and		
must describe the methods used to evaluate		
whether implementation of improvements is		
working. The QI plan shall address, at minimum,		
three key performance indicators (KPI). The KPI		
are determined by DOH-DDSQI) on an annual		
basis or as determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if needed.		
The QI Committee convenes to review data; to		
identify any deficiencies, trends, patterns, or		
concerns; to remedy deficiencies; and to		
identify opportunities for QI. QI Committee		
meetings must be documented and include a		
review of at least the following:		
Activities or processes related to discovery,		
i.e., monitoring and recording the findings;		
The entities or individuals responsible for		
conducting the discovery/monitoring process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality assurance		
(QA) activities and the QI Plan that the		
agency has implemented during the year.		
The annual report shall:		
Be submitted to the DDSD PEU by February		
15th of each calendar year.		
2. Be kept on file at the agency, and made		
available to DOH, including DHI upon		

request. 3. Address the Provider Agency's QA or compliance with at least the following:		
a. compliance with DDSD Training     Requirements;		
<ul> <li>b. compliance with reporting requirements, including reporting of ANE;</li> </ul>		
<ul> <li>c. timely submission of documentation for budget development and approval;</li> </ul>		
<ul> <li>d. presence and completeness of required documentation;</li> </ul>		
e. compliance with CCHS, EAR, and Licensing requirements as applicable; and		
f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to:  i. IQR findings;  ii. CPA Plans related to ANE reporting;  iii. POCs related to QMB compliance surveys; and  iv. PIPs related to Regional Office Contract Management.  4. Address the Provider Agency QI with at least the following:		
<ul><li>a. data analysis related to the DDSD required KPI; and</li><li>b. the five elements required to be</li></ul>		
discussed by the QI committee each quarter.		
NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS: F. Quality assurance/quality improvement program for community-based service		

providers: The community-based service provider shall establish and implement a quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall provide the following internal monitoring and facilitating quality improvement program:  (1) community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements;  (2) community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and  (3) community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues

- Documentation of all time limited or discontinued medications or treatments;
- d. The initials of the individual administering or assisting with the medication delivery and a signature page or electronic record that designates the full name corresponding to the initials;
- e. Documentation of refused, missed, or held medications or treatments;
- f. Documentation of any allergic reaction that occurred due to medication or treatments; and
- g. For PRN medications or treatments:
  - i. instructions for the use of the PRN medication or treatment which must include observable signs/symptoms or circumstances in which the medication or treatment is to be used and the number of doses that may be used in a 24-hour period;
  - ii. clear documentation that the DSP contacted the agency nurse prior to assisting with the medication or treatment, unless the DSP is a Family Living Provider related by affinity of consanguinity; and iii. documentation of the effectiveness of the PRN medication or treatment.

## Chapter 10 Living Care Arrangements 10.3.4 Medication Assessment and Delivery:

Living Supports Provider Agencies must support and comply with:

1. the processes identified in the DDSD AWMD training;

Orders were found for the following medications:

- Cal Gest 500 mg (1 time daily).
- Probiotic 1 tbsp (1 time weekly).
- Prunes (1 time daily).

Individual #4 January 2020

> Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Onfi 10 mg (2 times daily).
- Potassium 10 meq/50 ml (2 times daily).
- Probiotic Acidophilus Beads (3 times weekly).

Individual #6 January 2020

> Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Acetaminophen 325 mg (2 times daily).
- Aspirin 325 mg (1 time daily).
- Calcium 500 mg (1 time daily).
- Docusate Sodium 100 mg (1 time daily)
- Ergocalciferol (monthly)
- Evista 60 mg (1 time daily)
- Lipitor 10 mg (1 time daily)

- 2. the nursing and DSP functions identified in the Chapter 13.3 Part 2- Adult Nursing Services:
- 3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and
- 4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).

## NMAC 16.19.11.8 MINIMUM STANDARDS:

- A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS:
- (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, including over-the-counter medications.
  - (i) Name of resident:
  - (ii) Date given;
  - (iii) Drug product name;

This documentation shall include:

- (iv) Dosage and form;
- (v) Strength of drug;
- (vi) Route of administration;
- (vii) How often medication is to be taken;
- (viii) Time taken and staff initials;
- (ix) Dates when the medication is discontinued or changed;
- (x) The name and initials of all staff administering medications.

## Model Custodial Procedure Manual D. Administration of Drugs

Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications.

Document the practitioner's order authorizing the self-administration of medications.

- Metformin 1000 mg (1 time daily)
- Metformin 500 mg (1 time daily)
- Probiotic Acidophilus Beads (3 times weekly)

Individual #7 January 2020

> Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Bisacodyl 10 mg (1 time daily)
- Coconut Oil 1 tbsp (2 times daily).
- Coconut Oil 2 tbsp (3 times daily)
- Fleet Enema (3 times a week)
- Magnesium Citrate Solution 150 ml (1 time weekly)
- Probiotic Acidophilus Beads (3 times weekly)
- Vitamin D3 2,000 unit (1 time daily)

All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include:		
<ul> <li>symptoms that indicate the use of the medication,</li> <li>exact dosage to be used, and</li> <li>the exact amount to be used in a 24-hour period.</li> </ul>

## Chapter 10 Living Care Arrangements 10.3.4 Medication Assessment and Delivery:

Living Supports Provider Agencies must support and comply with:

1. the processes identified in the DDSD AWMD training:

No Effectiveness was noted on the Medication Administration Record for the following PRN medication:

- Cetirizine HCL 10 mg PRN 1/10 (given 1 time).
- MAPAP Acetaminophen / Tylenol 325 mg PRN – 1/15, 23, 28, 31 (given 1 time).
- Pepto Bismol Suspension 30 ml PRN 1/11, 12 (given 1 time).

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Dulcolax 10 mg (PRN)
- Fleet Enema (PRN)
- Lorazepam 1 mg (PRN)
- Pepto Bismol Suspension 30 ml (PRN)
- Preparation H Suppository (PRN)
- Robitussin Cough Chest DM 10 ml (PRN)

Individual #3 January 2020

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Dulcolax 10 mg (PRN).
- Emergen-C 1,000 mg (PRN).
- Loratadine 10 mg (PRN).
- Lorazepam .5 mg (PRN).

- 2. the nursing and DSP functions identified in the Chapter 13.3 Part 2- Adult Nursing Services;
- 3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and
- 4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).

- Mapap 325 mg (PRN).
- Milk of Magnesia Suspension 30 ml (PRN).
- Pepto Bismol Suspension 30 ml (PRN).
- Robafen DM Syrup 10 ml (PRN).

Individual #4 January 2020

No Effectiveness was noted on the Medication Administration Record for the following PRN medication:

Diazepam 2.5 mg – PRN – 1/5 (given 1 time).

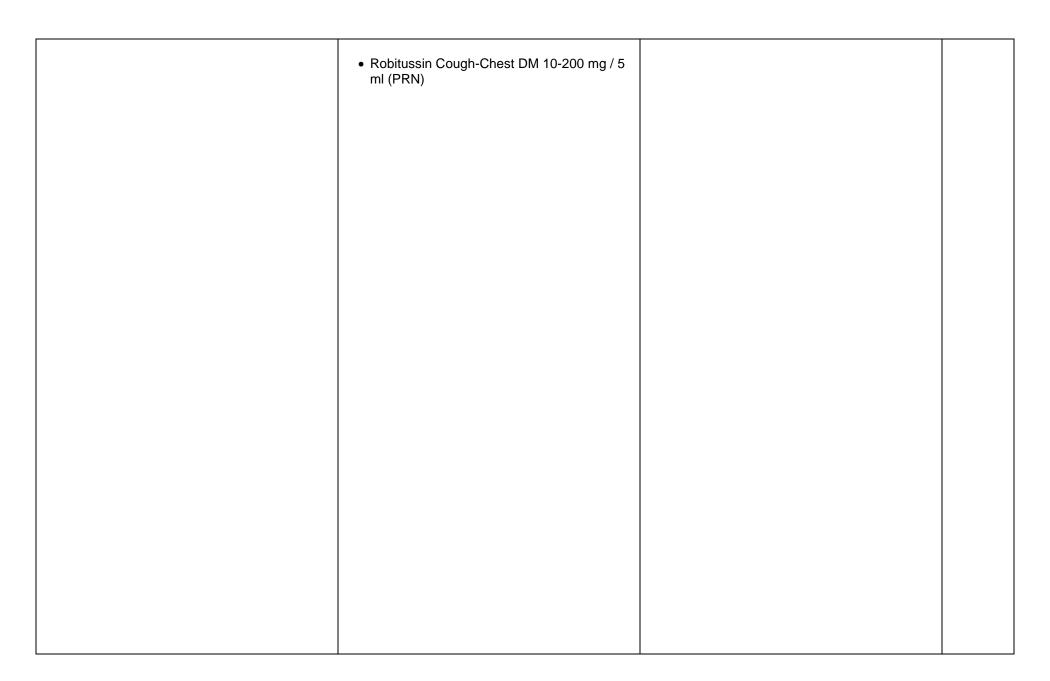

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Butt Paste (PRN).
- Calmoseptine Ointment (PRN).
- Diazepam 2.5 mg (PRN).
- Mapap 325 mg (PRN).
- Ondansetron ODT 8 mg (PRN).
- Pepto Bismol Suspension 30 ml (PRN).
- Robafen DM Syrup 10 ml (PRN).

Individual #6 January 2020

location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:  1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.  2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.  3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.  4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is		Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
001 V1000.		
Chapter 3 Safeguards: 3.1.1 Decision		
Consultation Process (DCP): Health decisions		
are the sole domain of waiver participants, their		
guardians or healthcare decision makers.		
Participants and their healthcare decision		
makers can confidently make decisions that are		
compatible with their personal and cultural		
values. Provider Agencies are required to		
support the informed decision making of waiver		
participants by supporting access to medical		
consultation, information, and other available		
resources according to the following:		
2. The DCP is used when a person or his/her		
guardian/healthcare decision maker has		
concerns, needs more information about health-		
related issues, or has decided not to follow all or		
part of an order, recommendation, or		
suggestion. This includes, but is not limited to:		
a. medical orders or recommendations from		
the Primary Care Practitioner, Specialists		
or other licensed medical or healthcare		
practitioners such as a Nurse Practitioner		
(NP or CNP) Physician Assistant (PA) or		I

	Dentist;		
b.	clinical recommendations made by		
	registered/licensed clinicians who are		
	either members of the IDT or clinicians who		
	have performed an evaluation such as a		
	video-fluoroscopy;		
C.	health related recommendations or		
	suggestions from oversight activities such		
	as the Individual Quality Review (IQR) or		
	other DOH review or oversight activities;		
	and		
d.	recommendations made through a		
	Healthcare Plan (HCP), including a		
	Comprehensive Aspiration Risk		
	Management Plan (CARMP), or another		
	plan.		
	When the person/guardian disagrees with a		
	ommendation or does not agree with the		
	elementation of that recommendation,		
	vider Agencies follow the DCP and attend		
	meeting coordinated by the CM. During this		
	eting:		
2	a. Providers inform the person/guardian of		
	the rationale for that recommendation, so		
	that the benefit is made clear. This will be		
	done in layman's terms and will include		
	basic sharing of information designed to		
	assist the person/guardian with understanding the risks and benefits of the		
	recommendation.		
r	b. The information will be focused on the		
	specific area of concern by the		
	person/guardian. Alternatives should be		
	presented, when available, if the guardian		
	is interested in considering other options		
	for implementation.		
c	c. Providers support the person/guardian to		
-	make an informed decision.		
c	d. The decision made by the person/guardian		
	during the meeting is accepted; plans are		

modified; and the IDT honors this health		
decision in every setting.		
Chapter 13 Nursing Services: 13.2.5		
Electronic Nursing Assessment and		
Planning Process: The nursing assessment		
process includes several DDSD mandated		
tools: the electronic Comprehensive Nursing		
Assessment Tool (e-CHAT), the Aspiration Risk		
Screening Tool (ARST) and the Medication		
Administration Assessment Tool (MAAT) . This		
process includes developing and training Health		
Care Plans and Medical Emergency Response		
Plans.		
The following hierarchy is based on budgeted		
services and is used to identify which Provider		
Agency nurse has primary responsibility for		
completion of the nursing assessment process		
and related subsequent planning and training.		
Additional communication and collaboration for		
planning specific to CCS or CIE services may be needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
Living Supports: Supported Living, IMLS or		
Family Living via ANS;		
<ol> <li>Customized Community Supports- Group;</li> </ol>		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion with		
health-related needs; or		
b. if no residential services are budgeted		
but assessment is desired and health		
needs may exist.		
13.2.6 The Electronic Comprehensive Health		
Assessment Tool (e-CHAT)		
1. The e-CHAT is a nursing assessment. It may		
not be delegated by a licensed nurse to a non-		
licensed person.		
2. The nurse must see the person face-to-face		

to complete the nursing assessment. Additional		
information may be gathered from members of		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add additional		
pertinent information in all comment sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
<ol> <li>A licensed nurse completes the</li> </ol>		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse will		
present recommendations regarding the level		
of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the original		
MAAT will be retained in the Provider Agency		
records.		
<ol><li>Decisions about medication delivery</li></ol>		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		

by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		
40.00 W D. (110.00)		
13.2.9 Healthcare Plans (HCP):		
1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process. This		
includes interim ARM plans for those persons		
newly identified at moderate or high risk for		
aspiration. All interim plans must be removed if		
the plan is no longer needed or when final HCP		
including CARMPs are in place to avoid		
duplication of plans.		
2. In collaboration with the IDT, the agency		
nurse is required to create HCPs that address all		
the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined where		
clinically appropriate. The nurse should use		
nursing judgment to determine whether to also		
include HCPs for any of the areas indicated by		
"C" on the e-CHAT summary report. The nurse		
may also create other HCPs plans that the nurse		
determines are warranted.		
13.2.10 Medical Emergency Response Plan		
(MERP):		
1. The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP) for		
all conditions marked with an "R" in the e-CHAT		
summary report. The agency nurse should use		
her/his clinical judgment and input from the		
Interdisciplinary Team (IDT) to determine		

whether shown as "C" in the e-CHAT summary

report or other conditions also warrant a MERP.  2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.		
Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.		

Tag # 1A33 Board of Pharmacy: Med. Storage	Standard Level Deficiency		
New Mexico Board of Pharmacy Model Custodial Drug Procedures Manual E. Medication Storage:  1. Prescription drugs will be stored in a locked cabinet and the key will be in the care of the administrator or designee.  2. Drugs to be taken by mouth will be separate from all other dosage forms.  3. A locked compartment will be available in the refrigerator for those items labeled "Keep in Refrigerator." The temperature will be kept in the 36°F - 46°F range. An accurate thermometer will be kept in the refrigerator to verify temperature.  4. Separate compartments are required for each resident's medication.  5. All medication will be stored according to their individual requirement or in the absence of temperature and humidity requirements, controlled room temperature (68-77°F) and protected from light. Storage requirements are in effect 24 hours a day.  6. Medication no longer in use, unwanted, outdated, or adulterated will be placed in a quarantine area in the locked medication cabinet and held for destruction by the consultant pharmacist.  8. References  A. Adequate drug references shall be available for facility staff  H. Controlled Substances (Perpetual Count Requirement)  1. Separate accountability or proof-of-use sheets shall be maintained, for each controlled substance, indicating the following information: a. date	Based on observation, the Agency did not ensure proper storage of medication for 4 of 6 individuals.  Observation included:  Separate compartments where NOT kept for each individual living in the home. (Individual #3, and 4)  Individual #2  • Dulcolax 10 mg Suppository - Was not kept in a locked compartment in the refrigerator, as per regulation.  Individual #3  • Probiotic Acidophilus Beads - Was not kept in a locked compartment in the refrigerator, as per regulation.  Individual #4  • Probiotic Acidophilus Beads - Was not kept in a locked compartment in the refrigerator, as per regulation.  Individual #7  • Magnesium Citrate Solution - Was not kept in a locked compartment in the refrigerator, as per regulation. longer. 4. A Provider Agency that receives payment for treatment, services or goods must retain all	The Agency billed 12 units of Customized Community Supports (Individual) (H2021)					

medical and business records relating to any of the following for a period of at least six years from the payment date:

- a. treatment or care of any eligible recipient;
- b. services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- any records required by MAD for the administration of Medicaid.
- **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
  - a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
  - b. The receiving Provider Agency bills the

HB UI) on 11/26/2019. Documentation received accounted for 7 units.

## December 2019

- The Agency billed 10 units of Customized Community Supports (Individual) (H2021 HB UI) on 12/3/2019. Documentation received accounted for 7 units.
- The Agency billed 10 units of Customized Community Supports (Individual) (H2021 HB UI) on 12/5/2019. Documentation received accounted for 7 units.
- The Agency billed 12 units of Customized Community Supports (Individual) (H2021 HB UI) on 12/10/2019. Documentation received accounted for 7 units.
- The Agency billed 24 units of Customized Community Supports (Group) (T2021 HB U7) on 12/23/2019. Documentation did not contain the required element on 12/23/2019. Documentation received accounted for 0 units. The required element was not met:
  - A description of what occurred during the encounter or service interval.
- The Agency billed 24 units of Customized Community Supports (Group) (T2021 HB U7) on 12/25/2019. Documentation did not contain the required element on 12/25/2019. Documentation received accounted for 0 units. The required element was not met:
  - A description of what occurred during the encounter or service interval.
- The Agency billed 24 units of Customized Community Supports (Group) (T2021 HB U7) on 12/30/2019. Documentation did not contain the required element on 12/30/2019.

QMB Report of Findings - EnSuenos Y Los Angelitos Development Center - Northeast - February 21 - 26, 2020

remaining days up to 340 for the ISP year.

- **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:
- 1. A month is considered a period of 30 calendar days.
- 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.
- 21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:
- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

Documentation received accounted for 0 units. The required element was not met:

> A description of what occurred during the encounter or service interval.

Integrated Employment Services

Survey Type: Routine

Dear Ms. Claudine Valerio-Salazar and Ms. Analisa Vigil:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

# Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process. Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
