

DR. TRACIE C. COLLINS, M.D. Cabinet Secretary

Date: April 16, 2021

To: Doris Roberts, Executive Director/DSP

Provider: All Individual First, Inc. Address: 2101 Trinity Suite A-3

State/Zip: Los Alamos, New Mexico, 87544

E-mail Address: <u>allindividualsfirst@gmail.com</u>

Region: Northeast

Survey Date: March 15 – 25, 2021

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Customized Community Supports

Survey Type: Routine

Team Leader: Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Team Members: Joshua Burghart, BS, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau;

Dear Ms. Roberts:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u>

This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A31 Client Rights / Human Rights
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

The following tags are identified as Standard Level:

Tag # 1A08.1 Administrative and Residential Case File: Progress Notes

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit

QMB Report of Findings – All Individuals First Inc. – Northeast – March 5 – 25, 2021

Survey Report #: Q.21.3.DDW.82772835.2.RTN.01.21.106

1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Lora Norby

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

QMB Report of Findings – All Individuals First Inc. – Northeast – March 5 – 25, 2021

Survey Report #: Q.21.3.DDW.82772835.2.RTN.01.21.106

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

QMB Report of Findings – All Individuals First Inc. – Northeast – March 5 – 25, 2021

Survey Report #: Q.21.3.DDW.82772835.2.RTN.01.21.106

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

above. Provider Agencies are required to			
identify areas of improvement, issues that			
impact quality of services, and areas of non-			
compliance with the DD Waiver Service			
Standards or any other program			
requirements. The findings should help			
inform the agency's QI plan.			
22.2 QI Plan and Key Performance			
Indicators (KPI): Findings from a discovery			
process should result in a QI plan. The QI plan			
is used by an agency to continually determine			
whether the agency is performing within			
program requirements, achieving goals, and			
identifying opportunities for improvement. The			
QI plan describes the processes that the			

Provider Agency uses in each phase of the		
QIS: discovery, remediation, and sustained		
improvement. It describes the frequency of		
data collection, the source and types of data		
gathered, as well as the methods used to		
analyze data and measure performance. The		
QI plan must describe how the data collected		
will be used to improve the delivery of services		
and must describe the methods used to		
evaluate whether implementation of		
improvements is working. The QI plan shall		
address, at minimum, three key performance		
indicators (KPI). The KPI are determined by		
DOH-DDSQI) on an annual basis or as		
determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if		
needed. The QI Committee convenes to		
review data; to identify any deficiencies,		
trends, patterns, or concerns; to remedy		
deficiencies; and to identify opportunities for		
QI. QI Committee meetings must be		
documented and include a review of at least		
the following:		
Activities or processes related to discovery,		
i.e., monitoring and recording the findings;		
2. The entities or individuals responsible for		
conducting the discovery/monitoring		
process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality		
assurance (QA) activities and the QI Plan		

that the agency has implemented during the		
year. The annual report shall:		
 Be submitted to the DDSD PEU by 		
February 15th of each calendar year.		
2. Be kept on file at the agency, and made		
available to DOH, including DHI upon		
request.		
3. Address the Provider Agency's QA or		
compliance with at least the following:		
a. compliance with DDSD Training		
Requirements;		
b. compliance with reporting requirements,		
including reporting of ANE;		
 c. timely submission of documentation for 		
budget development and approval;		
 d. presence and completeness of required 		
documentation;		
e. compliance with CCHS, EAR, and		
Licensing requirements as applicable;		
and		
f. a summary of all corrective plans		
implemented over the last 24		
months, demonstrating closure		
with any deficiencies or findings as		
well as ongoing compliance and		
sustainability. Corrective plans		
include but are not limited to:		
 IQR findings; 		
ii. CPA Plans related to ANE reporting;		
iii. POCs related to QMB compliance		
surveys; and		
<u> </u>		
•		,
iv. PIPs related to Regional Office Contract Management. 4. Address the Provider Agency QI with at least the following: a. data analysis related to the DDSD required KPI; and b. the five elements required to be discussed by the QI committee each quarter.		

Tag # 1A31 Client Rights / Human Rights	Condition of Participation Level Deficiency		
NMAC 7.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS: A. A service provider shall not restrict or limit a client's rights except: (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC]. B. Any emergency intervention to prevent physical harm shall be reasonable to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. The IDT upon completion of its review may refer its findings to the office of quality assurance. The emergency intervention may be subject to review by the service provider's behavioral support committee or human rights committee in accordance with the behavioral support policies or other department regulation or policy. C. The service provider may adopt reasonable program policies of general applicability to clients served by that service provider that do not violate client rights. [09/12/94; 01/15/97; Recompiled 10/31/01] Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue:	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not ensure the rights of Individuals was not restricted or limited for 2 of 5 Individuals. A review of Agency Individual files indicated Human Rights Committee Approval was required for restrictions. No documentation was found regarding Human Rights Approval for the following: • Arm's Length Distance. No evidence found of Human Rights Committee approval. (Individual #2) • Certain Doors and cabinets that have sharp items, chemicals, breakable plates, or food are restricted or locked at home and at day program - No evidence found of Human Rights Committee approval. (Individual #2) • Child Safety Gate - No evidence found of Human Rights Committee approval. (Individual #2) • Cait Belt - No evidence found of Human Rights Committee approval. (Individual #2) • One on One supervision in community and at "Dayhab" - No evidence found of Human Rights Committee approval. (Individual #2)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
12/28/2018; Eff 1/1/2019	behaviors. No evidence found of Human Rights Committee approval. (Individual #4)		

6. A quorum to conduct an HRC meeting is at		
least three voting members eligible to vote in		
each situation and at least one must be a	· ·	
community member at large.		
7. HRC members who are directly involved in		
the services provided to the person must		
excuse themselves from voting in that		
situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions		
based upon credible threats of harm against		
self or others that may arise between		
scheduled HRC meetings (e.g., locking up		
sharp knives after a serious attempt to injure		
self or others or a disclosure, with a credible		
plan, to seriously injure or kill someone). The		
confidential and HIPAA compliant emergency		
meeting may be via telephone, video or		
conference call, or secure email. Procedures		
may include an initial emergency phone		
meeting, and a subsequent follow-up		
emergency meeting in complex and/or ongoing		
situations.		
8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The		
HRC reviews temporary restrictions of rights		
that are related to medical issues or health and		
safety considerations such as decreased		
mobility (e.g., the use of bed rails due to risk of		
falling during the night while getting out of		
bed). However, other temporary restrictions		
may be implemented because of health and		
safety considerations arising from hehavioral		

issues.

	ive Behavioral Supports (PBS) are		
	lated and used when behavioral support		
	eded and desired by the person and/or		
	OT. PBS emphasizes the acquisition and		
	tenance of positive skills (e.g. building		
	hy relationships) to increase the person's		
	y of life understanding that a natural		
redu	ction in other challenging behaviors will		
follov	v. At times, aversive interventions may be		
temp	orarily included as a part of a person's		
beha	vioral support (usually in the BCIP), and		
there	fore, need to be reviewed prior to		
imple	mentation as well as periodically while		
the re	estrictive intervention is in place. PBSPs		
not c	ontaining aversive interventions do not		
requi	re HRC review or approval.		
Plans	s (e.g., ISPs, PBSPs, BCIPs PPMPs,		
and/d	or RMPs) that contain any aversive		
inter	rentions are submitted to the HRC in		
adva	nce of a meeting, except in emergency		
situa	ions.		
	Interventions Requiring HRC Review		
	Approval: HRCs must review prior to		
	mentation, any plans (e.g. ISPs, PBSPs,		
	s and/or PPMPs, RMPs), with strategies,		
	ding but not limited to:		
1.	response cost;		
2.	restitution;		
3.	emergency physical restraint (EPR);		
4.	routine use of law enforcement as part of		
_	a BCIP;		
5.	routine use of emergency hospitalization		
_	procedures as part of a BCIP;		
6.	use of point systems;		
7.	use of intense, highly structured, and		
	specialized treatment strategies,		
	including level systems with response		
	cost or failure to earn components;		
8.	a 1:1 staff to person ratio for behavioral		
	reasons, or, very rarely, a 2:1 staff to		
	person ratio for behavioral or medical		

^	reasons;		
9.	use of PRN psychotropic medications;		
10.	use of protective devices for behavioral		
	purposes (e.g., helmets for head banging, Posey gloves for biting hand);		
11	use of bed rails;		
	use of a device and/or monitoring system		
12.	through PST may impact the person's		
	privacy or other rights; or		
13.	use of any alarms to alert staff to a		
	person's whereabouts.		
3.4	Emergency Physical Restraint (EPR):		
Eve	ry person shall be free from the use of		
rest	rictive physical crisis intervention		
	asures that are unnecessary. Provider		
	ncies who support people who may		
	asionally need intervention such as		
	ergency Physical Restraint (EPR) are		
	uired to institute procedures to maximize		
safe			
	5 Human Rights Committee: The HRC		
	ews use of EPR. The BCIP may not be emented without HRC review and approval		
	never EPR or other restrictive measure(s)		
	ncluded. Provider Agencies with an HRC		
	required to ensure that the HRCs:		
	participate in training regarding required		
•	constitution and oversight activities for		
	HRCs;		
2.	review any BCIP, that include the use of		
	EPR;		
3.	occur at least annually, occur in any		
	quarter where EPR is used, and occur		
	whenever any change to the BCIP is		
	considered;		
4.	maintain HRC minutes approving or		
	disallowing the use of EPR as written in a		
	PCID: and		

 maintain HRC minutes of meetings reviewing the implementation of the BCIP when EPR is used.

essential to the service being provided and			
essential to ensuring the health and safety of			
the person during the provision of the service.			
2. Provider Agencies must have readily			
accessible records in home and community			
settings in paper or electronic form. Secure			
access to electronic records through the			
Therap web-based system using computers or			
mobile devices is acceptable.			
Provider Agencies are responsible for			
ensuring that all plans created by nurses, RDs,			
therapists or BSCs are present in all needed			
settings.			
4. Provider Agencies must maintain records			
of all documents produced by agency			
personnel or contractors on behalf of each			
person, including any routine notes or data,			
annual assessments, semi-annual reports,			
evidence of training provided/received,			
progress notes, and any other interactions for			
which billing is generated.			

5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from		
the Primary Care Practitioner, Specialists		

or other licensed medical or healthcare practitioners such as a Nurse Practitioner

	(NP or CNP), Physician Assistant (PA) or	
	Dentist;	
b.	clinical recommendations made by	
	registered/licensed clinicians who are	
	either members of the IDT or clinicians	
	who have performed an evaluation such	
	as a video-fluoroscopy;	
C.	health related recommendations or	
	suggestions from oversight activities such	
	as the Individual Quality Review (IQR) or	
	other DOH review or oversight activities;	
لہ	and	
a.	recommendations made through a	
	Healthcare Plan (HCP), including a	
	Comprehensive Aspiration Risk Management Plan (CARMR) or another	
	Management Plan (CARMP), or another plan.	
	pian.	
2 V	When the person/guardian disagrees with a	
	ommendation or does not agree with the	
	lementation of that recommendation,	
	vider Agencies follow the DCP and attend	
	meeting coordinated by the CM. During	
	meeting:	
	. Providers inform the person/guardian of	
	the rationale for that recommendation.	
	so that the benefit is made clear. This	
	will be done in layman's terms and will	
	include basic sharing of information	
	designed to assist the person/guardian	
	with understanding the risks and benefits	
	of the recommendation.	
b	. The information will be focused on the	
	specific area of concern by the	
	person/guardian. Alternatives should be	
	presented, when available, if the	
	guardian is interested in considering	
	other options for implementation.	
С	. Providers support the person/guardian to	
	make an informed decision.	
d	. The decision made by the	
	person/guardian during the meeting is	

accepted; plans are modified; and the IDT honors this health decision in every setting. Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT). This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS: 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs: or b. if no residential services are budgeted but assessment is desired and health needs may exist. 13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT) 1. The e-CHAT is a nursing assessment. It

QMB Report of Findings – All Individuals First, Inc. – Northeast – March 5 – 25, 2021

may not be delegated by a licensed nurse to a

2. The nurse must see the person face-to-face

non-licensed person.

to complete the nursing assessment.		
Additional information may be gathered from		
members of the IDT and other sources.		
3. An e-CHAT is required for persons in FL,		
SL, IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add additional pertinent information in all comment		
•		
sections.		
12.2.7 Appiration Blok Management		
13.2.7 Aspiration Risk Management Screening Tool (ARST)		
Screening Tool (ARST)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the Provider		
Agency records.		
Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		

by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		
decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):		
At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process.		
This includes interim ARM plans for those		
persons newly identified at moderate or high		
risk for aspiration. All interim plans must be		
removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
In collaboration with the IDT, the agency		
nurse is required to create HCPs that address		
all the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined		
where clinically appropriate. The nurse should		
use nursing judgment to determine whether to		
also include HCPs for any of the areas		
indicated by "C" on the e-CHAT summary		
report. The nurse may also create other HCPs		
plans that the nurse determines are warranted.		
13.2.10 Medical Emergency Response Plan		
(MERP):		
The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP)		
for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions also		

warrant a MERP.		
2. MERPs are required for persons who have		
one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.		
threatening situation.		
Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Physician Consultation form.

a. treatment or care of any eligible recipient;		
b. services or goods provided to any		
eligible recipient;		
c. amounts paid by MAD on behalf of any		
eligible recipient; and d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing		
depends on the service type. The unit may be		
a 15-minute interval, a daily unit, a monthly unit		
or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table.		
Provider Agencies must correctly report		
service units.		
21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies		
must adhere to the following:		
A day is considered 24 hours from midnight		
to midnight.		
2. If 12 or fewer hours of service are		
provided, then one-half unit shall be billed. A whole unit can be billed if more than 12		
hours of service is provided during a 24-		
hour period.		
3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP		
year or 170 calendar days per six months.		
4. When a person transitions from one Provider Agency to another during the ISP		
year, a standard formula to calculate the		
units billed by each Provider Agency must be		
applied as follows:		
a. The discharging Provider Agency		
bills the number of calendar days that services were provided		
multiplied by .93 (93%).		
h The receiving Provider Agency hills the		

remaining days up to 340 for the ISP		
year.		
,		
21.9.2 Requirements for Monthly Units: For		
services billed in monthly units, a Provider		
Agency must adhere to the following:		
1. A month is considered a period of 30		
calendar days.		
2. At least one hour of face-to-face		
billable services shall be provided during		
a calendar month where any portion of a		
monthly unit is billed.		
3. Monthly units can be prorated by a half unit.		
4. Agency transfers not occurring at the		
beginning of the 30-day interval are required		
to be coordinated in the middle of the 30-day		
interval so that the discharging and receiving		
agency receive a half unit.		
21.9.3 Requirements for 15-minute and		
hourly units: For services billed in 15-minute		
or hourly intervals, Provider Agencies must		
adhere to the following:		
 When time spent providing the service 		
is not exactly 15 minutes or one hour,		
Provider Agencies are responsible for		
reporting time correctly following NMAC		
8.302.2.		
2. Services that last in their entirety less than		
eight minutes cannot be billed.		

DR. TRACIE C. COLLINS, M.D. Cabinet Secretary

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Customized Community Supports

Survey Type: Routine

Dear Ms. Roberts:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS
