MICHELLE LUJAN GRISHAM GOVERNOR

Date: April 8, 2020

To: Isaac Sandoval, Executive Director Provider: At Home Advocacy Incorporated Address: 3401 Candelaria Road NE, Suite A State/Zip: Albuquerque, New Mexico 87107

E-mail Address: <u>athomenm@gmail.com</u>

Region: Metro

Survey Date: February 28 – March 5, 2020

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized Community Supports, and Community

Integrated Employment Services

Survey Type: Routine

Team Leader: Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Team Members: Bernadette Baca, MPA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Yolanda J. Herrera, RN Nurse Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Elisa Perez Alford, MSW, Healthcare Surveyor,

Division of Health Improvement/Quality Management Bureau

Dear Isaac Sandoval:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

Tag # 1A32 Administrative Case File: Individual Service Plan Implementation

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi/

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A25.1 Caregiver Criminal History Screening
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights / Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Req. Documentation)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A33.1 Board of Pharmacy License
- Tag # LS06 Family Living Requirements
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator
 QMB Report of Findings – At Home Advocacy Incorporated – Metro – February 28 – March 5, 2020

Survey Report #: Q.20.3.DDW.48777722.5.RTN.01.20.099

5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe. New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (<u>Jennifer.goble2@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

QMB Report of Findings - At Home Advocacy Incorporated - Metro - February 28 - March 5, 2020

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked:
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

QMB Report of Findings - At Home Advocacy Incorporated - Metro - February 28 - March 5, 2020

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20** Direct Support Personnel Training
- 1A22 Agency Personnel Competency

QMB Report of Findings – At Home Advocacy Incorporated – Metro – February 28 – March 5, 2020

Survey Report #: Q.20.3.DDW.48777722.5.RTN.01.20.099

• 1A37 - Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- 1A09.1 Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- **1A07 –** Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Attachment D

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

thereniete or DCCs are present in all peeded		
therapists or BSCs are present in all needed settings.		
4. Provider Agencies must maintain records of		
all documents produced by agency personnel or		
contractors on behalf of each person, including		
any routine notes or data, annual assessments,		
semi-annual reports, evidence of training		
provided/received, progress notes, and any		
other interactions for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community. 7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.1 Individual Data Form (IDF): The		
Individual Data Form provides an overview of		
demographic information as well as other key		
personal, programmatic, insurance, and health		
related information. It lists medical information;		
assistive technology or adaptive equipment;		
diagnoses; allergies; information about whether		
a guardian or advance directives are in place;		
information about behavioral and health related		
needs; contacts of Provider Agencies and team		
members and other critical information. The IDF		
automatically loads information into other fields		
and forms and must be complete and kept		
current. This form is initiated by the CM. It must		
be opened and continuously updated by Living		

Supports, CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form.		
Chapter 3: Safeguards 3.1.2 Team Justification Process: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: 1. Discussion and decisions about non-health related recommendations are documented on the Team Justification form. 2. The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided: a. to implement the recommendation; b. to create an action plan and revise the ISP, if necessary; or c. not to implement the recommendation currently. 3. All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired. 4. The CM ensures that the Team Justification Process is followed and complete.		

5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.

settings.		
4. Provider Agencies must maintain records of		
all documents produced by agency personnel or		
contractors on behalf of each person, including		
any routine notes or data, annual assessments,		
semi-annual reports, evidence of training		
provided/received, progress notes, and any		
other interactions for which billing is generated.		
Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only for		
the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		

services.

Chapter 19: Provider Reporting Requirements 19.5 Semi-Annual Reporting: The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semiannual reports may be requested by DDSD for QA activities. Semi-annual reports are required as follows: 1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports. 2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older. 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days). 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting. 5. Semi-annual reports must contain at a minimum written documentation of: a. the name of the person and date on each page; b. the timeframe that the report covers; c. timely completion of relevant activities from ISP Action Plans or clinical service

goals during timeframe the report is

covering:

d. a description of progress towards		
Desired Outcomes in the ISP related to		
the service provided;		
e. a description of progress toward any		
service specific or treatment goals when		
applicable (e.g. health related goals for		
nursing);		
f. significant changes in routine or staffing		
if applicable;		
g. unusual or significant life events,		
including significant change of health or		
behavioral health condition;		
h. the signature of the agency staff		
responsible for propering the respect or d		
responsible for preparing the report; and		
i. any other required elements by service		
type that are detailed in these standards.

training provided/received, progress notes, and

any other interactions for which billing is

generated.

5. Each Provider Agency is responsible for Tobacco Use (#3) maintaining the daily or other contact notes documenting the nature and frequency of **Medical Emergency Response Plans:** service delivery, as well as data tracking only Borderline Diabetes (#2) for the services provided by their agency. • GERD (#3) 6. The current Client File Matrix found in Medication Allergies (#3) Appendix A Client File Matrix details the Respiratory (#3) minimum requirements for records to be stored • Sleep Apnea (#3) in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the *Physician Consultation* form. The Physician Consultation form contains a list of all current medications. Requirements for the Health Passport and Physician Consultation form are: 2. The Primary and Secondary Provider Agencies must ensure that a current copy of the Health Passport and Physician Consultation forms are printed and available at

all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any

reason and whenever there is a change to contact information contained in the IDF.		
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary		
 13.2.10 Medical Emergency Response Plan (MERP): The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a lifethreatening situation.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 17: Training Requirements: The purpose of this chapter is to outline requirements for completing, reporting and documenting DDSD training requirements for DD Waiver Provider Agencies as well as requirements for certified trainers or mentors of DDSD Core curriculum training. 17.1 Training Requirements for Direct Support Personnel and Direct Support Supervisors: Direct Support Personnel (DSP) and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, CIE and Crisis Supports. 1. DSP/DSS must successfully: a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below. b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14 c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements d. Complete and maintain certification in First Aid and CPR. The training	Based on record review, the Agency did not ensure Orientation and Training requirements were met for 7 of 78 Direct Support Personnel. Review of Direct Support Personnel training records found no evidence of the following required DOH/DDSD trainings and certification being completed: First Aid: Not Found (#538, 549) Expired (#506, 507) CPR: Not Found (#538, 549) Expired (#506, 507) Assisting with Medication Delivery: Expired (#525, 527, 559)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

	materials shall meet OSHA		
	requirements/guidelines.		
e.	Complete relevant training in		
	accordance with OSHA requirements (if		
	job involves exposure to hazardous		
	chemicals).		
f.	Become certified in a DDSD-approved		
	system of crisis prevention and		
	intervention (e.g., MANDT, Handle with		
	Care, CPI) before using EPR. Agency		
	DSP and DSS shall maintain certification		
	in a DDSD-approved system if any		
	person they support has a BCIP that		
	includes the use of EPR.		
g.	Complete and maintain certification in a		
	DDSD-approved medication course if		
	required to assist with medication		
	delivery.		
	Complete training regarding the HIPAA.		
	any staff being used in an emergency to fill		
	over a shift must have at a minimum the		
	required core trainings and be on shift		
with a	DSP who has completed the relevant IST.		
1712	Training Requirements for Service		
	inators (SC): Service Coordinators (SCs)		
	staff at agencies providing the following		
	es: Supported Living, Family Living,		
	mized In-home Supports, Intensive		
	al Living, Customized Community		
	rts, Community Integrated Employment,		
	risis Supports.		
	SC must successfully:		
	Complete IST requirements in		
	accordance with the specifications

rag # 1A22 Agency i craomici competency	Condition of Farticipation Ecver Beneficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 13: Nursing Services 13.2.11 Training and Implementation of Plans: 1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs. 2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training. Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on interview, the Agency did not ensure training competencies were met for 4 of 12 Direct Support Personnel. When DSP were asked, if they received training on the Individual's Behavioral Crisis Intervention Plan (BCIP) and if so, what the plan covered, the following was reported: • DSP #575 stated, "I don't see one at all." According to the Individual Specific Training Section of the ISP, the individual has Behavioral Crisis Intervention Plan. (Individual #1) When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported: • DSP #514 stated, "Obstructive Sleep Apnea, GERD, Edema, BMI, Asthma/Respiratory." The Individual Specific Training section of the ISP indicates the Individual requires Health Care Plans for: Hypertension, Hypothyroidism, Lower Back Pain, Multiple Psychoactive Medication, Oral Hygiene, Pre-Diabetic and Tobacco Use. (Individual #3) When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported:	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.

- DSP #514 stated, "GERD, Asthma, Respiratory." The Individual Specific Training section of the ISP indicates the Individual requires Medical Emergency Response Plans for Diabetes, Medication Allergies and Obstructive Sleep Apnea. (Individual #3)
- DSP #557 stated, "For Seizures." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Aspiration. (Individual #6)

When Direct Support Personnel were asked, what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:

 DSP #529 stated, "Call At Home Advocacy." Staff was not able to identify the State Agency as Division of Health Improvement. (Individual #4)

		_
6. Provider Agencies must arrange and ensure		
that DSP's are trained on the contents of the		
plans in accordance with timelines indicated in		
the Individual-Specific Training Requirements:		
Support Plans section of the ISP and notify the		
plan authors when new DSP are hired to arrange		
for trainings.		
7. If a therapist, BSC, nurse, or other author of a		
plan, healthcare or otherwise, chooses to		
designate a trainer, that person is still		
responsible for providing the curriculum to the		
designated trainer. The author of the plan is also		
responsible for ensuring the designated trainer		
is verifying competency in alignment with their		
curriculum, doing periodic quality assurance		
checks with their designated trainer, and re-		
certifying the designated trainer at least annually		
and/or when there is a change to a person's		
plan.

Tag # 1A25.1 Caregiver Criminal History Screening	Condition of Participation Level Deficiency		
NMAC 7.1.9.8 CAREGIVER AND HOSPITAL CAREGIVER EMPLOYMENT REQUIREMENTS: A. General: The responsibility for compliance with the requirements of the act applies to both the care provider and to all applicants, caregivers and hospital caregivers. All applicants for employment to whom an offer of employment is made or caregivers and hospital caregivers employed by or contracted to a care provider must consent to a nationwide and statewide criminal history screening, as described in Subsections D, E and F of this section, upon offer of employment or at the time of entering into a contractual relationship with the care provider. Care providers shall submit all fees and pertinent application information for all applicants, caregivers or hospital caregivers as described in Subsections D, E and F of this section. Pursuant to Section 29-17-5 NMSA 1978 (Amended) of the act, a care provider's failure to comply is grounds for the state agency having enforcement authority with respect to the care provider] to impose appropriate administrative sanctions and penalties. B. Exception: A caregiver or hospital caregiver applying for employment or contracting services with a care provider within twelve (12) months of the caregiver's or hospital caregiver's most recent nationwide criminal history screening upon offer of employment or at the time of entering into a contractual relationship with the care provider. At the discretion of the care provider a nationwide criminal history screening, additional to the required statewide criminal history screening.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not maintain documentation indicating Caregiver Criminal History Screening was completed as required for 1 of 98 Agency Personnel. The following Agency Personnel Files contained no evidence of Caregiver Criminal History Screenings: Direct Support Personnel (DSP): • #526 – Date of hire 1/29/2020.	State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

C. Conditional Employment: Applicants,		
caregivers, and hospital caregivers who have		
submitted all completed documents and paid all		
applicable fees for a nationwide and statewide		
criminal history screening may be deemed to		
have conditional supervised employment		
pending receipt of written notice given by the		
department as to whether the applicant,		
caregiver or hospital caregiver has a		
disqualifying conviction.		
F. Timely Submission: Care providers shall		
submit all fees and pertinent application		
information for all individuals who meet the		
definition of an applicant, caregiver or hospital		
caregiver as described in Subsections B, D and		
K of 7.1.9.7 NMAC, no later than twenty (20)		
calendar days from the first day of employment		
or effective date of a contractual relationship		
with the care provider.		
G. Maintenance of Records: Care providers		
shall maintain documentation relating to all		
employees and contractors evidencing		
compliance with the act and these rules.		
(1) During the term of employment, care		
providers shall maintain evidence of each		
applicant, caregiver or hospital caregiver's		
clearance, pending reconsideration, or		
disqualification.		
(2) Care providers shall maintain documented		
evidence showing the basis for any		
determination by the care provider that an		
employee or contractor performs job functions		
that do not fall within the scope of the		
requirement for nationwide or statewide criminal		
history screening. A memorandum in an		
employee's file stating "This employee does not		
provide direct care or have routine unsupervised		
physical or financial access to care recipients		
served by [name of care provider]," together with		
the employee's job description, shall suffice for		
record keeping purposes.		

NMAC 7.1.9.9 CAREGIVERS OR HOSPITAL CAREGIVERS AND APPLICANTS WITH DISQUALIFYING CONVICTIONS: A. Prohibition on Employment: A care provider shall not hire or continue the employment or contractual services of any applicant, caregiver or hospital caregiver for whom the care provider has received notice of a disqualifying conviction, except as provided in Subsection B of this section.		
NMAC 7.1.9.11 DISQUALIFYING CONVICTIONS. The following felony convictions disqualify an applicant, caregiver or hospital caregiver from employment or contractual services with a care provider: A. homicide; B. trafficking, or trafficking in controlled substances; C. kidnapping, false imprisonment, aggravated assault or aggravated battery; D. rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, or other related felony sexual offenses; E. crimes involving adult abuse, neglect or financial exploitation; F. crimes involving child abuse or neglect; G. crimes involving robbery, larceny, extortion, burglary, fraud, forgery, embezzlement, credit card fraud, or receiving stolen property; or H. an attempt, solicitation, or conspiracy involving any of the felonies in this subsection.

10.0va.ii. 10.11		
17.10 Individual-Specific Training: The		
following are elements of IST: defined		
standards of performance, curriculum tailored to		
teach skills and knowledge necessary to meet		
those standards of performance, and formal		
examination or demonstration to verify		
standards of performance, using the established		
DDSD training levels of awareness, knowledge,		
and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.		
Reaching a knowledge level may take the form		
of observing a plan in action, reading a plan		
more thoroughly, or having a plan described by		
the author or their designee. Verbal or written		
recall or demonstration may verify this level of		
competence.		
Reaching a skill level involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall		
demonstrate the techniques according to the		
plan. Then they observe and provide feedback		

to the trainee as they implement the techniques.	
This should be repeated until competence is	
demonstrated. Demonstration of skill or	
observed implementation of the techniques or	
strategies verifies skill level competence.	
Trainees should be observed on more than one	
occasion to ensure appropriate techniques are	
maintained and to provide additional	
coaching/feedback.	
Individuals shall receive services from competent	
and qualified Provider Agency personnel who	
must successfully complete IST requirements in	
accordance with the specifications described in	
the ISP of each person supported.	
IST must be arranged and conducted at	
least annually. IST includes training on the ISP	
Desired Outcomes, Action Plans, strategies,	
and information about the person's preferences	
regarding privacy, communication style, and	
routines. More frequent training may be	
necessary if the annual ISP changes before the	
year ends.	
 IST for therapy-related WDSI, HCPs, 	
MERPs, CARMPs, PBSA, PBSP, and BCIP,	
must occur at least annually and more often if	
plans change, or if monitoring by the plan	
author or agency finds incorrect implementation,	
when new DSP or CM are assigned to work	
with a person, or when an existing DSP or CM	
requires a refresher.	
3. The competency level of the training is	
based on the IST section of the ISP.	
4. The person should be present for and	
involved in IST whenever possible.	
5. Provider Agencies are responsible for	
tracking of IST requirements.	
6. Provider Agencies must arrange and	
ensure that DSP's are trained on the contents of	
the plans in accordance with timelines indicated	
in the Individual-Specific Training	
Requirements: Support Plans section of the ISP	

and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
 17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.) 3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer. 		

Tag # 1A43.1 General Events Reporting:	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In-Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. 4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18:	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 2 of 7 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe: Individual #3 General Events Report (GER) indicates on 10/9/2019 the Individual had pain and was taken to ER. (ER). GER was approved 10/15/2019. Individual #6 General Events Report (GER) indicates on 3/20/2019 the Individual became physically aggressive. (Law Enforcement). GER was approved 4/2/2019.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? d. recommendations made through a	
Healthcare Plan (HCP), including a	
Comprehensive Aspiration Risk	
Management Plan (CARMP), or another	
plan.	
2. When the person/guardian disagrees	
with a recommendation or does not agree	
with the implementation of that	
recommendation, Provider Agencies follow	
the DCP and attend the meeting	
coordinated by the CM. During this	
meeting:	
a. Providers inform the person/guardian of	
the rationale for that recommendation,	
so that the benefit is made clear. This	
will be done in layman's terms and will	
include basic sharing of information	
designed to assist the person/guardian	
with understanding the risks and benefits	
of the recommendation.	
b. The information will be focused on the	
specific area of concern by the	
person/guardian. Alternatives should be	
presented, when available, if the guardian	
is interested in considering other options	
for implementation.	
c. Providers support the person/guardian to make an informed decision.	
d. The decision made by the person/guardian during the meeting is	
accepted; plans are modified; and the	
IDT honors this health decision in every	
setting.	
Chapter 20: Provider Decompatition and	
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records	
Chent Records: 20.2 Chent Records	

Requirements: All DD Waiver Provider Agencies are required to create and maintain

individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the location		
of the file, the type of service being provided,		
and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
1. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web based system using computers or mobile		
devices is acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
4. Provider Agencies must maintain records		
of all documents produced by agency personnel		
or contractors on behalf of each person,		
including any routine notes or data, annual		
assessments, semi-annual reports, evidence of		
training provided/received, progress notes, and		
any other interactions for which billing is		
generated.		
Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		

DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications.		
Chapter 10: Living Care Arrangements (LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups and other check-ups as recommended by a licensed dentist.		

d. The person receives a hearing test as recommended by a licensed audiologist.

e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for follow-up activities to medical appointments		
(e.g. treatment, visits to specialists, and changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General Requirements: 9. Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist).		
Chapter 13 Nursing Services: 13.2.3 General Requirements: 1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.		

Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)	Standard Level Deficiency		
Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 22:Quality Improvement Strategy (QIS): A QIS at the provider level is directly linked to the organization's service delivery approach or underlying provision of services. To achieve a higher level of performance and	Based on record review, the Agency did not maintain or implement a Quality Improvement System (QIS), as required by standards. Review of information found: The Agency's QI Plan did not address on or more of the following KPI applies to the following provider types: 1. % of Individuals whose Individual Support Plans (ISP) are implemented as written. 2. % of appointments attended as recommended by medical professionals (physician, nurse practitioner or specialist). 3. % of people accessing Customized Community Supports in a non-disability specific setting.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

collection, the source and types of data		
gathered, as well as the methods used to		
analyze data and measure performance. The QI		
plan must describe how the data collected will		
be used to improve the delivery of services and		
must describe the methods used to evaluate		
whether implementation of improvements is		
working. The QI plan shall address, at minimum,		
three key performance indicators (KPI). The KPI		
are determined by DOH-DDSQI) on an annual		
basis or as determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if needed.		
The QI Committee convenes to review data; to		
identify any deficiencies, trends, patterns, or		
concerns; to remedy deficiencies; and to		
identify opportunities for QI. QI Committee		
meetings must be documented and include a		
review of at least the following:		
 Activities or processes related to discovery, 		
i.e., monitoring and recording the findings;		
2. The entities or individuals responsible for		
conducting the discovery/monitoring process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
OO 4 Business (few of each Assessed Bessell)		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality assurance		
(QA) activities and the QI Plan that the		
agency has implemented during the year.		
The annual report shall: 1. Be submitted to the DDSD PEU by February		
15th of each calendar year.		
Be kept on file at the agency, and made available to DOH, including DHI upon		
avaliable to DOH, illululing DHI upon		

request. 3. Address the Provider Agency's QA or compliance with at least the following: a. compliance with DDSD Training Requirements; b. compliance with reporting requirements, including reporting of ANE; c. timely submission of documentation for budget development and approval;		
 d. presence and completeness of required documentation; 		
 e. compliance with CCHS, EAR, and Licensing requirements as applicable; and 		
f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to: i. IQR findings; ii. CPA Plans related to ANE reporting; iii. POCs related to QMB compliance surveys; and iv. PIPs related to Regional Office Contract Management.		
4. Address the Provider Agency QI with at least the following:		
 a. data analysis related to the DDSD required KPI; and 		
 b. the five elements required to be discussed by the QI committee each quarter. 		
NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS:		
F. Quality assurance/quality improvement program for community-based service		

providers: The community-based service		
rovider shall establish and implement a quality		
nprovement program for reviewing alleged		
omplaints and incidents of abuse, neglect, or		
xploitation against them as a provider after the		
ivision's investigation is complete. The incident		
nanagement program shall include written		
ocumentation of corrective actions taken. The		
ommunity-based service provider shall take all		
easonable steps to prevent further incidents. The		
ommunity-based service provider shall provide		
he following internal monitoring and facilitating		
uality improvement program:		
1) community-based service providers shall		
ave current abuse, neglect, and exploitation		
nanagement policy and procedures in place that		
comply with the department's requirements;		
2) community-based service providers		
providing intellectual and developmental		
lisabilities services must have a designated		
ncident management coordinator in place; and		
(3) community-based service providers		
providing intellectual and developmental		
lisabilities services must have an incident		
nanagement committee to identify any		
leficiencies, trends, patterns, or concerns as well		
as opportunities for quality improvement, address		
nternal and external incident reports for the		
purpose of examining internal root causes, and to		
ake action on identified issues.		

Tag # 1A09 Medication Delivery Routine	Condition of Participation Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 20: Provider Documentation and Client Records 20.6 Medication Administration Record (MAR): A current Medication Administration Record (MAR) must be maintained in all settings where medications or treatments are delivered. Family Living Providers may opt not to use MARs if they are the sole provider who supports the person with medications or treatments. However, if there are services provided by unrelated DSP, ANS for Medication Oversight must be budgeted, and a MAR must be created and used by the DSP. Primary and Secondary Provider Agencies are responsible for: 1. Creating and maintaining either an electronic or paper MAR in their service setting. Provider Agencies may use the MAR in Therap, but are not mandated to do so. 2. Continually communicating any changes about medications and treatments between Provider Agencies to assure health and safety. 7. Including the following on the MAR: a. The name of the person, a transcription of the physician's or licensed health care provider's orders including the brand and generic names for all ordered routine and PRN medications or treatments, and the diagnoses for which the medications or treatments are	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Medication Administration Records (MAR) were reviewed for the months of February and March 2020. Based on record review, 2 of 7 individuals had Medication Administration Records (MAR), which contained missing medications entries and/or other errors: Individual #2 February 2020 Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications: • Aspirin EC 81 mg (1 time daily) • Fenofibrate 160 mg (1 time daily) • Metformin HCL ER 500 mg (1 time daily) • Omega 3 ethyl esters 1 mg (2 times daily) • Omeprazole 40 mg (1 time daily) Individual #3 February 2020 Medication Administration Records contain the following medications. No Physician's Orders were found for the following	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
the medications or treatments are prescribed; b. The prescribed dosage, frequency and method or route of administration; times and dates of administration for all ordered routine or PRN prescriptions or			

- treatments; over the counter (OTC) or "comfort" medications or treatments and all self-selected herbal or vitamin therapy;
- c. Documentation of all time limited or discontinued medications or treatments;
- d. The initials of the individual administering or assisting with the medication delivery and a signature page or electronic record that designates the full name corresponding to the initials;
- e. Documentation of refused, missed, or held medications or treatments;
- f. Documentation of any allergic reaction that occurred due to medication or treatments; and
- g. For PRN medications or treatments:
 - i. instructions for the use of the PRN medication or treatment which must include observable signs/symptoms or circumstances in which the medication or treatment is to be used and the number of doses that may be used in a 24-hour period:
 - ii. clear documentation that the DSP contacted the agency nurse prior to assisting with the medication or treatment, unless the DSP is a Family Living Provider related by affinity of consanguinity; and iii. documentation of the effectiveness of the PRN medication or treatment.

Chapter 10 Living Care Arrangements 10.3.4 Medication Assessment and Delivery: Living Supports Provider Agencies must support and comply with:

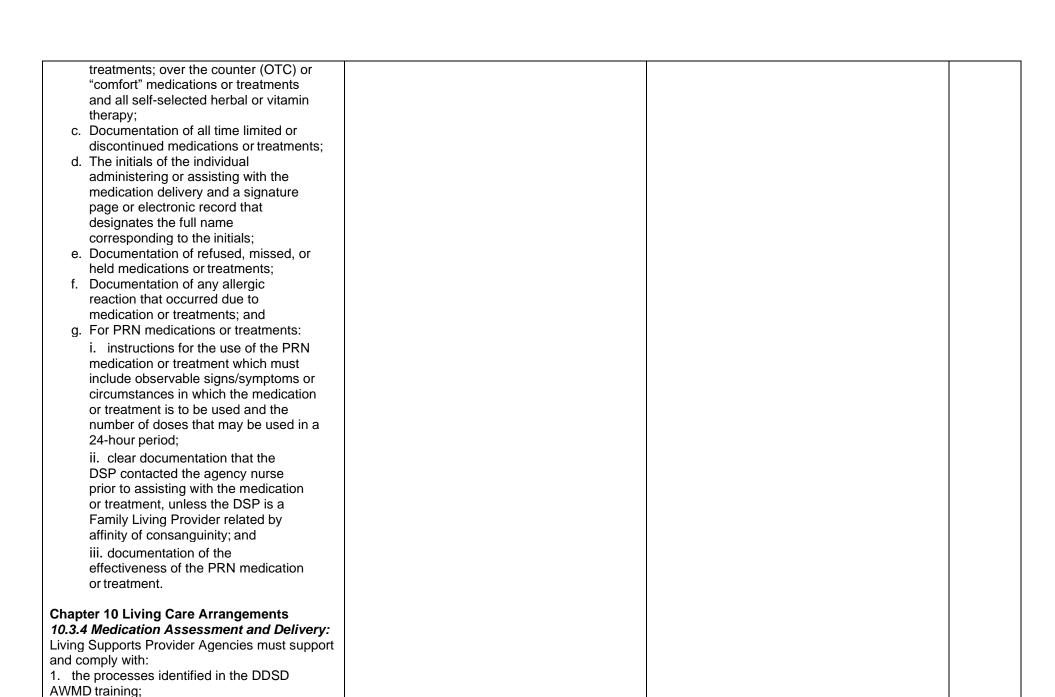

1. the processes identified in the DDSD AWMD training;

- Aristada 441 mg (1 time monthly)
- Aspirin 81 mg (1 time monthly)
- Azelastine HCL 137 mcg (1 time daily)
- Calcium + Vit D 600 mg (2 times daily)
- Cetirizine HCL 10 mg (1 time daily)
- Esomeprazole 20 mg (2 times daily)
- Fish Oil 1400 mg/9 (1 time daily)
- Fluticasone 50 mcg (1 time daily)
- Furosemide 10 mg (1 time daily)
- Levothyroxine 88 mcg (1 time daily)
- Lisinopril 10 mg (1 time daily)
- Magnesium Oxide 400 mg (1 time daily)
- Metformin HCL 500 mg (1 time daily)
- Metoprolol Succinate 50 mg (1 time daily)
- Mirtazapine 15 mg (1 time daily)
- Montelukast Sodium 10 mg (1 time daily)
- Multivitamin 1 tab (1 time daily)
- Rhinocort 32 mcg (1 time daily)
- Symbicort 160-4.5 mg (2 times daily)
- Valproic Acid 250/5 ml (1 time daily)

2. the nursing and DSP functions identified in the Chapter 13.3 Part 2- Adult Nursing Services; 3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and 4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).	Vitamin D3 2000 IU (1 time daily)	
NMAC 16.19.11.8 MINIMUM STANDARDS: A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS: (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, including over-the-counter medications. This documentation shall include: (i) Name of resident; (ii) Date given; (iii) Drug product name; (iv) Dosage and form; (v) Strength of drug; (vi) Route of administration; (vii) How often medication is to be taken; (viii) Time taken and staff initials; (ix) Dates when the medication is discontinued or changed; (x) The name and initials of all staff administering medications.		
Model Custodial Procedure Manual D. Administration of Drugs Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications. Document the practitioner's order authorizing the self-administration of medications.		

All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include: > symptoms that indicate the use of the medication, > exact dosage to be used, and > the exact amount to be used in a 24-hour period.

QMB Report of Findings - At Home Advocacy Inc. - Metro - February 28 - March 5, 2020

modified; and the IDT honors this health decision in every setting.

Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and

Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT). This process includes developing and training Health Care Plans and Medical Emergency Response Plans.

The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed.

The hierarchy for Nursing Assessment and Planning responsibilities is:

- 1. Living Supports: Supported Living, IMLS or Family Living via ANS;
- 2. Customized Community Supports- Group; and
- 3. Adult Nursing Services (ANS):
 - a. for persons in Community Inclusion with health-related needs; or
 - if no residential services are budgeted but assessment is desired and health needs may exist.

13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT)

- 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person.
- 2. The nurse must see the person face-to-face

Respiratory:

- Individual #2 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #4 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Seizures:

- Individual #7 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Status of Care/Hygiene:

- Individual #1 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #2 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Tobacco Use:

 Individual #3 - As indicated by the IST section of ISP the individual is required to have a plan. Plan not Linked or Attached in Therap.

Medical Emergency Response Plans: Constipation:

QMB Report of Findings – At Home Advocacy Inc. – Metro – February 28 – March 5, 2020

to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources.

- 3. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver recipients may obtain an e-CHAT if needed or desired by adding ANS hours for assessment and consultation to their budget.
- 4. When completing the e-CHAT, the nurse is required to review and update the electronic record and consider the diagnoses, medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information.
- 5. The nurse is required to complete all the e-CHAT assessment questions and add additional pertinent information in all comment sections.

13.2.7 Aspiration Risk Management Screening Tool (ARST)

13.2.8 Medication Administration Assessment Tool (MAAT):

- A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting.
- 2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records.
- 3. Decisions about medication delivery are made by the IDT to promote a person's maximum independence and community integration. The IDT will reach consensus regarding which criteria the person meets, as indicated

- Individual #1 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #2 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Diabetes:

- Individual #3 As indicated by the IST section of ISP the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #4 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

GERD:

 Individual #3 - As indicated by the IST section of ISP the individual is required to have a plan. Plan not Linked or Attached in Therap.

Medication Allergies:

 Individual #3 - As indicated by the IST section of ISP the individual is required to have a plan. Plan not Linked or Attached in Therap.

Obstructive Sleep Apnea:

 Individual #3 - As indicated by the IST section of ISP the individual is required to have a plan. Plan not Linked or Attached in Therap.

Respiratory:

 Individual #2 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap. by the results of the MAAT and the nursing recommendations, and the decision is documented this in the ISP.

13.2.9 Healthcare Plans (HCP):

- 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.
- 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary report which is indicated by "R" in the HCP column. At the nurse's sole discretion, based on prudent nursing practice, HCPs may be combined where clinically appropriate. The nurse should use nursing judgment to determine whether to also include HCPs for any of the areas indicated by "C" on the e-CHAT summary report. The nurse may also create other HCPs plans that the nurse determines are warranted.

13.2.10 Medical Emergency Response Plan (MERP):

1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary

 Individual #4 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

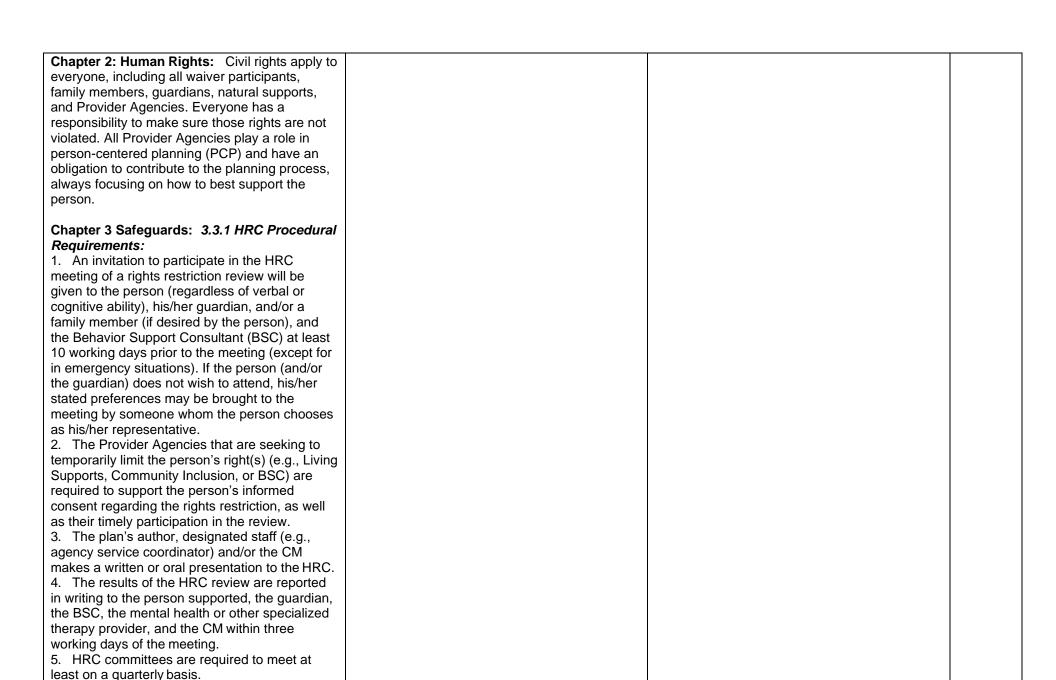

Seizures:

- Individual #2 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #7 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

QMB Report of Findings – At Home Advocacy Inc. – Metro – February 28 – March 5, 2020

report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.		
Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.		

Tag # 1A31 Client Rights / Human Rights	Condition of Participation Level Deficiency		
NMAC 7.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS: A. A service provider shall not restrict or limit a client's rights except: (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not ensure the rights of Individuals was not restricted or limited.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
another person; or (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC]. B. Any emergency intervention to prevent physical harm shall be reasonable to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. The IDT upon completion of its review may refer its findings to the office of quality assurance. The emergency intervention may be subject to review by the service provider's behavioral support committee or human rights committee in accordance with the behavioral support policies or other department regulation or policy. C. The service provider may adopt reasonable program policies of general applicability to clients served by that service provider that do not violate client rights. [09/12/94; 01/15/97; Recompiled 10/31/01] Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019	When the Agencies HRC meeting minutes were reviewed for documentation of Human Rights approval, the following was found. The agency did not have evidence of HRC approval for each individual. Per NMAC 7.26.3.11 Chapter 3 Section 8: The HRC with primary responsibility for implementation of the rights restriction will record all meeting minutes on an individual basis, i.e., each meeting discussion for an individual will be recorded separately Review of HRC meeting found the agency listed those in attendance and listed Individuals being reviewed for HRC approvals, however, did not list them separately or show approval of the restriction	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

6. A quorum to conduct an HRC meeting is at		
least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		
the services provided to the person must excuse		
themselves from voting in that situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions based		
upon credible threats of harm against self or		
others that may arise between scheduled HRC		
meetings (e.g., locking up sharp knives after a		
serious attempt to injure self or others or a		
disclosure, with a credible plan, to seriously		
injure or kill someone). The confidential and		
HIPAA compliant emergency meeting may be		
via telephone, video or conference call, or		
secure email. Procedures may include an initial		
emergency phone meeting, and a subsequent		
follow-up emergency meeting in complex and/or		
ongoing situations.		
8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The HRC		
reviews temporary restrictions of rights that are		
related to medical issues or health and safety		
considerations such as decreased mobility (e.g.,		
the use of bed rails due to risk of falling during		
the night while getting out of bed). However,		
other temporary restrictions may be		
implemented because of health and safety		
considerations arising from behavioral issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support is		

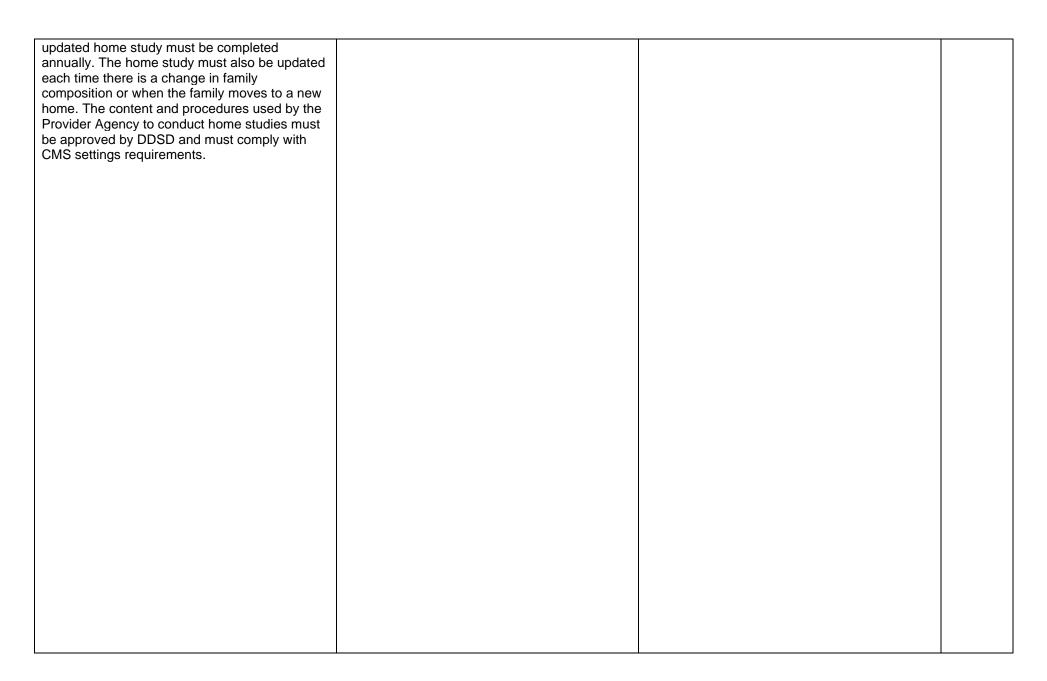

nee	ded and desired by the person and/or the		
	PBS emphasizes the acquisition and		
mair	ntenance of positive skills (e.g. building		
	thy relationships) to increase the person's		
	ity of life understanding that a natural		
	ction in other challenging behaviors will		
	w. At times, aversive interventions may be		
tem	porarily included as a part of a person's		
beh	avioral support (usually in the BCIP), and		
ther	efore, need to be reviewed prior to		
impl	ementation as well as periodically while the		
rest	ictive intervention is in place. PBSPs not		
	aining aversive interventions do not require		
	review or approval.		
	s (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or		
	Ps) that contain any aversive interventions		
	submitted to the HRC in advance of a		
mee	ting, except in emergency situations.		
	Interventions Requiring HRC Review		
	Approval: HRCs must review prior to		
	ementation, any plans (e.g. ISPs, PBSPs,		
	Ps and/or PPMPs, RMPs), with strategies,		
_	ding but not limited to:		
1.	response cost;		
2.	restitution;		
3.	emergency physical restraint (EPR);		
4.	routine use of law enforcement as part of a BCIP:		
5.	routine use of emergency hospitalization		
٥.	procedures as part of a BCIP;		
6.	use of point systems;		
7.	use of intense, highly structured, and		
	specialized treatment strategies, including		
	level systems with response cost or failure		
	to earn components;		
8.	a 1:1 staff to person ratio for behavioral		
	reasons, or, very rarely, a 2:1 staff to		
	person ratio for behavioral or medical		
	roccone;		

use of PRN psychotropic medications;

11. 12.	use of protective devices for behavioral purposes (e.g., helmets for head banging, Posey gloves for biting hand); use of bed rails; use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or		
13.	use of any alarms to alert staff to a person's whereabouts.		
res tha sup inte	Emergency Physical Restraint (EPR): ery person shall be free from the use of trictive physical crisis intervention measures t are unnecessary. medical and business records relating to any of the following for a period of at least six years from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid.		
21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.		
21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour		
period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:		
applied as follows: a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%). b. The receiving Provider Agency bills the		

remaining days up to 340 for the ISP year.		
 21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. 		
 21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed. 		

MICHELLE LUJAN GRISHAM GOVERNOR

KATHYLEEN M. KUNKEL CABINET SECRETARY

Date: July 14, 2020

To: Isaac Sandoval, Executive Director Provider: At Home Advocacy Incorporated Address: 3401 Candelaria Road NE, Suite A State/Zip: Albuquerque, New Mexico 87107

E-mail Address: athomenm@gmail.com

Region: Metro

Survey Date: February 28 – March 5, 2020

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized Community Supports,

and Community Integrated Employment Services

Survey Type: Routine

Dear Mr. Sandoval and Ms. Garcia:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process. Sincerely,

Monica Valdez, BS
