

MICHELLE LUJAN GRISHAM Governor

DAVID R. SCRASE, M.D. Acting Cabinet Secretary

Date: March 17, 2022

To: Ms. Sylvia D. Torres, Physical Therapist / Director

Provider: Milagro De Vida Community Service, L.L.C.

Address: 1591 E. Lohman Ste. A

State/Zip: Las Cruces, New Mexico 88001

E-mail Address: <u>sylviatorres@mdv-nm.com</u>

Region: Southwest

Survey Date: February 7 – 17, 2022

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Supported Living, Family Living, Customized In-Home Supports; Customized Community

Supports, and Community Integrated Employment Services

Survey Type: Routine

Team Leader: Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Heather Driscoll, AA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Sally Rel, MS, Division of Health

Improvement/Quality Management Bureau; Joshua Burghart, BS, Division of Health

Improvement/Quality Management Bureau

Dear Ms. Sylvia Torres,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan / ISP Components
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # LS06 Family Living Requirements
- Tag # IS25 Community Integrated Employment Services Reimbursement
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # IH32 Customized In-Home Supports Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- · How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Lei Lani Nava, MPH

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC)W		MEDIUM		Н	IGH
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or

Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)	Standard Level Deficiency		
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan.	Based on administrative record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 3 of 15 individuals.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities.	As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Family Living Data Collection / Data Tracking/Progress with regards to ISP Outcomes: Individual #4 • According to the Live Outcome; Action Step for "will be transferred to and from standing unit" is to be completed 1 time per day. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2021 – 12/2021. Individual #5 • According to the Live Outcome; Action Step for "will research recipes" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2021. • According to the Live Outcome; Action Step for "will place recipes in her cookbook" is to be completed 1 time per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2021.	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

The following principles provide direction and purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01]

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019

Chapter 6: Individual Service Plan (ISP) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

Customized In-Home Supports Data Collection / Data Tracking/Progress with regards to ISP Outcomes:

Individual #9

 According to the Live Outcome; Action Step for "...will practice her keyboard" is to be completed 3 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 11/2021.

Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

Individual #5

- According to the Fun Outcome; Action Step for "...will research design" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2021 and 12/2021.
- According to the Fun Outcome; Action Step for "...will practice using her cricket to create design" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2021 – 12/2021.
- According to the Fun Outcome; Action Step for "...will make her item" is to be completed 1 time per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/2021 – 12/2021.

8. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
Provider Agencies must have readily

001110001		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This		
standardized document contains individual,		
physician and emergency contact information,		
a complete list of current medical diagnoses,		
health and safety risk factors, allergies, and		
information regarding insurance, guardianship,		
and advance directives. The Health Passport		
also includes a standardized form to use at		
medical appointments called the Physician		
Consultation form. The Physician Consultation		
form contains a list of all current medications.		
Requirements for the Health Passport and		
Physician Consultation form are:		
The Primary and Secondary Provider		
Agencies must ensure that a current copy of		
the Health Passport and Physician		
Consultation forms are printed and available		
at all service delivery sites. Both forms must		
be reprinted and placed at all service		
delivery sites each time the e-CHAT is		
updated for any reason and whenever there		
is a change to contact information contained		

in the IDF.			
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary 13.2.10 Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

Individual Specific Training (IST) regarding HCPs and MERPs. 2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training. Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan	 When DSP were asked, if the Individual had a Positive Behavioral Supports Plan (PBSP), have you been trained on the PBSP and what does the plan cover, the following was reported: DSP #508 stated, "He does not." According to the Individual Specific Training Section of the ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #6) DSP #537 stated, "I don't remember off the top of my head, I don't have the book with me." According to the Individual Specific Training Section of the ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #7) DSP #538 stated, "No, no, she doesn't have anything." According to the Individual Specific Training Section of the ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #12) When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported: 	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Verbal or written recall or demonstration may verify this level of competence.

Reaching a skill level involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for

 DSP #529 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires a Health Care Plan for Constipation Management. (Individual #15)

When DSP were asked, if the Individual had any food and / or medication allergies that could be potentially life threatening, the following was reported:

 DSP #520 stated, "Allergies to grass." As indicated by the Emergency Data Form in Therap the individual has a lactose intolerance. (Individual #5)

When Direct Support Personnel were asked, what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:

- DSP #519 stated, "We hardly mess with that, thank God we haven't had to call them. They renewed the binder and moved things around let me see if I can find the number. I don't see a section for it. I don't see the phone number, I used to be familiar with the other binder." Staff was not able to identify the State Agency as Division of Health Improvement.
- DSP #538 stated, "The hospital, adult CPS, umm then I don't know." Staff was not able to identify the State Agency as Division of Health Improvement.

tracking of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.

registry. A provider, prior to employing or			
contracting with an employee, shall inquire of			
the registry whether the individual under			
consideration for employment or contracting is			
listed on the registry.			
B. Prohibited employment. A provider may			
not employ or contract with an individual to be			
an employee if the individual is listed on the			
registry as having a substantiated registry-			
referred incident of abuse, neglect or			
exploitation of a person receiving care or			
services from a provider.			
C. Applicant's identifying information			
required. In making the inquiry to the registry			
prior to employing or contracting with an			
employee, the provider shall use identifying			
information concerning the individual under			
consideration for employment or contracting			
sufficient to reasonably and completely search			
the registry, including the name, address, date			
of birth, social security number, and other			

appropriate identifying information required by		
the registry.		
D. Documentation of inquiry to registry.		
The provider shall maintain documentation in		
the employee's personnel or employment		
records that evidences the fact that the		
provider made an inquiry to the registry		
concerning that employee prior to employment.		
Such documentation must include evidence,		
based on the response to such inquiry		
received from the custodian by the provider,		
that the employee was not listed on the registry		
as having a substantiated registry-referred		
incident of abuse, neglect or exploitation.		
E. Documentation for other staff. With		
respect to all employed or contracted		
individuals providing direct care who are		
licensed health care professionals or certified		
nurse aides, the provider shall maintain		
documentation reflecting the individual's		
current licensure as a health care professional		
or current certification as a nurse aide.		
F. Consequences of noncompliance. The		
department or other governmental agency		
having regulatory enforcement authority over a		
provider may sanction a provider in		
accordance with applicable law if the provider		
fails to make an appropriate and timely inquiry		
of the registry, or fails to maintain evidence of		
such inquiry, in connection with the hiring or		
contracting of an employee; or for employing or		
contracting any person to work as an		
employee who is listed on the registry. Such		
sanctions may include a directed plan of		
correction, civil monetary penalty not to exceed		
five thousand dollars (\$5000) per instance, or		
termination or non-renewal of any contract with		
the department or other governmental agency.

reportable incidents as described in Chapter 18: Incident Management System.

5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.

Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting:

- 1. Effective immediately, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau.
- 2. No alternative methods for reporting are permitted.

The following events need to be reported in the Therap GER:

- Emergency Room/Urgent Care/Emergency Medical Services
- Falls Without Injury
- Injury (including Falls, Choking, Skin Breakdown and Infection)
- Law Enforcement Use
- Medication Errors
- Medication Documentation Errors
- Missing Person/Elopement
- Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission
- PRN Psychotropic Medication
- · Restraint Related to Behavior
- Suicide Attempt or Threat

Entry Guidance: Provider Agencies must complete the following sections of the GER with detailed information: profile information, event information, other event information, general information, notification, actions

- Vaccine. (Other). GER was approved 3/15/2021.
- General Events Report (GER) indicates on 2/12/2021 the Individual received 2nd COVID Vaccine. (Other). GER was approved 3/2/2021.

Individual #12

- General Events Report (GER) indicates on 2/12/2021 the Individual received a COVID Vaccine. (Other). GER was approved 3/2/2021.
- General Events Report (GER) indicates on 8/13/2021 the Individual was in a car accident and was seen at the hospital. (Other). GER was approved 8/18/2021.

The following events were not reported in the General Events Reporting System as required by policy:

Individual #2

- Documentation reviewed indicates on 1/4, 11, 14, 2022 the Individual missed the noon dose of Clonazepam 0.5mg (Medication Error). No GER was found.
- Documentation reviewed indicates on 1/4, 11, 14, 2022 the Individual missed the 2pm dose of Fish Oil Omega – 3 EC 1200mg (Medication Error). No GER was found.
- Documentation reviewed indicates on 1/4, 11, 14, 2022 the Individual missed the 2pm dose of Lactase 3000-unit (Medication Error). No GER was found.

Individual #6

 Documentation reviewed indicates 10/28/2021 the Individual went to urgent

- 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:
 - a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.
 - b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.
 - c. Providers support the person/guardian to make an informed decision.
 - d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.

Pulmonology:

 Individual #6 - As indicated by collateral documentation reviewed, the exam was completed on 3/9/2021 and 7/19/2021. records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

1. Client records must contain all documents

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be

MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS: (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, including over-the-counter medications. This documentation shall include: (i) Name of resident; (ii) Date given; (iii) Drug product name; (iv) Dosage and form; (v) Strength of drug; (vi) Route of administration; (vii) How often medication is to be taken; (viii) Time taken and staff initials; (ix) Dates when the medication is discontinued or changed; (x) The name and initials of all staff administering medications.		
Model Custodial Procedure Manual D. Administration of Drugs Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications. Document the practitioner's order authorizing the self-administration of medications.		
All PRN (As needed) medications shall have complete detail instructions regarding the		

administering of the medication. This shall		
include:		
symptoms that indicate the use of the		
medication,		
exact dosage to be used, and		
the exact amount to be used in a 24-		
hour period.

maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.

- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following:

- 2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to:
- a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist:

- the individual is required to have a plan. Not Linked or Attached in Therap.
- Individual #9 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Bowel & Bladder Function:

 Individual #4 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Constipation Management:

- Individual #3 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #9 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Endocrine:

 Individual #9 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan.
 Plan not Linked or Attached in Therap.

Hypertension:

 Individual #6 - As indicated by the IST section of ISP the individual is required to have a plan. Plan not t Linked or Attached in Therap.

Seizure Disorder:

 Individual #3 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

- clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have performed an evaluation such as a video-fluoroscopy;
- health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and
- d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.
- 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:
 - a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.
 - b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.
 - c. Providers support the person/guardian to make an informed decision.
 - d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.

 Individual #10 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. No evidence of a plan found

Medical Emergency Response Plans: Aspiration Risk:

- Individual #2 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #3 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #6 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Constipation Management:

- Individual #3 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #9 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Hypertension:

 Individual #6 - As indicated by the IST section of ISP the individual is required to have a plan. Plan not Linked or Attached in Therap.

Paralysis Present:

 Individual #3 - According to Electronic Comprehensive Health Assessment Tool the Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and

Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT). This process includes developing and training Health Care Plans and Medical Emergency Response Plans.

The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed.

The hierarchy for Nursing Assessment and Planning responsibilities is:

- 1. Living Supports: Supported Living, IMLS or Family Living via ANS;
- 2. Customized Community Supports- Group; and
- 3. Adult Nursing Services (ANS):
 - a. for persons in Community Inclusion with health-related needs; or
 - if no residential services are budgeted but assessment is desired and health needs may exist.

13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT)

- 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person.
- 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources.
- 3. An e-CHAT is required for persons in FL,

individual is required to have a plan. Linked or Attached in Therap.

Respiratory:

- Individual #3 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #6 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Seizure Disorder:

- Individual #3 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.
- Individual #10 According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

Tube Feeding:

 Individual #3 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Plan not Linked or Attached in Therap.

SL, IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add		
additional pertinent information in all comment		
sections.		
10074 111 5114		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the Provider		
Agency records.		
Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		
by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		

13.2.9 Healthcare Plans (HCP):

1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process.		
This includes interim ARM plans for those		
persons newly identified at moderate or high		
risk for aspiration. All interim plans must be		
removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
2. In collaboration with the IDT, the agency		
nurse is required to create HCPs that address		
all the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined		
where clinically appropriate. The nurse should		
use nursing judgment to determine whether to also include HCPs for any of the areas		
indicated by "C" on the e-CHAT summary		
report. The nurse may also create other HCPs		
plans that the nurse determines are warranted.		
plans that the hurse determines are warranted.		
13.2.10 Medical Emergency Response Plan		
(MERP):		
The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP)		
for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions also		
warrant a MERP.		
2. MERPs are required for persons who have		
one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.		1

Chapter 20: Provider Documentation and		
Client Records: 20.5.3 Health Passport and		
Physician Consultation Form: All Primary		
and Secondary Provider Agencies must use		
the Health Passport and Physician		
Consultation form from the Therap system.		
This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
iniornation, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Dhysisian Consultation form		
Physician Consultation form.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018: Re-Issue:

12/28/2018; Eff 1/1/2019

Chapter 2: Human Rights: Civil rights apply	
to everyone, including all waiver participants,	
family members, guardians, natural supports,	
and Provider Agencies. Everyone has a	
responsibility to make sure those rights are not	
violated. All Provider Agencies play a role in	
person-centered planning (PCP) and have an	
obligation to contribute to the planning	
process, always focusing on how to best	
support the person.	
capport the percent.	
Chapter 3 Safeguards: 3.3.1 HRC	
Procedural Requirements:	
An invitation to participate in the HRC	
meeting of a rights restriction review will be	
given to the person (regardless of verbal or	
cognitive ability), his/her guardian, and/or a	
family member (if desired by the person), and	
the Behavior Support Consultant (BSC) at	
least 10 working days prior to the meeting	
(except for in emergency situations). If the	
person (and/or the guardian) does not wish to	
attend, his/her stated preferences may be	
brought to the meeting by someone whom the	
person chooses as his/her representative.	
2. The Provider Agencies that are seeking to	
temporarily limit the person's right(s) (e.g.,	
Living Supports, Community Inclusion, or BSC)	
are required to support the person's informed	
consent regarding the rights restriction, as well	
as their timely participation in the review.	
3. The plan's author, designated staff (e.g.,	
agency service coordinator) and/or the CM	
makes a written or oral presentation to the	
HRC.	
4. The results of the HRC review are reported	
in writing to the person supported, the	
guardian, the BSC, the mental health or other	
specialized therapy provider, and the CM	
within three working days of the meeting.	
5. HRC committees are required to meet at	
least on a quarterly basis.	
6. A quorum to conduct an HRC meeting is at	

least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		
the services provided to the person must		
excuse themselves from voting in that		
situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions		
based upon credible threats of harm against		
self or others that may arise between		
scheduled HRC meetings (e.g., locking up		
sharp knives after a serious attempt to injure		
self or others or a disclosure, with a credible		
plan, to seriously injure or kill someone). The		
confidential and HIPAA compliant emergency		
meeting may be via telephone, video or		
conference call, or secure email. Procedures		
may include an initial emergency phone		
meeting, and a subsequent follow-up		
emergency meeting in complex and/or ongoing		
situations.		
8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The		
HRC reviews temporary restrictions of rights		
that are related to medical issues or health and		
safety considerations such as decreased		
mobility (e.g., the use of bed rails due to risk of		
falling during the night while getting out of		
bed). However, other temporary restrictions		
may be implemented because of health and		
safety considerations arising from behavioral		
issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support		

the I main healt quali redu follow temp beha there imple the required Plan and/internadva	eded and desired by the person and/or DT. PBS emphasizes the acquisition and tenance of positive skills (e.g. building hy relationships) to increase the person's ty of life understanding that a natural ction in other challenging behaviors will w. At times, aversive interventions may be orarily included as a part of a person's vioral support (usually in the BCIP), and efore, need to be reviewed prior to ementation as well as periodically while estrictive intervention is in place. PBSPs ontaining aversive interventions do not be the HRC review or approval. It is (e.g., ISPs, PBSPs, BCIPs PPMPs, or RMPs) that contain any aversive eventions are submitted to the HRC in nace of a meeting, except in emergency tions.		
and imple BCIF	Approval: HRCs must review prior to ementation, any plans (e.g. ISPs, PBSPs, Ps and/or PPMPs, RMPs), with strategies, ding but not limited to: response cost; restitution; emergency physical restraint (EPR); routine use of law enforcement as part of a BCIP; routine use of emergency hospitalization		
	procedures as part of a BCIP;		
6.	use of point systems;		
7.	use of intense, highly structured, and specialized treatment strategies, including level systems with response cost or failure to earn components;		
8.	a 1:1 staff to person ratio for behavioral		
٠.	reasons, or, very rarely, a 2:1 staff to		
	person ratio for behavioral or medical		
	reasons;		
9.	use of PRN psychotropic medications;		
10.	use of protective devices for behavioral		

12.	purposes (e.g., helmets for head banging, Posey gloves for biting hand); use of bed rails; use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or use of any alarms to alert staff to a person's whereabouts.		
rest mea Age occa Eme	Emergency Physical Restraint (EPR): ry person shall be free from the use of rictive physical crisis intervention sures that are unnecessary. Provider ncies who support people who may asionally need intervention such as ergency Physical Restraint (EPR) are nired to institute procedures to maximize ty.		
revieumple whe are i are i 1.	is Human Rights Committee: The HRC laws use of EPR. The BCIP may not be emented without HRC review and approval never EPR or other restrictive measure(s) included. Provider Agencies with an HRC equired to ensure that the HRCs: participate in training regarding required constitution and oversight activities for HRCs; review any BCIP, that include the use of		
 4. 5. 	EPR; occur at least annually, occur in any quarter where EPR is used, and occur whenever any change to the BCIP is considered; maintain HRC minutes approving or disallowing the use of EPR as written in a BCIP; and maintain HRC minutes of meetings reviewing the implementation of the BCIP when EPR is used.

d. any records required by MAD for the administration of Medicaid.		
21.9 Billable Units: The unit of billing		
depends on the service type. The unit may be		
a 15-minute interval, a daily unit, a monthly		
unit or a dollar amount. The unit of billing is		
identified in the current DD Waiver Rate Table.		
Provider Agencies must correctly report		
service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider Agencies		
must adhere to the following:		
A day is considered 24 hours from		
midnight to midnight.		
2. If 12 or fewer hours of service are		
provided, then one-half unit shall be billed. A		
whole unit can be billed if more than 12 hours		
of service is provided during a 24-hour period.		
3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP year		
or 170 calendar days per six months.		
4. When a person transitions from one		
Provider Agency to another during the ISP year,		
a standard formula to calculate the units billed		
by each Provider Agency must be applied as		
follows:		
a. The discharging Provider Agency bills the		
number of calendar days that services were		
provided multiplied by .93 (93%).		
b. The receiving Provider Agency bills the		
remaining days up to 340 for the ISP year.		

 21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. 21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must 		
be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. 21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute

Customized Community Supports, and Community Integrated

Employment Services

Survey Type: Routine

Dear Ms. Torres:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
