Bureau

Dear Ms. Jessica Dunn;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

DIVISION OF HEALTH IMPROVEMENT

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u> This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights / Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # LS06 Family Living Requirements
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS26 Supported Living Reimbursement
- Tag # LS27 Family Living Reimbursement
- Tag # IM31 Intensive Medical Living Services Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- · How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan @state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked:
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- 1A22 Agency Personnel Competency

• 1A37 - Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- 1A09.1 Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities.	As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Supported Living Data Collection / Data Tracking/Progress with regards to ISP Outcomes: Individual #8 • According to the Live Outcome, Action Step for " will research items" is to be completed 1 time per month. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training. Chapter 17: Training Requirement	When DSP were asked, if the Individual had a Positive Behavioral Supports Plan (PBSP), have you been trained on the PBSP and what does the plan cover, the following was reported: • DSP #558 stated, "He don't work with a behavior therapist, he don't have behaviors. He is a very quiet guy." According to the	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number	
17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.	Individual Specific Training Section of the ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #6) When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:	here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan	DSP #589 stated, "Yes in Therap. Aspiration, Falls and Seizures". As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual additionally requires Health Care Plans for BMI, Constipation, Infection Control, Skin and Wound and Supports for Hydration. (Individual #1)		

described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence.

Reaching a skill level involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST

1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.

specifications described in the ISP of each

- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.

- DSP #514 stated, "He does and it is only one, it is Body Mass Index." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual does not require a Health Care Plan for Body Mass Index. (Individual #9)
- DSP #589 stated, "Yes, Aspiration and Seizures." The Individual Specific Training section of the ISP indicates the Individual additionally requires a Health Care Plan for Falls. (Individual #11)
- DSP #525 stated, "Yes, Aspiration and Seizures." The Individual Specific Training section of the ISP indicates the Individual additionally requires a Health Care Plan for Falls. (Individual #11)

When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported, the following was reported:

- DSP #518 stated, "No ma'am." The Individual Specific Training section of the ISP indicates the Individual requires Medical Emergency Response Plans for: Constipation and Gastrointestinal (Individual #6)
- DSP #589 stated, "Yes, in Therap, Aspiration and Seizures." The Individual Specific Training section of the ISP indicates the Individual additionally requires a MERP for Allergy to Valium. (Individual #11)
- DSP #525 stated, "Yes, in Therap, Aspiration and Seizures." The Individual Specific Training section of the ISP

5. Provider Agencies are responsible for tracking of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least	indicates the Individual additionally requires a MERP for Allergy to Valium. (Individual #11) When DSP were asked, if the Individual had any food and / or medication allergies that could be potentially life threatening, the following was reported: • DSP #514 stated, "No ma'am not that I'm aware of." As indicated by Electronic Comprehensive Health Assessment Tool the individual is allergic to red wine. (Individual #9)

20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual,		
physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The <i>Health Passport</i>		
also includes a standardized form to use at medical appointments called the <i>Physician Consultation</i> form. The <i>Physician Consultation</i> form contains a list of all current medications.

Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following:

- 2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to:
- a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist:

Falls:

 Individual #11 - As indicated by the IST section of ISP the individual is required to have a plan. No evidence of a plan found.

 b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians 		
who have performed an evaluation such as a video-fluoroscopy;		
c. health related recommendations or		
suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and		
d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk		
Management Plan (CARMP), or another plan.		
2. When the person/guardian disagrees with a		
recommendation or does not agree with the		
implementation of that recommendation,		
Provider Agencies follow the DCP and attend		
the meeting coordinated by the CM. During		
this meeting:		
 a. Providers inform the person/guardian of the rationale for that recommendation, 		
so that the benefit is made clear. This		
will be done in layman's terms and will		
include basic sharing of information		
designed to assist the person/guardian		
with understanding the risks and benefits		
of the recommendation.		
b. The information will be focused on the		
specific area of concern by the		
person/guardian. Alternatives should be		
presented, when available, if the		
guardian is interested in considering		
other options for implementation.		
c. Providers support the person/guardian to		
make an informed decision.		
d. The decision made by the		
person/guardian during the meeting is		
accepted; plans are modified; and the		
IDT honors this health decision in every		

setting.

Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and **Planning Process:** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. 13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT) 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person. 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from

members of the IDT and other sources.

3. An e-CHAT is required for persons in FL,

SL, IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information. 5. The nurse is required to complete all the e-		
·		
CHAT assessment questions and add additional pertinent information in all comment		
sections.		
Sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
corcoming roof (rinter)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
1. A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the Provider		
Agency records.		
3. Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		
by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		

13.2.9 Healthcare Plans (HCP):

1. At the nurse's discretion, based on prudent			
nursing practice, interim HCPs may be			
developed to address issues that must be			
implemented immediately after admission,			
readmission or change of medical condition to			
provide safe services prior to completion of the			
e-CHAT and formal care planning process.			
This includes interim ARM plans for those			
persons newly identified at moderate or high			
risk for aspiration. All interim plans must be			
removed if the plan is no longer needed or			
when final HCP including CARMPs are in			
place to avoid duplication of plans.			
In collaboration with the IDT, the agency			
nurse is required to create HCPs that address			
all the areas identified as required in the most			
current e-CHAT summary report which is			
indicated by "R" in the HCP column. At the			
nurse's sole discretion, based on prudent			
nursing practice, HCPs may be combined			
where clinically appropriate. The nurse should			
use nursing judgment to determine whether to			
also include HCPs for any of the areas			
indicated by "C" on the e-CHAT summary			
report. The nurse may also create other HCPs			
plans that the nurse determines are warranted.			
13.2.10 Medical Emergency Response Plan (MERP):			
1. The agency nurse is required to develop a			
Medical Emergency Response Plan (MERP)			
for all conditions marked with an "R" in the e-			
CHAT summary report. The agency nurse			
should use her/his clinical judgment and input			
from the Interdisciplinary Team (IDT) to			
determine whether shown as "C" in the e-			
CHAT summary report or other conditions also			
warrant a MERP.			
MERPs are required for persons who have			
one or more conditions or illnesses that			
present a likely potential to become a life-			
threatening situation.

Consultation form from the Therap system.		
This standardized document contains		
individual, physician and emergency contact information, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized form to use at medical appointments called the		
Physician Consultation form.		

NMAC 7.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS: A. A service provider shall not restrict or limit a client's rights except: (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC]. B. Any emergency intervention to prevent harm, shall be reasonable to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. to everyone, including all waiver participants,

An invitation to participate in the HRC			
meeting of a rights restriction review will be			
given to the person (regardless of verbal or			
cognitive ability), his/her guardian, and/or a			
family member (if desired by the person), and			
the Behavior Support Consultant (BSC) at			
least 10 working days prior to the meeting			
(except for in emergency situations). If the			
person (and/or the guardian) does not wish to			
attend, his/her stated preferences may be			
brought to the meeting by someone whom the			
person chooses as his/her representative.			
2. The Provider Agencies that are seeking to			
temporarily limit the person's right(s) (e.g.,			
Living Supports, Community Inclusion, or BSC)			
are required to support the person's informed consent regarding the rights restriction, as well			
as their timely participation in the review.			
3. The plan's author, designated staff (e.g.,			
agency service coordinator) and/or the CM			
makes a written or oral presentation to the			
HRC.			
4. The results of the HRC review are reported			
in writing to the person supported, the			
guardian, the BSC, the mental health or other			
specialized therapy provider, and the CM			
within three working days of the meeting.			
5. HRC committees are required to meet at			
least on a quarterly basis.			
6. A quorum to conduct an HRC meeting is at	of Findings Tahasa Dayalanmantal Sanjaga S		

least three voting members eligible to vote in		
each situation and at least one must be a		1
community member at large.		1
7. HRC members who are directly involved in		1
the services provided to the person must		1
excuse themselves from voting in that		1
situation.		1
Each HRC is required to have a provision for		1
emergency approval of rights restrictions		1
based upon credible threats of harm against		1
self or others that may arise between		1
scheduled HRC meetings (e.g., locking up		1
sharp knives after a serious attempt to injure		1
self or others or a disclosure, with a credible		1
plan, to seriously injure or kill someone). The		1
confidential and HIPAA compliant emergency		1
meeting may be via telephone, video or		1
conference call, or secure email. Procedures		1
may include an initial emergency phone		1
meeting, and a subsequent follow-up		1
emergency meeting in complex and/or ongoing		1
situations.		1
8. The HRC with primary responsibility for		1
implementation of the rights restriction will		1
record all meeting minutes on an individual		1
basis, i.e., each meeting discussion for an		1
individual will be recorded separately, and		1
minutes of all meetings will be retained at the		1
agency for at least six years from the final date		1
of continuance of the restriction.		1

3.3.3 HRC and Behavioral Support: The		1
HRC reviews temporary restrictions of rights		1
that are related to medical issues or health and		1
safety considerations such as decreased		1
mobility (e.g., the use of bed rails due to risk of		1
falling during the night while getting out of		
bed). However, other temporary restrictions		
may be implemented because of health and		i l
safety considerations arising from behavioral		
issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support		ı

the I main healt quali redu follow temp behavior imple the requirement of requirement and/internativa	deded and desired by the person and/or DT. PBS emphasizes the acquisition and attenance of positive skills (e.g. building thy relationships) to increase the person's ity of life understanding that a natural ction in other challenging behaviors will w. At times, aversive interventions may be corarily included as a part of a person's avioral support (usually in the BCIP), and efore, need to be reviewed prior to ementation as well as periodically while estrictive intervention is in place. PBSPs containing aversive interventions do not ire HRC review or approval. s (e.g., ISPs, PBSPs, BCIPs PPMPs, or RMPs) that contain any aversive ventions are submitted to the HRC in ance of a meeting, except in emergency attions.		
334	Interventions Requiring HRC Review		
	Approval: HRCs must review prior to		
	ementation, any plans (e.g. ISPs, PBSPs,		
	Ps and/or PPMPs, RMPs), with strategies,		
	ding but not limited to:		
1.	response cost;		
2.	restitution;		
3.	emergency physical restraint (EPR);		
4.	routine use of law enforcement as part of		
_	a BCIP;		
5.	routine use of emergency hospitalization		
•	procedures as part of a BCIP;		
6. 7.	use of point systems;		
7.	use of intense, highly structured, and specialized treatment strategies,		
	including level systems with response		
	cost or failure to earn components;		
8.	a 1:1 staff to person ratio for behavioral		
	reasons, or, very rarely, a 2:1 staff to		
	person ratio for behavioral or medical		
	reasons;		
9.	use of PRN psychotropic medications;		
10.	use of protective devices for behavioral		

purposes (e.g., helmets for head banging, Posey gloves for biting hand); 11. use of bed rails; 12. use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or 13. use of any alarms to alert staff to a person's whereabouts.		
3.4 Emergency Physical Restraint (EPR): Every person shall be free from the use of restrictive physical crisis intervention measures that are unnecessary. Provider Agencies who support people who may occasionally need intervention such as Emergency Physical Restraint (EPR) are required to institute procedures to maximize safety.		
3.4.5 Human Rights Committee: The HRC reviews use of EPR. The BCIP may not be implemented without HRC review and approval whenever EPR or other restrictive measure(s) are included. Provider Agencies with an HRC are required to ensure that the HRCs: 1. participate in training regarding required constitution and oversight activities for HRCs;		
 review any BCIP, that include the use of EPR; occur at least annually, occur in any quarter where EPR is used, and occur whenever any change to the BCIP is considered; 		
 maintain HRC minutes approving or disallowing the use of EPR as written in a BCIP; and maintain HRC minutes of meetings reviewing the implementation of the BCIP when EPR is used.

- b. services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- any records required by MAD for the administration of Medicaid.
- **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
 - a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
 - b. The receiving Provider Agency bills the remaining days up to 340 for the ISP

year.

21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following:

- 1. A month is considered a period of 30 calendar days.
- 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.

21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:

- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

Progress notes reviewed indicated activities related to Living Support Services and ADLs i.e., assisted with personal care, assisted with medication, attending appointments and meals, Individual watched TV and Individual slept, etc.)

corvice armo.	<u>'</u>	
21.9.1 Requirements for Daily Units: For	<u>'</u>	
services billed in daily units, Provider Agencies	<u>'</u>	
must adhere to the following:		
1. A day is considered 24 hours from midnight	<u>'</u>	
to midnight.	<u>'</u>	
2. If 12 or fewer hours of service are		
provided, then one-half unit shall be billed. A whole unit can be billed if more than 12	<u>'</u>

4. When a person transitions from one		
Provider Agency to another during the ISP		
year, a standard formula to calculate the		
units billed by each Provider Agency must be		
applied as follows: a. The discharging Provider Agency bills		
the number of calendar days that	<u>'</u>	
services were provided multiplied by .93		
(93%).		
b. The receiving Provider Agency bills the		
remaining days up to 340 for the ISP year.		
21.9.2 Requirements for Monthly Units: For		
services billed in monthly units, a Provider		
Agency must adhere to the following:		
1. A month is considered a period of 30		

	·	
calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.		
21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

Dear Ms. Dunn:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS
