

MICHELLE LUJAN GRISHAM
Governor

DAVID R. SCRASE, M.D. Acting Cabinet Secretary

Date: August 17, 2022

To: James McDonald, President

Provider: Animas Valley Caring Hands, LLC

Address: 657 West Maple Street

State/Zip: Farmington, New Mexico 74015

E-mail Address: mcdonald@avchnm.com

Region: Northwest

Survey Date: July 11 – 21, 2022

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Family Living and Customized Community Supports

Survey Type: Routine

Team Leader: Kayla R. Benally, BSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Dear Mr. James McDonald,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags: This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A05 General Requirements / Agency Policy and Procedure Requirements
- Tag # 1A09 Medication Delivery Routine Medication Administration

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 470-4797 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administration Case File: Healthcare Documentation (Therap and Required Plans)

The following tags are identified as Standard Level:

- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A25 Caregiver Criminal History Screening
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A33 Board of Pharmacy: Med. Storage
- Tag # LS25 Residential Health & Safety (Supported Living & Family Living)

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Monica Valdez, Plan of Correction Coordinator at MonicaE.Valdez@state.nm.us
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan @state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Kayla R. Benally, BSW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and

5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed:
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator via email at MonicaE.valdez@state.nm.us. Please also submit your POC to your Developmental Disabilities Supports Division Regional Office for region of service surveyed.
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

<u>Once your POC has been approved</u> by the QMB Plan of Correction Coordinator, you must submit copies of documents as evidence that all deficiencies have been corrected. You must also submit evidence of the ongoing Quality Assurance/Quality Improvement processes.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. Please submit your documents electronically according to the following: If documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to the State email account. If documents contain PHI do not submit PHI directly to the State email account. You may submit PHI only when replying to a secure email received from the State email account. When possible, please submit requested documentation using a "zipped/compressed" file to reduce file size. You may also submit documents via S-Comm (Therap), or another electronic format, i.e., flash drive.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Professional Training
- 1A22 Agency Personnel Competency

• 1A37 - Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- 1A09.1 Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Implementation (Residential			
Implementation)			
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan.	Based on residential record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 2 of 10 individuals.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in	As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Family Living Data Collection/Data Tracking / Progress with regards to ISP Outcomes: Individual #3 None found regarding: Live Outcome/Action Step: " will gather food items" for 7/1/2022 - 7/13/2022. Action step is to be completed 4 times per month. (Date of home visit: 7/14/2022). None found regarding: Live Outcome/Action Step: "Feed the animals" for 7/1/2022 - 7/13/2022. Action step is to be completed 4 times per month. (Date of home visit: 7/14/2022). Individual #10 None found regarding: Live Outcome/Action Step: " will bring her cup to an individual"	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities. The following principles provide direction and	 for 7/1/2022 - 7/12/2022. Action step is to be completed 4 times per month. (Date of home visit: 7/13/2022). None found regarding: Live Outcome/Action Step: " will request a refill" for 7/1/2022 - 7/12/2022. Action step is to be completed 4 times per month. (Date of home visit: 7/13/2022). 		

purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01]		
Developmental Disabilities Waiver Service Standards Eff 11/1/2021 Chapter 6 Individual Service Plan (ISP): 6.9 ISP Implementation and Monitoring All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Error! Reference source not found.Error! Reference source not found) CMs facilitate and maintain communication with the person, their guardian, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of their services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Error! Reference source not		
found.Error! Reference source not found		
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to		
adhere to the following: 1. Client records must contain all documents		
essential to the service being provided and		

	essential to ensuring the health and safety		
	of the person during the provision of the		
	service.		
2.	Provider Agencies must have readily		
	accessible records in home and community		
	settings in paper or electronic form. Secure		
	access to electronic records through the		
	Therap web-based system using		
	computers or mobile devices are		
	acceptable.		
2	Provider Agencies are responsible for		
٥.			
	ensuring that all plans created by nurses,		
	RDs, therapists or BSCs are present in all		
	settings.		
4.	Provider Agencies must maintain records of		
	all documents produced by agency		
	personnel or contractors on behalf of each		
	person, including any routine notes or data,		
	annual assessments, semi-annual reports,		
	evidence of training provided/received,

are to utilize the Medication Administration	Debrox PRN)		
Record (MAR) online in Therap.			
Troota (MAT) offilia in Therap.	Ibuprofen 200 mg (PRN)		

- Providers have until November 1, 2022, to have a current Electronic Medication Administration Record online in Therap in all settings where medications or treatments are delivered.
- 3. Family Living Providers may opt not to use MARs if they are the **sole** provider who supports the person and are related by affinity or consanguinity. However, if there are services provided by unrelated DSP, ANS for Medication Oversight must be budgeted, a MAR online in Therap must be created and used by the DSP.
- 4. Provider Agencies must configure and use the MAR when assisting with medication.
- Provider Agencies Continually communicating any changes about medications and treatments between Provider Agencies to assure health and safety.
- Provider agencies must include the following on the MAR:
 - a. The name of the person, a transcription of the physician's or licensed health care provider's orders including the brand and generic names for all ordered routine and PRN medications or treatments, and the diagnoses for which the medications or treatments are prescribed.
 - b. The prescribed dosage, frequency and method or route of administration; times and dates of administration for all ordered routine and PRN medications and other treatments; all over the counter (OTC) or "comfort" medications or treatments; all self-selected herbal preparation approved by the prescriber, and/or vitamin therapy approved by prescriber.
 - Documentation of all time limited or discontinued medications or treatments.
 - d. The initials of the person administering or assisting with medication delivery.

- Maalox (PRN)
- Milk of Magnesia (PRN)
- Pepto Bismol (PRN)
- Robitussin Expectorant (PRN)
- Throat Lozenges (PRN)
- Triple Antibiotic Cream (PRN)
- Tums (PRN)

June 2022

Physician's Orders indicated the following medication were to be given. The following Medications were not documented on the Medication Administration Records:

- Acetaminophen 325 mg (PRN)
- Artificial Tears (PRN)
- Bactine (PRN)
- Benadryl (PRN)
- Calamine Lotion (PRN)
- Debrox PRN)
- Ibuprofen 200 mg (PRN)
- Maalox (PRN)
- Milk of Magnesia (PRN)
- Pepto Bismol (PRN)
- Robitussin Expectorant (PRN)
- Throat Lozenges (PRN)

- e. Documentation of refused, missed, or held medications or treatments.
- f. Documentation of any allergic reaction that occurred due to medication or treatments.
- g. For PRN medications or treatments including all physician approved over the counter medications and herbal or other supplements:
 - i. instructions for the use of the PRN medication or treatment which must include observable signs/symptoms or circumstances in which the medication or treatment is to be used and the number of doses that may be used in a 24-hour period;
 - ii. clear follow-up detailed documentation that the DSP contacted the agency nurse prior to assisting with the medication or treatment; and
 - iii. documentation of the effectiveness of the PRN medication or treatment.

NMAC 16.19.11.8 MINIMUM STANDARDS:

A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS:

(d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents,

including over-the-counter medications.

This documentation shall include:

- Name of resident:
- (ii) Date given;
- (iii) Drug product name;
- (iv) Dosage and form;
- (v) Strength of drug;
- (vi) Route of administration;
- (vii) How often medication is to be taken:
- (viii) Time taken and staff initials:
- (ix) Dates when the medication is discontinued or changed;
- (x) The name and initials of all staff administering medications.

- Triple Antibiotic Cream (PRN)
- Tums (PRN)

Individual #6 May 2022

> Physician's Orders indicated the following medication were to be given. The following Medications were not documented on the Medication Administration Records:

- Acetaminophen 325 mg (PRN)
- Acetaminophen 500 mg (PRN)
- Artificial Tears (PRN)
- Bactine (PRN)
- Benadryl (PRN)
- Calamine Lotion (PRN)
- Claritin (PRN)
- Debrox PRN)
- Dimetapp (PRN)
- Ibuprofen 200 mg (PRN)
- Ibuprofen 400 mg (PRN)
- Imodium (PRN)
- Kaopectate (PRN)
- Maalox, Tums (PRN)
- Midol (PRN)
- Milk of Magnesia (PRN)

Model Custodial Procedure Manual D. Administration of Drugs

Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications.

Document the practitioner's order authorizing the self-administration of medications.

All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include:

- > symptoms that indicate the use of the medication,
- > exact dosage to be used, and
- the exact amount to be used in a 24-hour period.

- Pepto Bismol (PRN)
- Robitussin Expectorant (PRN)
- Robitussin Suppressant (PRN)
- Sudafed (PRN)
- Throat Lozenges (PRN)
- Triple Antibiotic Cream (PRN)

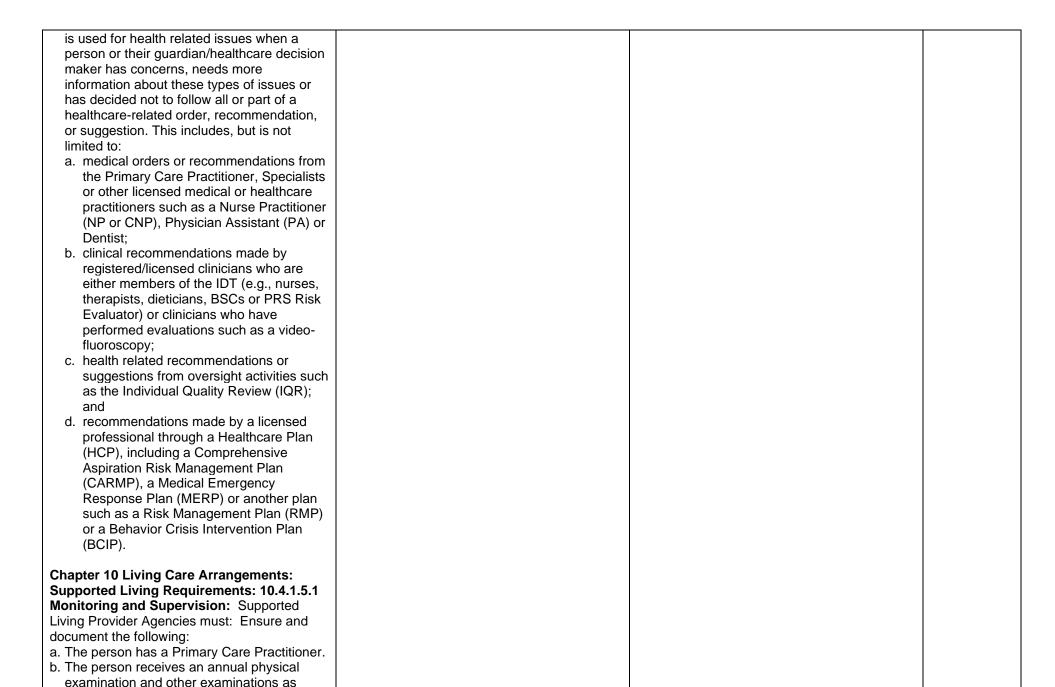

June 2022

Physician's Orders indicated the following medication were to be given. The following Medications were not documented on the Medication Administration Records:

- Acetaminophen 325 mg (PRN)
- Acetaminophen 500 mg (PRN)
- Artificial Tears (PRN)
- Bactine (PRN)
- Benadryl (PRN)
- Calamine Lotion (PRN)
- Claritin (PRN)
- Debrox PRN)
- Dimetapp (PRN)
- Ibuprofen 200 mg (PRN)
- Ibuprofen 400 mg (PRN)
- Imodium (PRN)
- Kaopectate (PRN)

	ecommended by a Primary Care		
	Practitioner or specialist.		
	The person receives annual dental check-		
	ups and other check-ups as recommended		
	by a licensed dentist.		
	The person receives a hearing test as		
	recommended by a licensed audiologist.		
r	The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist.		
Ag	ency activities occur as required for follow-		
up	activities to medical appointments (e.g.,		
trea	atment, visits to specialists, and changes in		
me	dication or daily routine).		
Ch	apter 20: Provider Documentation and		
Cli	ent Records: 20.2 Client Records		
Re	quirements: All DD Waiver Provider		
Ag	encies are required to create and maintain		
ind	ividual client records. The contents of client		
	ords vary depending on the unique needs of		
	person receiving services and the resultant		
	ormation produced. The extent of		
	cumentation required for individual client		
	ords per service type depends on the		
	ation of the file, the type of service being		
	vided, and the information necessary.		
	Waiver Provider Agencies are required to		
	nere to the following:		
1.	Client records must contain all documents		
	essential to the service being provided and		
	essential to ensuring the health and safety		
	of the person during the provision of the		
	service.		
2.	Provider Agencies must have readily		
	accessible records in home and community		
	settings in paper or electronic form. Secure		
	access to electronic records through the		
	Therap web-based system using		
	computers or mobile devices are		

acceptable.

3. Provider Agencies are responsible for ensuring that all plans created by nurses,

	RDs, therapists or BSCs are present in all		
	settings.		
4.	Provider Agencies must maintain records		
	of all documents produced by agency		
	personnel or contractors on behalf of each		
	person, including any routine notes or data,		
	annual assessments, semi-annual reports,		
	evidence of training provided/received,		
	progress notes, and any other interactions		
	for which billing is generated.		
5.	Each Provider Agency is responsible for		
	maintaining the daily or other contact notes		
	documenting the nature and frequency of		
	service delivery, as well as data tracking		
	only for the services provided by their		
_	agency.		
6.	The current Client File Matrix found in

medications.

Chapter 13 Nursing Services: 13.1 Overview		
of The Nurse's Role in The DD Waiver and		
Larger Health Care System:		
Routine medical and healthcare services are		
accessed through the person's Medicaid State		
Plan benefits and through Medicare and/or		
private insurance for persons who have these		
additional types of insurance coverage. DD		
Waiver health related services are specifically		
designed to support the person in the		
community setting and complement but may		
not duplicate those medical or health related		
services provided by the Medicaid State Plan		
or other insurance systems.		
Nurses play a pivotal role in supporting		
persons and their guardians or legal Health		
Care Decision makers within the DD Waiver		
and are a key link with the larger healthcare		
system in New Mexico. DD Waiver Nurses		
identify and support the person's preferences		
regarding health decisions; support health		
awareness and self-management of		
medications and health conditions; assess,		
plan, monitor and manage health related		
issues; provide education; and share		
information among the IDT members including		
DSP in a variety of settings, and share		
information with natural supports when		
requested by individual or guardian. Nurses		
also respond proactively to chronic and acute		
health changes and concerns, facilitating		
access to appropriate healthcare services. This		
involves communication and coordination both		
within and beyond the DD Waiver. DD Waiver		
nurses must contact and consistently		
collaborate with the person, guardian, IDT		
members, Direct Support Professionals and all		
medical and behavioral providers including		
Medical Providers or Primary Care		
Practitioners (physicians, nurse practitioners or		
physician assistants), Specialists, Dentists,		
and the Medicaid Managed Care Organization		
(MCO) Care Coordinators.

Requirements			
DD Waiver Provider Agencies must maintain	Progress notes and billing records supported		
all records necessary to demonstrate proper	billing activities for the months of March, April		
provision of services for Medicaid billing. At a	and May 2022 for the following services:		
minimum, Provider Agencies must adhere to			
the following:	Family Living		
The level and type of service provided must			
be supported in the ISP and have an	Customized Community Supports		
approved budget prior to service delivery			
and billing.			
Comprehensive documentation of direct			
service delivery must include, at a minimum:			
a. the agency name;			
b. the name of the recipient of the service;			
c. the location of the service;			
d. the date of the service;			
e. the type of service;			
f. the start and end times of the service;			
g. the signature and title of each staff			
member who documents their time; and			
3. Details of the services provided. A Provider			
Agency that receives payment for treatment, services, or goods must retain all medical			
and business records for a period of at least			
six years from the last payment date, until			

QMB Report of Findings – Animas Valley Caring Hands, LLC – Northwest – July 11 – 21, 2022

- ongoing audits are settled, or until involvement of the state Attorney General is completed regarding settlement of any claim, whichever is longer.

 4. A Provider Agency that receives payment
- 4. A Provider Agency that receives payment for treatment, services or goods must retain all medical and business records relating to any of the following for a period of at least six years from the payment date:
 - a. treatment or care of any eligible recipient;
 - b. services or goods provided to any eligible recipient;
 - c. amounts paid by MAD on behalf of any eligible recipient; and
 - d. any records required by MAD for the administration of Medicaid.

21.7 Billable Activities:

Specific billable activities are defined in the scope of work and service requirements for each DD Waiver service. In addition, any billable activity must also be consistent with the person's approved ISP.

- **21.9 Billable Units**: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit, or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.

1.9.2 Requirements for Monthly Units: For
ervices billed in monthly units, a Provider
gency must adhere to the following:
. A month is considered a period of 30 calendar days.
 Face-to-face billable services shall be provided during a month where any portion of a monthly unit is billed.
 Monthly units can be prorated by a half unit.
1.9.4 Requirements for 15-minute and
ourly units: For services billed in 15-minute
r hourly intervals, Provider Agencies must
dhere to the following:
. When time spent providing the service is not exactly 15 minutes or one hour,
Provider Agencies are responsible for
reporting time correctly following NMAC
8.302.2.
2. Services that last in their entirety less than eight minutes cannot be billed

Date: October 27, 2022

To: James McDonald, President

Provider: Animas Valley Caring Hands, LLC

657 West Maple Street Address:

State/Zip: Farmington, New Mexico 74015

E-mail Address: mcdonald@avchnm.com

Region: Northwest

Survey Date: July 11 – 21, 2022

Program Surveyed: **Developmental Disabilities Waiver**

Service Surveyed: Family Living and Customized Community Supports

Survey Type: Routine

Dear Mr. McDonald,

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
