

EMS DNR

INSTRUCTIONS

Purpose

This standardized **EMS-DNR Order (Order)** has been developed by the EMS Bureau within the Epidemiology and Response Division of the New Mexico Department of Health (DOH). It is in compliance with Section 24-10B-4I, NMSA 1978 which directs the EMS Bureau to develop a program to authorize EMS providers to honor advance directives to withhold or terminate care. The program is described fully in NMAC 7.27.6. A copy may be obtained by calling the EMS Bureau at 505-476-8200 or online at www.nmems.org.

For covered persons in cardiac or respiratory arrest, resuscitative measures to be withheld include external chest compressions, intubation, defibrillation, administration of cardiac medications and artificial respiration. The **Order** does not effect the provision of other emergency medical care, including oxygen administration, suctioning, control of bleeding, administration of analgesics and comfort care.

Applicability

This **Order** applies only to resuscitation attempts by health care providers in the **prehospital** setting --i.e., in patients' homes, in a long term care facility, during transport to or from a health care facility, or in other locations outside acute care hospitals.

Instructions

Any adult person may execute an **Order** in conjunction with a physician. The physician, or physician's designee, shall explain to the person the full meaning of the **Order**, the available alternatives and how the **Order** may be revoked. Both the physician, or the physician's designee upon a verbal order from the physician, and the person for whom the **Order** is executed, shall sign the **Order**.

If the person for whom the **Order** is contemplated is unable to give informed consent, or is a minor, the physician, or physician's designee, shall provide the same explanation of the **Order**, the available alternatives, and how the **Order** may be revoked to an authorized health care decision maker. If the authorized health care decision maker gives informed consent, both the physician, or the physician's designee upon a verbal order from the physician, and the authorized health care decision maker shall sign the document

ONE SIGNED COPY of the **Order** should be retained by the patient and placed in an envelope. Staple the Envelope Cover Sheet (which is included in this PDF document) "**EMS DNR Order inside**" to the envelope. The completed form (and/or the approved EMS bracelet or neck medallion) must

be readily available to EMS personnel in order for the **Order** to be honored. Resuscitation attempts may be initiated until the form (or EMS bracelet/medallion) is presented and the identity of the patient is confirmed by the EMS personnel. It is recommended that the white envelope containing the **Order** be located in an obvious place that is readily available to emergency responders.

ONE SIGNED COPY should be retained by the physician and made part of the patient's permanent medical record. Additional copies should be made so that the **Order** can be maintained in all of the appropriate medical records.

ONE SIGNED COPY of the form may be used by the patient to order an *optional* EMS bracelet or neck medallion inscribed with the words "DO NOT RESUSCITATE - EMS". The MedicAlert Foundation (2323 Colorado Avenue, Turlock, CA 95382) is the EMS Bureau approved supplier of the medallions, which will be issued only upon receipt of the properly completed **Order** (together with an enrollment form and the appropriate fee). If a MedicAlert enrollment form is needed, call 1.888.633.4298 and ask for an EMS-DNR form. The fee can be waived for patients who cannot afford it, as certified by the physician or the physician's designee. Although optional, use of an EMS-DNR bracelet facilitates prompt identification of the patient and therefore is strongly encouraged.

Revocation

An **Order** may be revoked at any time orally or by performing an act such as burning, tearing, canceling, obliterating or by destroying the order of any part of it by the person on whose behalf it was executed or by the persons' authorized health care decision maker. If an **Order** is revoked, the patient's physician should be notified immediately and all copies of the form should be destroyed, including any copies on file with MedicAlert Foundation. All medallions and associated wallet cards should be destroyed.
