## Introduction

Consultants help Mi Via participants navigate throughout all the Mi Via processes. Consultant agency providers must be approved by the state. Consultants provide education, assistance and guidance, such as with eligibility, pre-planning and development of the Service and Support Plan and the emergency back-up plan.

The consultant offers information and tools, such as but not limited to, training and support with implementation of the approved plan and budget, hiring and supervising employees and providers, managing services, ensuring supports and monitoring the health and safety of a Mi Via participant.
