ACQ Subcommittee,

Thank you again for participating in the ACQ Subcommittee Meeting that took place on January 10th. The Developmental Disabilities Supports Division (DDSD), who is working with Public Consulting Group LLC (PCG) heard valuable feedback which we used to improve the instructions and messaging of the rate study tools (the time study and cost report). Providers and vendors will receive instructions and invitations to training webinars this week.

After considering the discussion at the Subcommittee meeting, PCG and DDSD agree these tools are not appropriate for the development of Mi Via rates. PCG will move forward with analyzing how Mi Via employee service delivery differs from Mi Via vendor agency service delivery and from DD waiver service delivery using alternative methods. We will work with DDSD and keep the ACQ subcommittee updated on next steps.

As always, if you have any questions or comments, please contact the PCG team at the dedicated phone line for this project (833) 528-1736 or by email at NMHCBRateStudy@pcgus.com.
