

NMDOH Mission

The mission of the State of New Mexico, Department of Health is to promote health and wellness, improve health outcomes, and assure safety net services for all people in New Mexico

Our History

Turquoise Lodge Hospital (TLH) was founded in 1952, serving adult patients with alcohol addiction. In 2007, the hospital moved after 54 years from its Southwest valley location to its current Albuquerque location, serving adults with alcohol and drug addictions.

Turquoise Lodge Mission

To provide excellent quality health care and clinical treatment to individuals seeking the specialized services we provide.

**Leading with innovation;
Serving with compassion**

Turquoise Lodge Hospital is a program of the State of New Mexico, Department of Health.

Turquoise Lodge Hospital

IOP & INPATIENT SERVICES

Turquoise Lodge Hospital (TLH) provides substance abuse treatment to adult New Mexico residents 18 years and older.

We offer Intensive Outpatient (IOP) for local residents and inpatient medical detoxification and social rehabilitation services for residents of the entire State of New Mexico.

Our Clinical Team consists of professionally licensed Medical Psychiatric, Pharmacy, Nursing and Counseling staff. Our Professional staff has training and education in the field of addictions.

Priority patients for services include pregnant and parenting women, injecting drug users, and men & women in the process of regaining custody of their children.

To Request Treatment
Admissions Department hours are
7:30AM to 5:00PM, M-F

(505)841-8978 Option 4

OUR PROGRAMS

Intensive Outpatient (IOP) – *If you live in the greater Albuquerque area and would like some structure and support for relapse prevention, contact us to schedule an Evaluation for IOP Services. IOP services meet multiple times weekly and typically last 3-6 months*

Inpatient Adult Detox – *We provide Medical and Nursing care twenty-four hours per day, seven days a week in a hospital setting. The average length of detox stay depends on the individual. A medical detox typically lasts 3-6 days.*

Inpatient Adult Rehab – *If you do not require detoxification, but have been unsuccessful in managing substance use relapse within an outpatient program, contact us about our social rehabilitation program. Our social rehab program is about 21 days long.*

OUR COMMITMENTS

Our commitments to you during your treatment are to:

- Provide you with a safe and protective environment*
- Help you to resolve your acute symptoms*
- Encourage your participation in a program with community of peers*
- Assist you to develop recovery skills in your continued effort to grow as an individual and to live your life substance free*

Safety and Quality of Care

Safety and quality of care are vital to our program. If you have any questions or concerns about patient care and safety, please feel free to call
