

Public Respondent	Feedback	DDSD Response
8/16/17 Forum	Confusion...MUST vs. SHOULD	Thank you. DDSD will clarify.
8/16/17 Forum	More clear direction needed to help agencies craft good policies and procedures	DDSD does not provide direction on how provider agencies write their policies and procedures.
8/16/17 Forum	Concerns re liability	Clarification is needed on this comment.
8/16/17 Forum	What if Provider's policies and procedures aren't strong?	DDSD does not provide direction on how provider agencies write their policies and procedures.
8/16/17 Forum	Clarification needed re "agency provided vehicles"	Changed to "All vehicles..."
8/16/17 Forum	P2 i- clarify "maintain communication"	This has been deleted.
8/16/17 Forum	E - generalize to any vehicle vs. agency provided vehicle	Changed to "All vehicles..."
8/16/17 Forum	CCS - when agencies have staff use their own personal vehicle?	Clarification is needed on this comment.
survey monkey	<p>This is not clear what vehicles are being used- is this for agency vehicles, or staff vehicles? Agencies should develop her own guidelines/policies. Can we please get clarification related to who this applies to? These items should be considered as guidelines to policy development- it is considered "best practice" but it is not required to specifically discuss each item in the policy. Related to defensive driving course- this is recommended and at the agency discretion. Some providers feel that this should be limited to agency provider vehicles. - this is also relevant for provider agencies who use staff vehicles for transport. Some agencies outline the differences in the specific circumstances related different transportation methods. Will NMAC be revised to reflect some of the changes? If needed- these are in the process of being revised. What happens after the feedback is done? Stakeholders would like to see the project before it is officially rolled out/published.</p>	DDSD does not provide direction on how provider agencies write their policies and procedures.
