

**APPENDIX F**

**REFERRAL LISTS**

## APPENDIX F

### REFERRALS

Title X clinics must provide for coordination and use of referrals and linkages with primary healthcare providers, other providers of healthcare services, local health and welfare departments, hospitals, voluntary agencies, and health services projects supported by other federal programs, who are in close proximity to the Title X site, when feasible, in order to promote access to services and provide a seamless continuum of care.

Local Staff must keep a current list of local providers by service.

## VII. Other Title X Clinics

Title X service sites that are unable to provide clients with access to a broad range of acceptable and effective medically approved family planning methods and services, must be able to provide a prescription to the client for their method of choice or referrals to another provider, as requested. (42 CFR § 59.5(a)(1))

The Title X Family Planning Clinic Locator provides information about clinics that offer a broad range of family planning and preventive health services.
