

# Arkansas WIC Approved Formulas

Effective February 1, 2017

## **Standard Formula**

Similac Advance  
Similac Soy Isomil

## **Special/Exempt Formula (required medical documentation/prescription)**

Alfamino Infant  
Alfamino Junior Unflavored  
Alimentum (RTU only)  
Boost Kid Essentials (vanilla, chocolate or strawberry)  
Gerber Extensive HA  
EnfaCare  
Nutramigen Enflora LGG  
Nutramigen with DHA & ARA (concentrate and RTU)  
Nutren Junior 1.0  
Nutren Junior 1.0 with Fiber  
PKU Periflex Early Years  
PKU Periflex Junior Plus  
Portagen  
Pregestimil  
Similac PM 60/40

## New Mexico Contract and Special formula tables

Formula food class codes are updated periodically. If you do not find a formula you need in this list, please call the state office at 505-476-8809 for assistance. This list was updated **01/09/2018**. The formulas are issued with the Min-Max tables in the WIC system under 7 CFR part 246 Final Food Rule 2014.

This document is electronically posted to WIC doc library, Quick WIC, and WIC policy Manual Contract and Special Formula.

This table lists formula class codes for contract powder, concentrate and ready to feed formulas. The "H" on food packages indicates a half formula code or half package.

### Legend:

Yellow: to be inactivated or discontinued, metabolic formulas may be inactive due to rare need/ high cost. Please call the state office to verify need for metabolic formula. Food Manager is 505-476-8809

Blue: new formula

Green: may no longer be produced, or product has changed sizes

Pink: Star Medical or store's pharmacy special order.

May not be available in retail store, may require special order

6 pack

**Abbott is the formula contractor as of October 1, 2015.**

**This Contract runs until September 30, 2018. Contract formulas are no exceptions allowed. No other milk or soy based formula from another manufacturer will be allowed to be issued to clients.**

**Similac Advance and Similac Soy Isomil contain 20 cal per oz. and will be provided to WIC clients who require milk or soy based formulas.**

**Abbott "Mild Tolerance" products such as Similac Total Comfort or Similac Sensitive are 19 cal per oz. and are not allowed on the current 2015-2018 contract.**

**New Mexico Contract and Special formula tables**
