Survey Date: February 9 – 13, 2015

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2012: Living Supports (Supported Living, Family Living); Inclusion Supports (Customized

Community Supports, Community Integrated Employment Services) and Other (Customized In-

Home Supports, Adult Nursing Services)

2007: Community Living (Supported Living) and Community Inclusion (Adult Habilitation,

Supported Employment)

Survey Type: Routine

Team Leader: Deb Russell, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Team Members: Corrina Strain, RN, BSN, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Jesus Trujillo, RN, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Russell Cain, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Stephanie Roybal, BA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Florence Mulheron, BA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Mr. James;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

#### **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

## Partial Compliance with Conditions of Participation

The following tags are identified as Condition of Participation Level Deficiencies:

#### **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

QMB Report of Findings - High Desert Family Services, Inc. - Southeast Region - February 9 - 13, 2015

- Tag # 1A32 and LS14 / 6L14 Individual Service Plan Implementation
- Tag # 1A28.1 Incident Management System Personnel Training
- Tag # 1A37 Individual Specific Training

This determination is based on non-compliance with one or more CMS waiver assurances at the Condition of Participation level as well as Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

#### Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Plan of Correction Coordinator 5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Anthony Fragua at 505-231-7436 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Deb Russell

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-231-7436 or email at <a href="mailto:Anthony.Fragua@state.nm.us">Anthony.Fragua@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

# Instructions for Completing Agency POC:

# Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

# The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur

QMB Report of Findings - High Desert Family Services, Inc. - Southeast Region - February 9 - 13, 2015

- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc.;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

# **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

#### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Anthony Fragua at 505-231-7436 for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Anthony Fragua, POC Coordinator in any of the following ways:
  - a. Electronically at Anthony.Fragua@state.nm.us (preferred method)
  - b. Fax to 505-222-8661. or
  - c. Mail to POC Coordinator, 5301 Central Avenue NE, Suite 400, Albuquerque, NM 87108

QMB Report of Findings – High Desert Family Services, Inc. – Southeast Region – February 9 – 13, 2015

- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers
  are indicated on each document submitted. Documents which are not annotated with the Tag number
  and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings. In addition to this, we ask that you submit:
  - Evidence of an internal audit of billing/reimbursement conducted for a sample of individuals and timeframes of your choosing to verify POC implementation;
  - Copies of "void and adjust" forms submitted to Xerox State Healthcare, LLC to correct all
    unjustified units identified and submitted for payment during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

# **Conditions of Participation (CoPs)**

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for

significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

# CoPs and Service Domains for Case Management Supports are as follows:

## **Service Domain: Level of Care**

Condition of Participation:

1. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

# **Service Domain: Plan of Care**

Condition of Participation:

2. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

# Condition of Participation:

3. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

# **CoPs and Service Domain for ALL Service Providers is as follows:**

# **Service Domain: Qualified Providers**

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

#### CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

#### **Service Domain: Plan of Care**

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

# Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

#### Condition of Participation:

7. **Individual Health, Safety and Welfare (Healthcare Oversight)**: The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

QMB Report of Findings – High Desert Family Services, Inc. – Southeast Region – February 9 – 13, 2015

#### **QMB Determinations of Compliance**

# Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

# Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

## Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

#### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="http://dhi.health.state.nm.us/qmb">http://dhi.health.state.nm.us/qmb</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRC process, email the IRF Chairperson, Crystal Lopez-Beck at <a href="mailto:Cystal.Lopez-Beck@state.nm.us">Cystal.Lopez-Beck@state.nm.us</a> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

New Mexico Department of Health (DOH) Developmental Disabilities Supports Division (DDSD) Policy Title: Vocational Assessment Profile Policy Eff July 16, 2008 I. PURPOSE: The intent of the policy is to ensure that individuals are identified who could benefit from Vocational Assessment Profiles (VAPs) and are supported to access this support.	Based on record review, the Agency did not maintain a confidential case file for each individual receiving Community Integrated Employment Services / Supported Employment Services for 1 of 6 individuals.  Review of the Agency individual case files revealed the following items were not found, incomplete, and/or not current:	Provider: State your Plan of Correction for the deficiencies cited in this tag here: →	
II. POLICY STATEMENT: Individuals served under the Developmental Disabilities Medicaid Waiver (DDW) who express an interest in obtaining employment or exploring employment opportunities, or individuals who desire a VAP and those whose teams identify that they could benefit from a VAP, will have access to a VAP in accordance to the DDW Service Standards and related procedures.	Vocational Assessment (#9)	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →	
Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013 CHAPTER 5 (CIES) 3. Agency Requirements H. Consumer Records Policy: All Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Consumer Records Policy. Additional documentation that is required to be maintained at the administrative office includes:			
<ol> <li>Vocational Assessments that are of quality and contain content acceptable to DVR and DDSD;</li> <li>Career Development Plans as incorporated in the ISP; and</li> </ol>			

<ol> <li>Documentation of evidence that services provided under the DDW are not otherwise available under the Rehabilitation Act of 1973 (DVR).</li> </ol>		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 5 VII. SUPPORTED EMPLOYMENT SERVICES REQUIREMENTS D. Provider Agency Requirements (1) Provider Agency Records: The provider adheres to the Department of Labor (DOL) wage laws and maintains required certificates and documentation. These documents are subject to review by the DDSD. Each individual's earnings and benefits shall be monitored by the Provider Agency in accordance with the Fair Labor Standards Act. Each individual's earnings and benefits shall be reviewed at least semi-annually by the Supported Employment Provider to ensure the appropriateness of pay rates and benefits.		
(2) The Provider Agency shall maintain a confidential case file for each individual that includes all items listed in section IV.D. above and the following additional items:		
(a) Quarterly progress reports;		
(b) Vocational assessments (A vocational assessment or profile is an objective analysis of a person's interests, skills, needs, career goals, preferences, concerns, in areas that can pertain to an employment outcome and can ultimately be compared to the requirements and attributes of a potential job in order to determine the degree of compatibility as well as identification of training needs). A vocational assessment		

	·	
must be of a quality and content to be acceptable to DVR or DDSD;		
(c) Career development plan as incorporated in the ISP; a career development plan consists of the vocational assessment and the ISP Work/Learn Action Plan that specifies steps necessary towards a successful employment outcome and identifies the people who will complete specific tasks including the individual, as well and a review and reporting mechanism for mutual accountability; and		
(d) Documentation of decisions concerning the Division of Vocational Rehabilitation that services provided under the Waiver are not otherwise available under the Rehabilitation Act of 1973.

<ul><li>iii. The types of information used to measure performance; and,</li></ul>			

iv. The frequency with which performance is		
measured.		
Developmental Disabilities (DD) Waiver Service		
Standards effective 11/1/2012 revised 4/23/2013		
CHAPTER 5 (CIES) 3. Agency Requirements: J.		
Quality Assurance/Quality Improvement		
(QA/QI) Program: Agencies must develop and		
maintain an active QA/QI program in order to		
assure the provision of quality services. This		
includes the development of a QA/QI plan, data		
gathering and analysis, and routine meetings to		
analyze the results of QA/QI activities.		
Development of a QA/QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements, achieving		
desired outcomes and identifying opportunities for		
improvement. The quality management plan		
describes the process the Provider Agency uses in		
each phase of the process: discovery, remediation		
and improvement. It describes the frequency, the		
source and types of information gathered, as well		
as the methods used to analyze and measure		
performance. The quality management plan		
should describe how the data collected will be		
used to improve the delivery of services and		
methods to evaluate whether implementation of		
improvements are working.		
2. Implementing a QA/QI Committee: The QA/QI		
committee must convene on at least a quarterly		
basis and as needed to review service reports, to		
identify any deficiencies, trends, patterns or		
concerns as well as opportunities for quality		
improvement. The QA/QI meeting must be		
documented. The QA/QI review should address at		
least the following:		
a.Implementation of ISPs: extent to which		
services are delivered in accordance with ISPs		
and associated support plans with WDSI		
including the type, scope, amount, duration and		

frequency specified in the ISP as well as		
effectiveness of such implementation as		
indicated by achievement of outcomes;		
<ol><li>The Provider Agency must complete a QA/QI</li></ol>		
report annually by February 15 <sup>th</sup> of each calendar		
year or as otherwise requested by DOH. The		
report must be kept on file at the agency, made		
available for review by DOH and upon request from		
DDSD; the report must be submitted to the relevant		
DDSD Regional Offices. The report will		
summarize:		
<ul> <li>a. Analysis of General Events Reports data in</li> </ul>		
Therap;		
<ul> <li>b. Compliance with Caregivers Criminal History</li> </ul>		
Screening requirements;		
<ul> <li>c. Compliance with Employee Abuse Registry</li> </ul>		
requirements;		
<ul> <li>d. Compliance with DDSD training requirements;</li> </ul>		
e. Patterns of reportable incidents;		
f. Results of improvement actions taken in		
previous quarters;		
<ul><li>g. Sufficiency of staff coverage;</li></ul>		
h. Effectiveness and timeliness of implementation		
of ISPs, and associated support including		
trends in achievement of individual desired		
outcomes;		
<ol> <li>Results of General Events Reporting data</li> </ol>		
analysis;		
j. Action taken regarding individual grievances;		
k. Presence and completeness of required		
documentation;		
I. A description of how data collected as part of		
the agency's QA/QI Plan was used; what quality		
improvement initiatives were undertaken and		
what were the results of those efforts, including		
discovery and remediation of any service		
delivery deficiencies discovered through the		
QA/QI process; and		
m. Significant program changes.		

Screening requirements;

e. Presence and completeness of required documentation;  f. A description of how data collected as part of the agency's QI plan was used; what quality improvement initiatives were undertaken and what were the results of those efforts, including discovery and remediation of any service delivery deficiencies discovered through the QI process; and g. Significant program changes.  CHAPTER 7 (CIHS) 3. Agency Requirements: G. includes the development of a QA/QI plan, data gathering and analysis, and routine meetings to			
gathering and analysis, and routine meetings to			
	analyze the results of QA/QI activities.		

1. Development of a QA/QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements, achieving		
desired outcomes and identifying opportunities for		
improvement. The quality management plan		
describes the process the Provider Agency uses in		
each phase of the process: discovery, remediation		
and improvement. It describes the frequency, the		
source and types of information gathered, as well		
as the methods used to analyze and measure		
performance. The quality management plan		
should describe how the data collected will be		
used to improve the delivery of services and		
methods to evaluate whether implementation of		
improvements are working.		
2. Implementing a QA/QI Committee: The QA/QI		
committee shall convene on at least a quarterly		
basis and as needed to review monthly service		
reports, to identify any deficiencies, trends,		
patterns or concerns as well as opportunities for		
quality improvement. The QA/QI meeting must be		
documented. The QA/QI review should address at		
least the following:		
a. Implementation of ISPs: The extent to which		
services are delivered in accordance with ISPs		
and associated support plans and/or WDSI		
including the type, scope, amount, duration and		
frequency specified in the ISP as well as		
effectiveness of such implementation as		
indicated by achievement of outcomes;		
•		
b. Analysis of General Events Reports data;		
c. Compliance with Caregivers Criminal History		
Screening requirements;		
Coroning requirements,		
d. Compliance with Employee Abuse Registry		
requirements:		

e. Compliance with DDSD training requirements;		
f. Patterns of reportable incidents; and		
g. Results of improvement actions taken in previous quarters.		
3. The Provider Agency must complete a QA/QI report annually by February 15 <sup>th</sup> of each calendar year, or as otherwise request by DOH. The report must be kept on file at the agency, made available for review by DOH and, upon request from DDSD the report must be submitted to the relevant DDSD Regional Offices. The report will summarize:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of implementation of ISPs and associated support plans and/or WDSI, including trends in achievement of individual desired outcomes;		
c. Results of General Events Reporting data analysis;		
d. Action taken regarding individual grievances;		
e. Presence and completeness of required documentation;		
f. A description of how data collected as part of the agency's QA/QI plan was used; what quality improvement initiatives were undertaken and what were the results of those efforts, including discovery and remediation of any service delivery deficiencies discovered through the QI process; and		
g. Significant program changes.		
CHAPTER 11 (FL) 3. Agency Requirements: H. Quality Improvement/Quality Assurance (QA/QI) Program: Family Living Provider		

Agencies must develop and maintain an active	
QA/QI program in order to assure the provision of	
quality services. This includes the development of	
a QA/QI plan, data gathering and analysis, and	
routine meetings to analyze the results of QA/QI	
activities.	
Development of a QA/QI plan: The quality	
management plan is used by an agency to	
continually determine whether the agency is	
performing within program requirements, achieving	
desired outcomes and identifying opportunities for	
improvement. The quality management plan	
describes the process the Provider Agency uses in	
each phase of the process: discovery, remediation	
and improvement. It describes the frequency, the	
source and types of information gathered, as well	
as the methods used to analyze and measure	
performance. The quality management plan	
should describe how the data collected will be	
used to improve the delivery of services and	
methods to evaluate whether implementation of	
improvements are working.	
2. Implementing a QA/QI Committee: The QA/QI	
committee must convene on at least a quarterly	
basis and as needed to review monthly service	
reports, to identify any deficiencies, trends,	
patterns or concerns as well as opportunities for	
quality improvement. The QA/QI meeting must be	
documented. The QA/QI review should address at	
least the following:	
The extent to which services are delivered in	
accordance with the ISP including the type,	
scope, amount, duration and frequency	
specified in the ISP as well as effectiveness of	
such implementation as indicated by	
achievement of outcomes;	
b. Analysis of General Events Reports data;	
c. Compliance with Caregivers Criminal History	
Screening requirements;	
d. Compliance with Employee Abuse Registry	
requirements;	

e. Compliance with DDSD training requirements;		
f. Patterns in reportable incidents; and		
g. Results of improvement actions taken in		
previous quarters.		
providuo quartoro.		
3. The Provider Agency must complete a QA/QI		
report annually by February 15 <sup>th</sup> of each year, or		
as otherwise requested by DOH. The report must		
be kept on file at the agency, made available for		
review by DOH and upon request from DDSD; the		
report must be submitted to the relevant DDSD		
Regional Offices. The report will summarize:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of implementation		
of ISPs, including trends in achievement of		
individual desired outcomes;		
c. Results of General Events Reporting data		
analysis, Trends in category II significant		
events;		
d. Patterns in medication errors;		
e. Action taken regarding individual grievances;		
f. Presence and completeness of required		
documentation;		
g. A description of how data collected as part of		
the agency's QI plan was used;		
h. What quality improvement initiatives were		
undertaken and what were the results of those		
efforts, including discovery and remediation of		
any service delivery deficiencies discovered		
through the QI process; and		
<ol> <li>Significant program changes.</li> </ol>		
CHAPTER 12 (SL) 3. Agency Requirements: B.		
Quality Assurance/Quality Improvement		
(QA/QI) Program: Supported Living Provider		
Agencies must develop and maintain an active		
QA/QI program in order to assure the provision of		
quality services. This includes the development of		
a QA/QI plan, data gathering and analysis, and		
routine meetings to analyze the results of QA/QI		
activities.		

1. Development of a QA/QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements, achieving		
desired outcomes and identifying opportunities for		
improvement. The quality management plan		
describes the process the Provider Agency uses in		
each phase of the process: discovery, remediation		
and improvement. It describes the frequency, the		
source and types of information gathered, as well		
as the methods used to analyze and measure		
performance. The quality management plan		
should describe how the data collected will be		
used to improve the delivery of services and		
methods to evaluate whether implementation of		
improvements are working.		
2. Implementing a QA/QI Committee: The QA/QI		
committee must convene on at least a quarterly		
basis and as needed to review monthly service		
reports, to identify any deficiencies, trends,		
patterns, or concerns as well as opportunities for		
quality improvement. The QA/QI meeting must be		
documented. The QA/QI review should address at		
least the following:		
a. Implementation of the ISP and the extent to		
which services are delivered in accordance with		
the ISP including the type, scope, amount,		
duration, and frequency specified in the ISP as		
well as effectiveness of such implementation as		
indicated by achievement of outcomes;		
b. Analysis of General Events Reports data;		
c. Compliance with Caregivers Criminal History		
Screening requirements;		
d. Compliance with Employee Abuse Registry		
requirements;		
e. Compliance with DDSD training requirements;		
f. Patterns in reportable incidents; and	l l	
g. Results of improvement actions taken in		
previous quarters.	l ·	

2.The Provider Agency must complete a QA/QI		
report annually by February 15th of each calendar		
year, or as otherwise requested by DOH. The		
report must be kept on file at the agency, made		
available for review by DOH, and upon request		
from DDSD the report must be submitted to the		
relevant DDSD Regional Offices. The report will		
summarize:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of implementation		
of ISPs, including trends in achievement of		
individual desired outcomes;		
c. Results of General Events Reporting data		
analysis, Trends in Category II significant		
events:		
d. Patterns in medication errors;		
e. Action taken regarding individual grievances;		
f. Presence and completeness of required		
documentation;		
g. A description of how data collected as part of		
the agency's QA/QI plan was used, what quality		
improvement initiatives were undertaken, and		
the results of those efforts, including discovery		
and remediation of any service delivery		
deficiencies discovered through the QI process;		
and		
h. Significant program changes.		
CHAPTER 13 (IMLS) 3. Service Requirements:		
F. Quality Assurance/Quality Improvement		
(QA/QI) Program: Agencies must develop and		
maintain an active QA/QI program in order to		
assure the provision of quality services. This		
includes the development of a QA/QI plan, data		
gathering and analysis, and routine meetings to		
analyze the results of QI activities.		
<ol> <li>Development of a QI plan: The quality</li> </ol>		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements, achieving		
desired outcomes and identifying opportunities for		
improvement. The quality management plan		

describes the process the Provider Agency uses in each phase of the process: discovery, remediation and improvement. It describes the frequency, the source and types of information gathered, as well as the methods used to analyze and measure performance. The quality management plan should describe how the data collected will be used to improve the delivery of services and methods to evaluate whether implementation of improvements are working.	
2. Implementing a QA/QI Committee: The QA/QI committee shall convene on at least on a quarterly basis and as needed to review service reports, to identify any deficiencies, trends, patterns or concerns, as well as opportunities for quality improvement. For Intensive Medical Living providers, at least one nurse shall be a member of this committee. The QA meeting shall be documented. The QA review should address at least the following:  a. Implementation of the ISPs, including the extent to which services are delivered in accordance	
with the ISPs and associated support plans and /or WDSI including the type, scope, amount, duration, and frequency specified in the ISPs as well as effectiveness of such implementation as indicated by achievement of outcomes; b. Trends in General Events as defined by DDSD; c. Compliance with Caregivers Criminal History Screening Requirements; d. Compliance with DDSD training requirements; e. Trends in reportable incidents; and f. Results of improvement actions taken in previous	
quarters.  3. The Provider Agency must complete a QA/QI report annually by February 15 <sup>th</sup> of each calendar year, or as otherwise requested by DOH. The report must be kept on file at the agency, made available for review by DOH and upon request from DDSD; the report must be submitted to the relevant	

DDSD Regional Offices. The report will		1
summarizes:		
Sufficiency of staff coverage;		
b. Effectiveness and timeliness of implementation		
of ISPs and associated Support plans and/or		
WDSI including trends in achievement of		
individual desired outcomes;		
c. Trends in reportable incidents;		
d. Trends in medication errors;		
e. Action taken regarding individual grievances;		
f. Presence and completeness of required		
documentation;		
g. How data collected as part of the agency's		
QA/QI was used, what quality improvement		
initiatives were undertaken, and what were the		
results of those efforts, including discovery and		
remediation of any service delivery deficiencies		
discovered through the QI process; and		
h. Significant program changes.		
n. Olgimount program onangoo.		
CHAPTER 14 (ANS) 3. Service Requirments:		
N. Quality Assurance/Quality Improvement		
(QA/QI) Program: Agencies must develop and		
maintain an active QA/QI program in order to		
assure the provision of quality services. This		
includes the development of a QA/QI plan, data		
gathering and analysis, and routine meetings to		
analyze the results of QI activities.		
1. Development of a QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements, achieving		
desired outcomes and identifying opportunities for		
improvement. The quality management plan		
describes the process the Provider Agency uses in		
each phase of the process: discovery, remediation		
and improvement. It describes the frequency, the		
source and types of information gathered, as well		
as the methods used to analyze and measure		
performance. The quality management plan		
should describe how the data collected will be		
used to improve the delivery of services and		

methods to evaluate whether implementation of		
improvements are working.		
2. Implementing a QA/QI Committee: The QA/QI		
committee shall convene on at least on a quarterly		
basis and as needed to review service reports, to		
identify any deficiencies, trends, patterns or		
concerns, as well as opportunities for quality		
improvement. For Intensive Medical Living		
providers, at least one nurse shall be a member of		
this committee. The QA meeting shall be		
documented. The QA review should address at		
least the following:		
<ul> <li>a. Trends in General Events as defined by DDSD;</li> </ul>		
<ul> <li>b. Compliance with Caregivers Criminal History</li> </ul>		
Screening Requirements;		
c. Compliance with DDSD training requirements;		
d. Trends in reportable incidents; and		
e. Results of improvement actions taken in		
previous quarters.		
<ol><li>The Provider Agency must complete a QA/QI</li></ol>		
report annually by February 15 <sup>th</sup> of each calendar		
year, or as otherwise requested by DOH. The		
report must be kept on file at the agency, made		
available for review by DOH and upon request from		
DDSD; the report must be submitted to the relevant		
DDSD Regional Offices. The report will		
summarizes:		
<ul> <li>a. Sufficiency of staff coverage;</li> </ul>		
<ul><li>b. Trends in reportable incidents;</li></ul>		
c. Trends in medication errors;		
<ul> <li>d. Action taken regarding individual grievances;</li> </ul>		
e. Presence and completeness of required		
documentation;		
f. How data collected as part of the agency's		
QA/QI was used, what quality improvement		
initiatives were undertaken, and what were the		
results of those efforts, including discovery and		
remediation of any service delivery		
deficiencies discovered through the QI		
process; and		

g. Significant program changes		
NMAC 7.1.14.8 INCIDENT MANAGEMENT		
SYSTEM REPORTING REQUIREMENTS FOR		
COMMUNITY-BASED SERVICE PROVIDERS:		
F. Quality assurance/quality improvement		
program for community-based service providers:		
The community-based service provider shall		
establish and implement a quality improvement		
program for reviewing alleged complaints and		
incidents of abuse, neglect, or exploitation against		
them as a provider after the division's investigation is		
complete. The incident management program shall		
include written documentation of corrective actions		
taken. The community-based service provider shall		
take all reasonable steps to prevent further incidents.		
The community-based service provider shall provide		
the following internal monitoring and facilitating		
quality improvement program:		
(1) community-based service providers shall		
have current abuse, neglect, and exploitation		
management policy and procedures in place that		
comply with the department's requirements;		
(2) community-based service providers		
providing intellectual and developmental disabilities		
services must have a designated incident		
management coordinator in place; and		
(3) community-based service providers providing intellectual and developmental disabilities		
services must have an incident management		
committee to identify any deficiencies, trends,		
patterns, or concerns as well as opportunities for		
quality improvement, address internal and external		
incident reports for the purpose of examining		
internal root causes, and to take action on		
identified issues.

CHAPTER 11 (FL) 1 SCOPE OF SERVICES

A. Living Supports- Family Living Services: The scope of Family Living Services includes, but is not limited to the following as identified by the Interdisciplinary Team (IDT):

- **19.** Assisting in medication delivery, and related monitoring, in accordance with the DDSD's Medication Assessment and Delivery Policy, New Mexico Nurse Practice Act, and Board of Pharmacy regulations including skill development activities leading to the ability for individuals to self-administer medication as appropriate; and
- I. Healthcare Requirements for Family Living. 3. B. Adult Nursing Services for medication oversight are required for all surrogate Lining Supports- Family Living direct support personnel if the individual has regularly scheduled medication. Adult Nursing services for medication oversight are required for all

As indicated by the Medication Administration Records the individual is to take Lamotrigine at bedtime daily. According to the Physician's Orders, Lamotrigine 200mg is to be taken in the morning. Medication Administration Record and Physician's Orders do not match.

Individual #11 January 2015

Medication Administration Records contained missing entries. No documentation found indicating reason for missing entries:

 Oxygen Tubing and Nasal Cannula (change on the 1<sup>st</sup> and 15<sup>th</sup> of every month) – Blank 1/1

Individual #21 January 2015

Medication Administration Records did not contain the diagnosis for which the medication is prescribed:

• Hydro/Apap 2.5mg (1 time daily)

surrogate Family Living Direct Support Personnel (including substitute care), if the individual has regularly scheduled medication.  6. Support Living- Family Living Provider Agencies must have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment and Delivery Policy and Procedures, the New Mexico Nurse Practice Act and Board of Pharmacy standards and regulations.	
<ul> <li>a. All twenty-four (24) hour residential home sites serving two (2) or more unrelated individuals must be licensed by the Board of Pharmacy, per current regulations;</li> <li>b. When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) must be maintained and include:</li> </ul>	
i.The name of the individual, a transcription of the physician's or licensed health care provider's prescription including the brand and generic name of the medication, and diagnosis for which the medication is prescribed; ii.Prescribed dosage, frequency and method/route of administration, times and dates of administration; iii.Initials of the individual administering or assisting with the medication delivery; iv.Explanation of any medication error; v.Documentation of any allergic reaction or adverse medication effect; and vi.For PRN medication, instructions for the use of the PRN medication must include observable signs/symptoms or circumstances in which the medication is to be used, and documentation of effectiveness of PRN medication administered.	
c. The Family Living Provider Agency must also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of	

each dose; and

d.	Information from the prescribing pharmacy		
	regarding medications must be kept in the home		
	and community inclusion service locations and		
	must include the expected desired outcomes of		
	administering the medication, signs and		
	symptoms of adverse events and interactions		
	with other medications.		
e.	Medication Oversight is optional if the individual		
	resides with their biological family (by affinity or		
	consanguinity). If Medication Oversight is not		
	selected as an Ongoing Nursing Service, all		
	elements of medication administration and		
	oversight are the sole responsibility of the		
	individual and their biological family. Therefore, a		
	monthly medication administration record (MAR)		
	is not required unless the family requests it and		
	continually communicates all medication changes		
	to the provider agency in a timely manner to		
	insure accuracy of the MAR.		
	i. The family must communicate at least annually		
	and as needed for significant change of		
	condition with the agency nurse regarding the		
	current medications and the individual's		
	response to medications for purpose of		
	accurately completing required nursing		
	assessments.		
	i. As per the DDSD Medication Assessment and		
	Delivery Policy and Procedure, paid DSP who		
	are not related by affinity or consanguinity to the		
	individual may not deliver medications to the		
	individual unless they have completed Assisting		
	with Medication Delivery (AWMD) training. DSP		
	may also be under a delegation relationship with		
	a DDW agency nurse or be a Certified		
	Medication Aide (CMA). Where CMAs are used,		
	the agency is responsible for maintaining		
	compliance with New Mexico Board of Nursing		
	requirements.		
I	i. If the substitute care provider is a surrogate (not		
	related by affinity or consanguinity) Medication		
	Oversight must be selected and provided.		1

# Department of Health Developmental Disabilities Supports Division (DDSD) Medication Assessment and Delivery Policy

- Eff. November 1, 2006

## F. PRN Medication

- 3. Prior to self-administration, selfadministration with physical assist or assisting with delivery of PRN medications, the direct support staff must contact the agency nurse to describe observed symptoms and thus assure that the PRN medication is being used according to instructions given by the ordering PCP. In cases of fever, respiratory distress (including coughing), severe pain, vomiting, diarrhea, change in responsiveness/level of consciousness, the nurse must strongly consider the need to conduct a face-to-face assessment to assure that the PRN does not mask a condition better treated by seeking medical attention. This does not apply to home based/family living settings where the provider is related by affinity or by consanguinity to the individual.
- 4. The agency nurse shall review the utilization of PRN medications routinely. Frequent or escalating use of PRN medications must be reported to the PCP and discussed by the Interdisciplinary for changes to the overall support plan (see Section H of this policy).

## **H. Agency Nurse Monitoring**

1. Regardless of the level of assistance with medication delivery that is required by the individual or the route through which the medication is delivered, the agency nurses No Effectiveness was noted on the Medication Administration Record for the following PRN medication:

Motrin 200mg − PRN − 2/1, 2 (given 1 time)

## Individual #11 January 2015

No Effectiveness was noted on the Medication Administration Record for the following PRN medication:

- Benzonate 200mg − PRN − 1/13, 16 (given 1 time)
- Benzonate 200mg − PRN − 1/14 (given 3 times) No follow-up for 10:00 PM dose.

Individual #22 January 2015

No Effectiveness was noted on the Medication Administration Record for the following PRN medication:

Pepto Bismol – PRN – 1/16 (given 1 time)

QMB Report of Findings – High Desert Family Services, Inc. – Southeast Region – February 9 – 13, 2015

must monitor the individual's response to the		
effects of their routine and PRN medications.		
The frequency and type of monitoring must be		
based on the nurse's assessment of the		
individual and consideration of the individual's		
diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		
individual's response to medication.		
individual 3 response to inedication.		
Department of Health Developmental		
Disabilities Supports Division (DDSD) -		
Procedure Title:		
Medication Assessment and Delivery		
Procedure Eff Date: November 1, 2006		
C. 3. Prior to delivery of the PRN, direct		
support staff must contact the agency nurse to		
describe observed symptoms and thus assure		
that the PRN is being used according to		
instructions given by the ordering PCP. In		
cases of fever, respiratory distress (including		
coughing), severe pain, vomiting, diarrhea,		
change in responsiveness/level of		
consciousness, the nurse must strongly		
consider the need to conduct a face-to-face		
assessment to assure that the PRN does not

support plan (see Section H of this policy).			
H. Agency Nurse Monitoring			
Regardless of the level of assistance with			
medication delivery that is required by the			
individual or the route through which the			
medication is delivered, the agency nurses			
must monitor the individual's response to the			

effects of their routine and PRN medications.		
The frequency and type of monitoring must be		
based on the nurse's assessment of the		
individual and consideration of the individual's		
diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		
individual's response to medication.

The community-based service provider shall ensure all abuse, neglect, exploitation or death reports describing the alleged incident are completed on the division's abuse, neglect, and exploitation or report of death form and received by the division within 24 hours of the verbal report. If the provider has internet access, the report form shall be submitted via the division's website at http://dhi.health.state.nm.us; otherwise it may be submitted via fax to 1-800-584-6057. The

The QMB Nurse Surveyor's observation found that Individual #3 requires total care with all ADLs including tube feeding through a G-Tube. Staff was asked where individual #3 was feed and staff reported that feeding does take place in Individual #3's bedroom. The QMB Nurse Surveyor determined that Individual #3's health is already compromised and adding poor environmental conditions in her sleeping area, feeding area, and showering area can exacerbate her condition.

As a result of what was observed the following incident(s) was reported:

#### Individual #3

 A State Incident Report of Neglect and Environmental Hazard was filed on 2/11/2015. Incident report was reported to DHI.

## **CHAPTER 6. VI. GENERAL** REQUIREMENTS FOR COMMUNITY LIVING G. Health Care Requirements for **Community Living Services.** (1) The Community Living Service providers shall ensure completion of a HAT for each individual receiving this service. The HAT shall be completed 2 weeks prior to the annual ISP meeting and submitted to the Case Manager and all other IDT Members. A revised HAT is required to also be submitted whenever the individual's health status changes significantly. For individuals who are newly allocated to the DD Waiver program, the HAT may be completed within 2 weeks following the initial ISP meeting and submitted with any strategies and support plans indicated in the ISP, or within 72 hours following admission into direct services, whichever comes first. (2) Each individual will have a Health Care Coordinator, designated by the IDT. When the individual's HAT score is 4, 5 or 6 the Health Care Coordinator shall be an IDT member. other than the individual. The Health Care Coordinator shall oversee and monitor health care services for the individual in accordance with these standards. In circumstances where no IDT member voluntarily accepts designation as the health care coordinator, the community living provider shall assign a staff member to this role. (3) For each individual receiving Community Living Services, the provider agency shall ensure and document the following: (a) Provision of health care oversight consistent with these Standards as detailed in Chapter One section III E: Healthcare Documentation by Nurses For Community Living Services, Community

Inclusion Services and Private Duty		
Nursing Services.		
b) That each individual with a score of 4, 5,		
or 6 on the HAT, has a Health Care Plan		
developed by a licensed nurse.		
(c)That an individual with chronic		
condition(s) with the potential to		
exacerbate into a life threatening		
condition, has Crisis Prevention/		
Intervention Plan(s) developed by a		
licensed nurse or other appropriate		
professional for each such condition.		
(4) That an average of 3 hours of documented		
nutritional counseling is available annually, if		
recommended by the IDT.		
(5) That the physical property and grounds are		
free of hazards to the individual's health and		
safety.		
(6) In addition, for each individual receiving		
Supported Living or Family Living Services, the		
provider shall verify and document the		
following:		
(a)The individual has a primary licensed		
physician;		
(b)The individual receives an annual		
physical examination and other		
examinations as specified by a licensed		
physician;		
(c) The individual receives annual dental		
check-ups and other check-ups as		
specified by a licensed dentist;		
(d)The individual receives eye examinations		
as specified by a licensed optometrist or		
ophthalmologist; and		
(e) Agency activities that occur as follow-up		
to medical appointments (e.g. treatment,		
visits to specialists, changes in		
medication or daily routine).		
modication of daily routine).

(Physical Environment – SL/FL)			
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 6. VIII. COMMUNITY LIVING SERVICE PROVIDER AGENCY REQUIREMENTS  L. Residence Requirements for Family Living Services and Supported Living Services	Based on observation and interview, the Agency did not ensure that each individual's residence met all requirements within the standard, which maintains a physical environment which is safe and comfortable for 1 of 4 Supported Living residences.	Provider: State your Plan of Correction for the deficiencies cited in this tag here: →	
(2) Overall each residence shall maintain basic utilities, i.e., gas, power, water, telephone at the residence and shall maintain the physical environment in a safe and comfortable manner for the individuals.	Supported Living Requirements:  During on-site visit (2/10/2015) at 5:20 PM, surveyors observed the following:		
(3) Each individual shall have access to all household equipment and cleaning supplies unless precluded by his or her ISP.	Upon arrival at the residence of Individual #3 surveyors noticed there was a hole approximately 1 inch in diameter and brown staining on the ceiling indicating leakage in	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag	
<ul> <li>(4) Living and Dining Areas shall</li> <li>(a) Provide individuals free use of all space with due regard for privacy, personal possessions and individual interests;</li> </ul>	Individual #3's bedroom. When DSP working in the residence were asked about the hole and staining the following was reported:	number here: →	
<ul> <li>(b) Maintain areas for the usual functions of daily living, social, and leisure activities in a clean and sanitary condition; and</li> <li>(c) Provide environmental accommodations based on the unique needs of the individual.</li> </ul>	DSP #212 stated, "It leaks when it rains/snows." When asked why the hole in the ceiling and damaged area of the ceiling had not been repaired, DSP #212 stated, "We are waiting on the new owners."		
<ul> <li>(5) Kitchen area shall:</li> <li>(a) Possess equipment, utensils, and supplies to properly store, prepare, and serve at least three (3) meals a day;</li> <li>(b) Arrangements will be made, in consultation with the IDT for environmental accommodations and assistive technology devices specific to the needs of the individual(s); and</li> <li>(c) Water temperature is required to be maintained at a safe level to both prevent injury and ensure comfort.</li> </ul>	DSP #212 also reported that the ceiling fan in Individual #3's bedroom does not stop rotating to clean or dust. Dust build up was apparent in the photograph taken by QMB Surveyors during the home visit. In addition, being that the fan does not turn off this in turn affects the individual when being showered as her shower is located in her bedroom, which is an open floor plan, adjacent to her bed. DSP #212 stated, "She (Individual #3)		

- (6) Bedroom area shall:

  (a) At a maximum of two (2) individuals share, with mutual consent, a bedroom and each individual has the right to have his or her own bed;

  (b) All bedrooms shall have doors, which may be closed for privacy

  (c) Physical arrangement of bedrooms
  - (c) Physical arrangement of bedrooms compatible with the physical needs of the individual; and
  - (d) Allow individuals the right to decorate his or her bedroom in a style of his or her choice consistent with a safe and sanitary living conditions.
- (7) Bathroom area shall provide:
  - (a) For Supported Living, a minimum of one toilet and lavatory facility for every two (2) individuals with Developmental Disabilities living in the home;
  - (b) Reasonable modifications or accommodations, based on the physical needs of the individual (i.e., shower chairs, grab bars, walk in shower, raised toilets, etc.):
    - Toilets, tubs, showers used by the individual(s) provide for privacy; designed or adapted for the safe provision of personal care; and
    - (ii) Water temperature maintained at a safe level to prevent injury and ensure comfort.

is shivering and cold when showered." "We are waiting on the new owners."

The QMB Nurse Surveyor's observation found that Individual #3 requires total care with all ADLs including tube feeding through a G-Tube. Staff was asked where individual #3 was feed and staff reported that feeding does take place in Individual #3's bedroom. The QMB Nurse Surveyor determined that Individual #3's health is already compromised and adding poor environmental conditions in her sleeping area, feeding area, and showering area can exacerbate her condition.

Dear Mr. James:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

# Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will be need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, your case will be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Amanda Castañeda

Amanda Castañeda Health Program Manager/Plan of Correction Coordinator Quality Management Bureau/DHI
