Region: Northeast

Survey Date: October 7 - 13, 2016

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2012: Living Supports (Supported Living); Inclusion Supports (Customized Community

Supports, Community Integrated Employment Services)

2007: Community Living (Supported Living)

Survey Type: Routine

Team Leader: Chris Melon, MPA, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Team Members: Tricia Hart, AAS, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Deb Russell, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau and Corrina Strain, RN, BSN, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau

Dear Ms. Gordon,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Partial Compliance with Conditions of Participation

The following tags are identified as Condition of Participation Level Deficiencies:

Tag # 1A05 General Provider Requirements

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

- Tag # 1A07 Social Security Income (SSI) Payment
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A25 Criminal Caregiver History Screening

This determination is based on noncompliance with one or more CMS waiver assurances at the Condition of Participation level as well as Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

During the exit interview of your on-site survey Attachment A on the Plan of Correction Process was provided to you. Please refer to Attachment A for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done? (i.e. file reviews, periodic check with checklist, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORI, etc.)

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a Void/Adjust claims or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via

check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG Program Integrity Unit 2025 S. Pacheco Street Santa Fe, New Mexico 87505

Or if using UPS, FedEx, DHL (courier mail) send to physical address at:

Attention: Lisa Medina-Lujan HSD/OIG Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

Please be advised that there is a one-week lag period for applying payments received by check to Voided/Adjusted claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Chris Melon, MPA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur
- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and

- sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc.;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they
 meet requirements, how the timeliness of LOC packet submissions and consumer visits are
 tracked:
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
 - b. Fax to 575-528-5019, or
 - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."

- a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
- b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
- c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
- d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
- e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in the following Service Domains.

Case Management Services (Four Service Domains):

- Plan of Care: ISP Development & Monitoring
- Level of Care
- Qualified Providers
- Health, Safety and Welfare

Community Living Supports / Inclusion Supports (Three Service Domains):

- Service Plans: ISP Implementation
- Qualified Provider
- Health, Safety and Welfare

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for

significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Plan of Care ISP Development & Monitoring

Condition of Participation:

1. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

2. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

Service Domain: Level of Care

Condition of Participation:

3. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Service Plan: ISP Implementation

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes / action step.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. **Individual Health, Safety and Welfare (Healthcare Oversight)**: The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains and/or 6 or more Condition of Participation level deficiencies overall, as well as widespread Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: http://dhi.health.state.nm.us/qmb
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at Crystal.Lopez-Beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: D. Provider Agency Case File for the Individual: All Provider Agencies shall maintain at the administrative office a confidential case file for each individual. Case records belong to the individual receiving services and copies shall be provided to the receiving agency whenever an individual changes providers. The record must also be made available for review when requested by DOH, HSD or federal government representatives for oversight purposes. The individual's case file shall include the following requirements: (3) Progress notes and other service delivery documentation;		

Tag # 1A32 and LS14 / 6L14 Individual Service Plan Implementation	Standard Level Deficiency		
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan. C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities. The following principles provide direction and purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01]	Based on record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcome and action plan for 1 of 8 individuals. As indicated by Individual's ISP the following was found with regards to the implementation of ISP Outcomes: Residential Files Reviewed: Supported Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes: Individual #4 • According to the Work/Learn Outcome; Actions Steps for "will practice grooming his nails" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 10/1 – 11/2016.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? All case management, living supports, customized in-home supports, community integrated employment and customized community supports providers must maintain records for individuals served through DD Waiver in accordance with the Individual Case File Matrix incorporated in this director's release.		
H. Readily accessible electronic records are accessible, including those stored through the Therap web-based system.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 6. VIII. COMMUNITY LIVING SERVICE PROVIDER AGENCY REQUIREMENTS A. Residence Case File: For individuals receiving Supported Living or Family Living, the Agency shall maintain in the individual's home a complete and current confidential case file for each individual. For individuals receiving Independent Living Services, rather than maintaining this file at the individual's home, the complete and current confidential case file for each individual shall be maintained at the agency's administrative site. Each file shall include the following: (1) Complete and current ISP and all		

supplemental plans specific to the individual;

(2) Complete and current Health Assessment Tool; (3) Current emergency contact information, which includes the individual's address, telephone number, names and telephone numbers of residential Community Living Support providers, relatives, or guardian or conservator, primary care physician's name(s) and telephone number(s), pharmacy name, address and telephone number and dentist name, address and telephone number, and health plan;		
(4) Up-to-date progress notes, signed and dated by the person making the note for at least the past month (older notes may be transferred to the agency office);		
(5) Data collected to document ISP Action Plan implementation		
(6) Progress notes written by direct care staff and by nurses regarding individual health status and physical conditions including action taken in response to identified changes in condition for at least the past month; (7) Physician's or qualified health care providers written orders; (8) Progress notes documenting implementation of a physician's or qualified health care provider's order(s); (9) Medication Administration Record (MAR) for the past three (3) months which includes: (a) The name of the individual; (b) A transcription of the healthcare practitioner's prescription including the brand and generic name of the medication; (c) Diagnosis for which the medication is prescribed;		
(d) Dosage, frequency and method/route of delivery;		
 (e) Times and dates of delivery; (f) Initials of person administering or assisting with medication; and 		
(g) An explanation of any medication irregularity, allergic reaction or adverse effect.		

(h) For PRN medication an explanation for the use of the PRN must include: (i) Observable signs/symptoms or circumstances in which the medication is to be used, and (ii) Documentation of the effectiveness/result of the PRN delivered. (i) A MAR is not required for individuals participating in Independent Living Services who self-administer their own medication. However, when medication administration is provided as part of the Independent Living Services and MAR must be maintained at the individual's home and an updated copy must be placed in the agency file on a weekly basis. (10) Record of visits to healthcare practitioners including any treatment provided at the visit and a record of all diagnostic testing for the current ISP year; and (11) Medical History to include: demographic data, current and past medical diagnoses including the cause (if known) of the developmental disability and any psychiatric diagnosis, slatus for toutine adult health care screenings, immunizations, hospital discharge summaries for past twelve (12) months, past medical history including hospitalizations, surgeries, injuries, family history and current physical exam.

Department of Health (DOH) Developmental Disabilities Supports Division (DDSD) Policy Training Requirements for Direct Service Agency Staff Policy Eff. Date: March 1, 2007 II. POLICY STATEMENTS: 1. Staff providing direct services shall complete safety training within the first thirty (30) days of employment and before working alone with an individual receiving services. The training shall address at least the following: 1. Operating a fire extinguisher 2. Proper lifting procedures 3. General vehicle safety precautions (e.g., pre-trip inspection, removing keys from the ignition when not in the driver's seat) 4. Assisting passengers with cognitive and/or physical impairments (e.g., general guidelines for supporting individuals who may be unaware of safety issues involving traffic or those who require physical assistance to enter/exit a vehicle) 5. Operating wheelchair lifts (if applicable to the staff's role) 6. Wheelchair tie-down procedures (if applicable to the staff's role) 7. Emergency and evacuation procedures (e.g., roadside emergency, fire emergency) NMAC 7.9.2 F. TRANSPORTATION: (1) Any employee or agent of a regulated facility or agency who is responsible for assisting a resident in boarding or alighting from a motor	Based on record review and interview, the Agency did not provide and/or have documentation for staff training regarding the safe operation of the vehicle, assisting passengers and safe lifting procedures for 16 of 21 Direct Support Personnel. No documented evidence was found of the following required training: • Transportation (DSP #200, 201, 204, 205, 206, 207, 210, 211, 212, 213, 214, 216, 217, 218, 219) When DSP were asked if they had received transportation training including training on the agency's policies and procedures following was reported: • DSP #216 stated, "No." • DSP #220 stated, "Not yet."	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to effect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

vehicle must complete a state-approved training	<u>'</u>	
program in passenger transportation assistance		
before assisting any resident. The passenger	<u>'</u>	
transportation assistance program shall be		
comprised of but not limited to the following	<u>'</u>	
elements: resident assessment, emergency		
procedures, supervised practice in the safe		
operation of equipment, familiarity with state		
regulations governing the transportation of		
persons with disabilities, and a method for	<u>'</u>	
determining and documenting successful		
completion of the course. The course	<u>'</u>	
requirements above are examples and may be	<u>'</u>

STATE OF NEW MEXICO DEPARTMENT OF HEALTH DEVELOPMENTAL DISABILITIES SUPPORTS DIVISION PROVIDER AGREEMENT: ARTICLE 17. PROGRAM EVALUATIONS d. PROVIDER shall have a Quality Management and Improvement Plan in accordance with the current MF Waiver Standards and/or the DD Waiver Standards specified by the DEPARTMENT. The Quality Management and Improvement Plan for DD Waiver Providers must describe how the PROVIDER will determine that each waiver assurance and requirement is met. The applicable assurances and requirements are: (1) level of care determination; (2) service plan; (3) qualified providers; (4) health and welfare; (5) administrative authority; and, (6) financial accountability. For each waiver assurance, this description must include: i. Activities or processes related to discovery, i.e., monitoring and recording the findings. Descriptions of monitoring/oversight activities that occur at the individual and provider level of service delivery. These monitoring activities provide a foundation for Quality Management by generating information that can be aggregated and analyzed to measure the overall system performance; ii. The entities or individuals responsible for conducting the discovery/monitoring processes; iii. The types of information used to measure	Based on record review, the Agency had not fully implemented their Continuous Quality Management System as required by standard. • Review of the findings identified during the on-site survey (October 7 – 13, 2016) and as reflected in this report of findings the Agency had multiple deficiencies noted, including Conditions of Participation, which indicates the CQI plan provided by the Agency was not being used to successfully identify and improve systems within the agency.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to effect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →			

performance; and, iv. The frequency with which performance is measured. Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015 **Chapter 1 Introduction:** As outlined in the quality assurance/quality improvement section in each of the service standards, all approved DDW providers are required to develop and utilize a quality assurance/quality improvement (QA/QI) plan to continually determine whether it operates in accordance with program requirements and regulations, achieves desired outcomes and identifies opportunities for improvement. CMS expects states to follow a continuous quality improvement process to monitor the implementation of the waiver assurances and methods to address identified problems in any area of non-compliance. CHAPTER 5 (CIES) 3. Agency Requirements: Quality Assurance Quality Improvement (QA/QI) Plan: Communitybased providers shall develop and maintain an active QA/QI plan in order to assure the provisions of quality services. 1. Development of a QA/QI plan: The QA/QI plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving desired outcomes and identifying opportunities for improvement. The QA/QI plan describes the process the Provider Agency uses in each phase of the process:

discovery, remediation and improvement. It describes the frequency, the source and types

of information gathered, as well as the		
methods used to analyze and measure		
performance. The QA/QI plan must describe		
how the data collected will be used to		
improve the delivery of services and methods		
to evaluate whether implementation of		
improvements are working. The plan shall		
include but is not limited to:		
a. Activities or processes related to		
discovery, i.e., monitoring and recording		
the findings. Descriptions of		
monitoring/oversight activities that occur at the individual's and provider level of		
service delivery. These monitoring		
activities provide a foundation for		
QA/QI plan by generating information		
that can be aggregated and analyzed to		
measure the overall system performance.		
b. The entities or individuals responsible for		
conducting the discovery/monitoring		
process;		
c. The types of information used to measure		
performance; and		
d. The frequency with which performance is		
measured.		
2. Implementing a QA/QI Committee:		
The QA/QI committee must convene on at		
least a quarterly basis and as needed to		
review monthly service reports, to identify and		
remedy any deficiencies, trends, patterns, or		
concerns as well as opportunities for quality		
improvement. The QA/QI meeting must be		
documented. The QA/QI review should		
address at least the following:		
	i l	

a. Implementation of the ISP, including:		
 i. Implementation of outcomes and action steps at the required frequency outlined in the ISP; and ii. Outcome statements for each life area are measurable and can be readily determined when it is accomplished or completed. 		
 b. Compliance with Caregivers Criminal History Screening requirements; 		
c. Compliance with Employee Abuse Registry requirements;		
 d. Compliance with DDSD training requirements; 		
e. Patterns in reportable incidents;		
f. Sufficiency of staff coverage;		
g. Patterns in medication errors;		
h. Action taken regarding individual grievances;		
i. Presence and completeness of required documentation; and		
J Significant program changes.		
CHAPTER 6 (CCS) 3. Agency Requirements: Quality Assurance/Quality Improvement (QA/QI) Plan: Community-based providers shall develop and maintain an active QA/QI plan in order to assure the provisions of quality services.		
1. Development of a QA/QI plan: The		

QA/QI plan is used by an agency to continually	
determine whether the agency is performing	
within program requirements, achieving	
desired outcomes and identifying	
opportunities for improvement. The QA/QI	
plan describes the process the Provider	
Agency uses in each phase of the process:	
discovery, remediation and improvement. It	
describes the frequency, the source and types	
of information gathered, as well as the	
methods used to analyze and measure	
performance. The QA/QI plan must describe	
how the data collected will be used to improve	
the delivery of services and methods to	
evaluate whether implementation of	
improvements is working. The plan shall include	
but is not limited to:	
a. Activities or processes related to	
discovery, i.e., monitoring and recording	
the findings. Descriptions of monitoring	
/oversight activities that occur at the	
individual's and provider level of service	
delivery. These monitoring activities	
provide a foundation for QA/QI plan by	
generating information that can be	
aggregated and analyzed to measure the	
overall system performance.	
b. The entities or individuals responsible for	
conducting the discovery/monitoring	
process;	
c. The types of information used to measure	
performance; and	
d. The frequency with which performance is	
measured.	
2. Implementing a QA/QI Committee: The	
QA/QI committee must convene on at least	
a quarterly basis and as needed to review	
monthly service reports, to identify and	

remedy any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement. The QA/QI meeting must be documented. The QA/QI review should address at least the following:		
a. Implementation of the ISP, including:		
Implementation of outcomes and action steps at the required frequency outlined in the ISP; and		
ii. Outcome statements for each life area are measurable and can be readily determined when it is accomplished or completed.		
b. Compliance with Caregivers Criminal History Screening requirements;		
c. Compliance with Employee Abuse Registry requirements;		
d. Compliance with DDSD training requirements;		
e. Patterns in reportable incidents;		
f. Sufficiency of staff coverage;		
g. Patterns in medication errors;		
h. Action taken regarding individual grievances;		
Presence and completeness of required documentation; and		
j. Significant program changes.		
Preparation of the Report: The Provider		

Agency must complete a QA/QI report	
annually from the QA/QI Plan by February 15 th	
of each calendar year. The report must be sent	
to DDSD, kept on file at the agency, and made	
available upon request. The report will	
summarize the listed items above.	
CHAPTER 7 (CIHS) 3. Agency	
Requirements: Quality Assurance/Quality	
Improvement (QA/QI) Plan: Community-	
based providers shall develop and maintain an	
active QA/QI plan in order to assure the	
provisions of quality services.	
1 5 1 2 2 2 2 2	
1. Development of a QA/QI plan: The QA/QI	
plan is used by an agency to continually determine whether the agency is performing	
within program requirements, achieving	
desired outcomes and identifying	
opportunities for improvement. The QA/QI	
plan describes the process the Provider	
Agency uses in each phase of the process:	
discovery, remediation and improvement. It	
describes the frequency, the source and	
types of information gathered, as well as the	
methods used to analyze and measure	
performance. The QA/QI plan must describe	
how the data collected will be used to improve the delivery of services and methods to	
evaluate whether implementation of	
improvements are working. The plan shall	
include but is not limited to:	
 a. Activities or processes related to 	
discovery, i.e., monitoring and	
recording the findings. Descriptions of	
monitoring /oversight activities that	
occur at the individual's and provider	
level of service delivery. These monitoring activities provide a	
foundation for QA/QI plan by	
ioulidation for GAVGI plan by	1

g. Patterns in medication errors;		
h. Action taken regarding individual grievances;		
Presence and completeness of required documentation; and		
j. Significant program changes.		
3. Preparation of the Report: The Provider Agency must complete a QA/QI report		
annually from the QA/QI Plan by February 15 th of each calendar year. The report must be sent to DDSD, kept on file at the agency, and made available upon request. The report will summarize the listed items above.		

MAC 7.1.14.8 INCIDENT MANAGEMENT	
SYSTEM REPORTING REQUIREMENTS FOR	
COMMUNITY-BASED SERVICE PROVIDERS:	
F. Quality assurance/quality improvement	
program for community-based service	
providers: F. Quality assurance/quality	
improvement program for community-based	
service providers: The community-based	
service provider shall establish and implement a	
quality improvement program for reviewing	
alleged complaints and incidents of abuse,	
neglect, or exploitation against them as a provider	
after the division's investigation is complete. The	
incident management program shall include	
written documentation of corrective actions taken.	
The community-based service provider shall take	
all reasonable steps to prevent further incidents.	
The community-based service provider shall	
provide the following internal monitoring and	
facilitating quality improvement program:	
(1) community-based service providers shall	
have current abuse, neglect, and exploitation	
management policy and procedures in place	
that comply with the department's	
requirements;	
(2) community-based service providers providing intellectual and developmental	
disabilities services must have a designated	
incident management coordinator in place; and	
(3) community-based service providers	
providing intellectual and developmental	
disabilities services must have an incident	
management committee to identify any	
deficiencies, trends, patterns, or concerns as	
well as opportunities for quality improvement,	
address internal and external incident reports	
for the purpose of examining internal root	
causes, and to take action on identified issues.

the provider agency that addresses room and board and allows the individual an amount of discretionary spending money that is both required and reasonable.

Chapter 12 (SL)

F. Agency Accounting for Individual Funds: Each individual served will be presumed able to manage his or her own funds unless the ISP documents justify limitations or supports for self-management and, where appropriate, reflects a plan to increase this skill. Supported Living Provider Agencies must maintain and enforce written policies and procedures regarding the use of the individual's SSI payments or other personal funds, including accounting for all spending by the Provider Agency, and outlining protocols for fulfilling the responsibilities as representative payee if the agency is so designated for an individual.

- The Supported Living Provider Agencies must produce an individual accounting of any personal funds managed or used by the Living Supports Service Provider Agency on a monthly basis.
- A copy of this documentation must be provided to the individual and or his or her guardian upon request.
- 3. When room and board costs are paid from the individual's SSI payment to Supported Living Providers the amount charged for room and board must allow the individual to retain twenty (20%) percent of their SSI payment each month for personal use. A written agreement must be in place between the individual and the provider agency that addresses this reasonable amount of discretionary spending money.

(Refer to Attachment E-2c.)"

"A signed and dated receipt will be maintained by the Community Support Manager that itemizes each person's cash transactions."

"These receipts will be maintained with each person's Account Transaction Form."

"All banking transactions (e., interest earned, deposits, and withdrawals) will also be recorded on the Account Transaction Form by the Community Support Manager or designee."

A review of the documentation regarding the use of individuals' SSI payments or other personal funds found the agency was not following its policies and procedures, as follows:

- Documentation reviewed found a check dated 6/23/2016 for "back rent" for the months of 7/2015, 6/2016, and 7/2016 for a total amount of \$1773.00. The check was made out to Community Options and contained only one signature. Two signatures were not being utilized when cashing checks as stated in the agency policies and procedures. (Individual #5)
- A review of checks cashed, receipts, bank statements and cash on hand for four individuals receiving representative payee services found discrepancies on two of four individual's accounts. It was determined that the months of August 2016 – September 2016, there was a discrepancy of \$28.43 for Individual #4 and a discrepancy of \$34.96 for Individual #6. The agency could not account for the discrepancies. No evidence of Agency Account Transaction Form was found

for individual's #4 and 6. Chapter 13 (IMLS) Financial Accounting: Intensive Medical Living Service providers After reviewing Rep-Payee documentation, shall produce on a monthly basis an Surveyors found the following: individual accounting of any personal funds managed or used. A copy of this No existing ledger/register to account for documentation shall be provided to the all transactions (credits, debits, cash on individual and his or her guardian upon hand, etc.) (Individuals #4, 6) request. **Code of Federal Regulations:** §416.635 What are the responsibilities of your representative payee... A representative payee has a responsibility to: (a) Use the benefits received on your behalf only for your use and benefit in a manner and for the purposes he or she determines under the guidelines in this subpart, to be in your best interests: (b) Keep any benefits received on your behalf separate from his or her own funds and show your ownership of these benefits unless he or she is your spouse or natural or adoptive parent or stepparent and lives in the same household with you or is a State or local government agency for whom we have granted an exception to this requirement; (c) Treat any interest earned on the benefits as your property; (d) Notify us of any event or change in your circumstances that will affect the amount of benefits you receive, your right to receive benefits, or how you receive them; (e) Submit to us, upon our request, a written report accounting for the benefits received on your behalf, and make all supporting records available for review if requested by us; (f) Notify us of any change in his or her circumstances that would affect performance of

his/her payee responsibilities; and §416.640 Use of benefit payments.

Current maintenance. We will consider that payments we certify to a representative payee have been used for the use and benefit of the beneficiary if they are used for the beneficiary's current maintenance. Current maintenance includes costs incurred in obtaining food, shelter, clothing, medical care and personal comfort items.		
§416.665 How does your representative payee account for the use of benefits Your representative payee must account for the use of your benefits. We require written reports from your representative payee at least once a year (except for certain State institutions that participate in a separate onsite review program). We may verify how your representative payee used your benefits. Your representative payee should keep records of how benefits were used in order to make accounting reports and must make those records available upon our request.

CHAPTER 1 II. PROVIDER AGENCY	
REQUIREMENTS: D. Provider Agency Case	
File for the Individual: All Provider Agencies	
shall maintain at the administrative office a	
confidential case file for each individual. Case	
records belong to the individual receiving	
services and copies shall be provided to the	
receiving agency whenever an individual	
changes providers. The record must also be	
made available for review when requested by	
DOH, HSD or federal government	
representatives for oversight purposes. The	
individual's case file shall include the following	
requirements:	
(5) A medical history, which shall include at	
least demographic data, current and past	
medical diagnoses including the cause (if	
known) of the developmental disability,	
psychiatric diagnoses, allergies (food,	
environmental, medications), immunizations,	
and most recent physical exam;	
CHAPTER 6. VI. GENERAL	
REQUIREMENTS FOR COMMUNITY LIVING	
G. Health Care Requirements for	
Community Living Services.	
(1) The Community Living Service providers	
shall ensure completion of a HAT for each	
individual receiving this service. The HAT shall	
be completed 2 weeks prior to the annual ISP	
meeting and submitted to the Case Manager	
and all other IDT Members. A revised HAT is	
required to also be submitted whenever the	
individual's health status changes significantly.	
For individuals who are newly allocated to the	
DD Waiver program, the HAT may be	
completed within 2 weeks following the initial	
ISP meeting and submitted with any strategies	
and support plans indicated in the ISP, or	
within 72 hours following admission into direct	
services, whichever comes first.	

(2) Each individual will have a Health Care		
Coordinator, designated by the IDT. When the		
individual's HAT score is 4, 5 or 6 the Health		
Care Coordinator shall be an IDT member,		
other than the individual. The Health Care		
Coordinator shall oversee and monitor health		
care services for the individual in accordance		
with these standards. In circumstances where		
no IDT member voluntarily accepts designation		
as the health care coordinator, the community		
living provider shall assign a staff member to		
this role.		
(3) For each individual receiving Community		
Living Services, the provider agency shall		
ensure and document the following:		
(a)Provision of health care oversight		
consistent with these Standards as		
detailed in Chapter One section III E:		
Healthcare Documentation by Nurses For		
Community Living Services, Community		
Inclusion Services and Private Duty		
Nursing Services.		
b) That each individual with a score of 4, 5,		
or 6 on the HAT, has a Health Care Plan		
developed by a licensed nurse.		
(c)That an individual with chronic		
condition(s) with the potential to		
exacerbate into a life threatening		
condition, has Crisis Prevention/		
Intervention Plan(s) developed by a		
licensed nurse or other appropriate		
professional for each such condition.		
(4) That an average of 3 hours of documented		
nutritional counseling is available annually, if		
recommended by the IDT.		
(5) That the physical property and grounds are		
free of hazards to the individual's health and		
safety.		
(6) In addition, for each individual receiving		
Supported Living or Family Living Services, the		
provider shall verify and document the	1	

following:

(a)The individual has a primary licensed		
physician;		
(b)The individual receives an annual		
physical examination and other		
physical examination and other		
examinations as specified by a licensed		
physician;		
(c)The individual receives annual dental		
check-ups and other check-ups as		
specified by a licensed dentist;		
specified by a licensed defilist,		
(d)The individual receives eye examinations		
as specified by a licensed optometrist or		
ophthalmologist; and		
(e) Agency activities that occur as follow-up		
to medical appointments (e.g. treatment,		
visits to specialists, changes in		
violio to opedialisto, challyes ili		
medication or daily routine).

CHAPTER 11 (FL) 1 SCOPE OF SERVICES A. Living Supports- Family Living Services: The scope of Family Living Services includes, but is not limited to the following as identified by the Interdisciplinary Team (IDT): 19. Assisting in medication delivery, and related monitoring, in accordance with the DDSD's Medication Assessment and Delivery Policy, New Mexico Nurse Practice Act, and Board of Pharmacy regulations including skill	

development activities leading to the ability for		
individuals to self-administer medication as		
appropriate; and		
I. Healthcare Requirements for Family Living.		
3. B. Adult Nursing Services for medication		
oversight are required for all surrogate Living		
Supports- Family Living direct support personnel		
if the individual has regularly scheduled		
medication. Adult Nursing services for		
medication oversight are required for all		
surrogate Family Living Direct Support		
Personnel (including substitute care), if the		
individual has regularly scheduled medication.		
6. Support Living- Family Living Provider		
Agencies must have written policies and		
procedures regarding medication(s) delivery and		
tracking and reporting of medication errors in		
accordance with DDSD Medication Assessment		
and Delivery Policy and Procedures, the New		
Mexico Nurse Practice Act and Board of		
Pharmacy standards and regulations.		
a. All twenty-four (24) hour residential home		
sites serving two (2) or more unrelated		
individuals must be licensed by the Board of		
Pharmacy, per current regulations;		
b. When required by the DDSD Medication		
Assessment and Delivery Policy, Medication		
Administration Records (MAR) must be maintained and include:		
maintained and include.		
i.The name of the individual, a transcription of		
the physician's or licensed health care		
provider's prescription including the brand		
and generic name of the medication, and		
diagnosis for which the medication is		
prescribed;		
ii.Prescribed dosage, frequency and		
method/route of administration, times and		
dates of administration;		
iii.Initials of the individual administering or		
assisting with the medication delivery:		

iv.Expla	nation of any medication error;		
v.Docur	mentation of any allergic reaction or		
advers	se medication effect; and		
vi.For Pl	RN medication, instructions for the use		
of the	PRN medication must include		
obser	vable signs/symptoms or		
	nstances in which the medication is to		
	ed, and documentation of effectiveness		
	N medication administered.		
c. The F	amily Living Provider Agency must		
	naintain a signature page that		
	nates the full name that corresponds to		
	initial used to document administered		
	sisted delivery of each dose; and		
	nation from the prescribing pharmacy		
	ding medications must be kept in the		
	and community inclusion service		
	ons and must include the expected		
	ed outcomes of administering the		
	cation, signs and symptoms of adverse		
	s and interactions with other		
	cations.		
	cation Oversight is optional if the		
	dual resides with their biological family		
	finity or consanguinity). If Medication		
	gight is not selected as an Ongoing		
	ng Service, all elements of medication		
	nistration and oversight are the sole		
	nsibility of the individual and their		
	ical family. Therefore, a monthly		
	ation administration record (MAR) is		
	quired unless the family requests it		
	ontinually communicates all medication		
	ges to the provider agency in a timely		
mann	er to insure accuracy of the MAR.		
	family must communicate at least		
	ally and as needed for significant		
	ge of condition with the agency nurse		
	rding the current medications and the		
indivi	idual's response to medications for		
	ose of accurately completing required		

nursing assessments. ii. As per the DDSD Medication Assessment and Delivery Policy and Procedure, paid DSP who are not related by affinity or consanguinity to the individual may not deliver medications to the individual unless they have completed Assisting with Medication Delivery (AWMD) training. DSP may also be under a delegation relationship with a DDW agency nurse or be a Certified Medication Aide (CMA). Where CMAs are used, the agency is responsible for maintaining compliance with New Mexico Board of Nursing requirements. iii. If the substitute care provider is a surrogate (not related by affinity or consanguinity) Medication Oversight must be selected and provided.		
CHAPTER 12 (SL) 2. Service Requirements L. Training and Requirements: 3. Medication Delivery: Supported Living Provider Agencies must have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment and Delivery Policy and Procedures, New Mexico Nurse Practice Act, and Board of Pharmacy standards and regulations.		
. All twenty-four (24) hour residential home sites serving two (2) or more unrelated individuals must be licensed by the Board of Pharmacy, per current regulations;		
. When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) must be maintained and include:		
The name of the individual, a transcription of the physician's or licensed health care		

provider's prescription including the brand and generic name of the medication, and diagnosis for which the medication is prescribed;		
ii. Prescribed dosage, frequency and method/route of administration, times and dates of administration;		
iii. Initials of the individual administering or assisting with the medication delivery;		
iv. Explanation of any medication error;		
v. Documentation of any allergic reaction or adverse medication effect; and		
vi. For PRN medication, instructions for the use of the PRN medication must include observable signs/symptoms or circumstances in which the medication is to be used, and documentation of effectiveness of PRN medication administered.		
c. The Supported Living Provider Agency must also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of each dose; and		
d. Information from the prescribing pharmacy regarding medications must be kept in the home and community inclusion service locations and must include the expected desired outcomes of administrating the medication, signs, and symptoms of adverse events and interactions with other medications.		
CHAPTER 13 (IMLS) 2. Service Requirements. B. There must be compliance		

with all policy requirements for Intensive Medical Living Service Providers, including written policy and procedures regarding medication delivery		
and tracking and reporting of medication errors consistent with the DDSD Medication Delivery		
Policy and Procedures, relevant Board of Nursing Rules, and Pharmacy Board standards		
and regulations.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007		
CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS:		
E. Medication Delivery: Provider Agencies that provide Community Living,		
Community Inclusion or Private Duty Nursing		
services shall have written policies and procedures regarding medication(s) delivery		
and tracking and reporting of medication errors in accordance with DDSD Medication		
Assessment and Delivery Policy and Procedures, the Board of Nursing Rules and		
Board of Pharmacy standards and regulations.		
(2) When required by the DDSD Medication		
Assessment and Delivery Policy, Medication Administration Records (MAR) shall be		
maintained and include: (a) The name of the individual, a		
transcription of the physician's written or		
licensed health care provider's prescription including the brand and		
generic name of the medication, diagnosis for which the medication is		
prescribed;		
(b) Prescribed dosage, frequency and method/route of administration, times		
and dates of administration;		
 (c) Initials of the individual administering or assisting with the medication; 		
(d) Explanation of any medication		

irregularity;

(e) Documentation of any allergic reaction		
or adverse medication effect; and		
(f) For PRN medication, an explanation for		
the use of the PRN medication shall		
include observable signs/symptoms or		
circumstances in which the medication		
is to be used, and documentation of		
effectiveness of PRN medication		
administered.		
(3) The Provider Agency shall also maintain a		
signature page that designates the full name		
that corresponds to each initial used to		
document administered or assisted delivery of		
each dose;		
(4) MARs are not required for individuals		
participating in Independent Living who self-		
administer their own medications;		
(5) Information from the prescribing pharmacy		
regarding medications shall be kept in the		
home and community inclusion service		
locations and shall include the expected		
desired outcomes of administrating the		
medication, signs and symptoms of adverse		
events and interactions with other medications;

Medication Assessment and Delivery Policy		
- Eff. November 1, 2006		
F. PRN Medication		
3. Prior to self-administration, self-		
administration with physical assist or assisting		
with delivery of PRN medications, the direct		
support staff must contact the agency nurse to		
describe observed symptoms and thus assure		
that the PRN medication is being used according to instructions given by the ordering		
PCP. In cases of fever, respiratory distress		
(including coughing), severe pain, vomiting,		
diarrhea, change in responsiveness/level of		
consciousness, the nurse must strongly		
consider the need to conduct a face-to-face		
assessment to assure that the PRN does not		
mask a condition better treated by seeking		
medical attention. This does not apply to home		
based/family living settings where the provider		
is related by affinity or by consanguinity to the individual.		
iliulvidual.		
4. The agency nurse shall review the utilization		
of PRN medications routinely. Frequent or		
escalating use of PRN medications must be		
reported to the PCP and discussed by the		
Interdisciplinary for changes to the overall		
support plan (see Section H of this policy).		
H. Agancy Nursa Manitarina		
H. Agency Nurse Monitoring 1. Regardless of the level of assistance with		
medication delivery that is required by the		
individual or the route through which the		
medication is delivered, the agency nurses		
must monitor the individual's response to the		
effects of their routine and PRN medications.		
		1

The frequency and type of monitoring must be based on the nurse's assessment of the individual and consideration of the individual's

diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		
individual's response to medication.		
Department of Health Developmental		
Disabilities Supports Division (DDSD) -

Medications).		
·		
a. Document conversation with nurse including		
all reported signs and symptoms, advice given		
and action taken by staff.		
4. Document on the MAR each time a PRN		

medication is used and describe its effect on

the individual (e.g., temperature down, vomiting		
lessened, anxiety increased, the condition is		
the same, improved, or worsened, etc.).		
Developmental Disabilities (DD) Waiver Service		
Standards effective 11/1/2012 revised 4/23/2013;		
6/15/2015		
CHAPTER 11 (FL) 1 SCOPE OF SERVICES		
A. Living Supports- Family Living Services:		
The scope of Family Living Services includes,		
but is not limited to the following as identified by		
the Interdisciplinary Team (IDT):		
19. Assisting in medication delivery, and related		
monitoring, in accordance with the DDSD's		
Medication Assessment and Delivery Policy,		
New Mexico Nurse Practice Act, and Board of		
Pharmacy regulations including skill		
development activities leading to the ability for		
individuals to self-administer medication as		
appropriate; and		
I. Healthcare Requirements for Family Living.		
3. B. Adult Nursing Services for medication		
oversight are required for all surrogate Lining		
Supports- Family Living direct support personnel		
if the individual has regularly scheduled		
medication. Adult Nursing services for		
medication oversight are required for all		
surrogate Family Living Direct Support		
Personnel (including substitute care), if the		
individual has regularly scheduled medication.		
6. Support Living- Family Living Provider		
Agencies must have written policies and		
procedures regarding medication(s) delivery and		
tracking and reporting of medication errors in		
accordance with DDSD Medication Assessment		
and Delivery Policy and Procedures, the New		
Mexico Nurse Practice Act and Board of		
Pharmacy standards and regulations.		
f All twenty four (24) become added to be a		
f. All twenty-four (24) hour residential home		
sites serving two (2) or more unrelated		
individuals must be licensed by the Board of		

Pharmacy, per current regulations;	
g. When required by the DDSD Medication	
Assessment and Delivery Policy, Medication	
Administration Records (MAR) must be	
maintained and include:	
i.The name of the individual, a transcription of	
the physician's or licensed health care	
provider's prescription including the brand	
and generic name of the medication, and	
diagnosis for which the medication is	
prescribed;	
ii.Prescribed dosage, frequency and	
method/route of administration, times and	
dates of administration;	
iii.Initials of the individual administering or	
assisting with the medication delivery;	
iv.Explanation of any medication error;	
v.Documentation of any allergic reaction or	
adverse medication effect; and	
vi.For PRN medication, instructions for the use	
of the PRN medication must include	
observable signs/symptoms or	
circumstances in which the medication is to	
be used, and documentation of effectiveness	
of PRN medication administered.	
h. The Family Living Provider Agency must	
also maintain a signature page that	
designates the full name that corresponds to	
each initial used to document administered	
or assisted delivery of each dose; and	
i. Information from the prescribing pharmacy	
regarding medications must be kept in the	
home and community inclusion service	
locations and must include the expected	
desired outcomes of administering the	
medication, signs and symptoms of adverse	
events and interactions with other	
medications.	
j. Medication Oversight is optional if the	
individual resides with their biological family	

(by affinity or consanguinity). If Medication	
Oversight is not selected as an Ongoing	
Nursing Service, all elements of medication	
administration and oversight are the sole	
responsibility of the individual and their	
biological family. Therefore, a monthly	
medication administration record (MAR) is	
not required unless the family requests it	
and continually communicates all medication	
changes to the provider agency in a timely	
manner to insure accuracy of the MAR.	
iv. The family must communicate at least	
annually and as needed for significant	
change of condition with the agency nurse	
regarding the current medications and the	
individual's response to medications for	
purpose of accurately completing required	
nursing assessments.	
v. As per the DDSD Medication Assessment	
and Delivery Policy and Procedure, paid	
DSP who are not related by affinity or	
consanguinity to the individual may not	
deliver medications to the individual unless	
they have completed Assisting with	
Medication Delivery (AWMD) training. DSP	
may also be under a delegation relationship	
with a DDW agency nurse or be a Certified	
Medication Aide (CMA). Where CMAs are	
used, the agency is responsible for	
maintaining compliance with New Mexico	
Board of Nursing requirements.	
vi. If the substitute care provider is a surrogate	
(not related by affinity or consanguinity)	
Medication Oversight must be selected and	
provided.	
CHAPTER 12 (SL) 2. Service Requirements L.	
Training and Requirements: 3. Medication	
Delivery: Supported Living Provider Agencies	
must have written policies and procedures	
regarding medication(s) delivery and tracking	
and reporting of medication errors in accordance	
and reporting of medication errors in accordance	

with DDSD Medication Assessment and Delivery			
Policy and Procedures, New Mexico Nurse			
Practice Act, and Board of Pharmacy standards			
and regulations.			
e. All twenty-four (24) hour residential home sites serving two (2) or more unrelated			
individuals must be licensed by the Board of Pharmacy, per current regulations;

complaints, signs and symptoms noted by staff, family members or other team members; objective information including vital signs, physical examination, weight, and other pertinent data for the given situation (e.g., seizure frequency, method in which temperature taken); assessment of the clinical status, and plan of action addressing relevant aspects of all active health problems and follow up on any recommendations of medical consultants.	
e. Develop any urgently needed interim Healthcare Plans or MERPs per DDSD policy pending authorization of ongoing Adult Nursing services as indicated by health status and individual/guardian choice.	
Chapter 12 (SL) 3. Agency Requirements: D. Consumer Records Policy: All Living Supports- Supported Living Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy. 2. Service Requirements. L. Training and Requirements. 5. Health Related Documentation: For each individual receiving Living Supports- Supported Living, the provider agency must ensure and document the following:	
a. That an individual with chronic condition(s) with the potential to exacerbate into a life threatening condition, has a MERP developed by a licensed nurse or other appropriate professional according to the DDSD Medical Emergency Response Plan Policy, that DSP have been trained to implement such plan(s), and ensure that a copy of such plan(s) are readily available to DSP in the home;	

(That an average of five (5) hours of documented nutritional counseling is available annually, if recommended by the IDT and clinically indicated;
i i i	That the nurse has completed legible and signed progress notes with date and time ndicated that describe all interventions or nteractions conducted with individuals served, as well as all interactions with other healthcare providers serving the individual. All nteractions must be documented whether they occur by phone or in person; and
d. I	Document for each individual that:
i.	The individual has a Primary Care Provider (PCP);
ii.	The individual receives an annual physical examination and other examinations as specified by a PCP;
iii.	The individual receives annual dental check- ups and other check-ups as specified by a licensed dentist;
iv.	The individual receives a hearing test as specified by a licensed audiologist;
V.	The individual receives eye examinations as specified by a licensed optometrist or ophthalmologist; and
vi.	Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).
vii.	The agency nurse will provide the individual's team with a semi-annual nursing

report that discusses the services provided and the status of the individual in the last six (6) months. This may be provided electronically or in paper format to the team no later than (2) weeks prior to the ISP and semi-annually. f. The Supported Living Provider Agency must ensure that activities conducted by agency nurses comply with the roles and responsibilities identified in these standards.	
Chapter 13 (IMLS) 2. Service Requirements: C. Documents to be maintained in the agency administrative office, include: A. All assessments completed by the agency nurse, including the Intensive Medical Living Eligibility Parameters tool; for e-CHAT a printed copy of the current e-CHAT summary report shall suffice;	
F. Annual physical exams and annual dental exams (not applicable for short term stays);	
G. Tri-annual vision exam (Not applicable for short term stays. See Medicaid policy 8.310.6 for allowable exceptions for more frequent vision exam);	
H. Audiology/hearing exam as applicable (Not applicable for short term stays; See Medicaid policy 8.324.6 for applicable requirements);	
 I. All other evaluations called for in the ISP for which the Services provider is responsible to arrange; J. Medical screening, tests and lab results (for short term stays, only those which occur during the period of the stay); 	
L. Record of medical and dental appointments, including any treatment provided (for short term stays, only those appointments that occur during	

the stay);		
O. Semi-annual ISP progress reports and MERP		
reviews (not applicable for short term stays);		
P. Quarterly nursing summary reports (not		
applicable for short term stays);		
NMAC 8.302.1.17 RECORD KEEPING AND DOCUMENTATION REQUIREMENTS: A provider must maintain all the records necessary to fully disclose the nature, quality, amount and medical necessity of services furnished to an eligible recipient who is currently receiving or who has received services in the past.		
B. Documentation of test results: Results of		
tests and services must be documented, which		
includes results of laboratory and radiology procedures or progress following therapy or		
treatment.		
Department of Health Developmental Disabilities Supports Division Policy. Medical Emergency Response Plan Policy MERP-001 eff.8/1/2010		
F. The MERP shall be written in clear, jargon		
free language and include at a minimum the		
following information: 1. A brief, simple description of the condition		
or illness.		
2. A brief description of the most likely life		
threatening complications that might occur and what those complications may look like to an		
observer.		
A concise list of the most important measures that may prevent the life threatening		
complication from occurring (e.g., avoiding		
allergens that trigger an asthma attack or		
making sure the person with diabetes has		
snacks with them to avoid hypoglycemia).		

 4. Clear, jargon free, step-by-step instructions regarding the actions to be taken by direct support personnel (DSP) and/or others to intervene in the emergency, including criteria for when to call 911. 5. Emergency contacts with phone numbers. 6. Reference to whether the individual has advance directives or not, and if so, where the 		
advance directives are located.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: D. Provider Agency Case File for the Individual: All Provider Agencies shall maintain at the administrative office a confidential case file for each individual. Case records belong to the individual receiving		
services and copies shall be provided to the		
receiving agency whenever an individual		
changes providers. The record must also be		
made available for review when requested by DOH, HSD or federal government		
representatives for oversight purposes. The		
individual's case file shall include the following		
requirements1, 2, 3, 4, 5, 6, 7, 8,

Tag # 1A31 Client Rights/Human Rights 7.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS: A. A service provider shall not restrict or limit a client's rights except: (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC]. B. Any emergency intervention to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. The IDT upon completion of its review may refer its findings to the office of quality assurance. The emergency intervention may be subject to review by the service provider's
T.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS: A. A service provider shall not restrict or limit a client's rights except: (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC]. B. Any emergency intervention to prevent physical harm shall be reasonable to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. The IDT upon completion of its review may refer its findings to the office of quality assurance. The emergency intervention may
behavioral support committee or human rights committee in accordance with the behavioral support policies or other department regulation or policy. C. The service provider may adopt reasonable program policies of general applicability to clients served by that service provider that do not violate client rights. [09/12/94; 01/15/97;

Committees are required for residential service provider agencies. The purpose of these committees with respect to the provision of Behavior Supports is to review and monitor the implementation of certain Behavior Support Plans.		
Human Rights Committees may not approve any of the interventions specifically prohibited in the following policies: • Aversive Intervention Prohibitions • Psychotropic Medications Use • Behavioral Support Service Provision.		
A Human Rights Committee may also serve other agency functions as appropriate, such as the review of internal policies on sexuality and incident management follow-up.		
A. HUMAN RIGHTS COMMITTEE ROLE IN BEHAVIOR SUPPORTS Only those Behavior Support Plans with an aversive intervention included as part of the plan or associated Crisis Intervention Plan need to be reviewed prior to implementation. Plans not containing aversive interventions do not require Human Rights Committee review or approval.		
2. The Human Rights Committee will determine and adopt a written policy stating the frequency and purpose of meetings. Behavior Support Plans approved by the Human Rights Committee will be reviewed at least quarterly.		
3. Records, including minutes of all meetings will be retained at the agency with primary responsibility for implementation for at least five years from the completion of each individual Service Plan.

f. Have accessible written documentation of actual evacuation drills occurring at least three (3) times a year;			

g. Have accessible written procedures for the safe storage of all medications with dispensing instructions for each individual that are consistent with the Assisting with Medication Delivery training or each individual's ISP; and		
h. Have accessible written procedures for emergency placement and relocation of individuals in the event of an emergency evacuation that makes the residence unsuitable for occupancy. The emergency evacuation procedures must address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding.		
CHAPTER 12 (SL) Living Supports – Supported Living Agency Requirements G. Residence Requirements for Living Supports- Supported Living Services: 1. Supported Living Provider Agencies must assure that each individual's residence is maintained to be clean, safe, and comfortable and accommodates the individual's daily living, social, and leisure activities. In addition, the residence must:		
a. Maintain basic utilities, i.e., gas, power, water, and telephone;		
 b. Provide environmental accommodations and assistive technology devices in the residence including modifications to the bathroom (i.e., shower chairs, grab bars, walk in shower, raised toilets, etc.) based on the unique needs of the individual in consultation with the IDT; 		
c. Ensure water temperature in home does not exceed safe temperature (110°F);		

d. Have a battery operated or electric smoke

detectors and carbon monoxide detectors,		
fire extinguisher, or a sprinkler system;		
e. Have a general-purpose First Aid kit;		
e. Have a general-purpose i list Ald Kit,		
f. Allow at a maximum of two (2) individuals to share, with mutual consent, a bedroom and each individual has the right to have his or her own bed;		
g. Have accessible written documentation of actual evacuation drills occurring at least three (3) times a year. For Supported Living evacuation drills must occur at least once a year during each shift;		
h. Have accessible written procedures for the safe storage of all medications with dispensing instructions for each individual that are consistent with the Assisting with Medication Delivery training or each individual's ISP; and		
i. Have accessible written procedures for emergency placement and relocation of individuals in the event of an emergency evacuation that makes the residence unsuitable for occupancy. The emergency evacuation procedures must address, but are not limited to, fire, chemical and/or hazardous waste spills, and flooding.		
CHAPTER 13 (IMLS) 2. Service Requirements R. Staff Qualifications: 3. Supervisor Qualifications And Requirements:		
S Each residence shall include operable safety equipment, including but not limited to, an operable smoke detector or sprinkler system, a carbon monoxide detector if any natural gas appliance or heating is used, fire		
extinguisher, general purpose first aid kit, written procedures for emergency evacuation		

due to fire or other emergency and documentation of evacuation drills occurring at least annually during each shift, phone number for poison control within line of site of the telephone, basic utilities, general household appliances, kitchen and dining utensils, adequate food and drink for three meals per day, proper food storage, and cleaning supplies.		
T Each residence shall have a blood borne pathogens kit as applicable to the residents' health status, personal protection equipment, and any ordered or required medical supplies shall also be available in the home.		
U If not medically contraindicated, and with mutual consent, up to two (2) individuals may share a single bedroom. Each individual shall have their own bed. All bedrooms shall have doors that may be closed for privacy. Individuals have the right to decorate their bedroom in a style of their choosing consistent with safe and sanitary living conditions.		
V For residences with more than two (2) residents, there shall be at least two (2) bathrooms. Toilets, tubs/showers used by the individuals shall provide for privacy and be designed or adapted for the safe provision of personal care. Water temperature shall be maintained at a safe level to prevent injury and ensure comfort and shall not exceed one hundred ten (110) degrees.

- 3. The billable unit for Group Customized Community Supports is a fifteen (15) minute unit, with the rate category based on the NM DDW group.
- The time at home is intermittent or brief; e.g. one-hour time period for lunch and/or change of clothes. The Provider Agency may bill for providing this support under Customized Community Supports without prior approval from DDSD.
- 5. The billable unit for Intensive Behavioral Customized Community Supports is a fifteen (15) minute unit. (There is a separate rate established for individuals who require one-to-one (1:1) support either in the community or in a group day setting due to behavioral challenges (NM DDW group G).
- The billable unit for Fiscal Management for Adult Education is dollars charged for each class including a 10% administrative processing fee.

C. Billable Activities:

- 1. All DSP activities that are:
- a. Provided face to face with the individual;
- b. Described in the individual's approved ISP;
- c. Provided in accordance with the Scope of Services; and
- d. Activities included in billable services, activities or situations.
- Purchase of tuition, fees, and/or related materials associated with adult education opportunities as related to the ISP Action

HB U1) from 7/1/2016 through 7/3/2016. Documentation received accounted for 11 units.

August 2016

- The Agency billed 40 units of Customized Community Supports (Individual) (H2021 HB U1) from 8/8/2016 through 8/14/2016. Documentation received accounted for 37 units.
- The Agency billed 14 units of Customized Community Supports (Individual) (H2021 HB U1) from 8/29/2016 through 8/31/2016. Documentation received accounted for 8 units.

September 2016

 The Agency billed 12 units of Customized Community Supports (Individual) (H2021 HB U1) from 9/1/2016 through 9/4/2016. Documentation received accounted for 4 units.

Individual #7 July 2016

- The Agency billed 12 units of Customized Community Supports (Individual) (H2021 HB U1) from 7/1/2016 through 7/3/2016. Documentation received accounted for 5 units.
- The Agency billed 12 units of Customized Community Supports (Individual) (H2021 HB U1) from 7/4/2016 through 7/10/2016. Documentation received accounted for 8 units.

August 2016

 The Agency billed 14 units of Customized Community Supports (Individual) (H2021 HB U1) from 8/11/2016 through 8/14/2016. Plan and Outcomes, not to exceed \$550 including administrative processing fee.

 Customized Community Supports can be included in ISP and budget with any other services.

MAD-MR: 03-59 Eff 1/1/2004 8.314.1 BI RECORD KEEPING AND DOCUMENTATION REQUIREMENTS:

Providers must maintain all records necessary to fully disclose the extent of the services provided to the Medicaid recipient. Services that have been billed to Medicaid, but are not substantiated in a treatment plan and/or patient records for the recipient are subject to recoupment.

Documentation received accounted for 12 units.

 The Agency billed 6 units of Customized Community Supports (Individual) (H2021 HB U1) from 8/22/2016 through 8/28/2016. Documentation received accounted for 4 units.

September 2016

 The Agency billed 14 units of Customized Community Supports (Individual) (H2021 HB U1) from 8/19/2016 through 8/25/2016. Documentation received accounted for 3 units.

Individual #8 July 2016

- The Agency billed 22 units of Customized Community Supports (H2021 HB U1) from 7/1/2016 through 7/3/2016. No documentation was found for 7/1/2016 through 7/3/2016 to justify the 22 units billed.

CHAPTER 6. IX. REIMBURSEMENT FOR COMMUNITY LIVING SERVICES

- A. Reimbursement for Supported Living Services
- (1) Billable Unit. The billable Unit for Supported Living Services is based on a daily rate. The daily rate cannot exceed 340 billable days a year.
- (2) Billable Activities

- documentation was found on 8/5/2016 to justify the 1 unit billed.
- The Agency billed 1 unit of Supported Living (T2016 HB U6) on 8/7/2016. No documentation was found on 8/7/2016 to justify the 1 unit billed.
- The Agency billed 2 units of Supported Living (T2016 HB U6) from 8/11/2016 through 8/12/2016. No documentation was found from 8/11/2016 through 8/12/2016 to justify the 2 units billed.
- The Agency billed 5 units of Supported Living (T2016 HB U6) from 8/14/2016 through 8/18/2016. No documentation was found for 8/14/2016 through 8/18/2016 to justify the 5 units billed.
- The Agency billed 1 unit of Supported Living (T2016 HB U6) on 8/20/2016. No documentation was found on 8/20/2016 to justify the 1 unit billed.
- The Agency billed 2 units of Supported Living (T2016 HB U6) from 8/23/2016 through 8/24/2016. No documentation was found for 8/23/2016 through 8/24/2016 to justify the 2 units billed.
- The Agency billed 4 units of Supported Living (T2016 HB U6) from 8/26/2016 through 8/29/2016. No documentation was found for 8/26/2016 through 8/29/2016 to justify the 4 units billed.

September 2016

 The Agency billed 1 unit of Supported Living (T2016 HB U6) on 9/1/2016. No documentation was found on 9/1/2016 to

- (a) Direct care provided to an individual in the residence any portion of the day.
- (b) Direct support provided to an individual by community living direct service staff away from the residence, e.g., in the community.
- (c) Any activities in which direct support staff provides in accordance with the Scope of Services.
- (3) Non-Billable Activities
 - (a) The Supported Living Services provider shall not bill DD Waiver for Room and Board.
 - (b) Personal care, respite, nutritional counseling and nursing supports shall not be billed as separate services for an individual receiving Supported Living Services.
 - (c) The provider shall not bill when an individual is hospitalized or in an institutional care setting.

justify the 1 unit billed.

- The Agency billed 5 units of Supported Living (T2016 HB U6) from 9/7/2016 through 9/11/2016. No documentation was found for 9/7/2016 through 9/11/2016 to justify the 5 units billed.
- The Agency billed 6 units of Supported Living (T2016 HB U6) from 9/15/2016 through 9/20/2016. No documentation was found for 9/15/2016 through 9/20/2016 to justify the 6 units billed.
- The Agency billed 3 units of Supported Living (T2016 HB U6) from 9/22/2016 through 9/24/2016. No documentation was found for 9/22/2016 through 9/24/2016 to justify the 3 units billed.

Individual #8 August 2016

- The Agency billed 2 units of Supported Living (T2016 HB U5) from 8/6/2016 through 8/7/2016. No documentation was found for 8/6/2016 through 8/7/2016 to justify the 2 units billed.
- The Agency billed 3 units of Supported Living (T2016 HB U5) from 8/10/2016 through 8/12/2016. No documentation was found for 8/10/2016 through 8/12/2016 to justify the 3 units billed.
- The Agency billed 5 units of Supported Living (T2016 HB U5) from 8/14/2016 through 8/18/2016. No documentation was found for 8/14/2016 through 8/18/2016 to justify the 5 units billed.
- The Agency billed 1 unit of Supported Living

(T2016 HB U5) on 8/20/2016. No documentation was found on 8/20/2016 to justify the 1 unit billed. • The Agency billed 8 units of Supported Living (T2016 HB U5) from 8/24/2016 through 8/31/2016. No documentation was found for 8/24/2016 through 8/31/2016 to justify the 8 units billed. September 2016 • The Agency billed 1 unit of Supported Living (T2016 HB U5) on 8/3/2016. Documentation received accounted for 0.5 units. • The Agency billed 1 unit of Supported Living (T2016 HB U5) on 9/3/2016. Documentation received accounted for 0.5 units. • The Agency billed 5 units of Supported Living (T2016 HB U5) on 9/3/2016 Documentation received accounted for 0.5 units. • The Agency billed 5 units of Supported Living (T2016 HB U5) non 9/19/2016 through 9/19/2016 to justify the 5 units billed.

2007: Community Living (Supported Living)

Survey Type: Routine

Dear Mr. Hay,

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Amanda Castañeda

Bureau

Dear Mr. Hay,

The Division of Health Improvement/Quality Management Bureau has completed a Verification survey of the services identified above. The purpose of the survey was to determine compliance with your Plan of Correction submitted to DHI regarding the *Routine Survey on October 7 - 13, 2016.*

The Division of Health Improvement, Quality Management Bureau has determined your agency is now in:

Compliance with Conditions of Participation

This concludes your Survey process. Please call the Plan of Correction Coordinator at 575-373-5716, if you have questions about the survey or the report. Thank you for your cooperation and for the work you perform.

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in the following Service Domains.

Case Management Services (Four Service Domains):

- Plan of Care: ISP Development & Monitoring
- Level of Care
- Qualified Providers
- Health, Safety and Welfare

Community Living Supports / Inclusion Supports (Three Service Domains):

- Service Plans: ISP Implementation
- Qualified Provider
- Health, Safety and Welfare

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for

QMB Report of Findings - Community Options, Inc. - Northeast Region - April 24 - 25, 2017

significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Plan of Care ISP Development & Monitoring

Condition of Participation:

5. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

6. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

Service Domain: Level of Care

Condition of Participation:

7. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

8. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Service Plan: ISP Implementation

Condition of Participation:

6. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes / action step.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. **Individual Health, Safety and Welfare (Healthcare Oversight)**: The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

QMB Report of Findings - Community Options, Inc. - Northeast Region - April 24 - 25, 2017

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains and/or 6 or more Condition of Participation level deficiencies overall, as well as widespread Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 5. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief within 10 business days of receipt of the final Report of Findings.
- 6. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: http://dhi.health.state.nm.us/gmb
- 7. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 8. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at Crystal.Lopez-Beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.
