E-Mail Address: Kgaut@childrenshha.com

Regions: Metro

Survey Date: October 29 – 31, 2018
Program Surveyed: Medically Fragile Waiver

Service Surveyed: Private Duty Nursing (PDN) and Respite Private Duty Nursing

Survey Type: Initial

Team Leader: Crystal Lopez-Beck, BA, Deputy Bureau Chief, Division of Health Improvement/Quality Management

Bureau

Team Members: Yolanda J. Herrera, RN, Nurse Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau and Iris Clevenger, RN, BSN, MA, CCM, Medically Fragile Waiver Program

Manager, Developmental Disability Supports Division

Dear Ms. J. Sanchez:

The Division of Health Improvement/Quality Management Bureau (DHI/QMB) has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Medically Fragile Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider contracts. Upon receipt of this letter and report of findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction (POC). Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

DIVISION OF HEALTH IMPROVEMENT • QUALITY MANAGEMENT BUREAU

5301 Central NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8633 • FAX: (505) 222-8661 • http://nmhealth.org/about/dhi/cbp/irf/

PHAB

Advancing public health

performance

During the exit interview of your on-site survey Attachment A on the Plan of Correction Process was provided to you. Please refer to Attachment A for specific instruction on completing your Plan of Correction. At a minimum, your Plan of Correction should address the following for each Tag cited:

Corrective Action:

• How is the deficiency going to be corrected? (i.e., obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done? (i.e., file reviews, periodic check with checklist, etc.)
- How many individuals is this going to effect? (i.e., percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e., weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position)
- What steps will be taken if issues are found? (i.e., retraining, requesting documents, filing RORA, etc.)

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a Void/Adjust claims or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan @state.nm.us</u>)
OR
Jennifer Goble (<u>Jennifer.goble2 @state.nm.us</u>)

QMB Report of Findings - Children's Home Healthcare (DJK Home Healthcare, LLC) - Metro - October 29 - 31, 2018

Please be advised that there is a one-week lag period for applying payments received by check to Voided/Adjusted claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, Amanda Castaneda, at (575) 373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Crystal Lopez-Beck, BA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC: Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur
- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and

QMB Report of Findings - Children's Home Healthcare (DJK Home Healthcare, LLC) - Metro - October 29 - 31, 2018

- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc.;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps should be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda E Castaneda at (575) 373-5716 email at AmandaE.Castaneda@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda E. Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
 - b. Fax to (575) 528-5019, or
 - c. Mail to POC Coordinator, 1170 N. Solano Suite D, Las Cruces, NM 88001
- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.

- b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
- c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
- d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
- e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings. In addition to this, we ask that you submit:
 - a. Evidence of an internal audit of billing/reimbursement conducted for a sample of individuals and timeframes of your choosing to verify POC implementation;
 - b. Copies of "void and adjust" forms submitted to Xerox State Healthcare, LLC to correct all unjustified units identified and submitted for payment during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at crystal.lopez-beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

	the identified strengths, concerns, priorities			
	and outcomes in the ISP.			
	rivate Duty Nursing Services Include			
1.	The private duty nurse will provide			
	nursing services in accordance with the			
	New Mexico Nursing Practice Act, NMSA			
•	1978 61-3-1, et seq.			
2.	The private duty nurse will develop,			
	implement, evaluate and coordinate the			
	participant's plan of care on a continuing			
	basis. This plan of care may require			
	coordination with multiple agencies. A			
	copy of the plan of care must be			
2	maintained in the participant home.			
3.	The private duty nurse will provide the			
	participant, caregiver and family all the			
	training and education pertinent to the			
	treatment plan and equipment used by the participant.			
1	The private duty nurse will meet			
4.	The private duty hurse will fileet			

	checking and knowing the following		
	regarding medications:		
	 a. Medication changes, discontinued 		
	medication and new medication, and		
	will communicate changes to all		
	pertinent providers, primary care		
	giver and family		
	 Response to medication 		
	c. Reason for medication		
	d. Adverse reactions		
	e. Significant side effects		
	f. Drug allergies		
	g. Contraindications		
11	. The private duty nurse will follow the HH		
	Agency's policy and procedure for		
	management of medication errors.		
12	. The private duty nurse providing direct		
	care to a participant will be oriented to		
	the unique needs of the participant by		
	the family, HH Agency and other		
	resources as needed, prior to the nurse		
	providing independent services for the		
	participant.		
13	The private duty nurse will develop and		
	maintain skills to safely manage all		
	devices and equipment needed in		
	providing care for the participant.		
14	. The private duty nurse will monitor all		
	equipment for safe functioning and will		
	facilitate maintenance and repair as		
	needed.		
15	. The private duty nurse will obtain		
	pertinent medical history.		
16	. The private duty nurse will be		
	responsible for the following:		
	 a. Obtain pertinent medical history. 		
	b. Assist in the development and		
	implementation of bowel and bladder		
	regimens and monitor such		
	regiments and modify as needed		

	This includes removal of fecal	
	impactions and bowel and/or bladder	
	training. Also included is urinary	
	catheter and supra-pubic catheter	
	care.	
C.	Assist with the development,	
	implementation, modification and	
	monitoring of nutritional needs via	
	feeding tubes and orally per	
	Physician/Healthcare Practitioner	
	order within the nursing scope of	
	practice.	
d.	Provide ostomy care per	
	Physician/Healthcare Practitioner	
	order.	
e.	Monitor respiratory status and	
	treatments including the participant's	
	response to therapy.	
f.	Provide rehabilitative nursing.	
g.	Be responsible for collecting	
	specimens and obtaining cultures	
	per Physician/Healthcare Practitioner	
	order.	
h.	Provide routine assessment,	
	implementation, modification and	
	monitoring of skin conditions and	
	wounds.	
i.	Provide routine assessment,	
	implementation, modification and	
	monitoring of Instrumental Activities	
	of Daily Living (IADL) and Activities	
_	of Daily Living (ADL).	
j.	Monitor vital signs per	
	Physician/Healthcare Practitioner	
47 TI	orders or per HH Agency policy.	
	e private duty nurse will consult and	
	llaborate with the participant's PCP,	
	ecialist, other team members, and	
	mary care giver/family, for the purpose	
OI	evaluation of the participant and/or	

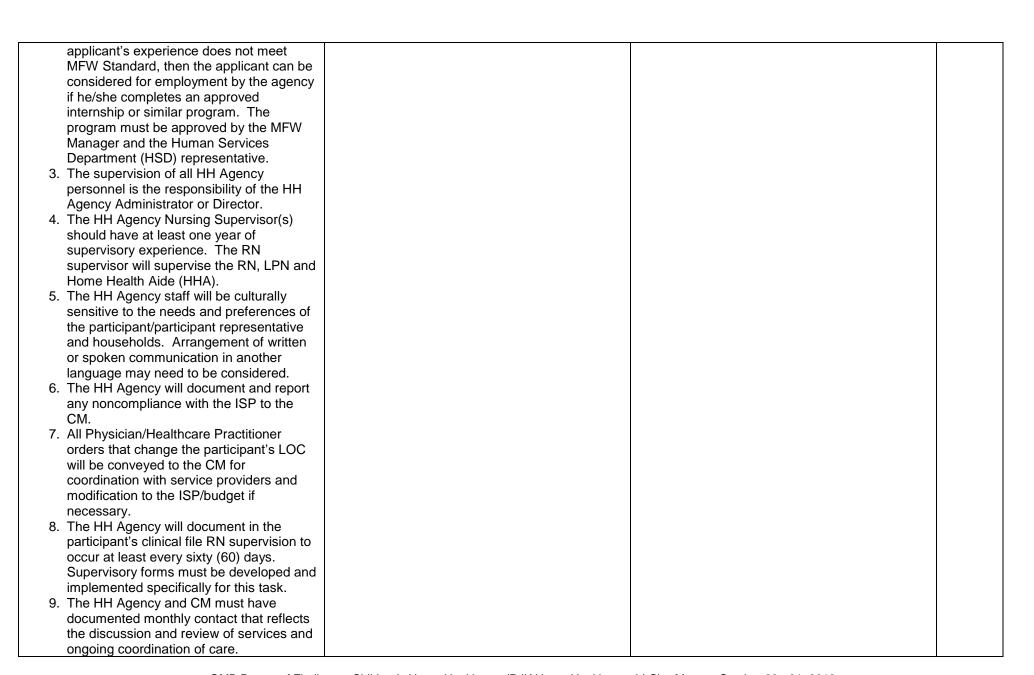

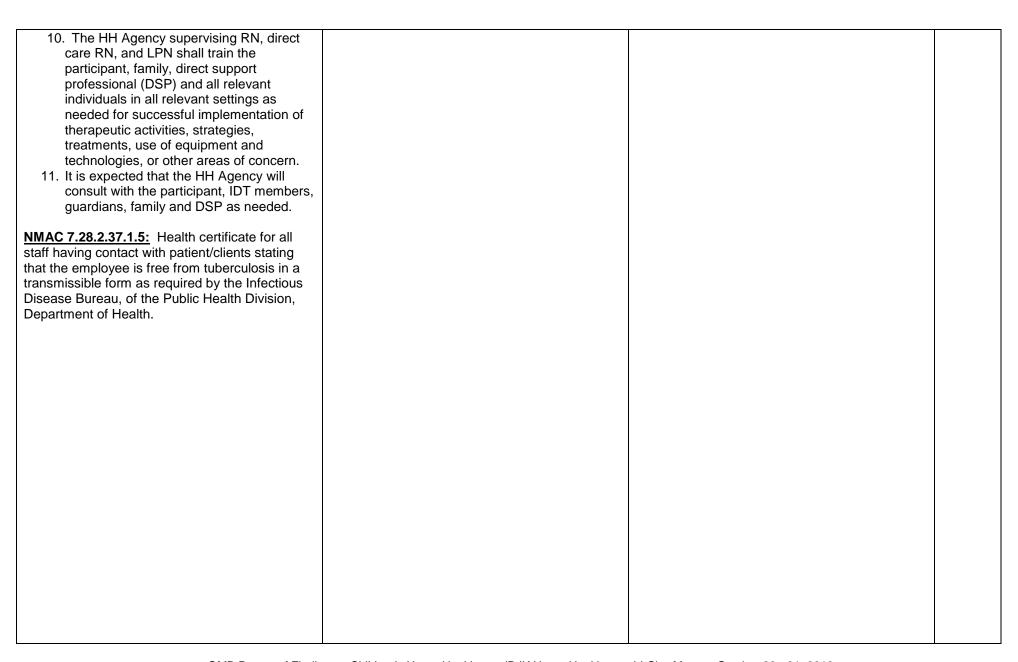

The private duty nurse must perform an initial		
comprehensive assessment for each		
participant.		
The comprehensive assessment will comply		
with		
all Federal, State, HH Agency and MFW		
regulations. The comprehensive assessment		
must be done at least annually and when		
clinically indicated. The assessment will be		
used		
to develop and revise the strategies, nursing		
plan of care, goals, and outcomes for the participant.		
The comprehensive assessment will include		
at		
least the following:		
Review of the pertinent medical history		
Medical and physical status		
3. Cognitive status		
4. Home and community environments for		
safety		
Sensory status/perceptual processing		
Environmental access skills		
7. Instrumental activities of IADL and ADL		
techniques to improve deficits or effects		
of deficits 8. Mental status		
Types of services and equipment		
required		
10. Activities permitted		
11. Nutritional status		
12. Identification of nursing plans or goals for		
care.

curriculum and site-specific issues pertaining to the			
community-based service provider's facility. Training			
shall be conducted in a language that is understood			
by the employee or volunteer.			
by the employee of volunteer.			
C. Incident management system training			
curriculum requirements:			
(1) The community-based service provider shall			
conduct training or designate a knowledgeable			

representative to conduct training, in accordance		
with the written training curriculum provided		
electronically by the division that includes but is		
not limited to:		
(a) an overview of the potential risk of abuse,		
neglect, or exploitation;		
(b) informational procedures for properly filing		
the division's abuse, neglect, and exploitation or		
report of death form;		
(c) specific instructions of the employees' legal		
responsibility to report an incident of abuse,		
neglect and exploitation, suspicious injury, and all		
deaths;		
(d) specific instructions on how to respond to		
abuse, neglect, or exploitation;		
(e) emergency action procedures to be followed		
in the event of an alleged incident or knowledge of		
abuse, neglect, exploitation, or suspicious injury.		
(2) All current employees and volunteers shall		
receive training within 90 days of the effective date		
of this rule.		
(3) All new employees and volunteers shall		
receive training prior to providing services to		
consumers.		
D. Training documentation: All community-based		
service providers shall prepare training		
documentation for each employee and volunteer to		
include a signed statement indicating the date, time,		
and place they received their incident management		
reporting instruction. The community-based service		
provider shall maintain documentation of an		
employee or volunteer's training for a period of at		
least three years, or six months after termination of		
an employee's employment or the volunteer's work.		
Training curricula shall be kept on the provider		
premises and made available upon request by the		
department. Training documentation shall be made		
available immediately upon a division representative's		
request. Failure to provide employee and volunteer		
training documentation shall subject the community-		
based service provider to the penalties provided for in		

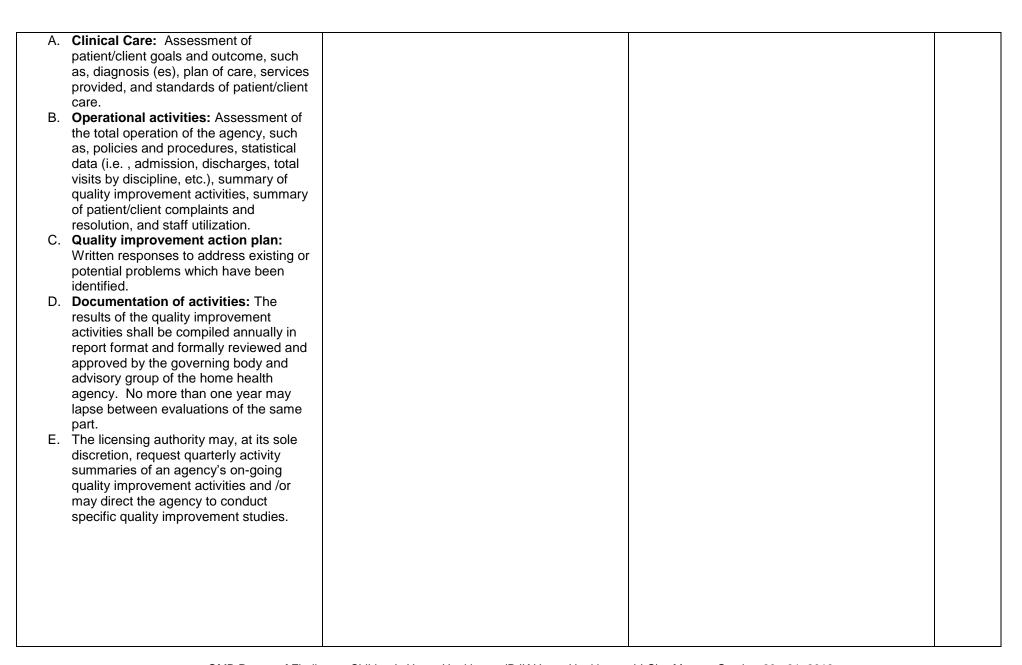

this rule.		
NMAC 7.1.13.10		
INCIDENT MANAGEMENT SYSTEM		
REQUIREMENTS:		
A. General: All licensed health care facilities and		
community based service providers shall establish		
and maintain an incident management system,		
which emphasizes the principles of prevention and		
staff involvement. The licensed health care facility		
or community based service provider shall ensure		
that the incident management system policies and		
procedures requires all employees to be		
competently trained to respond to, report, and		
document incidents in a timely and accurate		
manner.		
D. Training Documentation: All licensed health		
care facilities and community based service		
providers shall prepare training documentation for		
each employee to include a signed statement		
indicating the date, time, and place they received		
their incident management reporting instruction.		
The licensed health care facility and community		
based service provider shall maintain documentation of an employee's training for a		
period of at least twelve (12) months, or six (6)		
months after termination of an employee's		
employment. Training curricula shall be kept on the		
provider premises and made available on request		
by the department. Training documentation shall be		
made available immediately upon a division		
representative's request. Failure to provide		
employee training documentation shall subject the		
licensed health care facility or community based		
service provider to the penalties provided for in this		
rule.

Survey Type: Initial

Dear Ms. J. Sanchez:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda
