E-mail Address:	ability1st@aol.com
Region: Survey Date: Program Surveyed:	Metro December 14 - 20, 2018 Developmental Disabilities Waiver
Service Surveyed: Community Supports	<b>2012 &amp; 2018:</b> Supported Living, Family Living, Customized In-Home Supports, Customized Community Integrated Employment Services
Survey Type:	Routine
Team Leader:	Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Member:	Kandis Gomez, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Wolf Krusemark, BFA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Lucio Hernandez, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Beverly Estrada, ADN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Yolanda Herrera, RN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

# Dear Mr. Patrick T. Garrity;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

# **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:** This determination is based on noncompliance with one to five (1 - 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication

The following tags are identified as Standard Level:

- Tag # 1A08.3 Administrative Case File Individual Service Plan/ISP Components
- Tag # 1A32 Administrative Case File Individual Service Plan Implementation
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting Individual Reporting
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.0 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)
- Tag # LS27 Family Living Reimbursement

#### Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

#### **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

#### **On-going Quality Assurance/Quality Improvement Processes:**

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- · How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

# 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001

#### 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

# **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (<u>Jennifer.goble2@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Lora Norby

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

# Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C). *Instructions for Completing Agency POC:* 

#### **Required Content**

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

# The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

*Note:* <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

#### **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

#### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
  - a. Electronically at <u>AmandaE.Castaneda@state.nm.us</u> (preferred method)
  - b. Fax to 575-528-5019, or
  - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# **POC Document Submission Requirements**

QMB Report of Findings – Ability First, LLC – Metro – December 14 - 20, 2018

Survey Report #: Q.19.2.DDW.24883310.5.RTN.01.19.065

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

# Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

#### Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- **1A32** Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

QMB Report of Findings – Ability First, LLC – Metro – December 14 - 20, 2018

Survey Report #: Q.19.2.DDW.24883310.5.RTN.01.19.065

- 1A20 Direct Support Personnel Training
- **1A22** Agency Personnel Competency
- **1A37** Individual Specific Training

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09 –** Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- **1A15.2** Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- **1A07 –** Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Documentation Nurse Availability
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

# Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

# Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

# Attachment D

# **QMB** Determinations of Compliance

# Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

#### Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

#### Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

#### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance	Weighting						
Determination	LC	)W		MEDIUM			GH
Standard Level Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or

•	

<b>6.6.3 Additional Requirements for Adults:</b> Because children have access to other funding sources, a larger array of services are available to adults than to children through the DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.		
<b>6.6.3.1. Action Plan:</b> Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take.		
<ol> <li>Action Plans delineate which activities will be completed within one year.</li> <li>Action Plans are completed through IDT consensus during the ISP meeting.</li> <li>Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step.</li> </ol>		
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.		

<b>6.6.3.3 Individual Specific Training in the ISP:</b> The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness, knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.)	
<b>6.8 ISP Implementation and Monitoring:</b> All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.	
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant	

information produced. The extent of		
documentation required for individual client		
records per service type depends on the location

adhere to the following:	
1. Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of the	
person during the provision of the service.	
2. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the Therap	
web-based system using computers or mobile	
devices is acceptable.	
3. Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	
therapists or BSCs are present in all needed	
settings.	
4. Provider Agencies must maintain records of	
all documents produced by agency personnel or	
contractors on behalf of each person, including	
any routine notes or data, annual assessments,	
semi-annual reports, evidence of training	
provided/received, progress notes, and any	
other interactions for which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only for	
the services provided by their agency.	
6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored	
in agency office files, the delivery site, or with	
DSP while providing services in the community.	
7. All records pertaining to JCMs must be	
retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from	
services.

the services provided by their agency.	11/10/2017).	
6. The current Client File Matrix found in Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
Chapter 19: Provider Reporting Requirements: 19.5 Semi-Annual Reporting:		
The semi-annual report provides status updates		

to life electron tensors is calify and encourses	
to life circumstances, health, and progress	
toward ISP goals and/or goals related to	
professional and clinical services provided	
through the DD Waiver. This report is submitted	
to the CM for review and may guide actions	
taken by the person's IDT if necessary. Semi-	
annual reports may be requested by DDSD for	
QA activities.	
Semi-annual reports are required as follows:	
1. DD Waiver Provider Agencies, except AT,	
EMSP, Supplemental Dental, PRSC, SSE and	
Crisis Supports, must complete semi-annual	
reports.	
2. A Respite Provider Agency must submit a	
semi-annual progress report to the CM that	
describes progress on the Action Plan(s) and	
Desired Outcome(s) when Respite is the only	
service included in the ISP other than Case	
Management for an adult age 21 or older.	
3. The first semi-annual report will cover the time	
from the start of the person's ISP year until the	
end of the subsequent six-month period (180	
calendar days) and is due ten calendar days	
after the period ends (190 calendar days).	
4. The second semi-annual report is integrated	
into the annual report or professional	
assessment/annual re-evaluation when	
applicable and is due 14 calendar days prior to	
the annual ISP meeting.	
5. Semi-annual reports must contain at a	
minimum written documentation of:	
a. the name of the person and date on each	
page;	
b. the timeframe that the report covers;	
c. timely completion of relevant activities from	
ISP Action Plans or clinical service goals during	
timeframe the report is covering;	
d. a description of progress towards Desired	
Outcomes in the ISP related to the service	
provided;	
e. a description of progress toward any service

requirements for records to be stored in agency	
office files, the delivery site, or with DSP while	
providing services in the community.	
7. All records pertaining to JCMs must be retained	
permanently and must be made available to DDSD	
upon request, upon the termination or expiration of	
a provider agreement, or upon provider withdrawal	
from services.	
20.5.3 Health Passport and Physician	
Consultation Form: All Primary and Secondary	
Provider Agencies must use the Health Passport	
and Physician Consultation form from the Therap	
system. This standardized document contains	
individual, physician and emergency contact	
information, a complete list of current medical	
diagnoses, health and safety risk factors, allergies,	
and information regarding insurance, guardianship,	
and advance directives. The Health Passport also	
includes a standardized form to use at medical	
appointments called the Physician Consultation	
form. The Physician Consultation form contains a	
list of all current medications. Requirements for the	
Health Passport and Physician Consultation form	
are:	
2. The Primary and Secondary Provider Agencies	
must ensure that a current copy of the Health	
Passport and Physician Consultation forms are	
printed and available at all service delivery sites.	
Both forms must be reprinted and placed at all	
service delivery sites each time the e-CHAT is	
updated for any reason and whenever there is a	
change to contact information contained in the IDF.	
<b>5</b>	
Chapter 13: Nursing Services:	
13.2.9 Healthcare Plans (HCP):	
1. At the nurse's discretion, based on prudent	
nursing practice, interim HCPs may be developed	
to address issues that must be implemented	
immediately after admission, readmission or	
change of medical condition to provide safe	
services prior to completion of the e-CHAT and	
formal care planning process. This includes interim	

ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are		
in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e- CHAT summary		
<ul> <li>13.2.10 Medical Emergency Response Plan (MERP):</li> <li>1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP.</li> <li>2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.</li> </ul>

e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals).			
f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using EPR. Agency DSP and DSS shall maintain			

certification in a DDSD-approved system if any		
person they support has a BCIP that includes		
the use of EPR.		
g. Complete and maintain certification in a		
DDSD-approved medication course if required to		
assist with medication delivery.		
h. Complete training regarding the HIPAA.		
2. Any staff being used in an emergency to fill in		
or cover a shift must have at a minimum the		
DDSD required core trainings and be on shift		
with a DSP who has completed the relevant IST.		
17.10 Individual-Specific Training: The		
following are elements of IST: defined standards		
of performance, curriculum tailored to teach		
skills and knowledge necessary to meet those		
standards of performance, and formal		
examination or demonstration to verify		
standards of performance, using the established		
DDSD training levels of awareness, knowledge,		
and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of		
information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.		
Reaching a <b>knowledge level</b> may take the form		
of observing a plan in action, reading a plan		
more thoroughly, or having a plan described by		
the author or their designee. Verbal or written		
recall or demonstration may verify this level of		
competence.		
Reaching a skill level involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall demonstrate		
the techniques according to the plan. Then they		
observe and provide feedback to the trainee as		
they implement the techniques. This should be		
repeated until competence is demonstrated.		
Demonstration of skill or observed		

implementation of the techniques or strategies		
verifies skill level competence. Trainees should		
be observed on more than one occasion to		
ensure appropriate techniques are maintained		
and to provide additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
1. IST must be arranged and conducted at least		
annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies, and		
information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the		
year ends.		
2. IST for therapy-related WDSI, HCPs, MERPs,		
CARMPs, PBSA, PBSP, and BCIP, must occur		
at least annually and more often if plans change,		
or if monitoring by the plan author or agency		
finds incorrect implementation, when new DSP		
or CM are assigned to work with a person, or		
when an existing DSP or CM requires a		
refresher.		
3. The competency level of the training is based		
on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
5. Provider Agencies are responsible for tracking		
of IST requirements.		
6. Provider Agencies must arrange and ensure		
that DSP's are trained on the contents of the		
plans in accordance with timelines indicated in		
the Individual-Specific Training Requirements:		
Support Plans section of the ISP and notify the		
plan authors when new DSP are hired to		
arrange for trainings.		
7. If a therapist, BSC, nurse, or other author of a	<u> </u>	

designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re- certifying the designated trainer at least annually and/or when there is a change to a person's plan. <b>17.10.1 IST Training Rosters:</b> IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the traine has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.) 3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the trainer.

Tag # 1A43.1 General Events Reporting - Individual Reporting	Standard Level Deficiency		
<ul> <li>Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018</li> <li>Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows:</li> <li>1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system.</li> <li>2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements.</li> <li>3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap.</li> <li>4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System.</li> <li>5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.</li> </ul>	<ul> <li>Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 6 of 13 individuals.</li> <li>The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within 2 business days:</li> <li>Individual #2</li> <li>General Events Report (GER) indicates on 8/21/2018 the Individual received an injury and was taken to the Emergency Room (Emergency Services). GER was approved on 9/5/2018.</li> <li>Individual #5</li> <li>General Events Report (GER) indicates on 4/29/2018 the Individual was injured. (Injury). GER was pending approval.</li> <li>Individual #6</li> <li>General Events Report (GER) indicates on 9/25/2018 the Individual was injured (Injury). GER was approved on 10/2/2018.</li> <li>General Events Report (GER) indicates on 9/25/2018 the Individual was injured (Injury). GER was approved on 10/2/2018.</li> <li>General Events Report (GER) indicates on 9/25/2018 the Individual was injured (Injury). GER was approved on 10/2/2018.</li> <li>General Events Report (GER) indicates on 9/25/2018 the Individual was injured (Injury). GER was approved on 10/2/2018.</li> <li>General Events Report (GER) indicates on 9/25/2018 the Individual was injured (Injury). GER was approved on 10/2/2018.</li> <li>General Events Report (GER) indicates on 9/25/2018 the Individual was injured (Injury). GER was approved on 10/2/2018.</li> <li>Individual #8</li> <li>General Events Report (GER) indicates on 9/3/2018 the Individual had a bruise on her knee (Injury). GER was approved on 10/2/2018.</li> </ul>	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting: 1. Effective immediately, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau. 2. No alternative methods for reporting are permitted. The following events need to be reported in the Therap GER: - Emergency Room/Urgent Care/Emergency Medical Services - Falls Without Injury - Injury (including Falls, Choking, Skin Breakdown and Infection) - Law Enforcement Use - Medication Errors - Medication Documentation Errors - Missing Person/Elopement - Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission - PRN Psychotropic Medication - Restraint Related to Behavior - Suicide Attempt or Threat Entry Guidance: Provider Agencies must complete the following sections of the GER with detailed information: profile information, event information, other event information, general information, notification, actions taken or planned, and the review follow up comments such as discharge summary, medical consultation form, etc. Provider Agencies must explore GERs within 2 business days with the exception of	<ul> <li>General Events Report (GER) indicates on 8/2/2018 the Individual was non responsive and EMS was called (EMS). GER was approved on 8/15/2018.</li> <li>General Events Report (GER) indicates on 7/6/2018 the Individual was taken to ER (ER). GER was approved on 7/19/2018.</li> <li>Individual #12</li> <li>General Events Report (GER) indicates on 12/10/2017 the Individual fell (Fall). GER was approved on 2/2/2018.</li> <li>Individual #13</li> <li>General Events Report (GER) indicates on 10/16/2018 the Individual had a cut (Injury). GER was approved on 10/25/2018.</li> <li>General Events Report (GER) indicates on 9/22/2018 the Individual was admitted Hospital (Hospitalization). GER was approved on 10/2/2018.</li> <li>General Events Report (GER) indicates on 9/14/2018 the Individual called 911 (Emergency services). GER was approved on 9/26/2018.</li> <li>General Events Report (GER) indicates on 9/14/2018 the Individual called 911 (Emergency services). GER was approved on 9/26/2018.</li> <li>General Events Report (GER) indicates on 4/1/2018 the Individual was injured (Injury). GER was approved on 4/5/2018.</li> </ul>

Plan (HCP), including a Comprehensive Aspiration			

Risk Management Plan (CARMP), or another plan.	
2. When the person/guardian disagrees with a	
recommendation or does not agree with the	
implementation of that recommendation, Provider	
Agencies follow the DCP and attend the meeting	
coordinated by the CM. During this meeting:	
a. Providers inform the person/guardian of the	
rationale for that recommendation, so that the	
benefit is made clear. This will be done in layman's	
terms and will include basic sharing of information	
designed to assist the person/guardian with	
understanding the risks and benefits of the	
recommendation.	
b. The information will be focused on the specific	
area of concern by the person/guardian.	
Alternatives should be presented, when available,	
if the guardian is interested in considering other	
options for implementation.	
c. Providers support the person/guardian to make	
an informed decision.	
d. The decision made by the person/guardian	
during the meeting is accepted; plans are modified;	
and the IDT honors this health decision in every	
setting.	
Chapter 20: Provider Documentation and Client	
Records:	
20.2 Client Records Requirements: All DD	
Waiver Provider Agencies are required to create and maintain individual client records. The	
contents of client records vary depending on the	
unique needs of the person receiving services and	
the resultant information produced. The extent of	
documentation required for individual client records	
per service type depends on the location of the file,	
the type of service being provided, and the	
information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
1. Client records must contain all documents	
essential to the service being provided and	
essential to the service being provided and essential to ensuring the health and safety of the	

person during the provision of the service.		
2. Provider Agencies must have readily accessible		
records in home and community settings in paper		
or electronic form. Secure access to electronic		
records through the Therap web based system		
using computers or mobile devices is acceptable.		
3. Provider Agencies are responsible for ensuring		
that all plans created by nurses, RDs, therapists or		
BSCs are present in all needed settings.		
4. Provider Agencies must maintain records of all		
documents produced by agency personnel or		
contractors on behalf of each person, including any		
routine notes or data, annual assessments, semi-		
annual reports, evidence of training		
provided/received, progress notes, and any other		
interactions for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of service		
delivery, as well as data tracking only for the		
services provided by their agency.		
6. The current Client File Matrix found in Appendix		
A Client File Matrix details the minimum		
requirements for records to be stored in agency		
office files, the delivery site, or with DSP while		
providing services in the community.		
7. All records pertaining to JCMs must be retained		
permanently and must be made available to DDSD		
upon request, upon the termination or expiration of		
a provider agreement, or upon provider withdrawal		
from services.		
nom services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and Secondary		
Provider Agencies must use the Health Passport		
and Physician Consultation form from the Therap		
system. This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors, allergies,		
and information regarding insurance, guardianship,		
and advance directives. The Health Passport also		
includes a standardized form to use at medical		

appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. Chapter 10: Living Care Arrangements (LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups and other check-ups as recommended by a licensed dentist. d. The person receives a hearing test as recommended by a licensed audiologist.

maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only for	
the services provided by their agency.	
6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored	
in agency office files, the delivery site, or with	
DSP while providing services in the community.	
7. All records pertaining to JCMs must be	
retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from	
services.	
Chapter 3 Safeguards: 3.1.1 Decision	
<b>Consultation Process (DCP):</b> Health decisions	
are the sole domain of waiver participants, their	
guardians or healthcare decision makers.	
Participants and their healthcare decision	
makers can confidently make decisions that are	
compatible with their personal and cultural values. Provider Agencies are required to	
0	
b. clinical recommendations made by	
registered/licensed clinicians who are either	
support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health- related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations made by	

members of the IDT or clinicians who have performed an evaluation such as a video- fluoroscopy; c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and d. recommendations made through a Healthcare		
Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.		
2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:		
a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the		
<ul> <li>person/guardian with understanding the risks and benefits of the recommendation.</li> <li>b. The information will be focused on the specific area of concern by the person/guardian.</li> <li>Alternatives should be presented, when available, if the guardian is interested in</li> </ul>		
<ul> <li>considering other options for implementation.</li> <li>c. Providers support the person/guardian to make an informed decision.</li> <li>d. The decision made by the person/guardian during the meeting is accepted; plans are</li> </ul>		
modified; and the IDT honors this health decision in every setting.		
Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and Planning Process: The nursing assessment process includes several DDSD mandated tools:		

the electronic Comprehensive Nursing		
Assessment Tool (e-CHAT), the Aspiration Risk		
Screening Tool (ARST) and the Medication		
Administration Assessment Tool (MAAT) . This		
process includes developing and training Health		
Care Plans and Medical Emergency Response		
Plans.		
The following hierarchy is based on budgeted		
services and is used to identify which Provider		
Agency nurse has primary responsibility for		
completion of the nursing assessment process		
and related subsequent planning and training.		
Additional communication and collaboration for		
planning specific to CCS or CIE services may be		
needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
1. Living Supports: Supported Living, IMLS or		
Family Living via ANS;		
2. Customized Community Supports- Group;		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion with		
health-related needs; or		
b. if no residential services are budgeted but		
assessment is desired and health needs may		
exist.		
13.2.6 The Electronic Comprehensive Health		
Assessment Tool (e-CHAT)		
1. The e-CHAT is a nursing assessment. It may		
not be delegated by a licensed nurse to a non-		
licensed person.		
2. The nurse must see the person face-to-face		
to complete the nursing assessment. Additional		
information may be gathered from members of		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		

and consultation to their budget.	
4. When completing the e-CHAT, the nurse is	
required to review and update the electronic	
record and consider the diagnoses, medications,	
treatments, and overall status of the person.	
Discussion with others may be needed to obtain	
critical information.	
5. The nurse is required to complete all the e-	
CHAT assessment questions and add additional	
pertinent information in all comment sections.	
13.2.7 Aspiration Risk Management	
Screening Tool (ARST)	
13.2.8 Medication Administration	
Assessment Tool (MAAT):	
1. A licensed nurse completes the DDSD	
Medication Administration Assessment Tool	
(MAAT) at least two weeks before the annual	
ISP meeting.	
2. After completion of the MAAT, the nurse will	
present recommendations regarding the level of	
assistance with medication delivery (AWMD) to	
the IDT. A copy of the MAAT will be sent to all	
the team members two weeks before the annual	
ISP meeting and the original MAAT will be	
retained in the Provider Agency records.	
3. Decisions about medication delivery are made	
by the IDT to promote a person's maximum	
independence and community integration. The	
IDT will reach consensus regarding which	
criteria the person meets, as indicated by the	
results of the MAAT and the nursing	
recommendations, and the decision is	
documented this in the ISP.	
13.2.9 Healthcare Plans (HCP):	
1. At the nurse's discretion, based on prudent	
nursing practice, interim HCPs may be	
developed to address issues that must be	
implemented immediately after admission,	

	·1
readmission or change of medical condition to	
provide safe services prior to completion of the	
e-CHAT and formal care planning process. This	
includes interim ARM plans for those persons	
newly identified at moderate or high risk for	
aspiration. All interim plans must be removed if	
the plan is no longer needed or when final HCP	
including CARMPs are in place to avoid	
duplication of plans.	
2. In collaboration with the IDT, the agency	
nurse is required to create HCPs that address all	
the areas identified as required in the most	
current e-CHAT summary report which is	
indicated by "R" in the HCP column. At the	
nurse's sole discretion, based on prudent	
nursing practice, HCPs may be combined where	
clinically appropriate. The nurse should use	
nursing judgment to determine whether to also	
include HCPs for any of the areas indicated by	
"C" on the e-CHAT summary report. The nurse	
may also create other HCPs plans that the nurse	
determines are warranted.	
13.2.10 Medical Emergency Response Plan	
(MERP):	
1. The agency nurse is required to develop a	
Medical Emergency Response Plan (MERP) for	
all conditions marked with an "R" in the e-CHAT	
summary report. The agency nurse should use	
her/his clinical judgment and input from the	
Interdisciplinary Team (IDT) to determine	
whether shown as "C" in the e-CHAT summary	
report or other conditions also warrant a MERP.	
2. MERPs are required for persons who have	
one or more conditions or illnesses that present	
a likely potential to become a life-threatening	
situation.	
Chapter 20: Provider Documentation and	
Client Records: 20.5.3 Health Passport and	
Physician Consultation Form: All Primary and	
	l

Secondary Provider Agencies must use the	
Health Passport and Physician Consultation	
form from the Therap system. This standardized	
document contains individual, physician and	
emergency contact information, a complete list	
of current medical diagnoses, health and safety	
risk factors, allergies, and information regarding	
insurance, guardianship, and advance	
directives. The Health Passport also includes a	
standardized form to use at medical	
appointments called the Physician Consultation	
form.

		1
1. A month is considered a period of 30 calendar		
days.		
2. At least one hour of face-to-face billable		
services shall be provided during a calendar		
month where any portion of a monthly unit is		
billed.		
3. Monthly units can be prorated by a half unit.		
4. Agency transfers not occurring at the		
beginning of the 30-day interval are required to		
be coordinated in the middle of the 30-day		
interval so that the discharging and receiving		
agency receive a half unit.		
21.9.3 Requirements for 15-minute and		
<b>hourly units:</b> For services billed in 15-minute or		
hourly intervals, Provider Agencies must adhere		
to the following:		
1. When time spent providing the service is not		
exactly 15 minutes or one hour, Provider		
Agencies are responsible for reporting time		
correctly following NMAC 8.302.2.		
2. Services that last in their entirety less than		
eight minutes cannot be billed.		
eight minutes cannot be billed.		
Developmental Disabilities (DD) Waiver Service		
Standards effective 11/1/2012 revised		
4/23/2013; 6/15/2015		
CHAPTER 11 (FL) 5. REIMBURSEMENT		
A. Family Living Services Provider Agencies		
must maintain all records necessary to fully		
disclose the type, quality, quantity and clinical		
necessity of services furnished to individuals		
who are currently receiving services. The Family		
Living Services Provider Agency records must		
be sufficiently detailed to substantiate the date,		
time, individual name, servicing provider, nature		
of services, and length of a session of service		
billed. Providers are required to comply with the		
New Mexico Human Services Department Billing		
Regulations		
INEgulations		

1. From the payments received for Family Living		
services, the Family Living Agency must:		
a. Provide a minimum payment to the contracted		
primary caregiver of \$2,051 per month; and		
b. Provide or arrange up to seven hundred fifty		
(750) hours of substitute care as sick leave or		
relief for the primary caregiver. Under no		
circumstances can the Family Living Provider		
agency limit how these hours will be used over		
the course of the ISP year. It is not allowed to		
limit the number of substitute care hours used in		
a given time period, other than an ISP year.		
B. Billable Units:		
1. The billable unit for Family Living is based on		
a daily rate. A day is considered 24 hours from		
midnight to midnight. If 12 or less hours of		
service, are provided then one half unit shall be		
billed. A whole unit can be billed if more than 12		
hours of service is provided during a 24 hour		
period.		
2. The maximum allowable billable units cannot		
exceed three hundred forty (340) days per ISP		
year or one hundred seventy (170) days per six		
(6) months.		
Developmental Disabilities (DD) Waiver		
Service Standards effective 4/1/2007		
CHAPTER 6. IX. REIMBURSEMENT FOR		
COMMUNITY LIVING SERVICES		
D. Reimbursement for Independent Living		
Services: The billable unit for Independent		
Living Services is a monthly rate with a		
maximum of 12 units a year. Independent		
Living Services is reimbursed at two levels		
based on the number of hours of service		
needed by the individual as specified in the		
ISP. An individual receiving at least 20 hours		
but less than 100 hours of direct service per		
month will be reimbursed at Level II rate. An		
individual receiving 100 or more hours of direct		

service per month will be reimbursed at the	
Level I rate.	
NMAC 8.302.1.17 Effective Date 9-15-08	
Record Keeping and Documentation	
<b>Requirements -</b> A provider must maintain all the	
records necessary to fully disclose the nature,	
quality, amount and medical necessity of	
services furnished to an eligible recipient who is	
currently receiving or who has received services	
in the past.	
Detail Required in Records - Provider Records	
must be sufficiently detailed to substantiate the	
date, time, eligible recipient name, rendering,	
attending, ordering or prescribing provider; level	
and quantity of services, length of a session of	
service billed, diagnosis and medical necessity	
of any service Treatment plans or other	
plans of care must be sufficiently detailed to	
substantiate the level of need, supervision, and	
direction and service(s) needed by the eligible	
recipient.	
Services Billed by Units of Time -	
Services billed on the basis of time units spent	
with an eligible recipient must be sufficiently	
detailed to document the actual time spent with	
the eligible recipient and the services provided	
during that time unit.	
Records Retention - A provider who receives	
payment for treatment, services or goods must	
retain all medical and business records relating	
to any of the following for a period of at least six	
years from the payment date:	
(1) treatment or care of any eligible recipient	
(2) services or goods provided to any eligible	
recipient	
(3) amounts paid by MAD on behalf of any	
eligible recipient; and	
(4) any records required by MAD for the	
administration of Medicaid.

Survey Type: Routine

Dear Mr. Patrick T. Garrity;

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

### The Plan of Correction process is now complete.

# Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda

Amanda Castañeda Plan of Correction Coordinator Quality Management Bureau/DHI
