Board Chair E-Mail Address	Doug Beebe dbeebe@benchmarkhs.com
Region: Survey Date: Program Surveyed:	Northeast February 22 - 27, 2019 Developmental Disabilities Waiver
Service Surveyed:	<b>2007:</b> Supported Living, Adult Habilitation <b>2012 &amp; 2018:</b> Supported Living, Intensive Medical Living, Customized Community Supports, Community Integrated Employment Services
Survey Type:	Routine
Team Leader:	Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Member:	Monica Valdez, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Elisa Alford, MSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Wolf Krusemark, BFA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Juanita Watson;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

# Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:** This determination is based on noncompliance with one to five (1 - 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

# DIVISION OF HEALTH IMPROVEMENT

Countrol HALDH OF ALL

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

The following tags are identified as Conditional of Participation Level:

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A08.3 Administrative Case File: Individual Service Plan/ISP Components
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag # 1A43.1 General Events Reporting Individual Reporting
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09.0 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- Tag # 1A27.2 Duty to Report IRs Filed During On-Site and/or IRs Not Reported by Provider
- Tag # 1A29 Complaints / Grievances Acknowledgement
- Tag # 1A33.1 Board of Pharmacy License
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)
- Tag # IS30 Customized Community Supports Reimbursement

# Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

# **Corrective Action for Current Citation:**

 How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

# **On-going Quality Assurance/Quality Improvement Processes:**

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- · How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

# 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001

# 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

# Billing Deficiencies: changed this format to be reflective of new changes

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (<u>Jennifer.goble2@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

# Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Lora Norby

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

# Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C). *Instructions for Completing Agency POC:* 

# **Required Content**

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

# The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

*Note:* <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

# **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

# Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
  - a. Electronically at <u>AmandaE.Castaneda@state.nm.us</u> (preferred method)
  - b. Fax to 575-528-5019, or
  - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after your POC has been approved</u> by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

# Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- **1A32 –** Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- **IS14 –** CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20** Direct Support Personnel Training
- **1A22** Agency Personnel Competency

• **1A37** – Individual Specific Training

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09 –** Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Documentation Nurse Availability
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

# Attachment C

#### Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

# Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

# Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

# **QMB** Determinations of Compliance

# **Compliance:**

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

# Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC	W		MEDIUM		HI	GH
Standard Level Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or

retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from services.	
Services.	
20.5.1 Individual Data Form (IDF):	
The Individual Data Form provides an overview	
of demographic information as well as other key	
personal, programmatic, insurance, and health	
related information. It lists medical information;	
assistive technology or adaptive equipment;	
diagnoses; allergies; information about whether	
a guardian or advance directives are in place;	
information about behavioral and health related	
needs; contacts of Provider Agencies and team	
members and other critical information. The IDF	
automatically loads information into other fields	
and forms and must be complete and kept	
current. This form is initiated by the CM. It must	

be opened and continuously updated by Living Supports, CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form.		
<ul> <li>Chapter 3: Safeguards</li> <li>3.1.2 Team Justification Process: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: <ol> <li>Discussion and decisions about non-health related recommendations are documented on the Team Justification form.</li> <li>The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided: <ol> <li>to implement the recommendation;</li> <li>to create an action plan and revise the ISP, if necessary; or</li> <li>not to implement the recommendation currently.</li> </ol> </li> <li>All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired.</li> <li>The CM ensures that the Team Justification Process is followed and complete.</li> </ol></li></ul>

The DD Waiver's person-centered service plan is the ISP.</li> <li>6.5.2 ISP Revisions: The ISP is a dynamic document that changes with the person's desires, circumstances, and need. IDT members must collaborate and request an IDT meeting from the CM when a need to modify the ISP arises. The CM convenes the IDT within ten days of receipt of any reasonable request to convene the team, either in person or through teleconference.</li> </ul>		Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
<b>6.6 DDSD ISP Template:</b> The ISP must be written according to templates provided by the DDSD. Both children and adults have designated ISP templates. The ISP template includes Vision Statements, Desired Outcomes, a meeting participant signature page, an Addendum A (i.e. an acknowledgement of receipt of specific information) and other elements depending on the age of the individual.			

The ISP templates may be revised and reissued		
by DDSD to incorporate initiatives that improve		
person - centered planning practices.		
Companion documents may also be issued by		
DDSD and be required for use in order to better		
demonstrate required elements of the PCP		
process and ISP development.		
The ISP is completed by the CM with the IDT		
input and must be completed according to the		
following requirements:		
1. DD Waiver Provider Agencies should not		
recommend service type, frequency, and		
amount (except for required case management		
services) on an individual budget prior to the		
Vision Statement and Desired Outcomes being		
developed.		
2. The person does not require IDT		
agreement/approval regarding his/her dreams,		
aspirations, and desired long-term outcomes.		
3. When there is disagreement, the IDT is		
required to plan and resolve conflicts in a		
manner that promotes health, safety, and quality		
of life through consensus. Consensus means a		
state of general agreement that allows members		
to support the proposal, at least on a trial basis.		
4. A signature page and/or documentation of		
participation by phone must be completed.		
5. The CM must review a current Addendum A		
and DHI ANE letter with the person and Court		
appointed guardian or parents of a minor, if		
applicable.		
6.6.3 Additional Requirements for Adults:		
Because children have access to other funding		
sources, a larger array of services are available		
to adults than to children through the DD		
Waiver. (See Chapter 7: Available Services and		
Individual Budget Development). The ISP		
Template for adults is also more extensive,		
including Action Plans, Teaching and Support		
Strategies (TSS), Written Direct Support		
onalogios (100), whilen Direct Support		

Instructions (WDSI), and Individual Specific	
Training (IST) requirements.	
6.6.3.1. Action Plan: Each Desired Outcome	
requires an Action Plan. The Action Plan	
•	
addresses individual strengths and capabilities	
in reaching Desired Outcomes. Multiple service	
types may be included in the Action Plan under	
a single Desired Outcome. Multiple Provider	
Agencies can and should be contributing to	
Action Plans toward each Desired Outcome.	
1. Action Plans include actions the person will	
take; not just actions the staff will take.	
2. Action Plans delineate which activities will be	
completed within one year.	
3. Action Plans are completed through IDT	
consensus during the ISP meeting.	
4. Action Plans must indicate under	
"Responsible Party" which DSP or service	
provider (i.e. Family Living, CCS, etc.) are	
responsible for carrying out the Action Step.	
6.6.3.2 Teaching and Supports Strategies	
(TSS) and Written Direct Support	
Instructions (WDSI): After the ISP meeting, IDT	
members conduct a task analysis and	
assessments necessary to create effective TSS	
and WDSI to support those Action Plans that	
require this extra detail. All TSS and WDSI	
should support the person in achieving his/her	
Vision.	
6.6.3.3 Individual Specific Training in the ISP:	
The CM, with input from each DD Waiver	
Provider Agency at the annual ISP meeting,	
completes the IST requirements section of the	
ISP form listing all training needs specific to the	
individual. Provider Agencies bring their	
proposed IST to the annual meeting. The IDT	
must reach a consensus about who needs to be	
trained, at what level (awareness, knowledge or	

skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.)		
<b>6.8 ISP Implementation and Monitoring:</b> All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.		
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015

D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities.			

The following principles provide direction and	
purpose in planning for individuals with	
developmental disabilities. [05/03/94; 01/15/97;	
Recompiled 10/31/01]	
Developmental Disabilities (DD) Waiver Service	
Standards 2/26/2018; Eff Date: 1/1/2019	
Chapter 6: Individual Service Plan (ISP)	
6.8 ISP Implementation and Monitoring: All	
DD Waiver Provider Agencies with a signed	
SFOC are required to provide services as	
detailed in the ISP. The ISP must be readily	
accessible to Provider Agencies on the	
approved budget. (See Chapter 20: Provider	
Documentation and Client Records.) CMs	
facilitate and maintain communication with the	
person, his/her representative, other IDT	
members, Provider Agencies, and relevant	
parties to ensure that the person receives the	
maximum benefit of his/her services and that	
revisions to the ISP are made as needed. All DD	
Waiver Provider Agencies are required to	
cooperate with monitoring activities conducted	
by the CM and the DOH. Provider Agencies are	
required to respond to issues at the individual	
level and agency level as described in Chapter	
16: Qualified Provider Agencies.	
Chapter 20: Provider Documentation and	
Client Records 20.2 Client Records	
Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the location	
of the file, the type of service being provided,	
and the information necessary.	
DD Waiver Provider Agencies are required to	

adhere to the following:	
1. Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of the	
person during the provision of the service.	
2. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the Therap	
web-based system using computers or mobile	
devices is acceptable.	
3. Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	
therapists or BSCs are present in all needed	
settings.	
4. Provider Agencies must maintain records of	
all documents produced by agency personnel or	
contractors on behalf of each person, including	
any routine notes or data, annual assessments,	
semi-annual reports, evidence of training	
provided/received, progress notes, and any	
other interactions for which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only for	
the services provided by their agency.	
6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored	
in agency office files, the delivery site, or with	
DSP while providing services in the community.	
7. All records pertaining to JCMs must be	
retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from	
services.

D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities.			

The following principles provide direction and	
purpose in planning for individuals with	
developmental disabilities. [05/03/94; 01/15/97;	
Recompiled 10/31/01]	
Developmental Disabilities (DD) Waiver Service	
Standards 2/26/2018; Eff Date: 1/1/2019	
Chapter 6: Individual Service Plan (ISP)	
6.8 ISP Implementation and Monitoring: All	
DD Waiver Provider Agencies with a signed	
SFOC are required to provide services as	
detailed in the ISP. The ISP must be readily	
accessible to Provider Agencies on the	
approved budget. (See Chapter 20: Provider	
Documentation and Client Records.) CMs	
facilitate and maintain communication with the	
person, his/her representative, other IDT	
members, Provider Agencies, and relevant	
parties to ensure that the person receives the	
maximum benefit of his/her services and that	
revisions to the ISP are made as needed. All DD	
Waiver Provider Agencies are required to	
cooperate with monitoring activities conducted	
by the CM and the DOH. Provider Agencies are	
required to respond to issues at the individual	
level and agency level as described in Chapter	
16: Qualified Provider Agencies.	
Chapter 20: Provider Documentation and	
Client Records 20.2 Client Records	
Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the location	
of the file, the type of service being provided,	
and the information necessary.	
DD Waiver Provider Agencies are required to	

adhere to the following:	
16. Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of the	
person during the provision of the service.	
17. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the Therap	
web based system using computers or mobile	
devices is acceptable.	
18. Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	
therapists or BSCs are present in all needed	
settings.	
19. Provider Agencies must maintain records of	
all documents produced by agency personnel or	
contractors on behalf of each person, including	
any routine notes or data, annual assessments,	
semi-annual reports, evidence of training	
provided/received, progress notes, and any	
other interactions for which billing is generated.	
20. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only for	
the services provided by their agency.	
21. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored	
in agency office files, the delivery site, or with	
DSP while providing services in the community.	
22. All records pertaining to JCMs must be	
retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from	
services.

Chapter 19: Provider Reporting Requirements: 19.5 Semi-Annual Reporting: The semi-annual report provides status updates	

to life circumstances, health, and progress		
toward ISP goals and/or goals related to		
professional and clinical services provided		
through the DD Waiver. This report is submitted		
to the CM for review and may guide actions		
taken by the person's IDT if necessary. Semi-		
annual reports may be requested by DDSD for		
QA activities.		
Semi-annual reports are required as follows:		
1. DD Waiver Provider Agencies, except AT,		
EMSP, Supplemental Dental, PRSC, SSE and		
Crisis Supports, must complete semi-annual		
reports.		
2. A Respite Provider Agency must submit a		
semi-annual progress report to the CM that		
describes progress on the Action Plan(s) and		
Desired Outcome(s) when Respite is the only		
service included in the ISP other than Case		
Management for an adult age 21 or older.		
3. The first semi-annual report will cover the time		
from the start of the person's ISP year until the		
end of the subsequent six-month period (180		
calendar days) and is due ten calendar days		
after the period ends (190 calendar days).		
4. The second semi-annual report is integrated		
into the annual report or professional		
assessment/annual re-evaluation when		
applicable and is due 14 calendar days prior to		
the annual ISP meeting.		
5. Semi-annual reports must contain at a		
minimum written documentation of:		
a. the name of the person and date on each		
page;		
b. the timeframe that the report covers;		
c. timely completion of relevant activities from		
ISP Action Plans or clinical service goals during		
timeframe the report is covering;		
d. a description of progress towards Desired		
Outcomes in the ISP related to the service		
provided;		
e. a description of progress toward any service		

specific or treatment goals when applicable (e.g. health related goals for nursing); f. significant changes in routine or staffing if applicable; g. unusual or significant life events, including significant change of health or behavioral health condition; h. the signature of the agency staff responsible for preparing the report; and i. any other required elements by service type that are detailed in these standards.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 1/1/2019 Chapter 13: Nursing Services 13.2.11 Training and Implementation of Plans: 1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs. 2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an <b>awareness level</b> may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a plan in action, reading a plan more thoroughly, or having a plan described by	<ul> <li>After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.</li> <li>Based on interview, the Agency did not ensure training competencies were met for 2 of 10 Direct Support Personnel.</li> <li>When DSP were asked, if the Individual had a Positive Behavioral Supports Plan (PBSP), have you been trained on the PBSP and what does the plan cover, the following was reported:</li> <li>DSP #524 stated, "He had one but does not work with him anymore." According to the Individual Specific Training Section of the ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #6)</li> <li>When Direct Support Personnel were asked, what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:</li> <li>DSP #539 stated, "I don't remember." Staff was not able to identify the State Agency as Division of Health Improvement.</li> </ul>	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

the author or their designee. Verbal or written		
recall or demonstration may verify this level of		
competence.		
Reaching a <b>skill level</b> involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall demonstrate		
the techniques according to the plan. Then they		
observe and provide feedback to the trainee as		
they implement the techniques. This should be		
repeated until competence is demonstrated.		
Demonstration of skill or observed		
implementation of the techniques or strategies		
verifies skill level competence. Trainees should		
be observed on more than one occasion to		
ensure appropriate techniques are maintained		
and to provide additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
1. IST must be arranged and conducted at least		
annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies, and		
information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the		
year ends.		
2. IST for therapy-related WDSI, HCPs, MERPs,		
CARMPs, PBSA, PBSP, and BCIP, must occur		
at least annually and more often if plans change,		
or if monitoring by the plan author or agency		
finds incorrect implementation, when new DSP		
or CM are assigned to work with a person, or		
when an existing DSP or CM requires a		
refresher.		
3. The competency level of the training is based		
on the IST section of the ISP.		
4. The person should be present for and		

of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer at least annually and/or when there is a change to a person's plan.

5. GER does not replace a Provider Agency's	
obligations related to healthcare coordination,	
modifications to the ISP, or any other risk	
management and QI activities.	
Annondix B CEB Bagyiramonto, DDCD is	
Appendix B GER Requirements: DDSD is	
pleased to introduce the revised General Events	
Reporting (GER), requirements. There are two	
important changes related to medication error	
reporting:	
1. Effective immediately, DDSD requires ALL	
medication errors be entered into Therap GER	
with the exception of those required to be	
reported to Division of Health Improvement-	
Incident Management Bureau.	
2. No alternative methods for reporting are	
permitted.	
The following events need to be reported in	
the Therap GER:	
- Emergency Room/Urgent Care/Emergency	
Medical Services	
- Falls Without Injury	
- Injury (including Falls, Choking, Skin	
Breakdown and Infection)	
- Law Enforcement Use	
- Medication Errors	
- Medication Documentation Errors	
- Missing Person/Elopement	
- Out of Home Placement- Medical:	
Hospitalization, Long Term Care, Skilled Nursing	
or Rehabilitation Facility Admission	
- PRN Psychotropic Medication	
- Restraint Related to Behavior	
- Suicide Attempt or Threat	
Entry Guidance: Provider Agencies must	
complete the following sections of the GER with	
detailed information: profile information, event	
information, other event information, general	
information, notification, actions taken or	
planned, and the review follow up comments	
section. Please attach any pertinent external

2. When the person/guardian disagrees with a	
recommendation or does not agree with the	
implementation of that recommendation,	
Provider Agencies follow the DCP and attend	
the meeting coordinated by the CM. During this	
meeting:	
a. Providers inform the person/guardian of the	
rationale for that recommendation, so that the	
benefit is made clear. This will be done in	
layman's terms and will include basic sharing of	
information designed to assist the	
person/guardian with understanding the risks	
and benefits of the recommendation.	
b. The information will be focused on the specific	
area of concern by the person/guardian.	
Alternatives should be presented, when	
available, if the guardian is interested in	
considering other options for implementation.	
c. Providers support the person/guardian to	
make an informed decision.	
d. The decision made by the person/guardian	
during the meeting is accepted; plans are	
modified; and the IDT honors this health	
decision in every setting.	
Chapter 20: Provider Documentation and	
Client Records: 20.2 Client Records	
Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the location	
of the file, the type of service being provided,	
and the information necessary.	

DD Waiver Provider Agencies are required to	
adhere to the following:	
1. Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of the	
person during the provision of the service.	
2. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the Therap	
web based system using computers or mobile	
devices is acceptable.	
3. Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	ļ
therapists or BSCs are present in all needed	
settings.	
4. Provider Agencies must maintain records of	
all documents produced by agency personnel or	
contractors on behalf of each person, including	
any routine notes or data, annual assessments,	
semi-annual reports, evidence of training	
provided/received, progress notes, and any	
other interactions for which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only for	
the services provided by their agency. 6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored in agency office files, the delivery site, or with	
DSP while providing services in the community. 7. All records pertaining to JCMs must be	
retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from	
services.	
20.5.3 Health Passport and Physician	
Lotoro risulti i dosport una i hysioidh	

Consultation Form: All Primary and Secondary	
Provider Agencies must use the Health Passport	
and Physician Consultation form from the	
Therap system. This standardized document	
contains individual, physician and emergency	
contact information, a complete list of current	
medical diagnoses, health and safety risk	
factors, allergies, and information regarding	
insurance, guardianship, and advance	
directives. The Health Passport also includes a	
standardized form to use at medical	
appointments called the Physician Consultation	
form. The Physician Consultation form contains	
a list of all current medications.	
Chapter 10: Living Care Arrangements (LCA)	
Living Supports-Supported Living: 10.3.9.6.1	
Monitoring and Supervision	
4. Ensure and document the following:	
a. The person has a Primary Care Practitioner.	
b. The person receives an annual physical	
examination and other examinations as	
recommended by a Primary Care Practitioner or	
specialist.	
c. The person receives annual dental check-ups	
and other check-ups as recommended by a	
licensed dentist.	
d. The person receives a hearing test as	
recommended by a licensed audiologist.	
e. The person receives eye examinations as	
recommended by a licensed optometrist or	
ophthalmologist.	
5. Agency activities occur as required for follow-	
up activities to medical appointments (e.g.	
treatment, visits to specialists, and changes in	
medication or daily routine).

ensuring that all plans created by nurses, RDs,			
therapists or BSCs are present in all needed			
settings.			
4. Provider Agencies must maintain records of			
all documents produced by agency personnel or			
contractors on behalf of each person, including			
any routine notes or data, annual assessments,			
semi-annual reports, evidence of training			
provided/received, progress notes, and any			
other interactions for which billing is generated.			
5. Each Provider Agency is responsible for			

maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only for	
the services provided by their agency.	
6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be stored	
in agency office files, the delivery site, or with	
DSP while providing services in the community.	
7. All records pertaining to JCMs must be	
retained permanently and must be made	
available to DDSD upon request, upon the	
termination or expiration of a provider	
agreement, or upon provider withdrawal from	
services.	
Chapter 3 Safeguards: 3.1.1 Decision	
Consultation Process (DCP): Health decisions	
are the sole domain of waiver participants, their	
guardians or healthcare decision makers.	
Participants and their healthcare decision	
makers can confidently make decisions that are	
compatible with their personal and cultural	
values. Provider Agencies are required to	
support the informed decision making of waiver	
participants by supporting access to medical	
consultation, information, and other available	
resources according to the following:	
1. The DCP is used when a person or his/her	
guardian/healthcare decision maker has	
concerns, needs more information about health-	
related issues, or has decided not to follow all or	
part of an order, recommendation, or suggestion. This includes, but is not limited to:	
a. medical orders or recommendations from the	
Primary Care Practitioner, Specialists or other	
licensed medical or healthcare practitioners	
such as a Nurse Practitioner (NP or CNP),	
Physician Assistant (PA) or Dentist;	
b. clinical recommendations made by	
registered/licensed clinicians who are either	
registered incensed chilicians who are ellifer	

	1	
members of the IDT or clinicians who have		
performed an evaluation such as a video-		
fluoroscopy;		
c. health related recommendations or		
suggestions from oversight activities such as the		
Individual Quality Review (IQR) or other DOH		
review or oversight activities; and		
d. recommendations made through a Healthcare		
Plan (HCP), including a Comprehensive		
Aspiration Risk Management Plan (CARMP), or		
another plan.		
2. When the person/guardian disagrees with a		
recommendation or does not agree with the		
implementation of that recommendation,		
Provider Agencies follow the DCP and attend		
the meeting coordinated by the CM. During this		
meeting:		
a. Providers inform the person/guardian of the		
rationale for that recommendation, so that the		
benefit is made clear. This will be done in		
layman's terms and will include basic sharing of		
information designed to assist the		
person/guardian with understanding the risks		
and benefits of the recommendation.		
b. The information will be focused on the specific		
area of concern by the person/guardian.		
Alternatives should be presented, when		
available, if the guardian is interested in		
considering other options for implementation.		
c. Providers support the person/guardian to		
make an informed decision.		
d. The decision made by the person/guardian		
during the meeting is accepted; plans are		
modified; and the IDT honors this health		
decision in every setting.		
Chapter 13 Nursing Services: 13.2.5		
Electronic Nursing Assessment and		
Planning Process: The nursing assessment		
process includes several DDSD mandated tools:		

the electronic Comprehensive Nursing	
Assessment Tool (e-CHAT), the Aspiration Risk	
Screening Tool (ARST) and the Medication	
Administration Assessment Tool (MAAT) . This	
process includes developing and training Health	
Care Plans and Medical Emergency Response	
Plans.	
The following hierarchy is based on budgeted	
services and is used to identify which Provider	
Agency nurse has primary responsibility for	
completion of the nursing assessment process	
and related subsequent planning and training.	
Additional communication and collaboration for	
planning specific to CCS or CIE services may be needed.	
The hierarchy for Nursing Assessment and	
Planning responsibilities is:	
1. Living Supports: Supported Living, IMLS or	
Family Living via ANS;	
2. Customized Community Supports- Group;	
and	
3. Adult Nursing Services (ANS):	
a. for persons in Community Inclusion with	
health-related needs; or	
b. if no residential services are budgeted but	
assessment is desired and health needs may	
exist.	
13.2.6 The Electronic Comprehensive Health	
Assessment Tool (e-CHAT)	
1. The e-CHAT is a nursing assessment. It may	
not be delegated by a licensed nurse to a non-	
licensed person. 2. The nurse must see the person face-to-face	
to complete the nursing assessment. Additional	
information may be gathered from members of	
the IDT and other sources.	
3. An e-CHAT is required for persons in FL, SL,	
IMLS, or CCS-Group. All other DD Waiver	
recipients may obtain an e-CHAT if needed or	
desired by adding ANS hours for assessment	

and consultation to their budget.	
4. When completing the e-CHAT, the nurse is	
required to review and update the electronic	
record and consider the diagnoses, medications,	
treatments, and overall status of the person.	
Discussion with others may be needed to obtain	
critical information.	
5. The nurse is required to complete all the e-	
CHAT assessment questions and add additional	
pertinent information in all comment sections.	
13.2.7 Aspiration Risk Management	
Screening Tool (ARST)	
······································	
13.2.8 Medication Administration	
Assessment Tool (MAAT):	
1. A licensed nurse completes the DDSD	
Medication Administration Assessment Tool	
(MAAT) at least two weeks before the annual	
ISP meeting.	
2. After completion of the MAAT, the nurse will	
present recommendations regarding the level of	
assistance with medication delivery (AWMD) to	
the IDT. A copy of the MAAT will be sent to all	
the team members two weeks before the annual	
ISP meeting and the original MAAT will be	
retained in the Provider Agency records.	
3. Decisions about medication delivery are made	
by the IDT to promote a person's maximum	
independence and community integration. The	
IDT will reach consensus regarding which	
criteria the person meets, as indicated by the	
results of the MAAT and the nursing recommendations, and the decision is	
documented this in the ISP.	
13.2.9 Healthcare Plans (HCP):	
1. At the nurse's discretion, based on prudent	
nursing practice, interim HCPs may be	
developed to address issues that must be	
implemented immediately after admission,	

readmission or change of medical condition to	
provide safe services prior to completion of the	
e-CHAT and formal care planning process. This	
includes interim ARM plans for those persons	
newly identified at moderate or high risk for	
aspiration. All interim plans must be removed if	
the plan is no longer needed or when final HCP	
including CARMPs are in place to avoid	
duplication of plans.	
2. In collaboration with the IDT, the agency	
nurse is required to create HCPs that address all	
the areas identified as required in the most	
current e-CHAT summary report which is	
indicated by "R" in the HCP column. At the	
nurse's sole discretion, based on prudent	
nursing practice, HCPs may be combined where	
clinically appropriate. The nurse should use	
nursing judgment to determine whether to also	
include HCPs for any of the areas indicated by	
"C" on the e-CHAT summary report. The nurse	
may also create other HCPs plans that the nurse	
determines are warranted.	
13.2.10 Medical Emergency Response Plan	
(MERP):	
1. The agency nurse is required to develop a	
Medical Emergency Response Plan (MERP) for	
all conditions marked with an "R" in the e-CHAT	
summary report. The agency nurse should use	
her/his clinical judgment and input from the	
Interdisciplinary Team (IDT) to determine	
whether shown as "C" in the e-CHAT summary	
report or other conditions also warrant a MERP.	
2. MERPs are required for persons who have	
one or more conditions or illnesses that present	
a likely potential to become a life-threatening	
situation.	
Chapter 20: Provider Documentation and	
Client Records: 20.5.3 Health Passport and	
Physician Consultation Form: All Primary and	

Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.		

Tag # 1A27.2 Duty to Report IRs Filed	Standard Level Deficiency		
During On-Site and/or IRs Not Reported by Provider			
NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS: A. Duty to report: (1) All community-based providers shall immediately report alleged crimes to law enforcement or call for emergency medical	Based on observation and interview, the Agency did not report suspected abuse, neglect, or exploitation, unexpected and natural/expected deaths; or other reportable incidents to the Division of Health Improvement for 1 of 8 Individuals. report of death form and notification by		
community-based service providers: In		
addition to calling the division's hotline as		
required in Paragraph (2) of Subsection A of		
7.1.14.8 NMAC, the community-based service		
provider shall also report the incident of abuse,		
neglect, exploitation, suspicious injury, or death		
utilizing the division's abuse, neglect, and		
exploitation or report of death form consistent		
with the requirements of the division's abuse,		
neglect, and exploitation reporting guide. The		
community-based service provider shall ensure		
all abuse, neglect, exploitation or death reports		
describing the alleged incident are completed on		
the division's abuse, neglect, and exploitation or		
report of death form and received by the division		
within 24 hours of the verbal report. If the		
provider has internet access, the report form		
shall be submitted via the division's website at		
http://dhi.health.state.nm.us; otherwise it may be		
submitted via fax to 1-800-584-6057. The		
community-based service provider shall ensure		
that the reporter with the most direct knowledge		
of the incident participates in the preparation of		
the report form.		
(3) Limited provider investigation: No		
investigation beyond that necessary in order to		
be able to report the abuse, neglect, or		
exploitation and ensure the safety of consumers		
is permitted until the division has completed its		

in vertication	
investigation.	
(4) Immediate action and safety planning:	
Upon discovery of any alleged incident of abuse,	
neglect, or exploitation, the community-based	
service provider shall:	
(a) develop and implement an immediate action	
and safety plan for any potentially endangered	
consumers, if applicable;	
(b) be immediately prepared to report that	
immediate action and safety plan verbally, and	
revise the plan according to the division's	
direction, if necessary; and	
(c) provide the accepted immediate action and	
safety plan in writing on the immediate action	
and safety plan form within 24 hours of the	
verbal report. If the provider has internet access,	
the report form shall be submitted via the	
division's website at	
http://dhi.health.state.nm.us; otherwise it may be	
submitted by faxing it to the division at 1-800-	
584-6057.	
(5) Evidence preservation: The community-	
based service provider shall preserve evidence	
related to an alleged incident of abuse, neglect,	
or exploitation, including records, and do nothing	
to disturb the evidence. If physical evidence	
must be removed or affected, the provider shall	
take photographs or do whatever is reasonable	
to document the location and type of evidence	
found which appears related to the incident.	
(6) Legal guardian or parental notification:	
The responsible community-based service	
provider shall ensure that the consumer's legal	
guardian or parent is notified of the alleged	
incident of abuse, neglect and exploitation within	
24 hours of notice of the alleged incident unless	
the parent or legal guardian is suspected of	
committing the alleged abuse, neglect, or	
exploitation, in which case the community-based	
service provider shall leave notification to the	
division's investigative representative.	

<ul> <li>(7) Case manager or consultant notification by community-based service providers: The responsible community-based service provider shall notify the consumer's case manager or consultant within 24 hours that an alleged incident involving abuse, neglect, or exploitation has been reported to the division. Names of other consumers and employees may be redacted before any documentation is forwarded to a case manager or consultant.</li> <li>(8) Non-responsible reporter: Providers who are reporting an incident in which they are not the responsible community-based service provider shall notify the responsible community- based service provider within 24 hours of an incident or allegation of an incident of abuse, neglect, and exploitation.</li> </ul>

Developmental Disabilities (DD) Walver Service Standards 2/26/2018; Eff Date: 1/1/2019 <b>Chapter 2: Human Rights:</b> Civil rights apply to everyone, including all waiver participants, family members, guardians, natural supports, and Provider Agencies. Everyone has a			

responsibility to make sure those rights are not		
violated. All Provider Agencies play a role in		
person-centered planning (PCP) and have an		
obligation to contribute to the planning process,		
always focusing on how to best support the		
person.		
Chapter 3 Safeguards: 3.3.1 HRC Procedural		
Requirements:		
1. An invitation to participate in the HRC meeting		
of a rights restriction review will be given to the		
person (regardless of verbal or cognitive ability),		
his/her guardian, and/or a family member (if		
desired by the person), and the Behavior		
Support Consultant (BSC) at least 10 working		
days prior to the meeting (except for in		
emergency situations). If the person (and/or the		
guardian) does not wish to attend, his/her stated		
preferences may be brought to the meeting by		
someone whom the person chooses as his/her		
representative.		
2. The Provider Agencies that are seeking to		
temporarily limit the person's right(s) (e.g., Living		
Supports, Community Inclusion, or BSC) are		
required to support the person's informed		
consent regarding the rights restriction, as well		
as their timely participation in the review.		
3. The plan's author, designated staff (e.g.,		
agency service coordinator) and/or the CM		
makes a written or oral presentation to the HRC.		
4. The results of the HRC review are reported in		
writing to the person supported, the guardian,		
the BSC, the mental health or other specialized		
therapy provider, and the CM within three		
working days of the meeting.		
5. HRC committees are required to meet at least		
on a quarterly basis.		
6. A quorum to conduct an HRC meeting is at		
least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		

the services provided to the person must excuse		
themselves from voting in that situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions based		
upon credible threats of harm against self or		
others that may arise between scheduled HRC		
meetings (e.g., locking up sharp knives after a		
serious attempt to injure self or others or a		
disclosure, with a credible plan, to seriously		
injure or kill someone). The confidential and		
HIPAA compliant emergency meeting may be		
via telephone, video or conference call, or		
secure email. Procedures may include an initial		
emergency phone meeting, and a subsequent		
follow-up emergency meeting in complex and/or		
ongoing situations.		
8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The HRC		
reviews temporary restrictions of rights that are		
related to medical issues or health and safety		
considerations such as decreased mobility (e.g.,		
the use of bed rails due to risk of falling during		
the night while getting out of bed). However,		
other temporary restrictions may be		
implemented because of health and safety		
considerations arising from behavioral issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support is		
needed and desired by the person and/or the		
IDT. PBS emphasizes the acquisition and		
maintenance of positive skills (e.g. building		
healthy relationships) to increase the person's		
quality of life understanding that a natural		
reduction in other challenging behaviors will		

College Addition of a second s		
follow. At times, aversive interventions may be		
temporarily included as a part of a person's		
behavioral support (usually in the BCIP), and		
therefore, need to be reviewed prior to		
implementation as well as periodically while the		
restrictive intervention is in place. PBSPs not		
containing aversive interventions do not require		
HRC review or approval.		
Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or		
RMPs) that contain any aversive interventions		
are submitted to the HRC in advance of a		
meeting, except in emergency situations.		
3.3.4 Interventions Requiring HRC Review		
and Approval: HRCs must review prior to		
implementation, any plans (e.g. ISPs, PBSPs,		
BCIPs and/or PPMPs, RMPs), with strategies,		
including but not limited to:		
1. response cost;		
2. restitution;		
3. emergency physical restraint (EPR);		
4. routine use of law enforcement as part of a		
BCIP;		
5. routine use of emergency hospitalization		
procedures as part of a BCIP;		
6. use of point systems;		
7. use of intense, highly structured, and		
specialized treatment strategies, including level		
systems with response cost or failure to earn		
components;		
8. a 1:1 staff to person ratio for behavioral		
reasons, or, very rarely, a 2:1 staff to person		
ratio for behavioral or medical reasons;		
9. use of PRN psychotropic medications;		
10. use of protective devices for behavioral		
purposes (e.g., helmets for head banging, Posey		
gloves for biting hand);		
11. use of bed rails;		
12. use of a device and/or monitoring system		
through PST may impact the person's privacy or		
other rights; or		
13. use of any alarms to alert staff to a person's		

whereabouts.		n
3.4 Emergency Physical Restraint (EPR):		
Every person shall be free from the use of		
restrictive physical crisis intervention measures		
that are unnecessary. Provider Agencies who		
support people who may occasionally need		
intervention such as Emergency Physical		
Restraint (EPR) are required to institute		
procedures to maximize safety.		
3.4.5 Human Rights Committee: The HRC		
reviews use of EPR. The BCIP may not be		
implemented without HRC review and approval		
whenever EPR or other restrictive measure(s) are included. Provider Agencies with an HRC		
are required to ensure that the HRCs:		
1. participate in training regarding required		
constitution and oversight activities for HRCs;		
2. review any BCIP, that include the use of EPR;		
3. occur at least annually, occur in any quarter		
where EPR is used, and occur whenever any		
change to the BCIP is considered;		
4. maintain HRC minutes approving or		
disallowing the use of EPR as written in a BCIP;		
and		
5. maintain HRC minutes of meetings reviewing		
the implementation of the BCIP when EPR is		
used.

3. Monthly units can be prorated by a half unit.	
4. Agency transfers not occurring at the	
beginning of the 30-day interval are required to	
be coordinated in the middle of the 30-day	
interval so that the discharging and receiving	
agency receive a half unit.	
21.9.3 Requirements for 15-minute and	
hourly units: For services billed in 15-minute or	
hourly intervals, Provider Agencies must adhere	
to the following:	
1. When time spent providing the service is not	
exactly 15 minutes or one hour, Provider	
Agencies are responsible for reporting time	
correctly following NMAC 8.302.2.	
2. Services that last in their entirety less than	
eight minutes cannot be billed.	
Developmental Disabilities (DD) Waiver Service	
Standards effective 11/1/2012 revised	
4/23/2013; 6/15/2015	
CHAPTER 6 (CCS) 4. REIMBURSEMENT	
A. Required Records: Customized Community	
Supports Services Provider Agencies must	
maintain all records necessary to fully disclose	
the type, quality, quantity and clinical necessity	
of services furnished to individuals who are	
currently receiving services. Customized	
Community Supports Services Provider Agency records must be sufficiently detailed to	
substantiate the date, time, individual name,	
substantiate the date, time, individual name, servicing provider, nature of services, and length	
of a session of service billed. Providers are	
required to comply with the New Mexico Human	

Services Department Billing Regulations.		
B. Billable Unit:		
1. The billable unit for Individual Customized		
Community Supports is a fifteen (15) minute		
unit.		
2. The billable unit for Community Inclusion Aide		
is a fifteen (15) minute unit.		
3. The billable unit for Group Customized		
Community Supports is a fifteen (15) minute		
unit, with the rate category based on the NM		
DDW group assignment.		
4. The time at home is intermittent or brief; e.g.		
one hour time period for lunch and/or change of		
clothes. The Provider Agency may bill for		
providing this support under Customized		
Community Supports without prior approval from		
DDSD.		
5. The billable unit for Individual Intensive		
Behavioral Customized Community Supports is		
a fifteen (15) minute unit.		
6. The billable unit for Fiscal Management for		
Adult Education is one dollar per unit including a		
10% administrative processing fee.		
7. The billable units for Adult Nursing Services		
are addressed in the Adult Nursing Services		
Chapter.		
C. Billable Activities: All DSP activities that		
are:		
a. Provided face to face with the individual;		
b. Described in the individual's approved ISP;		
c. Provided in accordance with the Scope of		
Services; and		
d. Activities included in billable services,		
activities or situations.

Dear Juanita Watson;

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

## The Plan of Correction process is now complete.

## Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda

Amanda Castañeda Plan of Correction Coordinator Quality Management Bureau/DHI
