Service Surveyed:	***2018:*** Supported Living; Customized Community Supports, and Community Integrated Employment Services
Survey Type:	Routine
Team Leader:	Caitlin Wall, BA, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Members:	Amanda Castaneda, MPA, Healthcare Surveyor Supervisor, Division of Health Improvement/Quality Management Bureau; Elisa Alford, MSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Ms. Anderson;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags *(refer to Attachment D for details)*. The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 – Administrative Case File: Individual Service Plan Implementation
- Tag # 1A22 - Agency Personnel Competency
- Tag # 1A25.1 – Caregiver Criminal History Screening
- Tag # 1A26.1 – Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A37 – Individual Specific Training
- Tag # 1A05 – General Requirements / Agency Policy and Procedure Requirements
- Tag # 1A09 – Medication Delivery Routine Medication Administration
- Tag # 1A09.1 – Medication Delivery PRN Medication Administration
- Tag # 1A15 – Healthcare Coordination - Nurse Availability / Knowledge
- Tag # 1A15.2 – Administrative Case File: Healthcare Documentation (Therap and Required Plans)

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation *(Not Completed at Frequency)*
- Tag # 1A25 Caregiver Criminal History Screening
- Tag # 1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # 1A09.0 Medication Delivery Routine Medication Administration
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS26 Supported Living Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

- How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:
Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. *(See attachment "A" for additional guidance in completing the Plan of Correction)*.

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. **Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:**
   a. Electronically at MonicaE.Valdez@state.nm.us ***(preferred method)***
   b. Fax to 505-222-8661, or
   c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

2. **Developmental Disabilities Supports Division Regional Office for region of service surveyed**

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a $200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:
If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan*
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):
If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition

or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, Monica Valdez at 505-273-1930 or email at: MonicaE.Valdez@state.nm.us if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Caitlin Wall, BA, BSW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:
After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content
Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: **Instruction or in-service of staff alone may not be a sufficient plan of correction.** This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
    a. Electronically at MonicaE.Valdez@state.nm.us ***(preferred method)***
    b. Fax to 505-222-8661, or
    c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
5. *Do not submit supporting documentation* (evidence of compliance) to QMB *until after* your POC has been approved by the QMB.
6. QMB will notify you when your POC has been "approved" or "denied."
    a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
    b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
    c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
    d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
    e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.

2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
3. All submitted documents *must be annotated*; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement
QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for <u>Living Care Arrangements and Community Inclusion</u> are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> *Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.*

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A08.3 –** Administrative Case File: Individual Service Plan / ISP Components
- **1A32 –** Administrative Case File: Individual Service Plan Implementation
- **LS14 –** Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- **IS14 –** CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> *The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.*

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- **1A22 -** Agency Personnel Competency
- **1A37 –** Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- **1A25.1 –** Caregiver Criminal History Screening
- **1A26.1 –** Consolidated On-line Registry Employee Abuse Registry

Service Domain: Health, Welfare and Safety - *The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.*

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A08.2 –** Administrative Case File: Healthcare Requirements & Follow-up
- **1A09 –** Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- **1A15.2 –** Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- **1A05 –** General Requirements / Agency Policy and Procedure Requirements
- **1A07 –** Social Security Income (SSI) Payments
- **1A09.2 –** Medication Delivery Nurse Approval for PRN Medication
- **1A15 –** Healthcare Coordination - Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- **LS25.1 –** Residential Reqts. (Physical Environment - Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider
Informal Reconsideration of Finding (IRF) Process

Introduction:
Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:
1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief **within 10 business days** of receipt of the final Report of Findings **(*Note: No extensions are granted for the IRF)*.**
2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.
5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:
- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Attachment D

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.

2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 – 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.

2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance Determination	Weighting						
	LOW		MEDIUM			HIGH	
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or
COP Level Tags:	0 COP	0 COP	0 COP	0 COP	1 to 5 COP	0 to 5 CoPs	6 or more COP
	and	and	and	and		and	
Sample Affected:	0 to 74%	0 to 49%	75 to 100%	50 to 74%		75 to 100%	
"Non-Compliance"						**17 or more** Total Tags with **75 to 100%** of the Individuals in the sample cited in any CoP Level tag.	**Any Amount** of Standard Level Tags and **6 or more** Conditions of Participation Level Tags.
"Partial Compliance with Standard Level tags and Condition of Participation Level Tags"					**Any Amount** Standard Level Tags, plus **1 to 5** Conditions of Participation Level tags.		
"Partial Compliance with Standard Level tags"			**up to 16** Standard Level Tags with **75 to 100%** of the individuals in the sample cited in any tag.	**17 or more** Standard Level Tags with **50 to 74%** of the individuals in the sample cited any tag.			
"Compliance"	**Up to 16** Standard Level Tags with **0 to 74%** of the individuals in the sample cited in any tag.	**17 or more** Standard Level Tags with **0 to 49%** of the individuals in the sample cited in any tag.

Tag # 1A08 Administrative Case File (Other Required Documents)	**Standard Level Deficiency**		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 20: Provider Documentation and Client Records: 20.2** Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs,	Based on record review, the Agency did not maintain a complete and confidential case file at the administrative office for 5 of 13 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current: **Behavior Crisis Intervention Plan:** • Not Current (#12) **Speech Therapy Plan (Therapy Intervention Plan TIP):** • Not Found (#6, 13) **Occupational Therapy Plan (Therapy Intervention Plan TIP):** • Not Found (#2, 6, 9)	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. ***20.5.1 Individual Data Form (IDF):*** The Individual Data Form provides an overview of demographic information as well as other key personal, programmatic, insurance, and health related information. It lists medical information; assistive technology or adaptive equipment; diagnoses; allergies; information about whether a guardian or advance directives are in place; information about behavioral and health related needs; contacts of Provider Agencies and team members and other critical information. The IDF automatically loads information into other fields and forms and			

must be complete and kept current. This form is initiated by the CM. It must be opened and continuously updated by Living Supports, CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form. **Chapter 3: Safeguards 3.1.2 *Team Justification Process***: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: 1. Discussion and decisions about non-health related recommendations are documented on the Team Justification form. 2. The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided: a. to implement the recommendation; b. to create an action plan and revise the ISP, if necessary; or c. not to implement the recommendation currently. 3. All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired. 4. The CM ensures that the Team Justification Process is followed and complete.			

Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components	Standard Level Deficiency		
NMAC 7.26.5 SERVICE PLANS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES LIVING IN THE COMMUNITY. **NMAC 7.26.5.12 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - PARTICIPATION IN AND SCHEDULING OF INTERDISCIPLINARY TEAM MEETINGS.** **NMAC 7.26.5.14 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - CONTENT OF INDIVIDUAL SERVICE PLANS.** Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 6 Individual Service Plan:** The CMS requires a person-centered service plan for every person receiving HCBS. The DD Waiver's person-centered service plan is the ISP. ***6.5.2 ISP Revisions:*** The ISP is a dynamic document that changes with the person's desires, circumstances, and need. IDT members must collaborate and request an IDT meeting from the CM when a need to modify the ISP arises. The CM convenes the IDT within ten days of receipt of any reasonable request to convene the team, either in person or through teleconference. **6.6 DDSD ISP Template:** The ISP must be written according to templates provided by the DDSD. Both children and adults have designated ISP templates. The ISP template includes Vision Statements, Desired Outcomes, a meeting participant signature	Based on record review, the Agency did not maintain a complete and confidential case file at the administrative office for 2 of 13 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current: **Addendum A**: • Not Found (#6) **ISP Teaching and Support Strategies:** ***Individual #13:*** *TSS not found for the following Develop Relationships / Have Fun Outcome Statement / Action Steps:* • "… will choose a physical activity in the community 1 x daily."	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

page, an Addendum A (i.e. an acknowledgement of receipt of specific information) and other elements depending on the age of the individual. The ISP templates may be revised and reissued by DDSD to incorporate initiatives that improve person - centered planning practices. Companion documents may also be issued by DDSD and be required for use in order to better demonstrate required elements of the PCP process and ISP development. The ISP is completed by the CM with the IDT input and must be completed according to the following requirements: 1. DD Waiver Provider Agencies should not recommend service type, frequency, and amount (except for required case management services) on an individual budget prior to the Vision Statement and Desired Outcomes being developed. 2. The person does not require IDT agreement/approval regarding his/her dreams, aspirations, and desired long-term outcomes. 3. When there is disagreement, the IDT is required to plan and resolve conflicts in a manner that promotes health, safety, and quality of life through consensus. Consensus means a state of general agreement that allows members to support the proposal, at least on a trial basis. 4. A signature page and/or documentation of participation by phone must be completed. 5. The CM must review a current Addendum A and DHI ANE letter with the person and Court appointed guardian or parents of a minor, if applicable. **6.6.3 Additional Requirements for Adults:** Because children have access to other funding sources, a larger array of services are available to adults than to children through the			

DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements. **6.6.3.1. Action Plan:** Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step. **6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI):** After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision. **6.6.3.3 Individual Specific Training in the ISP:** The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting,			

completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness, knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies. **Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements:** All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.			

Tag # 1A32 Administrative Case File: Individual Service Plan Implementation	Condition of Participation Level Deficiency		
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan. C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities. The following principles provide direction and purpose in planning for individuals with developmental	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on administrative record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 4 of 13 individuals. As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: **Supported Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes**: Individual #5 • None found regarding: Live Outcome/Action Step: "…will add his routine to his monthly calendar" for 5/2020 - 6/2020. Action step is to be completed 1 time per month. Individual #8 • None found regarding: Health/Other Outcome/Action Step: "… will choose from a variety of options every 90 minutes" for 5/2020 - 6/2020. Action step is to be completed daily. • None found regarding: Health/Other Outcome/Action Step: "… will complete his reposition every 90 minutes" for 5/2020 - 6/2020. Action step is to be completed daily.	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence. Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported. 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends. 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher. 3. The competency level of the training is	**MANDT, CPI or Handle with care, and if so, the following was reported:** • DSP #543 stated, "Yes, he requires physical restraint I have not been trained on this the DSP before me was." According to the Positive Behavior Support Crisis Plan MANDT 2-arm restraint is required for Physical Aggression and Self Harm. (Individual #13) **When DSP were asked, if they had received training on the Individual Comprehensive Aspiration Risk Management Plan (CARMP), the following was reported:** • DSP #536 stated, "The Nurse." As indicated by the Individual Specific Training section of the ISP the individual does not require a Comprehensive Aspiration Risk Management Plan (CARMP). (Individual #1) **When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:** • DSP #507 stated, "Yes, she does. They are all located in her book she has HCPs for Constipation, and BMI. Yes, I was trained on them by the RN." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Status of Care/Hygiene. (Individual #4) **When DSP were asked, if the Individual had any food and / or medication allergies that could be potentially life threatening, the following was reported:**		

based on the IST section of the ISP. 4. The person should be present for and involved in IST whenever possible. 5. Provider Agencies are responsible for tracking of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.	• DSP #536 stated, "No." As indicated by the Individual Data Form in Therap, the individual is allergic to Codeine. (Individual #1) • DSP #549 stated, "Yes, she is allergic to strawberries, tomatoes, and Augmentin." As indicated by the Electronic Comprehensive Health Assessment Tool, the individual is also allergic to NSAIDS, Arthritis Medications, and dark leafy greens for Vitamin K due to Warfarin. (Individual #10) **When Direct Support Personnel were asked, what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:** • DSP #500 stated, "I'm not really sure about that to tell you the truth, but I would say if there are any abuse or bad things done, I would report it the authorities. I would not go directly to Advantage Communications, I would go to authorities first." Staff was not able to identify the State Agency as Division of Health Improvement. • DSP #592 stated, "I have never been given this information." Staff was not able to identify the State Agency as Division of Health Improvement.		

Tag #1A25 Caregiver Criminal History Screening	Standard Level Deficiency		
NMAC 7.1.9.8 CAREGIVER AND HOSPITAL CAREGIVER EMPLOYMENT REQUIREMENTS: **A. General:** The responsibility for compliance with the requirements of the act applies to both the care provider and to all applicants, caregivers and hospital caregivers. All applicants for employment to whom an offer of employment is made or caregivers and hospital caregivers employed by or contracted to a care provider must consent to a nationwide and statewide criminal history screening, as described in Subsections D, E and F of this section, upon offer of employment or at the time of entering into a contractual relationship with the care provider. Care providers shall submit all fees and pertinent application information for all applicants, caregivers or hospital caregivers as described in Subsections D, E and F of this section. Pursuant to Section 29-17-5 NMSA 1978 (Amended) of the act, a care provider's failure to comply is grounds for the state agency having enforcement authority with respect to the care provider] to impose appropriate administrative sanctions and penalties. **B. Exception:** A caregiver or hospital caregiver applying for employment or contracting services with a care provider within twelve (12) months of the caregiver's or hospital caregiver's most recent nationwide criminal history screening which list no disqualifying convictions shall only apply for a statewide criminal history screening upon offer of employment or at the time of entering into a contractual relationship with the care provider. At the discretion of the care provider a nationwide criminal history screening, additional to the required statewide criminal history screening, may be requested. **C. Conditional Employment:** Applicants, caregivers, and hospital caregivers who have submitted all completed documents and paid all applicable fees for a nationwide and statewide	Based on record review, the Agency did not maintain documentation indicating Caregiver Criminal History Screening was completed as required for 10 of 86 Agency Personnel. **The following Agency Personnel Files contained Caregiver Criminal History Screenings, which were not specific to the current term of employment:** **Direct Support Personnel (DSP):** • #561 – Date of hire 6/8/2016. **Service Coordination Personnel (SC):** • #583 – Date of hire 2/1/2017. • #584 – Date of hire 9/15/2019. *NOTE: The following Agency Personnel Files contained no evidence of Caregiver Criminal History Screenings due to the Public Health Emergency. Effective April 1, 2020, Special COVID – 19 Supplement #1: Fingerprinting Guidance: Employees hired during this time and who could not complete a fingerprint appointment are required to submit their fingerprint cards within 30 days of the termination of the declaration of the PHE.* ***(Note: No POC required for the personnel identified below. Please ensure that fingerprint cards are submitted within 30 days of the termination of the declaration of the PHE.)*** **Direct Support Personnel (DSP):** • #505 – Date of hire 4/15/2020. • #513 – Date of hire 5/15/2020.	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? the registry, including the name, address, date of birth, social security number, and other appropriate identifying information required by the registry. D. **Documentation of inquiry to registry**. The provider shall maintain documentation in the employee's personnel or employment records that evidences the fact that the provider made an inquiry to the registry concerning that employee prior to employment. Such documentation must include evidence, based on the response to such inquiry received from the custodian by the provider, that the employee was not listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation. E. **Documentation for other staff**. With respect to all employed or contracted individuals providing direct care who are licensed health care professionals or certified nurse aides, the provider shall maintain documentation reflecting the individual's current licensure as a health care professional or current certification as a nurse aide. F. **Consequences of noncompliance**. The department or other governmental agency having regulatory enforcement authority over a provider may sanction a provider in accordance with applicable law if the provider fails to make an appropriate and timely inquiry of the registry, or fails to maintain evidence of such inquiry, in connection with the hiring or contracting of an employee; or for employing or contracting any person to work as an employee who is listed on the registry. Such sanctions may include a directed plan of correction, civil monetary penalty not to exceed five thousand dollars ($5000) per instance, or termination or non-renewal of any contract with the department or other governmental agency.

Tag # 1A37 Individual Specific Training	Condition of Participation Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 17: Training Requirements:** The purpose of this chapter is to outline requirements for completing, reporting and documenting DDSD training requirements for DD Waiver Provider Agencies as well as requirements for certified trainers or mentors of DDSD Core curriculum training. **17.1 Training Requirements for Direct Support Personnel and Direct Support Supervisors:** Direct Support Personnel (DSP) and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, CIE and Crisis Supports. 1. DSP/DSS must successfully: a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below. b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14 c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines. e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals). f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using EPR. Agency DSP	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not ensure that Individual Specific Training requirements were met for 14 of 86 Agency Personnel. Review of personnel records found no evidence of the following: **Direct Support Personnel (DSP):** • Individual Specific Training (#500, 513, 525, 536, 543, 545, 546, 553, 559, 564, 565, 574, 579) **Service Coordination Personnel (SC):** • Individual Specific Training (#580)	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

and DSS shall maintain certification in a DDSD-approved system if any person they support has a BCIP that includes the use of EPR. g. Complete and maintain certification in a DDSD-approved medication course if required to assist with medication delivery. h. Complete training regarding the HIPAA. 2. Any staff being used in an emergency to fill in or cover a shift must have at a minimum the DDSD required core trainings and be on shift with a DSP who has completed the relevant IST. **17.10 Individual-Specific Training:** The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an **awareness level** may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a **knowledge level** may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence. Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide			

feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported. 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends. 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher. 3. The competency level of the training is based on the IST section of the ISP. 4. The person should be present for and involved in IST whenever possible. 5. Provider Agencies are responsible for tracking of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training			

Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan. **17.10.1 IST Training Rosters:** IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency-based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.) 3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer.			

Tag # 1A43.1 General Events Reporting: Individual Reporting	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER):** The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In-Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap.	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 5 of 13 individuals. **The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe:** **Individual #1** • General Events Report (GER) indicates on 3/29/2020 the Individual was taken to Urgent Care for earache. (Hospital). GER was approved 4/9/2020. **Individual #4** • General Events Report (GER) indicates on 1/22/2020 the Individual had a persistent cough; an urgent care appointment was scheduled. Went to appointment. (Hospital). GER was approved 1/27/2020. **Individual #5** • General Events Report (GER) indicates on 1/14/2020 the Individual was seen at urgent care and diagnosed with ear infection. (Hospital). GER was approved 1/17/2020. **Individual #10** • General Events Report (GER) indicates on 10/16/2019 the Individual went to use the bathroom, called out to staff to help. Staff walked into bedroom to find individual on the floor. Individual asked staff to call 911 because Individual was hurting. EMTs arrived and transported Individual to UNM. (Hospital). GER was approved 10/23/2019.	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System. 5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities. **Appendix B GER Requirements:** DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting: 1. *Effective immediately*, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau. 2. No alternative methods for reporting are permitted. **The following events need to be reported in the Therap GER:** • Emergency Room/Urgent Care/Emergency Medical Services • Falls Without Injury • Injury (including Falls, Choking, Skin Breakdown and Infection) • Law Enforcement Use • Medication Errors • Medication Documentation Errors • Missing Person/Elopement • Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission • PRN Psychotropic Medication • Restraint Related to Behavior • Suicide Attempt or Threat	**The following events were not reported in the General Events Reporting System as required by policy:** **Individual #2** • Documentation reviewed indicates on 1/23/2020 the Individual was taken to Urgent Care for a fever and was given Tamiflu and Azithromycin (Urgent Care). No GER was found.		

Entry Guidance: Provider Agencies must complete the following sections of the GER with detailed information: profile information, event information, other event information, general information, notification, actions taken or planned, and the review follow up comments section. Please attach any pertinent external documents such as discharge summary, medical consultation form, etc. Provider Agencies must enter and approve GERs within 2 business days with the exception of Medication Errors which must be entered into GER on at least a monthly basis.			

Standard of Care	Deficiencies	Agency Plan of Correction, On-going QA/QI and Responsible Party	Completion Date
Service Domain: Health and Welfare – *The state, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.*			
Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)	**Standard Level Deficiency**		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 22:Quality Improvement Strategy (QIS):** A QIS at the provider level is directly linked to the organization's service delivery approach or underlying provision of services. To achieve a higher level of performance and improve quality, an organization is required to have an efficient and effective QIS. The QIS is required to follow four key principles: 1. quality improvement work in systems and processes; 2. focus on participants; 3. focus on being part of the team; and 4. focus on use of the data. As part of a QIS, Provider Agencies are required to evaluate their performance based on the four key principles outlined above. Provider Agencies are required to identify areas of improvement, issues that impact quality of services, and areas of non-compliance with the DD Waiver Service Standards or any other program requirements. The findings should help inform the agency's QI plan. ***22.2 QI Plan and Key Performance Indicators (KPI):*** Findings from a discovery process should result in a QI plan. The QI plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving goals, and identifying opportunities for improvement. The	Based on record review, the Agency did not maintain or implement a Quality Improvement System (QIS), as required by standards. • Review of the findings identified during the on-site survey (July 20 – August 4, 2020) and as reflected in this report of findings, the Agency had multiple deficiencies noted, including Conditions of Participation out of compliance, which indicates the CQI plan provided by the Agency was not being used to successfully identify and improve systems within the agency.	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)***:** → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)***:** →	

QI plan describes the processes that the Provider Agency uses in each phase of the QIS: discovery, remediation, and sustained improvement. It describes the frequency of data collection, the source and types of data gathered, as well as the methods used to analyze data and measure performance. The QI plan must describe how the data collected will be used to improve the delivery of services and must describe the methods used to evaluate whether implementation of improvements is working. The QI plan shall address, at minimum, three key performance indicators (KPI). The KPI are determined by DOH-DDSQI) on an annual basis or as determined necessary. ***22.3 Implementing a QI Committee:*** A QI committee must convene on at least a quarterly basis and more frequently if needed. The QI Committee convenes to review data; to identify any deficiencies, trends, patterns, or concerns; to remedy deficiencies; and to identify opportunities for QI. QI Committee meetings must be documented and include a review of at least the following: 1. Activities or processes related to discovery, i.e., monitoring and recording the findings; 2. The entities or individuals responsible for conducting the discovery/monitoring process; 3. The types of information used to measure performance; 4. The frequency with which performance is measured; and 5. The activities implemented to improve performance. ***22.4 Preparation of an Annual Report:*** The Provider Agency must complete an annual report based on the quality			

assurance (QA) activities and the QI Plan that the agency has implemented during the year. The annual report shall: 1. Be submitted to the DDSD PEU by February 15th of each calendar year. 2. Be kept on file at the agency, and made available to DOH, including DHI upon request. 3. Address the Provider Agency's QA or compliance with at least the following: a. compliance with DDSD Training Requirements; b. compliance with reporting requirements, including reporting of ANE; c. timely submission of documentation for budget development and approval; d. presence and completeness of required documentation; e. compliance with CCHS, EAR, and Licensing requirements as applicable; and f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to: i. IQR findings; ii. CPA Plans related to ANE reporting; iii. POCs related to QMB compliance surveys; and iv. PIPs related to Regional Office Contract Management. 4. Address the Provider Agency QI with at least the following: a. data analysis related to the DDSD required KPI; and b. the five elements required to be			

discussed by the QI committee each quarter. **NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS:** **F. Quality assurance/quality improvement program for community-based service providers:** The community-based service provider shall establish and implement a quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall provide the following internal monitoring and facilitating quality improvement program: **(1)** community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements; **(2)** community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and **(3)** community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues.

All other regulations, standards, policies and procedures, guidelines and interpretive memoranda of the DDSD and the DHI of the DEPARTMENT. **Chapter 18 Incident Management: 18.1 Training on Abuse, Neglect, and Exploitation (ANE) Recognition and Reporting:** All employees, contractors, and volunteers shall be trained on the in-person ANE training curriculum approved by DOH. Employees or volunteers can work with a DD Waiver participant prior to receiving the training only if directly supervised, at all times, by a			

trained staff. Provider Agencies are responsible for ensuring the training requirements outlined below are met. 1. DDSD ANE On-line Refresher trainings shall be renewed annually, within one year of successful completion of the DDSD ANE classroom training. 2. Training shall be conducted in a language that is understood by the employee, subcontractor, or volunteer. 3. Training must be conducted by a DOH certified trainer and in accordance with the Train the Trainer curriculum provided by the DOH. 4. Documentation of an employee, subcontractor or volunteer's training must be maintained for a period of at least three years, or six months after termination of an employee's employment or the volunteer's work. **NMAC 7.1.14.9 INCIDENT MANAGEMENT SYSTEM REQUIREMENTS:** **A. General:** All community-based service providers shall establish and maintain an incident management system, which emphasizes the principles of prevention and staff involvement. The community-based service provider shall ensure that the incident management system policies and procedures requires all employees and volunteers to be competently trained to respond to, report, and preserve evidence related to incidents in a timely and accurate manner. **B. Training curriculum:** Prior to an employee or volunteer's initial work with the community-based service provider, all employees and volunteers shall be trained on an applicable written training curriculum including incident policies and procedures for identification, and			

timely reporting of abuse, neglect, exploitation, suspicious injury, and all deaths as required in Subsection A of 7.1.14.8 NMAC. The trainings shall be reviewed at annual, not to exceed 12-month intervals. The training curriculum as set forth in Subsection C of 7.1.14.9 NMAC may include computer-based training. Periodic reviews shall include, at a minimum, review of the written training curriculum and site-specific issues pertaining to the community-based service provider's facility. Training shall be conducted in a language that is understood by the employee or volunteer. **D. Training documentation:** All community-based service providers shall prepare training documentation for each employee and volunteer to include a signed statement indicating the date, time, and place they received their incident management reporting instruction. The community-based service provider shall maintain documentation of an employee or volunteer's training for a period of at least three years, or six months after termination of an employee's employment or the volunteer's work. Training curricula shall be kept on the provider premises and made available upon request by the department. Training documentation shall be made available immediately upon a division representative's request. Failure to provide employee and volunteer training documentation shall subject the community-based service provider to the penalties provided for in this rule. **NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS:** **F. Quality assurance/quality improvement program for community-based service providers:** The community-based service provider shall establish and implement a			

quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall provide the following internal monitoring and facilitating quality improvement program: **(1)** community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements; **(2)** community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and **(3)** community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 10: Living Care Arrangements (LCA)** **10.3.2 Nursing Supports:** Annual nursing assessments are required for all people receiving any of the Livings Supports (Supported Living, Family Living, IMLS). Nursing assessments are required to determine the appropriate level of nursing and other supports needed within the Living Supports. Funding for nursing services is already bundled into the Supported Living and IMLS reimbursement rates. In Family Living, nursing supports must be accessed separately by requesting units for Adult Nursing Services (ANS) on the budget. **10.3.3 Nursing Staffing and On-call Nursing:** A Registered Nurse (RN) licensed by the State of New Mexico must be an employee or a sub- contractor of Provider Agencies of Living Supports. An LPN may not provide service without an RN supervisor. The RN must provide face-to-face supervision of LPNs, CNAs and DSP who have been delegated nursing tasks as required by the New Mexico Nurse Practice Act and these service standards. Living Supports Provider Agencies must assure on-call nursing coverage according to requirements detailed in Chapter 13.2.13 Monitoring, Oversight, and On-Call Nursing. **Chapter 13: Nursing Services** **13.2 Part 1 - General Nursing Services Requirements:** The following general	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on interview, the Agency did not ensure they employed or contracted licensed registered nurse and / or ensure nursing services were available for 1 of 13 individuals. **When DSP were asked, if there was a nurse available to the individual and can you call the nurse if needed, the following was reported:** • DSP #592 stated, "No idea."	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? requirements are applicable for all RNs and LPNs in in the DD Waiver System whether providing nursing through a bundled model in Supported Living, Intensive Medical Living Services(IMLS), Customized Community Supports Group (CCS-G) or separately budgeted through Adult Nursing Services (ANS). Refer to the Chapter 10: Living Care Arrangements (LCA) for provider agency responsibilities related to nursing. **13.2.1 Licensing and Supervision:** 1. All DD Waiver Nursing services must be provided by a Registered Nurse (RN) or licensed practical nurse (LPN) with a current New Mexico license in good standing. 2. Nurses must comply with all aspects of the New Mexico Nursing Practice Act including: a. An RN must provide face-to-face supervision and oversight for LPNs, Certified Medication Aides (CMAs) and DSP who have been delegated specific nursing tasks. b. An LPN or CMA may not work without the routine oversight of an RN. **13.3.2 Scope of Ongoing Adult Nursing Services (OANS):** Ongoing Adult Nursing Services (OANS) are an array of services that are available to young adult and adults who require supports for specific chronic or acute health conditions. OANS may only begin after the Nursing Assessment and Consultation has been completed.			

Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)	Condition of Participation Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 20: Provider Documentation and Client Records: 20.2** Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not maintain the required documentation in the Individuals Agency Record as required by standard for 6 of 13 individual Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: **Electronic Comprehensive Health Assessment Tool (eCHAT):** ➢ Not Current (#4) *(Note: Completed in Therap during the on-site survey. which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. **Chapter 3 Safeguards: 3.1.1 *Decision Consultation Process (DCP):*** Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists	**Comprehensive Aspiration Risk Management Plan*:*** ➢ Not Found (#6, 10, 13) **Health Care Plans:** ***Reflux:*** • Individual #10 - As indicated by the IST section of ISP the individual is required to have a plan. or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have performed an evaluation such as a video-fluoroscopy; c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan. 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting: a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation. b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation. c. Providers support the person/guardian to			

make an informed decision. d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting. **Chapter 13 Nursing Services: *13.2.5 Electronic Nursing Assessment and Planning Process:*** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. ***13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT)***			

1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person. 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources. 3. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver recipients may obtain an e-CHAT if needed or desired by adding ANS hours for assessment and consultation to their budget. 4. When completing the e-CHAT, the nurse is required to review and update the electronic record and consider the diagnoses, medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information. 5. The nurse is required to complete all the e-CHAT assessment questions and add additional pertinent information in all comment sections. ***13.2.7 Aspiration Risk Management Screening Tool (ARST)*** ***13.2.8 Medication Administration Assessment Tool (MAAT):*** 1. A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting. 2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records. 3. Decisions about medication delivery			

are made by the IDT to promote a person's maximum independence and community integration. The IDT will reach consensus regarding which criteria the person meets, as indicated by the results of the MAAT and the nursing recommendations, and the decision is documented this in the ISP. **13.2.9 Healthcare Plans (HCP)*:*** 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary report which is indicated by "R" in the HCP column. At the nurse's sole discretion, based on prudent nursing practice, HCPs may be combined where clinically appropriate. The nurse should use nursing judgment to determine whether to also include HCPs for any of the areas indicated by "C" on the e-CHAT summary report. The nurse may also create other HCPs plans that the nurse determines are warranted. ***13.2.10 Medical Emergency Response Plan (MERP):*** 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP)			

for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation. **Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form:** All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.

medical and business records relating to any of the following for a period of at least six years from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid. **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units. **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows: a. The discharging Provider Agency bills the number of calendar days that services were provided			

multiplied by .93 (93%). b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year. **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. **21.9.3 Requirements for 15-minute and hourly units**: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

Dear Ms. Anderson:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Monica Valdez, BS
