Date: July 17, 2019

To: Chandra Baker, Chief Operating Officer

Provider: Links of Life, LLC

Address: 410 E. Foster Road, Suite B
City, State, Zip: Las Cruces, New Mexico 88005

E-mail Address: cbakeruop2004@yahoo.com

Region: Southwest

Survey Date: June 14 - 20, 2019

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Customized Community Supports

Survey Type: Routine

Team Leader: Wolf Krusemark, BFA, Healthcare Surveyor Supervisor, Division of Health Improvement/Quality

Management Bureau

Team Member: Beverly Estrada, ADN, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Heather Driscoll, AA, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Monica deHerrera-Pardo, LBSW / MCJ, Healthcare

Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Ms. Chandra Baker

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u>

This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi/

The following tags are identified as Condition of Participation Level:

- Tag # 1A22 Agency Personnel Competency
- Tag # 1A31 Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)Tag
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare requirements)
- Tag # 1A25 Caregiver Criminal History Screening
- Tag # 1A26 Consolidated On-line Registry/Employee Abuse Registry
- Tag # 1A43.1 General Events Reporting Individual Reporting
- Tag # 1A03 Continuous Quality Improvement System & KPIs
- Tag # 1A09 Medication Delivery Routine Medication Administration Removed by IRF
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A39 Assistive Technology and Adaptive Equipment
- Tag # 1A50.1 Individual Scope of Service (Individual Interviews)
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (Jennifer.goble2@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Wolf Krusemark, BFA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C). *Instructions for Completing Agency POC:*

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be

- implemented and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked:
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
 - b. Fax to 575-528-5019, or
 - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.

7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- **1A22 -** Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- **1A09.2** Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Documentation Nurse Availability
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief within 10 business days of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Attachment D

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Individual #7

20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

- 8. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 9. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices 10. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.

11. Provider Agencies must maintain records of all documents produced by agency personnel or

contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 12. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 13. The current Client File Matrix found in Appendix A Client File Matrix details the

minimum requirements for records to be stored

in agency office files, the delivery site, or with

person during the provision of the service.		
2. Provider Agencies must have readily accessible		
records in home and community settings in paper		
or electronic form. Secure access to electronic		
records through the Therap web-based system		
using computers or mobile devices is acceptable.		
3. Provider Agencies are responsible for ensuring		
that all plans created by nurses, RDs, therapists or		
BSCs are present in all needed settings.		
4. Provider Agencies must maintain records of all		
documents produced by agency personnel or		
contractors on behalf of each person, including any		
routine notes or data, annual assessments, semi-		
annual reports, evidence of training		
provided/received, progress notes, and any other		
interactions for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of service		
delivery, as well as data tracking only for the		
services provided by their agency.		
6. The current Client File Matrix found in Appendix		
A Client File Matrix details the minimum		
requirements for records to be stored in agency		
office files, the delivery site, or with DSP while		
providing services in the community.		
7. All records pertaining to JCMs must be retained		
permanently and must be made available to DDSD		
upon request, upon the termination or expiration of		
a provider agreement, or upon provider withdrawal		
from services.		
Chapter 19: Provider Reporting Requirements:		
19.5 Semi-Annual Reporting: The semi-annual		
report provides status updates to life		
circumstances, health, and progress toward ISP		
goals and/or goals related to professional and		
clinical services provided through the DD Waiver.		
This report is submitted to the CM for review and		
may guide actions taken by the person's IDT if		
necessary. Semi-annual reports may be requested		
by DDSD for QA activities.		
Semi-annual reports are required as follows:		

1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports. 2. A Respite Provider Agency must submit a semiannual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management for an adult age 21 or older. 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days). 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting. 5. Semi-annual reports must contain at a minimum written documentation of: a. the name of the person and date on each page; b. the timeframe that the report covers; c. timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering; d. a description of progress towards Desired Outcomes in the ISP related to the service provided: e. a description of progress toward any service specific or treatment goals when applicable (e.g. health related goals for nursing); f. significant changes in routine or staffing if applicable: g. unusual or significant life events, including significant change of health or behavioral health condition: h. the signature of the agency staff responsible for preparing the report; and

i. any other required elements by service type that

are detailed in these standards.

5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only for		
the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and Secondary		
Provider Agencies must use the Health Passport		
and Physician Consultation form from the		
Therap system. This standardized document		
contains individual, physician and emergency		
contact information, a complete list of current		
medical diagnoses, health and safety risk		
factors, allergies, and information regarding		
insurance, guardianship, and advance		
directives. The Health Passport also includes a		
standardized form to use at medical		
appointments called the Physician Consultation		
form. The Physician Consultation form contains		
a list of all current medications. Requirements		
for the Health Passport and Physician		
Consultation form are:		
The Primary and Secondary Provider		
Agencies must ensure that a current copy of the		
Health Passport and Physician Consultation		
forms are printed and available at all service		
delivery sites. Both forms must be reprinted and		
placed at all service delivery sites each time the		
e-CHAT is updated for any reason and		

whenever there is a change to contact information contained in the IDF.		
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary		
13.2.10 Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

Tag # 1A22 Agency Personnel Competency	Condition of Participation Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 13: Nursing Services 13.2.11 Training and Implementation of Plans: 1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on interview, the Agency did not ensure training competencies were met for 2 of 12 Direct Support Personnel.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training. Chapter 17: Training Requirement 17.10	 When DSP were asked if the Individual had any food and / or medication allergies that could be potentially life threatening, the following was reported: DSP #532 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool the Individual is allergic to Penicillin, bee stings, and wasp venom. 	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this	
Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.	(Individual #1) When DSP were asked if the Individual had Diabetes, as well as a series of questions specific to the DSP's knowledge of the Diabetes, specifically when DSP were asked the symptoms of High Blood Sugar the DSP stated the following:	going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form	 DSP #544 stated, "Pretty much the same as low blood sugar you feel tired and fatigued." As indicated by the Individual Specific Training section of the ISP Day staff are required to receive training on Diabetes. (Individual #4) 		

more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence.

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.

When DSP were asked if the Individual required a physical restraint such as MANDT, CPI or Handle with care, the following was reported:

 DSP #544 stated, "I don't believe she does because she has the heart issue going on."
 Per Behavior Crisis Intervention Plan the Individual requires CPI (Individual #4)

When DSP were asked if they received training on the Individual's Individual Service Plan and what the plan covered the following was reported:

• DSP #532 stated, "Gym one time a week but we try to go daily." (Individual #1)

When DSP were asked, if the Individual had Seizure Disorder, as well as a series of questions specific to the DSP's knowledge of the Seizure Disorder, the following was reported:

 DSP #544 stated, "No, she does not." Per the Medical Emergency Response Plan, DSP require training on Seizures. (Individual #4)

4. The person should be present for and			
involved in IST whenever possible.			
5. Provider Agencies are responsible for tracking			
of IST requirements.			
6. Provider Agencies must arrange and ensure			
that DSP's are trained on the contents of the			
plans in accordance with timelines indicated in			
the Individual-Specific Training Requirements:			
Support Plans section of the ISP and notify the			
plan authors when new DSP are hired to			
arrange for trainings.			
7. If a therapist, BSC, nurse, or other author of a			
plan, healthcare or otherwise, chooses to			
designate a trainer, that person is still			
responsible for providing the curriculum to the			
designated trainer. The author of the plan is also			
responsible for ensuring the designated trainer			
is verifying competency in alignment with their			
curriculum, doing periodic quality assurance			
checks with their designated trainer, and re-			
certifying the designated trainer at least annually			
and/or when there is a change to a person's			
plan.

care professionals or certified nurse aides, the		
provider shall maintain documentation reflecting		
the individual's current licensure as a health		
care professional or current certification as a		
nurse aide.		
F. Consequences of noncompliance. The		
department or other governmental agency		
having regulatory enforcement authority over a		
provider may sanction a provider in accordance		
with applicable law if the provider fails to make		
an appropriate and timely inquiry of the registry,		
or fails to maintain evidence of such inquiry, in		
connection with the hiring or contracting of an		
employee; or for employing or contracting any		
person to work as an employee who is listed on		
the registry. Such sanctions may include a		
directed plan of correction, civil monetary		
penalty not to exceed five thousand dollars		
(\$5000) per instance, or termination or non-		
renewal of any contract with the department or		
other governmental agency.		

Tag # 1A43.1 General Events Reporting -	Standard Level Deficiency		
Individual Reporting Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 3 of 7 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe:	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system.	 Individual #1 General Events Report (GER) indicates on 8/29/2018 the Individual required police involvement. GER was approved on 9/1/2019. General Events Report (GER) indicates on 8/29/2018 the Individual was taken to the hospital. GER was approved on 9/1/2019. General Events Report (GER) indicates on 10/14/2018 the Individual required physical restraint. GER was approved on 10/17/2018. General Events Report (GER) indicates on 	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. 4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident	 General Events Report (GER) indicates on 10/14/2018 the Individual required hospitalization with police involvement. GER was approved on 10/17/2018. Individual #3 General Events Report (GER) indicates on 7/29/2018 the Individual required law enforcement. GER was approved on 8/1/2018. General Events Report (GER) indicates on 9/19/2018 the Individual required PRN 		

Management System.

5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.

Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting:

- 1. Effective immediately, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau.
- 2. No alternative methods for reporting are permitted.

The following events need to be reported in the Therap GER:

- Emergency Room/Urgent Care/Emergency Medical Services
- Falls Without Injury
- Injury (including Falls, Choking, Skin Breakdown and Infection)
- Law Enforcement Use
- Medication Errors
- Medication Documentation Errors
- Missing Person/Elopement
- Out of Home Placement- Medical:

Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission

- PRN Psychotropic Medication
- Restraint Related to Behavior
- Suicide Attempt or Threat

Entry Guidance: Provider Agencies must complete the following sections of the GER with detailed information: profile information, event information, other event information, general information, notification, actions taken or planned, and the review follow up comments

Psychotropic medication. GER was approved on 9/24/2018.

- General Events Report (GER) indicates on 9/21/2018 the Individual required hospitalization. GER was approved on 9/26/2018.
- General Events Report (GER) indicates on 9/21/2018 the Individual sustained an injury. GER was approved on 9/26/2018.

Individual #5

 General Events Report (GER) indicates on 8/20/2018 the Individual required hospitalization. GER was approved on 8/23/2018.

agency is performing within program requirements, achieving goals, and identifying			
opportunities for improvement. The QI plan			
describes the processes that the Provider			
Agency uses in each phase of the QIS:			
discovery, remediation, and sustained			

improvement. It describes the frequency of data		
collection, the source and types of data		
gathered, as well as the methods used to		
analyze data and measure performance. The QI		
plan must describe how the data collected will		
be used to improve the delivery of services and		
must describe the methods used to evaluate		
whether implementation of improvements is		
working. The QI plan shall address, at minimum,		
three key performance indicators (KPI). The KPI		
are determined by DOH-DDSQI) on an annual		
basis or as determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if needed.		
The QI Committee convenes to review data; to		
identify any deficiencies, trends, patterns, or		
concerns; to remedy deficiencies; and to identify		
opportunities for QI. QI Committee meetings		
must be documented and include a review of at		
least the following:		
1. Activities or processes related to discovery,		
i.e., monitoring and recording the findings;		
2. The entities or individuals responsible for		
conducting the discovery/monitoring process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an annual		
report based on the quality assurance (QA)		
activities and the QI Plan that the agency has		
implemented during the year. The annual report		
shall:		
Be submitted to the DDSD PEU by February		
15th of each calendar year.		
2. Be kept on file at the agency, and made		
available to DOH, including DHI upon request.		

3. Address the Provider Agency's QA or compliance with at least the following: a. compliance with DDSD Training Requirements; b. compliance with reporting requirements, including reporting of ANE; c. timely submission of documentation for budget development and approval; d. presence and completeness of required documentation; e. compliance with CCHS, EAR, and Licensing requirements as applicable; and f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to: i. IQR findings; ii. CPA Plans related to ANE reporting; iii. POCs related to QMB compliance surveys; and iv. PIPs related to Regional Office Contract Management. 4. Address the Provider Agency QI with at least the following: a. data analysis related to the DDSD required KPI; and b. the five elements required to be discussed by the QI committee each quarter.		

Tag # 1A09 Medication Delivery Routine Medication Administration (Removed by IRF 8/22/2019)	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 20: Provider Documentation and Client Records 20.6 Medication Administration Record (MAR): A current Medication Administration Record (MAR) must be maintained in all settings where medications or treatments are delivered. Family Living Providers may opt not to use MARs if they are the sole provider who supports the person with medications or treatments. However, if there are services provided by unrelated DSP, ANS for Medication Oversight must be budgeted, and a MAR must be created and used by the DSP. Primary and Secondary Provider Agencies are responsible for: 1. Creating and maintaining either an electronic or paper MAR in their service setting. Provider Agencies may use the MAR in Therap, but are not mandated to do so. 2. Continually communicating any changes about medications and treatments between Provider Agencies to assure health and safety. 7. Including the following on the MAR: a. The name of the person, a transcription of the physician's or licensed health care provider's orders including the brand and generic names for all ordered routine and PRN medications or treatments, and the diagnoses for which the medications or treatments are prescribed; b. The prescribed dosage, frequency and method or route of administration; times and dates of administration for all ordered routine or PRN prescriptions or treatments; over the counter (OTC) or "comfort" medications or treatments and all self-selected herbal or vitamin	Medication Administration Records (MAR) were reviewed for the months of May and June 2019. Based on record review, 1 of 7 individuals had Medication Administration Records (MAR), which contained missing medications entries and/or other errors: Individual #2 June 2019 Medication Administration Records contained missing entries. No documentation found indicating reason for missing entries: Differin 0.1% Gel, 2 pumps (8:00am) Blank 6/1 - 3 Note: Finding removed by IRF. violated. All Provider Agencies play a role in person-centered planning (PCP) and have an obligation to contribute to the planning process, always focusing on how to best support the person.

Chapter 3 Safeguards: 3.3.1 HRC Procedural Requirements:

- 1. An invitation to participate in the HRC meeting of a rights restriction review will be given to the person (regardless of verbal or cognitive ability), his/her guardian, and/or a family member (if desired by the person), and the Behavior Support Consultant (BSC) at least 10 working days prior to the meeting (except for in emergency situations). If the person (and/or the guardian) does not wish to attend, his/her stated preferences may be brought to the meeting by someone whom the person chooses as his/her representative.
- 2. The Provider Agencies that are seeking to temporarily limit the person's right(s) (e.g., Living Supports, Community Inclusion, or BSC) are required to support the person's informed consent regarding the rights restriction, as well as their timely participation in the review.
- 3. The plan's author, designated staff (e.g., agency service coordinator) and/or the CM makes a written or oral presentation to the HRC.
- 4. The results of the HRC review are reported in writing to the person supported, the guardian, the BSC, the mental health or other specialized therapy provider, and the CM within three working days of the meeting.
- 5. HRC committees are required to meet at least on a quarterly basis.
- 6. A quorum to conduct an HRC meeting is at least three voting members eligible to vote in each situation and at least one must be a community member at large.
- 7. HRC members who are directly involved in the services provided to the person must excuse

- Violent Media Restrictions. No evidence found of Human Rights Committee approval. (Individual #1)

Note: All Findings for Individuals #1 & 7 upheld by IRF.

themselves from voting in that situation.	
Each HRC is required to have a provision for	
emergency approval of rights restrictions based	
upon credible threats of harm against self or	
others that may arise between scheduled HRC	
meetings (e.g., locking up sharp knives after a	
serious attempt to injure self or others or a	
disclosure, with a credible plan, to seriously	
injure or kill someone). The confidential and	
HIPAA compliant emergency meeting may be	
via telephone, video or conference call, or	
secure email. Procedures may include an initial	
emergency phone meeting, and a subsequent	
follow-up emergency meeting in complex and/or	
ongoing situations.	
8. The HRC with primary responsibility for	
implementation of the rights restriction will	
record all meeting minutes on an individual	
basis, i.e., each meeting discussion for an	
individual will be recorded separately, and	
minutes of all meetings will be retained at the	
agency for at least six years from the final date	
of continuance of the restriction.	
3.3.3 HRC and Behavioral Support: The HRC	
reviews temporary restrictions of rights that are	
related to medical issues or health and safety	
considerations such as decreased mobility (e.g.,	
the use of bed rails due to risk of falling during	
the night while getting out of bed). However,	
other temporary restrictions may be	
implemented because of health and safety	
considerations arising from behavioral issues.	
Positive Behavioral Supports (PBS) are	
mandated and used when behavioral support is	
needed and desired by the person and/or the	
IDT. PBS emphasizes the acquisition and	
maintenance of positive skills (e.g. building	
healthy relationships) to increase the person's	
quality of life understanding that a natural	
reduction in other challenging behaviors will	
follow. At times, aversive interventions may be	

temporarily included as a part of a person's		
behavioral support (usually in the BCIP), and		
therefore, need to be reviewed prior to		
implementation as well as periodically while the		
restrictive intervention is in place. PBSPs not		
containing aversive interventions do not require		
HRC review or approval.		
Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or		
RMPs) that contain any aversive interventions		
are submitted to the HRC in advance of a		
meeting, except in emergency situations.		
3.3.4 Interventions Requiring HRC Review and		
Approval: HRCs must review prior to		
implementation, any plans (e.g. ISPs, PBSPs,		
BCIPs and/or PPMPs, RMPs), with strategies,		
including but not limited to:		
1. response cost;		
2. restitution;		
emergency physical restraint (EPR);		
4. routine use of law enforcement as part of a		
BCIP;		
5. routine use of emergency hospitalization		
procedures as part of a BCIP;		
6. use of point systems;		
7. use of intense, highly structured, and		
specialized treatment strategies, including level		
systems with response cost or failure to earn		
components;		
8. a 1:1 staff to person ratio for behavioral		
reasons, or, very rarely, a 2:1 staff to person		
ratio for behavioral or medical reasons;		
9. use of PRN psychotropic medications;		
10. use of protective devices for behavioral purposes (e.g., helmets for head banging, Posey		
gloves for biting hand);		
11. use of bed rails;		
12. use of a device and/or monitoring system		
through PST may impact the person's privacy or		
other rights; or		
13. use of any alarms to alert staff to a person's		
Lead to the te		

whereabouts.

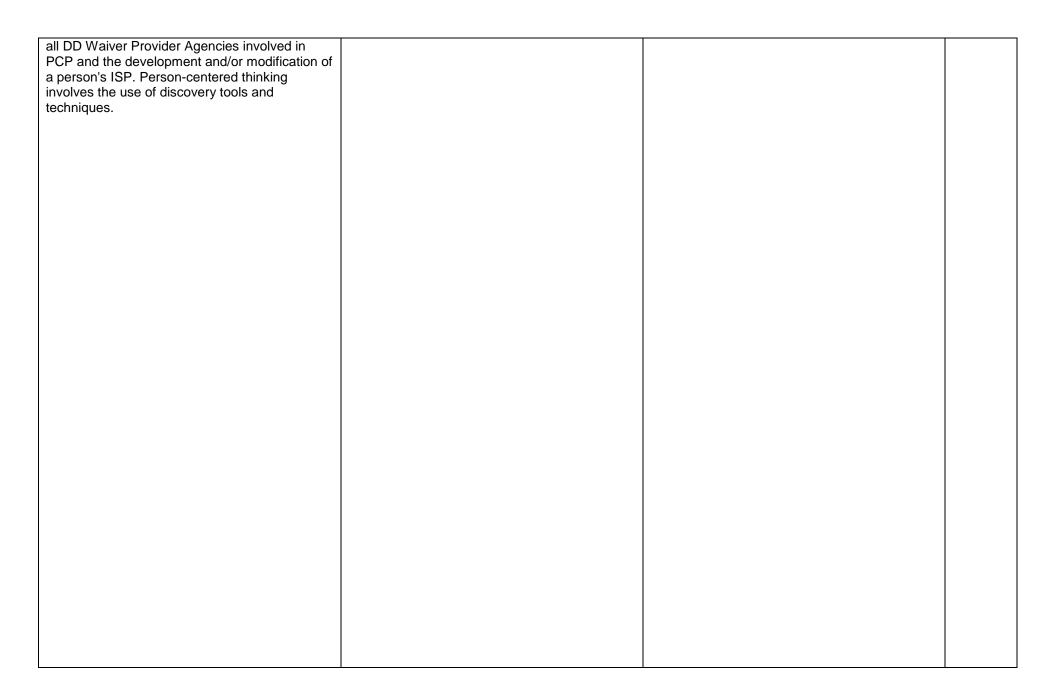

3.4 Emergency Physical Restraint (EPR): Every		
person shall be free from the use of restrictive		
physical crisis intervention measures that are		
unnecessary. Provider Agencies who support		
people who may occasionally need intervention		
such as Emergency Physical Restraint (EPR)		
are required to institute procedures to maximize		
safety.		
3.4.5 Human Rights Committee: The HRC		
reviews use of EPR. The BCIP may not be		
implemented without HRC review and approval		
whenever EPR or other restrictive measure(s)		
are included. Provider Agencies with an HRC		
are required to ensure that the HRCs:		
participate in training regarding required		
constitution and oversight activities for HRCs;		
2. review any BCIP, that include the use of EPR;		
3. occur at least annually, occur in any quarter		
where EPR is used, and occur whenever any		
change to the BCIP is considered;		
maintain HRC minutes approving or		
disallowing the use of EPR as written in a BCIP;		
and		
5. maintain HRC minutes of meetings reviewing		
the implementation of the BCIP when EPR is		
used.

assistive technology (AT) devices, including			
monitoring and support related to maintenance			
of such equipment and devices to ensure they			
are in working order;			
Chapter 12: Professional and Clinical			
Services Therapy Services			
12.4.1 Participatory Approach: The			
"Participatory Approach" is person-centered and			
asserts that no one is too severely disabled to			
benefit from assistive technology and other			
therapy supports that promote participation in			
life activities. The Participatory Approach rejects			
the premise that an individual shall be "ready" or			
demonstrate certain skills before assistive			

technology can be provided to support function.	
All therapists are required to consider the	
Participatory Approach during assessment,	
treatment planning, and treatment	
implementation.	
12.4.7.3 Assistive Technology (AT) Services,	
Personal Support Technology (PST) and	
Environmental Modifications: Therapists	
support the person to access and utilize AT,	
PST and Environmental Modifications through	
the following requirements:	
Therapists are required to be or become	
familiar with AT and PST related to that	
therapist's practice area and used or needed by	
individuals on that therapist's caseload.	
Therapist are required to maintain a current	
AT Inventory in each Living Supports and CCS	
site where AT is used, for each person using AT	
related to that therapist's scope of service.	
3. Therapists are required to initiate or update	
the AT Inventory annually, by the 190th day	
following the person's ISP effective date, so that	
it accurately identifies the assistive technology	
currently in use by the individual and related to	
that therapist's scope of service.	
4. Therapist are required to maintain	
professional documentation related to the	
delivery of services related to AT, PST and	
Environmental Modifications. (Refer to Chapter	
14: Other Services for more information about	
these services.)	
5. Therapists must respond to requests to	
perform in-home evaluations and make	
recommendations for environmental	
modifications, as appropriate.	
6. Refer to the Publications section on the CSB	
page on the DOH web site	
(https://nmhealth.org/about/ddsd/pgsv/clinical/)	
for Therapy Technical Assistance documents.	
Chapter 11: Community Inclusion 11.6.2	
General Service Requirements for CCS	

Individual, Small Group and Group: CCS shall		
be provided based on the interests of the person		
and Desired Outcomes listed in the ISP.		
Requirements include:		
Conducting community-based situational		
assessments, discovery activities or other		
person-centered assessments. The assessment		
will be used to guide the IDT's planning for		
overcoming barriers to employment and		
integrating clinical information, assistive		
technology and therapy supports as necessary		
for the person to be successful in employment.		
11.7.2.2 Job Development: Job development		
services through the DD Waiver can only be		
accessed when services are not otherwise		
available to the beneficiary under either special		
education and related services as defined in		
section 602(16) and (17) of the Education of the		
Handicapped Act (20 U.S.C. 1401(16) and (17) or vocational rehabilitation services available to		
the individual through a program funded under		
section 110 of the Rehabilitation Act of 1973 (29

Agencies must adhere to the following:	March and April 2019 for the following services:			
1. The level and type of service provided must				
be supported in the ISP and have an approved	Supported Living			
budget prior to service delivery and billing.				
2. Comprehensive documentation of direct	Customized Community Supports			
service delivery must include, at a minimum:	,			
a. the agency name;				
b. the name of the recipient of the service;				
c. the location of theservice;				
d. the date of the service;				
e. the type of service;				
 f. the start and end times of theservice; 				
g. the signature and title of each staff				
member who documents their time; and				
h. the nature of services.				
3. A Provider Agency that receives payment for				
treatment, services, or goods must retain all				
medical and business records for a period of at				
least six years from the last payment date, until				
ongoing audits are settled, or until involvement of				
the state Attorney General is completed				
regarding settlement of any claim, whichever is				
longer.				
4. A Provider Agency that receives payment for				
treatment, services or goods must retain all				
medical and business records relating to any of				
the following for a period of at least six years from				
the payment date:				

treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid. 21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units. 21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows: a. The discharging Provider Agency bills the number of calendar days that services

21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider

were provided multiplied by .93 (93%). b. The receiving Provider Agency bills the remaining days up to 340 for the ISP

year.

- 1. A month is considered a period of 30 calendar days.
- 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.
- **21.9.3** Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:
- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

NMAC 8.302.1.17 Effective Date 9-15-08
Record Keeping and Documentation
Requirements - A provider must maintain all the records necessary to fully disclose the nature, quality, amount and medical necessity of services furnished to an eligible recipient who is currently receiving or who has received services in the past.

Detail Required in Records - Provider Records must be sufficiently detailed to substantiate the date, time, eligible recipient name, rendering, attending, ordering or prescribing provider; level and quantity of services, length of a session of service billed, diagnosis and medical necessity of any service . . . Treatment plans or other plans of care must be sufficiently detailed to substantiate

the level of need, supervision, and direction and		
service(s) needed by the eligible recipient.		
Services Billed by Units of Time -		
Services billed on the basis of time units spent		
with an eligible recipient must be sufficiently		
detailed to document the actual time spent with		
the eligible recipient and the services provided		
during that time unit.		
Records Retention - A provider who receives		
payment for treatment, services or goods must		
retain all medical and business records relating		
to any of the following for a period of at least six		
years from the payment date:		
(1) treatment or care of any eligible recipient		
(2) services or goods provided to any eligible		
recipient		
(3) amounts paid by MAD on behalf of any		
eligible recipient; and		
(4) any records required by MAD for the		
administration of Medicaid.		

MICHELLE LUJAN GRISHAM GOVERNOR

KATHYLEEN M. KUNKEL CABINET SECRETARY

Date: August 22, 2019

To: Chandra Baker, Chief Operating Officer

Provider: Links of Life, LLC

Address: 410 E. Foster Road, Suite B City, State, Zip: Las Cruces, New Mexico 88005

E-mail Address: cbakeruop2004@yahoo.com

Region: Southwest

Survey Date: June 14 - 20, 2019

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Customized Community Supports

Survey Type: Routine

RE: Request for an Informal Reconsideration of Findings

Dear Ms. Baker,

Your request for a Reconsideration of Findings was received on *July 31, 2019*. Your request and the supporting evidence provided have been reviewed. Based on the review of applicable standards and regulations, review of the survey process and the evidence you provided, the following determinations have been made:

Regarding Tag # LS14

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. All findings listed in Tag LS14 are in reference to the <u>Residential Case File</u> and are not able to be corrected at the agency. Documentation not found in the home was reviewed with residential staff and residential staff signed acknowledgement on the QMB Residential Case File Review Tool indicating they were informed of the items not found and were also provided the opportunity and could not locate the items.

Regarding Tag #1A09

Determination: The IRF committee is removing the original finding in the report of findings. Based on documentation provided the finding for Individual #2 will be removed. This was the only Individual cited in Tag 1A09, so the tag will also be removed.

Regarding Tag # 1A09.1

Determination: The IRF committee is modifying the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. Based on documentation provided, the finding for Plan B One Step will be removed as it is not a

prescription PRN medication and is not required to be on-hand at the home. The remaining citations noted in this tag were not disputed.

Regarding Tag # 1A31

Determination: The IRF committee is upholding the original finding in the report of findings. You are required to complete the remainder of your Plan of Correction as previously indicated. No evidence of HRC approval was found and HRC review for Individuals #1 & 7 was not completed until after surveyors requested evidence of HRC approval. Per DDW Standards, restrictions requiring HRC review must be reviewed at least annually and are then reviewed any quarter in which they are implemented.

This concludes the Informal Reconsideration of Finding process. The IRF process is separate and apart from the Informal Dispute Resolution process or the Medicaid Fair Hearing process when DOH sanctions are imposed on a provider.

Thank you. Respectfully,

Crystal Lopez-Beck

Crystal Lopez-Beck Deputy Bureau Chief/QMB Informal Reconsideration of Finding Committee Chair

Survey Date: June 14 - 20, 2019

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: **2018:** Supported Living, Customized Community Supports

Survey Type: Routine

Dear Ms. Chandra Baker

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda

Amanda Castañeda Plan of Correction Coordinator Quality Management Bureau/DHI
